Preface

This volume contains the general laws of a permanent nature enacted by the General Assembly through the 2009 Regular Session that are within Chapters 105A through 115B, and brings to date the annotations included therein.

A majority of the Session Laws are made effective upon becoming law, but a few provide for stated effective dates. If the Session Law makes no provision for an effective date, the law becomes effective under G.S. 120-20 "from and after 60 days after the adjournment of the session" in which passed.

A ready reference index is included at the back of this volume. This index is intended to give the user a quick reference to larger bodies of statutes within this volume only. For detailed research on any subject, both within this volume and the General Statutes as a whole, see the General Index to the General Statutes.

Beginning with formal opinions issued by the North Carolina Attorney General on July 1, 1969, selected opinions which construe a specific statute are cited in the annotations to that statute. For a copy of an opinion or of its headnotes, write the Attorney General, P.O. Box 629, Raleigh, N.C. 27602.

This recompiled volume has been prepared and published under the supervision of the Department of Justice of the State of North Carolina. The members of the North Carolina Bar are requested to communicate any suggestions they may have for improving the General Statutes to the Department, or to LexisNexis, Charlottesville, Virginia.

Article 1.

In General.

§ 105A-1. Purposes.

The purpose of this Chapter is to establish as policy that all claimant agencies and the Department of Revenue shall cooperate in identifying debtors who owe money to the State or to a local government through their various agencies and who qualify for refunds from the Department of Revenue. It is also the intent of this Chapter that procedures be established for setting off against any refund the sum of any debt owed to the State or to a local government. Furthermore, it is the legislative intent that this Chapter be liberally construed so as to effectuate these purposes as far as legally and practically possible. (1979, c. 801, s. 94; 1997-490, s. 1.)

CASE NOTES

Sess., 1986), c. 1014, s. 63(e), (f); 1987, c. 564, s. 18; c. 578, ss. 1, 2; c. 856, s. 12; 1989, c. 141, s. 2; c. 539, s. 1; c. 699; c. 727, s. 30; c. 770, s. 75.2; 1993 (Reg. Editor's Note. — Session Laws 1987, c. 856, which deleted a reference to the Lenox Baker Children's Hospital near the end of subdivision (1)j, provided in s. 20 that ss. 1 through 19 of the act would be effective only upon agreement by Duke University to the terms of ss. 21 through 26 of the act and certification of that fact by the Secretary of the Department of Human Resources to the Governor, and that ss. 12 to 17 would then be effective on the date of the transfer. Section 20 further provided that any disputes arising out of the transfer would be resolved by the Director of the Budget. Sections 21 through 26 of the act provided terms for the transfer of the Lenox Baker Hospital to Duke University. The letter of certification from the Secretary of the Department of Human Resources was dated October 5, 1988, but it appears that this was a typographical error and that October 5, 1987, was the correct date.

Session Laws 1996, Second Extra Session, c. 18, s. 24.30, provides that the Department of Human Resources shall immediately elect the optional Aid to Families with Dependent Children Fraud Control program pursuant to 45 C.F.R. 235.112; that this program is deemed to apply to Work First Cash Assistance, effective July 1, 1996, as well as to AFDC, pursuant to the federal waivers received by the Department on February 5, 1996; that the Department shall award incentive bonuses to counties for claims recouped; that the Department shall implement a statewide automated system to track fraud claims; and that persons charged with or suspected of AFDC fraud are not subjected to certain actions.

Session Laws 1996, Second Extra Session, c. 18, s. 1.1, provides: "This act shall be known as the Current Operations Appropriations Act of 1996."

Session Laws 1996, Second Extra Session, c. 18, s. 29.5, is a severability clause.

Subsection (6), as rewritten by Session Laws 2003-333, s. 1, effective January 1, 2004, is applicable to income tax refunds determined on or after that date.

Subdivisions (6)d and (9)b, as amended by Session Laws 2004-138, s. 1, effective January 1, 2004, are applicable to income tax refunds determined on or after that date.

Subdivisions 6(e) through 6(g), as added by Session Laws 2005-326, s. 1, effective January 1, 2006, are applicable to income tax refunds determined on or after that date.

OPINIONS OF ATTORNEY GENERAL

The Attorney General's office cannot act on behalf of counties under the Setoff Debt Collection Act. See opinion of Attorney General to Mr. Lew Gary Darden, Fraud Investigator, Sampson County Department of Social Services, 52 N.C.A.G. 10 (1982).

CASE NOTES

Tax Refunds. — Employee did not owe a debt to a university as repayment of alleged overpaid salary where the contract terms on which the university based its claim for repayment were not included in the parties' written employment agreement, and were not stated anywhere specifically; further, the university improperly garnished the employee's tax refund to apply to claimed debt. Mayo v. N.C. State Univ., 168 N.C. App. 503, 608 S.E.2d 116, 2005 N.C. App. LEXIS 346 (2005), aff'd, — N.C. —, 619 S.E.2d 502 (2005).

§ 105A-3. Remedy additional; mandatory State usage; optional local usage; obtaining identifying information; registration.

(a) Remedy Additional. — The collection remedy under this Chapter is in addition to and not in substitution for any other remedy available by law.

(b) Mandatory State Usage. — A State agency must submit a debt owed to it for collection under this Chapter unless the State Controller has waived this requirement or the State agency has determined that the validity of the debt is legitimately in dispute, an alternative means of collection is pending and

believed to be adequate, or such a collection attempt would result in a loss of federal funds. The State Controller may waive the requirement for a State agency, other than the Department of Health and Human Services or a county acting on behalf of that Department, to submit a debt owed to it for collection under this Chapter if the State Controller finds that collection by this means would not be practical or cost effective. A waiver may apply to all debts owed a State agency or a type of debt owed a State agency.

(b1) Optional Local Usage. — A local agency may submit a debt owed to it for collection under this Chapter. A local agency that decides to submit a debt owed to it for collection under this Chapter must establish the debt by following the procedure set in G.S. 105A-5 and must submit the debt through one of the following:

(1) A clearinghouse that is established pursuant to an interlocal agreement adopted under Article 20 of Chapter 160A of the General Statutes and has agreed to submit debts on behalf of any requesting local agency.

(2) The North Carolina League of Municipalities.

(3) The North Carolina Association of County Commissioners.

(c) Identifying Information. — All claimant agencies shall whenever possible obtain the full name, social security number, address, and any other identifying information required by the Department from any person for whom the agencies provide any service or transact any business and who the claimant agencies can foresee may become a debtor under this Chapter.

(d) Registration and Reports. — A State agency must register with the Department and with the State Controller. Every State agency must report annually to the State Controller the amount of debts owed to the agency for which the agency did not submit a claim for setoff and the reason for not submitting the claim.

A clearinghouse or an organization that submits debts on behalf of a local agency must register with the Department. Once a clearinghouse registers with the Department under this subsection, no other clearinghouse may register to submit debts for collection under this Chapter. (1979, c. 801, s. 94; 1989 (Reg. Sess., 1990), c. 946, s. 1; 1993, c. 512, s. 4; 1997-443, s. 11A.122; 1997-490, s. 1; 1998-212, s. 12.3A(a), (b).)

Editor's Note. — Session Laws 1998-212, s. 12.3A(c) provides: "The State Controller, in consultation with the Attorney General, shall develop guidelines for State agencies to use in determining under G.S. 105A-3(b) when the validity of a debt is legitimately in dispute, when an alternative means of collection may be considered adequate, and when a collection attempt would result in a loss of federal funds."

Session Laws 1998-212, s. 1.1 provides: "This act shall be known as the 'Current Operations Appropriations and Capital Improvement Appropriations Act of 1998'."

Session Laws 1998-212, s. 30.2 provides "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1998-99 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 1998-99 fiscal year."

Session Laws 1998-212, s. 30.5 contains a severability clause.

Session Laws 1997-490, s. 4, provides that the changes to G.S. 105A-3(d) made by the act are effective September 10, 1997, and that the remainder of the changes made to this section by the act become effective January 1, 2000, and applicable to income tax refunds determined on or after that date.

CASE NOTES

Tax Refunds. — Section (b) dictates that the North Carolina Department of Human Resources must first obtain an opinion from the Attorney General resending the propriety of collecting a child support arrearage by the interception of a state tax refund before doing so. Davis v. North Carolina Dep't of Human Resources, 349 N.C. 208, 505 S.E.2d 77 (1998).

Before a state agency could intercept the state-income tax refund of a father, the agency

had the affirmative duty to seek and obtain the Attorney General's advice or opinion that the child support repayment plan established by the district court was an adequate way of collecting an arrearage, where the father was current with his court-ordered child support obligation, and the arrearage was a public assistance debt that was incurred before the father's paternity adjudication. Davis v. North Carolina Dep't of Human Resources, 349 N.C. 208, 505 S.E.2d 77 (1998).

§ 105A-4. Minimum debt and refund.

This Chapter applies only to a debt that is at least fifty dollars ($50.00) and to a refund that is at least this same amount. (1979, c. 801, s. 94; 1997-490, s. 1.)

§ 105A-5. Local agency notice, hearing, and decision.

(a) Prerequisite. — A local agency may not submit a debt for collection under this Chapter until it has given the notice required by this section and the claim has been finally determined as provided in this section.

(b) Notice. — A local agency must send written notice to a debtor that the agency intends to submit the debt owed by the debtor for collection by setoff. The notice must explain the basis for the agency's claim to the debt, that the agency intends to apply the debtor's refund against the debt, and that a collection assistance fee of fifteen dollars ($15.00) will be added to the debt if it is submitted for setoff. The notice must also inform the debtor that the debtor has the right to contest the matter by filing a request for a hearing with the local agency, must state the time limits and procedure for requesting the hearing, and must state that failure to request a hearing within the required time will result in setoff of the debt.

(c) Administrative Review. — A debtor who decides to contest a proposed setoff must file a written request for a hearing with the local agency within 30 days after the date the local agency mails a notice of the proposed action to the debtor. A request for a hearing is considered to be filed when it is delivered for mailing with postage prepaid and properly addressed. The governing body of the local agency or a person designated by the governing body must hold the hearing.

If the debtor disagrees with the decision of the governing body or the person designated by the governing body, the debtor may file a petition for a contested case under Article 3 of Chapter 150B of the General Statutes. The petition must be filed within 30 days after the debtor receives a copy of the local decision. Notwithstanding the provisions of G.S. 105-241.21, a local agency is considered an agency for purposes of contested cases and appeals under this Chapter.

In a hearing under this section, an issue that has previously been litigated in a court proceeding cannot be considered.

(d) Decision. — A decision made after a hearing under this section must determine whether a debt is owed to the local agency and the amount of the debt.

(e) Return of Amount Set Off. — If a local agency submits a debt for collection under this Chapter without sending the notice required by subsection (b) of this section, the agency must send the taxpayer the entire amount set off plus the collection assistance fees provided in G.S. 105A-13. Similarly, if a local agency submits a debt for collection under this Chapter after sending the required notice but before final determination of the debt and a decision finds that the local agency is not entitled to any part of the amount set off, the agency must send the taxpayer the entire amount set off plus the collection assistance fees provided in G.S. 105A-13. That portion of the amount returned that reflects the collection assistance fees must be paid from the local agency's funds.

If a local agency submits a debt for collection under this Chapter after sending the required notice and the net proceeds collected that are credited to the local agency for the debt exceed the amount of the debt, the local agency must send the balance to the debtor. No part of the collection assistance fees provided in G.S. 105A-13 may be returned when a notice was sent and a debt is owed but the debt is less than the amount set off.

Interest accrues on the amount of a refund returned to a taxpayer under this subsection in accordance with G.S. 105-241.21. A local agency that returns a refund to a taxpayer under this subsection must pay from the local agency's funds any interest that has accrued since the fifth day after the Department mailed the notice of setoff to the taxpayer. (1979, c. 801, s. 94; 1997-490, s. 1; 2002-156, s. 5(b); 2007-491, s. 44(1)c.)

Editor's Note. — Session Laws 2007-491, s. 47, provides: "G.S. 105-241.10, as enacted by Section 1 of this act, and Sections 6, 15, 16, 17, and 22 are effective for taxable years beginning on or after January 1, 2007. Section 14 is effective for taxable years beginning on or after January 1, 2008. Sections 45, 46, and 47 are effective when they become law. The remainder of this act becomes effective January 1, 2008. The procedures for review of disputed tax matters enacted by this act apply to assessments of tax that are not final as of the effective date of this act and to claims for refund pending on or filed on or after the effective date of this act. This act does not affect matters for which a petition for review was filed with the Tax Review Board under G.S. 105-241.2 before the effective date of this act. The repeal of G.S. 105-122(c) and G.S. 105-130.4(t) and Sections 11 and 12 apply to requests for alternative apportionment formulas filed on or after the effective date of this act. A petition filed with the Tax Review Board for an apportionment formula before the effective date of this act is considered a request under G.S. 105-122(c1) or G.S. 105-130.4(t1), as appropriate."

Effect of Amendments. — Session Laws 2007-491, s. 44(1)c, effective January 1, 2008, substituted "G.S. 105-241.21" for "G.S. 105-266" at the end of the first sentence of the last undesignated paragraph of subsection (e). For applicability, see Editor's note.

§ 105A-6. Procedure Department to follow in making setoff.

(a) Notice to Department. — A claimant agency seeking to attempt collection of a debt through setoff must notify the Department in writing and supply information necessary to identify the debtor whose refund is sought to be set off. The claimant agency may include with the notification the date, if any, that the debt is expected to expire. The agency must notify the Department in writing when a debt has been paid or is no longer owed the agency.

(b) Setoff by Department. — The Department, upon receipt of notification, must determine each year whether the debtor to the claimant agency is entitled to a refund of at least fifty dollars ($50.00) from the Department. Upon determination by the Department that a debtor specified by a claimant agency qualifies for such a refund, the Department must set off the debt against the refund to which the debtor would otherwise be entitled and must refund any remaining balance to the debtor. The Department must mail the debtor written notice that the setoff has occurred and must credit the net proceeds collected to the claimant agency. If the claimant agency is a State agency, that agency must credit the amount received to a nonreverting trust account and must follow the procedure set in G.S. 105A-8. (1979, c. 801, s. 94; 1989 (Reg. Sess., 1990), c. 946, s. 2; 1997-490, s. 1.)

§ 105A-7: Repealed by Session Laws 1997-490, s. 1, effective January 1, 2000, and applicable to income tax refunds determined on or after that date.

§ 105A-8. State agency notice, hearing, decision, and refund of setoff.

(a) Notice. — Within 10 days after a State agency receives a refund of a debtor, the agency must send the debtor written notice that the agency has received the debtor's refund. The notice must explain the debt that is the basis for the agency's claim to the debtor's refund and that the agency intends to apply the refund against the debt. The notice must also inform the debtor that the debtor has the right to contest the matter by filing a request for a hearing, must state the time limits and procedure for requesting the hearing, and must state that failure to request a hearing within the required time will result in setoff of the debt. A State agency that does not send a debtor a notice within the time required by this subsection must refund the amount set off plus the collection assistance fee, in accordance with subsection (d) of this section.

(b) Hearing. — A hearing on a contested claim of a State agency, except a constituent institution of The University of North Carolina or the Employment Security Commission, must be conducted in accordance with Article 3 of Chapter 150B of the General Statutes. A hearing on a contested claim of a constituent institution of The University of North Carolina must be conducted in accordance with administrative procedures approved by the Attorney General. A hearing on a contested claim of the Employment Security Commission must be conducted in accordance with rules adopted by that Commission. A request for a hearing on a contested claim of any State agency must be filed within 30 days after the State agency mails the debtor notice of the proposed setoff. A request for a hearing is considered to be filed when it is delivered for mailing with postage prepaid and properly addressed. In a hearing under this section, an issue that has previously been litigated in a court proceeding cannot be considered.

(c) Decision. — A decision made after a hearing under this section must determine whether a debt is owed to the State agency and the amount of the debt.

(d) Return of Amount Set Off. — If a State agency fails to send the notice required by subsection (a) of this section within the required time or a decision finds that a State agency is not entitled to any part of an amount set off, the agency must send the taxpayer the entire amount set off plus the collection assistance fee retained by the Department. That portion of the amount returned that reflects the collection assistance fee must be paid from the State agency's funds.

If a debtor owes a debt to a State agency and the net proceeds credited to the State agency for the debt exceed the amount of the debt, the State agency must send the balance to the debtor. No part of the collection assistance fee retained by the Department may be returned when a debt is owed but it is less than the amount set off.

Interest accrues on the amount of a refund returned to a taxpayer under this subsection in accordance with G.S. 105-241.21. A State agency that returns a refund to a taxpayer under this subsection must pay from the State agency's funds any interest that has accrued since the fifth day after the Department mailed the notice of setoff to the taxpayer. (1979, c. 801, s. 94; 1983, c. 419; 1987, c. 827, s. 16; 1989, c. 539, s. 2; 1997-490, s. 1; 2005-435, s. 42; 2007-491, s. 44(1)c.)

Editor's Note. — Session Laws 2007-491, s. 47, provides: "G.S. 105-241.10, as enacted by Section 1 of this act, and Sections 6, 15, 16, 17, and 22 are effective for taxable years beginning on or after January 1, 2007. Section 14 is effective for taxable years beginning on or after January 1, 2008. Sections 45, 46, and 47 are effective when they become law. The remainder of this act becomes effective January 1, 2008. The procedures for review of disputed tax matters enacted by this act apply to assessments of tax that are not final as of the effective date of

this act and to claims for refund pending on or filed on or after the effective date of this act. This act does not affect matters for which a petition for review was filed with the Tax Review Board under G.S. 105-241.2 before the effective date of this act. The repeal of G.S. 105-122(c) and G.S. 105-130.4(t) and Sections 11 and 12 apply to requests for alternative apportionment formulas filed on or after the effective date of this act. A petition filed with the Tax Review Board for an apportionment formula before the effective date of this act is considered a request under G.S. 105-122(c1) or G.S. 105-130.4(t1), as appropriate."

Effect of Amendments. — Session Laws 2007-491, s. 44(1)c, effective January 1, 2008, substituted "G.S. 105-241.21" for "G.S. 105-266" at the end of the first sentence of the last undesignated paragraph of subsection (d). For applicability, see Editor's note.

Tax Refund Improperly Garnished. — Employee did not owe a debt to a university as repayment of alleged overpaid salary where the contract terms on which the university based its claim for repayment were not included in the parties' written employment agreement, and were not stated anywhere specifically; further, the university improperly garnished the employee's tax refund to apply to claimed debt. Mayo v. N.C. State Univ., 168 N.C. App. 503, 608 S.E.2d 116, 2005 N.C. App. LEXIS 346 (2005), aff'd, — N.C. —, 619 S.E.2d 502 (2005).

§ 105A-9. Appeals from hearings.

Appeals from hearings allowed under this Chapter, other than those conducted by the Employment Security Commission, shall be in accordance with the provisions of Chapter 150B of the General Statutes, the Administrative Procedure Act, except that the place of initial judicial review shall be the superior court for the county in which the debtor resides. Appeals from hearings allowed under this Chapter that are conducted by the Employment Security Commission of North Carolina shall be in accordance with the provisions of Chapter 96 of the General Statutes. (1979, c. 801, s. 94; 1989, c. 539, s. 3; 1997-490, s. 1.)

§§ 105A-10, 105A-11: Repealed by Session Laws 1997-490, s. 1, effective January 1, 2000, and applicable to income tax refunds determined on or after that date.

§ 105A-12. Priorities in claims to setoff.

The Department has priority over all other claimant agencies for collection by setoff whenever it is a competing agency for a refund. State agencies have priority over local agencies for collection by setoff. When there are multiple claims by State agencies other than the Department, the claims have priority based on the date each agency registered with the Department under G.S. 105A-3. When there are multiple claims by two or more organizations submitting debts on behalf of local agencies, the claims have priority based on the date each organization registered with the Department under G.S. 105A-3. When there are multiple claims among local agencies whose debts are submitted by the same organization, the claims have priority based on the date each local agency requested the organization to submit debts on its behalf. (1979, c. 801, s. 94; 1997-490, s. 1.)

§ 105A-13. Collection assistance fees.

(a) State Setoff. — To recover the costs incurred by the Department in collecting debts under this Chapter, a collection assistance fee of five dollars

($5.00) is imposed on each debt collected through setoff. The Department must collect this fee as part of the debt and retain it. The collection assistance fee shall not be added to child support debts or collected as part of child support debts. Instead, the Department shall retain from collections under Division II of Article 4 of Chapter 105 of the General Statutes the cost of collecting child support debts under this Chapter.

(b) Repealed by Session Laws 2001-380, s. 3, effective November 1, 2001.

(c) Local Debts. — To recover the costs incurred by local agencies in submitting debts for collection under this Chapter, a local collection assistance fee of fifteen dollars ($15.00) is imposed on each local agency debt submitted under G.S. 105A-3(b1) and collected through setoff. The Department must collect this fee as part of the debt and remit it to the clearinghouse that submitted the debt. The local collection assistance fee does not apply to child support debts.

(d) Priority. — If the Department is able to collect only part of a debt through setoff, the collection assistance fee provided in subsection (a) of this section has priority over the local collection assistance fee and over the remainder of the debt. The local collection assistance fee has priority over the remainder of the debt. (1979, c. 801, s. 94; 1989 (Reg. Sess., 1990), c. 946, s. 3; 1995, c. 360, s. 4(a); 1997-490, s. 1; 2000-126, s. 6; 2001-380, s. 3; 2002-156, s. 5(c); 2004-21, s. 1.)

Cross References. — As to collection of tax debts, see G.S. 105-243.1.

Editor's Note. — Subsection (a), as amended by Session Laws 2004-21, s. 1, effective January 1, 2005, is effective for fees assessed on or after that date.

§ 105A-14. Accounting to the claimant agency; credit to debtor's obligation.

(a) Simultaneously with the transmittal of the net proceeds collected to a claimant agency, the Department must provide the agency with an accounting of the setoffs for which payment is being made. The accounting must whenever possible, include the full names of the debtors, the debtors' social security numbers, the gross proceeds collected per setoff, the net proceeds collected per setoff, and the collection assistance fee added to the debt and collected per setoff.

(b) Upon receipt by a claimant agency of net proceeds collected on the claimant agency's behalf by the Department, a final determination of the claim if it is a State agency claim, and an accounting of the proceeds as specified under this section, the claimant agency must credit the debtor's obligation with the net proceeds collected. (1979, c. 801, s. 94; 1997-490, s. 1.)

§ 105A-15. Confidentiality exemption; nondisclosure.

(a) Notwithstanding G.S. 105-259 or any other provision of law prohibiting disclosure by the Department of the contents of taxpayer records or information and notwithstanding any confidentiality statute of any claimant agency, the exchange of any information among the Department, the claimant agency, the organization submitting debts on behalf of a local agency, and the debtor necessary to implement this Chapter is lawful.

(b) The information a claimant agency or an organization submitting debts on behalf of a local agency obtains from the Department in accordance with the exemption allowed by subsection (a) may be used by the agency or organization only in the pursuit of its debt collection duties and practices and may not be disclosed except as provided in G.S. 105-259, 153A-148.1, or 160A-208.1. (1979, c. 801, s. 94; 1997-490, s. 1.)

§ 105A-16. Rules.

The Secretary of Revenue may adopt rules to implement this Chapter. The State Controller may adopt rules to implement this Chapter. (1979, c. 801, s. 94; 1997-490, s. 1.)

Defaulted Student Loan Recovery Act.

Article 1.

Withholding of Personal Earnings.

Sec.
105B-1. Purpose and definitions.
105B-2. Remedy additional.
105B-3. Procedure.
105B-4. Prohibited conduct by payor; civil penalty.
105B-5. Termination of withholding.

Article 2.

[Reserved.]

Article 1.

Withholding of Personal Earnings.

§ 105B-1. Purpose and definitions.

(a) It is the purpose of this Article to enable the State Education Assistance Authority to seek an order of withholding of personal earnings against a debtor who owes money to the Authority through default on a student loan as a means of enforcing a judgment which requires the payment of money to the Authority.

(b) As used in this Article:

(1) "Annual federal poverty guidelines" means the annual federal poverty guidelines issued by the United States Department of Health and Human Services in effect at the time in question.

(2) "Authority" means the State Education Assistance Authority as enabled by Article 23 of Chapter 116 of the General Statutes.

(3) "Debtor" means any individual owing money to the Authority through default on a student loan made, guaranteed or owned by the Authority, which obligation has not been adjudicated satisfied by court order, set aside by court order, or discharged in bankruptcy.

(4) "Family" means a parent or parents and minor children or spouses that reside together.

(5) "Family income" means family income as set out in the annual federal poverty guidelines.

(6) "Mistake of fact" means that the debtor:

a. Is not the actual person named in the judgment that is the basis for a withholding action under this section;

b. Has satisfied the obligation represented by the judgment in full and is entitled to have the judgment cancelled; or

c. Does not have monthly disposable earnings or is not employed by the payor as stated by the Authority in its motion to the court.

d. Has family income at or below two hundred percent (200%) of the annual federal poverty guidelines.

(7) "Payor" means the person, firm, association or corporation by whom the debtor is employed.

(8) "Student loan" means a loan or loans made to eligible students or parents of students to aid in obtaining an education beyond the high school level. (1989, c. 475, s. 1.)

§ 105B-2. Remedy additional.

The collection remedy under this Article is in addition to and not in substitution for any other remedy available by law. (1989, c. 475, s. 1.)

§ 105B-3. Procedure.

(a) Notwithstanding any other provision of the law, in any case in which the Authority obtains a judgment against a debtor as defined in this Chapter, a judge of the district court in the county where the debtor resides or is found may enter an order of withholding whereby no more than ten percent (10%) of the debtor's monthly disposable earnings shall be withheld for the repayment of the debt owed to the Authority. For purposes of this section, "disposable earnings" is defined as that part of the compensation paid or payable to the debtor for personal services; whether denominated as wages, salary, commission, bonus, or otherwise (including periodic payments pursuant to a pension or retirement program) which remains after the deduction of any amounts required by law to be withheld.

(b) The Authority may move the court for an order of withholding. The motion shall be verified and shall state the name and address of the employer of the debtor, the debtor's monthly disposable earnings from said employer (which may be based upon information and belief), and the amount sought to be withheld, not to exceed ten percent (10%) of the debtor's monthly disposable earnings. The motion shall be accompanied by a letter to the debtor which includes information that the Authority will withdraw the motion if the debtor executes a sworn statement to the Authority that his family income is at or below two hundred percent (200%) of the annual federal poverty guidelines. The letter shall include the definitions of family and family income, the federal poverty guidelines in effect as of the date of the letter, and the procedure to contest the proposed garnishment. The Authority shall provide a form to the debtor for the purpose of securing his sworn statement about the level of his annual family income. The motion shall be served on both the debtor and his alleged employer either personally or by certified mail, return receipt requested as set forth in G.S. 1A-1, Rules of Civil Procedure.

(c) At any time following the filing with the district court of a motion under this section, the debtor may inspect and copy records relating to the debtor or debts at the offices of the Authority.

(d) In lieu of or in conclusion of any legal proceeding instituted under this section, the debtor may enter into a written agreement with the State Education Assistance Authority to establish a schedule for the repayment of the debt or debts by periodic payments made directly to the Authority. Upon acceptance of any such repayment agreement, the Authority shall withdraw the motion for withholding.

(e) Contested Withholding. — The debtor or the payor may contest the withholding only on the basis of mistake of fact. To contest the withholding, the debtor or the payor must, within 30 days from the date of service, request a hearing before the district court by serving a written request upon the court and the Authority which specifies the mistake of fact upon which the hearing request is based. If the asserted mistake of fact can be resolved by agreement between the Authority and the debtor or the payor, whoever has asserted the mistake of fact, no hearing shall occur. Otherwise, a hearing shall be held and a determination made within 30 days of the filing of the request by the debtor or payor. Following the hearing the court may enter an order of withholding not to exceed ten percent (10%) of the debtor's monthly disposable earnings and not to reduce the debtor's annual family income to a point at or below two hundred percent (200%) of the annual federal poverty guidelines. However, the court shall not enter an order of garnishment unless the court makes findings of fact that the family income of the debtor at the time of the hearing exceeds two hundred percent (200%) of the annual federal poverty guidelines. If an order of withholding is entered, a copy of same shall be served on the debtor and the payor either personally or by certified mail, return receipt requested.

The order shall set forth sufficient findings of fact to support the action by the court and the amount to be withheld for each pay period. The order shall be subject to review for modification and dissolution upon the filing of a motion in the cause.

(f) Uncontested Withholding. — If neither the debtor nor the payor contests the withholding as provided in subsection (e) within the 30-day response period, the court may, without further hearing, enter an order of withholding not to exceed ten percent (10%) of the debtor's monthly disposable earnings and not to reduce the debtor's annual family income to a point at or below two hundred percent (200%) of the annual federal poverty guidelines. However, the court shall not enter an order of garnishment unless the court makes findings of fact that the family income of the debtor at the time of the hearing exceeds two hundred percent (200%) of the annual federal poverty guidelines. If an order of withholding is entered, a copy of same shall be served on the debtor and the payor either personally or by certified mail, return receipt requested. The order shall set forth sufficient findings of fact to support the action by the court and the amount to be withheld for each pay period. The order shall be subject to review for modification and dissolution upon the filing of a motion in the cause.

(g) Upon receipt of an order of withholding, the payor shall transmit without delay the amount ordered to be withheld to the clerk of superior court who shall disburse it to the State Education Assistance Authority. The amount ordered to be withheld shall be increased by a processing fee of two dollars ($2.00) to be retained by the payor, unless waived, for each withholding under the order. (1989, c. 475, s. 1.)

§ 105B-4. Prohibited conduct by payor; civil penalty.

(a) Notwithstanding any other provision of law, when a court finds, pursuant to a motion in the cause filed by the Authority joining the payor as a third party defendant, with 30 days notice to answer the motion, that a payor has willfully refused to comply with the provisions of this section, such payor shall be ordered to commence withholding and shall be held liable to the Authority for any amount which such payor should have withheld, except that such payor shall not be required to vary his normal pay or disbursement cycles in order to comply with these provisions.

(b) A payor shall not discharge from employment, refuse to employ, or otherwise take disciplinary action against any debtor because of the withholding. When a court finds that a payor has taken any of these actions, the payor shall be liable for a civil penalty. For a first offense, the civil penalty shall be one hundred dollars ($100.00). For second and third offenses, the civil penalty shall be five hundred dollars ($500.00) and one thousand dollars ($1,000), respectively. Any payor who violates any provision of this paragraph shall be liable in a civil action for reasonable damages suffered by a debtor as a result of the violation, and a debtor discharged or demoted in violation of this paragraph shall be entitled to be reinstated to his former position. The statute of limitations for actions under this subsection shall be one year pursuant to G.S. 1-54.

The clear proceeds of civil penalties provided for in this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.

(c) Any payor who withholds the sum provided in any notice or order to the payor shall not be liable for any penalties under this section. (1989, ch. 475, s. 1; 1998-215, s. 116.)

§ 105B-5. Termination of withholding.

A requirement that income be withheld under this section shall promptly terminate as to prospective payments when the payor receives notice from the court that the withholding order has expired or become invalid. (1989, c. 475, s. 1.)

Part 1A. Collection and Refund of Fees and Taxes.

§ 106-9.2. Records and reports required of persons paying fees or taxes to Commissioner or Department; examination of records; determination of amount due by Commissioner in case of non-compliance.

(a) Every person paying fees or taxes to the Commissioner of Agriculture or to the Department of Agriculture and Consumer Services under the provisions of this Chapter shall keep such records as the Commissioner may prescribe to indicate accurately the fees or taxes due to the Commissioner or Department, and such records shall be preserved for a period of three years, and shall at all times during the business hours of the day be subject to inspection by the Commissioner or his deputies or such other agents as may be duly authorized by the Commissioner. Any person failing to comply with or violating any of the provisions of this section shall be guilty of a Class 1 misdemeanor.

(b) It shall be the duty of the Commissioner of Agriculture, by competent auditors, to have the books and records of every person paying fees or taxes to the Commissioner or Department examined at least once each year to determine if such persons are keeping complete records as provided by this section, and to determine if correct reports have been made to the Commissioner or Department covering the total amount of fees or taxes due by such persons.

(c) If any person shall fail, neglect or refuse to keep such records or to make such reports or pay fees or taxes due as required, and within the time provided in this Chapter, the Commissioner shall immediately inform himself as best he may as to the matters and things required to be set forth in such records and reports, and from such information as he may be able to obtain, determine and fix the amount of fees or taxes due the State from such delinquent person for the period covering the delinquency. The Commissioner shall proceed immediately to collect the fees or taxes due the State, including any penalties and interest thereon, in the manner provided in this Article. (1963, c. 458; 1993, c. 539, s. 736; 1994, Ex. Sess., c. 24, s. 14(c); 1997-261, s. 109.)

§ 106-9.3. Procedure for assessment of fees and taxes.

(a) If the Commissioner of Agriculture discovers from the examination of any report filed by a taxpayer or otherwise that any fee or tax or additional fee or tax is due from any taxpayer, he shall give notice to the taxpayer in writing of the kind and amount of fee or tax which is due and of his intent to assess the same, which notice shall contain advice to the effect that unless application for a rehearing is made within the time specified in subsection (c), the proposed assessment will become conclusive and final.

If the Commissioner is unable to obtain from the taxpayer adequate and reliable information upon which to base such assessment, the assessment may be made upon the basis of the best information available and, subject to the provisions hereinafter made, such assessment shall be deemed correct.

(b) The notice required to be given in subsection (a) may be delivered to the taxpayer by an agent of the Commissioner or may be sent by mail to the last known address of the taxpayer and such notice will be deemed to have been received in due course of the mail unless the taxpayer shall make an affidavit to the contrary within 90 days after such notice is mailed, in which event the taxpayer shall be heard by the Commissioner in all respects as if he had made timely application.

(c) Any taxpayer who objects to a proposed assessment of fee or tax or additional fee or tax shall be entitled to a hearing before the Commissioner of Agriculture, provided application therefor is made in writing within 30 days after the mailing or delivery of the notice required by subsection (a). If application for a hearing is made in due time, the Commissioner of Agriculture shall set a time and place for the hearing and after considering the taxpayer's objections shall give written notice of his decision to the taxpayer. The amount of fee or tax or additional fee or tax due from the taxpayer as finally determined by the Commissioner shall thereupon be assessed and upon assessment shall become immediately due and collectible.

Provided, the taxpayer may request the Commissioner at any time within 30 days of notice of such proposed assessment for a written statement, or transcript, of the information and the evidence upon which the proposed assessment is based, and the Commissioner of Agriculture shall furnish such statement, or transcript, to the taxpayer. Provided, further, after request by the taxpayer for such written statement, or transcript, the taxpayer shall have 30 days after the receipt of the same from the Commissioner of Agriculture to apply in writing for such hearing, explaining in detail his objections to such proposed assessment. If no request for such hearing is so made, such proposed assessment shall be final and conclusive.

(d) If no timely application for a hearing is made within 30 days after notice of a proposed assessment of fee or tax or additional fee or tax is given pursuant to subsection (a), such proposed fee or tax or additional fee or tax assessment shall become final without further notice and shall be immediately due and collectible.

(e) Where a proper report has been filed by a taxpayer and in the absence of fraud, the Commissioner of Agriculture shall assess any fee or tax or additional fee or tax due from the taxpayer within three years after the date upon which such report is filed or within three years after the date upon which such report was required by law to be filed, whichever is the later. If no report has been filed, and in the absence of fraud, any fee or tax or additional fee or tax due from a taxpayer may be assessed at any time within five years after the date upon which such report was required by law to be filed. In the event a false and fraudulent report has been filed or there has been an attempt in any manner to fraudulently defeat or evade a fee or tax, any fee or tax or additional fee or tax due from the taxpayer may be assessed at any time.

(f) Except as hereinafter provided in subsection (g), the Commissioner of Agriculture shall have no authority to assess any fee or tax or additional fee or tax under this section until the notice required by subsection (a) shall have been given and the period within which an application for a hearing may be filed has expired, or if a timely application for a hearing if filed, until written notice of the Commissioner's decision has been given to the taxpayer, provided, however that if the notice required by subsection (a) shall be mailed or delivered within the limitation prescribed in subsection (e), such limitation shall be deemed to have been complied with and the proceeding may be carried forward to its conclusion.

(g) Notwithstanding any other provision of this section, the Commissioner of Agriculture shall have authority at any time within the applicable period of limitations to proceed at once to assess any fee or tax or additional fee or tax which he finds is due from a taxpayer if, in his opinion, the collection of such fee or tax is in jeopardy and immediate assessment is necessary in order to protect the interest of the State, provided, however, that if an assessment is made pursuant to the authority set forth in this subsection before the notice required by subsection (a) is given, such assessment shall not be valid unless the notice required by subsection (a) shall be given within 30 days after the date of such assessment.

(h) All assessments of fees or taxes or additional fees or taxes (exclusive of penalties assessed thereon) shall bear interest at the rate of one half of one percent (0.5%) per month or fraction thereof from the time said fees or taxes or additional fees or taxes were due to have been paid until paid. (1963, c. 458.)

§ 106-9.4. Collection of delinquent fees and taxes.

(a) If any fee or tax imposed by this Chapter, or any other fee or tax levied by the State and payable to the Commissioner of Agriculture or the Department of Agriculture and Consumer Services, or any portion of such fee or tax, be not paid within 30 days after the same becomes due and payable, and after the same has been assessed, the Commissioner of Agriculture shall issue an order under his hand and official seal, directed to the sheriff of any county of the State commanding him to levy upon and sell the real and personal property of the taxpayer found within his county for the payment of the amount thereof, with the added penalties, additional taxes, interest, and cost of executing the same, and to return to the Commissioner of Agriculture the money collected by virtue thereof within a time to be therein specified, not less than 60 days from the date of the order. The said sheriff shall, thereupon, proceed upon the same in all respects with like effect and in the same manner prescribed by law in respect to executions issued against property upon judgments of a court of record, and shall be entitled to the same fees for his services in executing the order, to be collected in the same manner.

(b) Bank deposits, rents, salaries, wages, and all other choses in action or property incapable of manual levy or delivery, hereinafter called the intangible, belonging, owing, or to become due to any taxpayer subject to any of the provisions of this Chapter, or which has been transferred by such taxpayer under circumstances which would permit it to be levied upon if it were tangible, shall be subject to attachment or garnishment as herein provided, and the person owing said intangible, matured or unmatured, or having same in his possession or control, hereinafter called the garnishee, shall become liable for all sums due by the taxpayer under this Chapter to the extent of the amount of the intangible belonging, owing, or to become due to the taxpayer subject to the setoff of any matured or unmatured indebtedness of the taxpayer to the garnishee. To effect such attachment or garnishment the Commissioner of Agriculture shall serve or cause to be served upon the taxpayer and the garnishee a notice as hereinafter provided, which notice may be served by any deputy or employee of the Commissioner of Agriculture or by any officer having authority to serve summonses. Said notice shall show:

(1) The name of the taxpayer and his address, if known;

(2) The nature and amount of the fee or tax, and the interest and penalties thereon, and the year or years for which the same were levied or assessed, and

(3) Shall be accompanied by a copy of this subsection, and thereupon the procedure shall be as follows:

If the garnishee has no defense to offer or no setoff against the taxpayer, he shall, within 10 days after service of said notice, answer the same by sending to the Commissioner of Agriculture by registered mail a statement to that effect, and if the amount due or belonging to the taxpayer is then due or subject to his demand, it shall be remitted to the Commissioner with said statement, but if said amount is to mature in the future, the statement shall set forth that fact and the same shall be paid to the Commissioner upon maturity, and any payment by the garnishee hereunder shall be a complete extinguishment of any liability therefor on his part to the taxpayer. If the garnishee has any defense or setoff, he shall state the same in writing under oath, and, within 10 days after service of said notice, shall send two copies of said statement to the

Commissioner by registered mail; if the Commissioner admits such defense or setoff, he shall so advise the garnishee in writing within 10 days after receipt of such statement and the attachment or garnishment shall thereupon be discharged to the amount required by such defense or setoff, and any amount attached or garnished hereunder which is not affected by such defense or setoff shall be remitted to the Commissioner as above provided in cases where the garnishee has no defense or setoff, and with like effect. If the Commissioner shall not admit the defense or setoff, he shall set forth in writing his objections thereto and shall send a copy thereof to the garnishee within 10 days after receipt of the garnishee's statement, or within such further time as may be agreed on by the garnishee, and at the same time he shall file a copy of said notice, a copy of the garnishee's statement, and a copy of his objections thereto in the superior court of the county where the garnishee resides or does business where the issues made shall be tried as in civil actions.

If judgment is entered in favor of the Commissioner of Agriculture by default or after hearing, the garnishee shall become liable for the fee or taxes, interest and penalties due by the taxpayer to the extent of the amount over and above any defense or setoff of the garnishee belonging, owing, or to become due to the taxpayer, but payments shall not be required from amounts which are to become due to the taxpayer until the maturity thereof, nor shall more than ten percent (10%) of any taxpayer's salary or wages be required to be paid hereunder in any one month. The garnishee may satisfy said judgment upon paying said amount, and if he fails to do so, execution may issue as provided by law. From any judgment or order entered upon such hearing either the Commissioner of Agriculture or the garnishee may appeal as provided by law. If, before or after judgment, adequate security is filed for the payment of said taxes, interest, penalties, and costs, the attachment or garnishment may be released or execution stayed pending appeal, but the final judgment shall be paid or enforced as above provided. The taxpayer's sole remedies to question his liability for said fees or taxes, interest, and penalties shall be those provided in this Article, as now or hereinafter amended or supplemented. If any third person claims any intangible attached or garnished hereunder and his lawful right thereto, or to any part thereof, is shown to the Commissioner, he shall discharge the attachment or garnishment to the extent necessary to protect such right, and if such right is asserted after the filing of said copies as aforesaid, it may be established by interpleader as now or hereafter provided by the General Statutes in cases of attachment and garnishment. In case such third party has no notice of proceedings hereunder, he shall have the right to file his petition under oath with the Commissioner at any time within 12 months after said intangible is paid to him and if the Commissioner finds that such party is lawfully entitled thereto or to any part thereof, he shall pay the same to such party as provided for refunds by G.S. 105-407 and if such payment is denied, said party may appeal from the determination of the Commissioner to the Superior Court of Wake County or to the superior court of the county wherein he resides or does business. The intangibles of a taxpayer shall be paid or collected hereunder only to the extent necessary to satisfy said fees or taxes, interest, penalties, and costs. Except as hereinafter set forth, the remedy provided in this section shall not be resorted to unless a warrant for collection or execution against the taxpayer has been returned unsatisfied: Provided, however, if the Commissioner is of opinion that the only effective remedy is that herein provided, it shall not be necessary that a warrant for collection or execution shall be first returned unsatisfied, and in no case shall it be a defense to the remedy herein provided that a warrant for collection or execution has not been first returned unsatisfied: Provided, however, that no salary or wage at the rate of less than two hundred dollars ($200.00) per month, whether paid weekly or monthly, shall be attached or garnished under the provisions of this section.

(c) In addition to the remedy herein provided, the Commissioner of Agriculture is authorized and empowered to make a certificate setting forth the essential particulars relating to the said fee or tax, including the amount thereof, the date when the same was due and payable, the person, firm, or corporation chargeable therewith, and the nature of the fee or tax, and under his hand and seal transmit the same to the clerk of the superior court of any county in which the delinquent taxpayer resides or has property; whereupon, it shall be the duty of the clerk of the superior court of the county to docket the said certificate and index the same on the cross index of judgments, and execution may issue thereon with the same force and effect as an execution upon any other judgment of the superior court; said tax shall become a lien on realty only from the date of the docketing of such certificate in the office of the clerk of the superior court and in personalty only from the date of the levy on such personalty and upon execution thereon no homestead or personal property exemption shall be allowed.

(d) The remedies herein given are cumulative and in addition to all other remedies provided by law for the collection of said fees and taxes. (1963, c. 458; 1997-261, s. 109.)

Provided, further, that demand for such refund is made by the taxpayer within three years from the date of such overpayment or the due date of the report, whichever is later. (1963, c. 458.)

Such payment shall be without prejudice to any defense or rights he may have in the premises, and he may, at any time within 30 days after such payment, demand the same in writing from the Commissioner of Agriculture; and if the same shall not be refunded within 90 days thereafter, may sue such official in the courts of the State for the amount so demanded. CASE NOTES

Constitutionality. — Legislation of this character has been upheld by well considered decisions in this and other jurisdictions. Morgan v. Stewart, 144 N.C. 424, 57 S.E. 149 (1907).

The authority to make administrative rules is not a delegation of legislative power, and such rules do not become legislation, because violations thereof are punished as "public offenses." State v. Southern Ry., 141 N.C. 846, 54 S.E. 294 (1906).

Cattle and Cattle Diseases. — The State Board of Agriculture has authority to make and enforce regulations for the quarantine of cattle and to prevent their transportation in view of preventing the spreading of contagious dis-

eases. And an owner permitting cattle to run at large in a no-fence county who willfully allows cattle to stray across the line is guilty of a violation of the act. State v. Garner, 158 N.C. 630, 74 S.E. 458 (1912).

Subdivision (3) of this section confers power upon the Commissioner to make regulations prohibiting the transportation of cattle. State v. Southern Ry., 141 N.C. 846, 54 S.E. 294 (1906).

The provision to get rid of the ticks on cattle and prevent infection is a reasonable and valid regulation. State v. Hodges, 180 N.C. 751, 105 S.E. 417 (1920).

Judicial Notice of Quarantined District. — Where the quarantine regulations of the United States Department of Agriculture, relating to the transportation of cattle, which were adopted by the State Board of Agriculture, provided that no cattle originating in the quarantined district as therein described should be moved into "that part of Burke south of the Catawba River," the court judicially knows that a shipment of cattle from Burlington to Morganton has been across the line fixed as a quarantine line. State v. Southern Ry., 141 N.C. 846, 54 S.E. 294 (1906).

"(b) No later than May 1, 2008, the Performance Evaluation Division of the General Assembly shall prepare a report of the findings and recommendations of the study and submit this report to the House of Representatives and Senate Appropriations Subcommittees on Natural and Economic Resources and the Fiscal Research Division."

The applicant shall furnish such information as the Commissioner may require. In determining the acceptability of any product for registration, the Commissioner may require proof of claims made for the soil additive. If no specific claims are made, the Commissioner may require proof of usefulness and value of the soil additive. As evidence of proof, the Commissioner may rely on experimental data furnished by the applicant and may require that such data be developed by a recognized research or experimental institution. The Commissioner may further require that such data be developed from tests conducted under conditions identical to or closely related to those present in North Carolina. The Commissioner may reject any data not developed under such conditions and may rely on the advice of the Director of the North Carolina Agricultural Experiment Station in evaluating data for registration.

The registration fee shall be one hundred dollars ($100.00) per year for each product. Registration shall expire on December 31, annually, unless an application for renewal has been received prior to the expiration date.

(1) The product name;
(2) The guaranteed analysis;
(3) A statement of claim or purpose;

A soil additive shall be considered misbranded if:

(1) Its label or labeling is false or misleading in any particular;
(2) It is distributed under the name of another soil additive;

Each registrant shall keep accurate records of his sales, and shall file a semiannual report covering the periods January 1 through June 30, and July

1 through December 31. Such reports shall be due within 30 days from the close of each period. If the report is not filed within the 30-day period or is false in any respect, the Commissioner may revoke the registration. The Commissioner is authorized to enter upon any public or private property with permission or with a proper court order during normal business hours for the purpose of inspecting or sampling any soil additive to determine if such additive is being distributed in compliance with the provisions of this Article. In the examination of such samples, the Commissioner may rely on such tests as he may establish as necessary for the enforcement of this Article. (1977, c. 233, s. 9.)

§ 106-50.37. Stop sale, etc., orders.

The Commissioner may issue and enforce a written or printed stop sale, use, or removal order to the owner or custodian of any lot of soil additive, and hold at a designated place, any such lot of soil additive which the Commissioner determines does not comply with the provisions of this Article. Any person violating the provisions of this Article or the regulations adopted thereunder, shall be guilty of a Class 2 misdemeanor. In addition, if any person continues to violate or further violates any provision of this Article after written notice from the Commissioner each day during which the violation continued or is repeated constitutes a separate violation subject to the foregoing penalties. Article 4C.

Structural Pest Control Act.

§ 106-65.22. Title.

This Article shall be known by the title of "Structural Pest Control Act of North Carolina of 1955." It is declared to be the policy of this State that the regulation of persons, corporations and firms engaged in the business of structural pest control in this State, as defined in G.S. 106-65.25, is in the public interest in order to ensure a high quality of workmanship and in order to prevent deception, fraud and unfair trade practices in the conduct of said business. The General Assembly finds that quality of structural pest control work is not easily determined by the general public due to the inaccessibility of the areas treated and the complexity of the methods of treatment. (1955, c. 1017; 1977, c. 231, s. 1.)

§ 106-65.23. Structural Pest Control Division of Department of Agriculture and Consumer Services recreated; Director; powers and duties of Commissioner; Structural Pest Control Committee created; appointment; terms; powers and duties; quorum.

(a) There is recreated, within the North Carolina Department of Agriculture and Consumer Services, a Division to be known as the Structural Pest Control Division. The Commissioner of Agriculture may appoint a Director of the Division, chosen from a list of nominees submitted to him by the Structural Pest Control Committee created in this section, whose duties and authority shall be determined by the Commissioner in consultation with the Committee. The Director shall be responsible for and answerable to the Commissioner of Agriculture and the Structural Pest Control Committee as to the operation and conduct of the Structural Pest Control Division. The Director shall act as secretary to the Structural Pest Control Committee.

(b) The Commissioner shall have the following powers and duties under this Article:

(1) To administer and enforce the provisions of this Article and the rules adopted thereunder by the Structural Pest Control Committee. In order to carry out these powers and duties, the Commissioner may delegate to the Director of the Structural Pest Control Division the powers and duties assigned to him under this Article.

(2) To assign the administrative and enforcement duties assigned to him in this Article.

(3) To direct, in consultation with the Structural Pest Control Committee, the work of the personnel employed by the Structural Pest Control Committee and the work of the personnel of the Department assigned to perform the administrative and enforcement functions of this Article.

(5) To monitor existing enforcement programs and to provide evaluations of these programs to the Structural Pest Control Committee.
(6) To attend all meetings of the Structural Pest Control Committee, but without the power to vote unless the Commissioner attends as the designee on the Committee from the Department of Agriculture and Consumer Services.
(7) To keep an accurate and complete record of all meetings of the Structural Pest Control Committee and to have legal custody of all books, papers, documents, and other records of the Committee.
(8) To perform such other duties as may be assigned to him by the Structural Pest Control Committee.

(c) There is hereby created a Structural Pest Control Committee to be composed of the following members. The Commissioner shall appoint one member of the Committee who is not in the structural pest control business for a four-year term. The Commissioner of Agriculture shall designate an employee of the Department of Agriculture and Consumer Services to serve on the Committee at the pleasure of the Commissioner. The dean of the School of Agriculture of North Carolina State University at Raleigh shall appoint one member of the Committee who shall serve for one term of two years and who shall be a member of the entomology faculty of the University. The vacancy occurring on the Committee by the expired term of the member from the entomology faculty of the University shall be filled by the dean of the School of Agriculture of North Carolina State University at Raleigh who shall designate any person of the dean's choice from the entomology faculty of the University to serve on the Committee at the pleasure of the dean. The Governor shall appoint two members of the Committee who are actively engaged in the pest control industry, who are licensed in at least two phases of structural pest control as provided under G.S. 106-65.25(a), and who are residents of the State of North Carolina but not affiliates of the same company.

The Governor's initial appointees from the pest control industry shall be appointed as follows: one for a two-year term and one for a three-year term. The Governor shall appoint one member of the Committee who is a public member and who is unaffiliated with the structural pest control industry, the pesticide industry, the Department of Agriculture and Consumer Services, the Department of Health and Human Services and the School of Agriculture at North Carolina State University at Raleigh. The initial public member shall be appointed for a term of two years, commencing July 1, 1991. After the initial appointments by the Governor, all ensuing appointments by the Governor shall be for terms of four years. Any vacancy occurring on the Committee by reason of death, resignation, or otherwise shall be filled by the Governor or the Commissioner of Agriculture, as the case may be, for the unexpired term of the member whose seat is vacant.

One member of the Committee shall be appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives in accordance with G.S. 120-121, and one member of the Committee shall be appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate in accordance with G.S. 120-121. (3) To report annually to the Board of Agriculture the action taken in the Committee's final decisions and the financial status of the Structural Pest Control Division.

(e) Each member of the Committee who is not an employee of the State shall receive as compensation for services per diem and necessary travel expenses and registration fees in accordance with the provisions as outlined for members of occupational licensing boards and currently provided for in G.S. 93B-5. Such per diem and necessary travel expenses and registration fees shall apply to the same effect that G.S. 93B-5 might hereafter be amended.

Five members of the Committee shall constitute a quorum but no action at any meeting of the Committee shall be taken without four votes in accord. The chairman shall be entitled to vote at all times.

The Committee shall meet at such times and such places in North Carolina as the chairman shall direct; provided, however, that four members of the Committee may call a special meeting of the Committee on five days' notice to the other members thereof.

No civil penalty may be assessed under this section unless the person has been given an opportunity for a hearing pursuant to Chapter 150B of the General Statutes. Assessments may be collected, following judicial review, if any, of the Committee's final decision imposing the assessment, in any lawful manner for the collection of a debt.

Article 4E.

Pest Control Compact.

§ 106-65.55. Adoption of Compact.

The Pest Control Compact is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

Pest Control Compact.

Article I. Findings.

The party states find that:

(a) In the absence of the higher degree of cooperation among them possible under this Compact, the annual loss of approximately ten billion dollars ($10,000,000,000) from the depredations of pests is virtually certain to continue, if not to increase.

(b) Because of varying climatic, geographic and economic factors, each state may be affected differently by particular species of pests; but all states share the inability to protect themselves fully against those pests which present serious dangers to them.

(c) The migratory character of pest infestations makes it necessary for states both adjacent to and distant from one another, to complement each other's activities when faced with conditions of infestation and reinfestation.

(d) While every state is seriously affected by a substantial number of pests, and every state is susceptible of infestation by many species of pests not now causing damage to its crop and plant life and products, the fact that relatively few species of pests present equal danger to or are of interest to all states makes the establishment and operation of an insurance fund, from which individual states may obtain financial support for pest control programs of benefit to them in other states and to which they may contribute in accordance with their relative interests, the most equitable means of financing cooperative pest eradication and control programs.

Article II. Definitions.

As used in this Compact, unless the context clearly requires a different construction:

(a) "State" means a state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

(b) "Requesting state" means a state which invokes the procedures of the Compact to secure the undertaking or intensification of measures to control or eradicate one or more pests within one or more other states.

(c) "Responding state" means a state requested to undertake or intensify the measures referred to in subdivision (b) of this Article.

(d) "Pest" means any invertebrate animal, pathogen, parasitic plant or similar or allied organism which can cause disease or damage in any crops, trees, shrubs, grasses or other plants of substantial value.

(e) "Insurance fund" means the Pest Control Insurance Fund established pursuant to this Compact.

(f) "Governing board" means the administrators of this Compact representing all of the party states when such administrators are acting as a body in pursuance of authority vested in them by this Compact.

(g) "Executive committee" means the committee established pursuant to Article V(e) of this Compact.

Article III. The Insurance Fund.

There is hereby established the Pest Control Insurance Fund for the purpose of financing other than normal pest control operations which states may be called upon to engage in pursuant to this Compact. The insurance fund shall contain moneys appropriated to it by the party states and any donations and grants accepted by it. All appropriations, except as conditioned by the rights and obligations of party states expressly set forth in this Compact, shall be unconditional and may not be restricted by the appropriating state to use in the control of any specified pest or pests. Donations and grants may be conditional or unconditional, provided that the insurance fund shall not accept any donation or grant whose terms are inconsistent with any provision of this Compact.

Article IV. The Insurance Fund, Internal Operations and Management.

(a) The insurance fund shall be administered by a governing board and executive committee as hereinafter provided. The actions of the governing

board and executive committee pursuant to this Compact shall be deemed the actions of the insurance fund.

(b) The members of the governing board shall be entitled to one vote each on such board. No action of the governing board shall be binding unless taken at a meeting at which a majority of the total number of votes on the governing board are cast in favor thereof. Action of the governing board shall be only at a meeting at which a majority of the members are present.

(c) The insurance fund shall have a seal which may be employed as an official symbol and which may be affixed to documents and otherwise used as the governing board may provide.

(d) The governing board shall elect annually, from among its members, a chairman, a vice-chairman, a secretary and a treasurer. The chairman may not succeed himself. The governing board may appoint an executive director and fix his duties and his compensation, if any. Such executive director shall serve at the pleasure of the governing board. The governing board shall make provision for the bonding of such of the officers and employees of the insurance fund as may be appropriate.

(e) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director, or if there be no executive director, the chairman, in accordance with such procedures as the bylaws may provide, shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the insurance fund and shall fix the duties and compensation of such personnel. The governing board in its bylaws shall provide for the personnel policies and programs of the insurance fund.

(f) The insurance fund may borrow, accept or contract for the services of personnel from any state, the United States, or any other governmental agency, or from any person, firm, association or corporation.

(g) The insurance fund may accept for any of its purposes and functions under this Compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association or corporation, and may receive, utilize and dispose of the same. Any donation, gift or grant accepted by the governing board pursuant to this paragraph or services borrowed pursuant to paragraph (f) of this Article shall be reported in the annual report of the insurance fund. Such report shall include the nature, amount and conditions, if any, of the donation, gift, grant or services borrowed and the identity of the donor or lender.

(h) The governing board shall adopt bylaws for the conduct of the business of the insurance fund and shall have the power to amend and rescind these bylaws. The insurance fund shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto with the appropriate agency or officer in each of the party states.

(i) The insurance fund annually shall make to the Governor and legislature of each party state a report covering its activities for the preceding year. The insurance fund may make such additional reports as it may deem desirable.

(j) In addition to the powers and duties specifically authorized and imposed, the insurance fund may do such other things as are necessary and incidental to the conduct of its affairs pursuant to this Compact.

Article V. Compact and Insurance Fund Administration.

(a) In each party state there shall be a Compact administrator, who shall be selected and serve in such manner as the laws of his state may provide, and who shall:

(1) Assist in the coordination of activities pursuant to the Compact in his state; and

(2) Represent his state on the governing board of the insurance fund.

(b) If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the governing board of the insurance fund by not to exceed three representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, but no such representative shall have a vote on the governing board or on the executive committee thereof.

(c) The governing board shall meet at least once each year for the purpose of determining policies and procedures in the administration of the insurance fund and, consistent with the provisions of the Compact, supervising and giving direction to the expenditure of moneys from the insurance fund. Additional meetings of the governing board shall be held on call of the chairman, the executive committee, or a majority of the membership of the governing board.

(d) At such times as it may be meeting, the governing board shall pass upon applications for assistance from the insurance fund and authorize disbursements therefrom. When the governing board is not in session, the executive committee thereof shall act as agent of the governing board, with full authority to act for it in passing upon such applications.

(e) The executive committee shall be composed of the chairman of the governing board and four additional members of the governing board chosen by it so that there shall be one member representing each of four geographic groupings of party states. The governing board shall make such geographic groupings. If there is representation of the United States on the governing board, one such representative may meet with the executive committee. The chairman of the governing board shall be chairman of the executive committee. No action of the executive committee shall be binding unless taken at a meeting at which at least four members of such committee are present and vote in favor thereof. Necessary expenses of each of the five members of the executive committee incurred in attending meetings of such committee, when not held at the same time and place as a meeting of the governing board, shall be charges against the insurance fund.

Article VI. Assistance and Reimbursement.

(a) Each party state pledges to each other party state that it will employ its best efforts to eradicate, or control within the strictest practicable limits, any and all pests. It is recognized that performance of this responsibility involves:

(1) The maintenance of pest control and eradication activities of interstate significance by a party state at a level that would be reasonable for its own protection in the absence of this Compact.

(2) The meeting of emergency outbreaks or infestations of interstate significance to no less an extent than would have been done in the absence of this Compact.

(b) Whenever a party state is threatened by a pest not present within its borders but present within another party state, or whenever a party state is undertaking or engaged in activities for the control or eradication of a pest or pests, and finds that such activities are or would be impracticable or substantially more difficult of success by reason of failure of another party state to cope with infestation or threatened infestation, that state may request the governing board to authorize expenditures from the insurance fund for eradication or control measures to be taken by one or more of such other party states at a level sufficient to prevent, or to reduce to the greatest practicable extent, infestation or reinfestation of the requesting state. Upon such authorization the responding state or states shall take or increase such eradication or control

measures as may be warranted. A responding state shall use moneys made available from the insurance fund expeditiously and efficiently to assist in affording the protection requested.

(c) In order to apply for expenditures from the insurance fund, a requesting state shall submit the following in writing:

(1) A detailed statement of the circumstances which occasion the request for the invoking of the Compact.

(2) Evidence that the pest on account of whose eradication or control assistance is requested constitutes a danger to an agricultural or forest crop, product, tree, shrub, grass or other plant having a substantial value to the requesting state.

(3) A statement of the extent of the present and projected program of the requesting state and its subdivisions, including full information as to the legal authority for the conduct of such program or programs and the expenditures being made or budgeted therefor, in connection with the eradication, control, or prevention of introduction of the pest concerned.

(4) Proof that the expenditures being made or budgeted as detailed in item (3) do not constitute a reduction of the effort for the control or eradication of the pest concerned or, if there is a reduction, the reasons why the level of program detailed in item (3) constitutes a normal level of pest-control activity.

(5) A declaration as to whether, to the best of its knowledge and belief, the conditions which in its view occasion the invoking of the Compact in the particular instance can be abated by a program undertaken with the aid of moneys from the insurance fund in one year or less, or whether the request is for an installment in a program which is likely to continue for a longer period of time.

(6) Such other information as the governing board may require consistent with the provisions of this Compact.

(d) The governing board or executive committee shall give due notice of any meeting at which an application for assistance from the insurance fund is to be considered. Such notice shall be given to the Compact administrator of each party state and to such other officers and agencies as may be designated by the laws of the party states. The requesting state and any other party state shall be entitled to be represented and present evidence and argument at such meeting.

(e) Upon the submission as required by paragraph (c) of this Article and such other information as it may have or acquire, and upon determining that an expenditure of funds is within the purposes of this Compact and justified thereby, the governing board or executive committee shall authorize support of the program. The governing board or the executive committee may meet at any time or place for the purpose of receiving and considering an application. Any and all determinations of the governing board or executive committee, with respect to an application, together with the reasons therefor shall be recorded and subscribed in such manner as to show and preserve the votes of the individual members thereof.

(f) A requesting state which is dissatisfied with a determination of the executive committee shall, upon notice in writing given within 20 days of the determination with which it is dissatisfied, be entitled to receive a review thereof at the next meeting of the governing board. Determinations of the executive committee shall be reviewable only by the governing board at one of its regular meetings, or at a special meeting held in such manner as the governing board may authorize.

(g) Responding states required to undertake or increase measures pursuant to this Compact may receive moneys from the insurance fund, either at the

time or times when such state incurs expenditures on account of such measures, or as reimbursement for expenses incurred and chargeable to the insurance fund. The governing board shall adopt and, from time to time, may amend or revise procedures for submission of claims upon it and for payment thereof.

(h) Before authorizing the expenditure of moneys from the insurance fund pursuant to an application of a requesting state, the insurance fund shall ascertain the extent and nature of any timely assistance or participation which may be available from the federal government and shall request the appropriate agency or agencies of the federal government for such assistance and participation.

(i) The insurance fund may negotiate and execute a memorandum of understanding or other appropriate instrument defining the extent and degree of assistance or participation between and among the insurance fund, cooperating federal agencies, states and any other entities concerned.

Article VII. Advisory and Technical Committees.

The governing board may establish advisory and technical committees composed of State, local, and federal officials, and private persons to advise it with respect to any one or more of its functions. Any such advisory or technical committee, or any member or members thereof may meet with and participate in its deliberations. Upon request of the governing board or executive committee an advisory or technical committee may furnish information and recommendations with respect to any application for assistance from the insurance fund being considered by such board or committee and the board or committee may receive and consider the same: Provided that any participant in a meeting of the governing board or executive committee held pursuant to Article VI(d) of the Compact shall be entitled to know the substance of any such information and recommendations, at the time of the meeting if made prior thereto or as a part thereof or, if made thereafter, no later than the time at which the governing board or executive committee makes its disposition of the application.

Article VIII. Relations with Nonparty Jurisdictions.

(a) A party state may make application for assistance from the insurance fund in respect of a pest in a nonparty state. Such application shall be considered and disposed of by the governing board or executive committee in the same manner as an application with respect to a pest within a party state, except as provided in this Article.

(b) At or in connection with any meeting of the governing board or executive committee held pursuant to Article VI(d) of this Compact a nonparty state shall be entitled to appear, participate, and receive information only to such extent as the governing board or executive committee may provide. A nonparty state shall not be entitled to review of any determination made by the executive committee.

(c) The governing board or executive committee shall authorize expenditures from the insurance fund to be made in a nonparty state only after determining that the conditions in such state and the value of such expenditures to the party states as a whole justify them. The governing board or executive committee may set any conditions which it deems appropriate with respect to the expenditure of moneys from the insurance fund in a nonparty state and may enter into such agreement or agreements with nonparty states and other jurisdictions or entities as it may deem necessary or appropriate to protect the interests of the insurance fund with respect to expenditures and activities outside of party states.

Article IX. Finance.

(a) The insurance fund shall submit to the executive head or designated officer or officers of each party state a budget for the insurance fund for such period as may be required by the laws of that party state for presentation to the legislature thereof.

(b) Each of the budgets shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The requests for appropriations shall be apportioned among the party states as follows: one tenth of the total budget in equal shares and the remainder in proportion to the value of agricultural and forest crops and products, excluding animals and animal products, produced in each party state. In determining the value of such crops and products the insurance fund may employ such source or sources of information as in its judgment present the most equitable and accurate comparisons among the party states. Each of the budgets and requests for appropriations shall indicate the source or sources used in obtaining information concerning value of products.

(c) The financial assets of the insurance fund shall be maintained in two accounts to be designated respectively as the "operating account" and the "claims account." The operating account shall consist only of those assets necessary for the administration of the insurance fund during the next ensuing two-year period. The claims account shall contain all moneys not included in the operating account and shall not exceed the amount reasonably estimated to be sufficient to pay all legitimate claims on the insurance fund for a period of three years. At any time when the claims account has reached its maximum limit or would reach its maximum limit by the addition of moneys requested for appropriation by the party states, the governing board shall reduce its budget requests on a pro rata basis in such manner as to keep the claims account within such maximum limit. Any moneys in the claims account by virtue of conditional donations, grants or gifts shall be included in calculations made pursuant to this paragraph only to the extent that such moneys are available to meet demands arising out of claims.

(d) The insurance fund shall not pledge the credit of any party state. The insurance fund may meet any of its obligations in whole or in part with moneys available to it under Article IV(g) of this Compact, provided that the governing board takes specific action setting aside such moneys prior to incurring any obligation to be met in whole or in part in such manner. Except where the insurance fund makes use of moneys available to it under Article IV(g) hereof, the insurance fund shall not incur any obligation prior to the allotment of moneys by the party states adequate to meet the same.

(e) The insurance fund shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the insurance fund shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the insurance fund shall be audited yearly by a certified or licensed public accountant and a report of the audit shall be included in and become part of the annual report of the insurance fund.

(f) The accounts of the insurance fund shall be open at any reasonable time for inspection by duly authorized officers of the party states and by any persons authorized by the insurance fund.

Article X. Entry into Force and Withdrawal.

(a) This Compact shall enter into force when enacted into law by any five or more states. Thereafter, this Compact shall become effective as to any other state upon its enactment thereof.

(b) Any party state may withdraw from this Compact by enacting a statute repealing the same, but no such withdrawal shall take effect until two years after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

Article XI. Construction and Severability.

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any state participating herein, the Compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters. (1975, c. 810, s. 1.)

§ 106-65.56. Cooperation of State agencies with insurance fund.

§ 106-65.57. Filing of bylaws and amendments.

Pursuant to Article IV(h) of the Compact, copies of bylaws and amendments thereto shall be filed with the Department of Agriculture and Consumer Services. (1975, c. 810, s. 3; 1997-261, s. 109.)

§ 106-65.58. Compact administrator.

The Compact administrator for this State shall be the Commissioner of Agriculture or his designated representative. The duties of the Compact administrator shall be deemed a regular part of the duties of his office. (1975, c. 810, s. 4.)

§ 106-65.59. Request for assistance from insurance fund.

Within the meaning of Article VI(b) or Article VIII(a), a request or application for assistance from the insurance fund may be made by the Commissioner of Agriculture or his designee whenever in his judgment the conditions qualifying this State for such assistance exist and it would be in the best interest of this State to make such request. (1975, c. 810, s. 5.)

§ 106-65.60. Credit for expenditures.

The department, agency, or officer expending or becoming liable for an expenditure on account of a control or eradication program undertaken or intensified pursuant to the Compact shall have credited to his account in the State treasury the amount or amounts of any payments made to this State to

defray the cost of such program, or any part thereof, or as reimbursement thereof. (1975, c. 810, s. 6.)

§ 106-65.61. "Executive head" means Governor.

As used in the Compact, with reference to this State, the term "executive head" shall mean the Governor. (1975, c. 810, s. 7.)

§§ 106-65.62 through 106-65.66: Reserved for future codification purposes.

§ 106-65.72. Reports.

Every person growing cotton in this State shall furnish to the Commissioner, or his authorized representative, on forms supplied by the Commissioner, such information as the Commissioner may require, concerning the size and location of all commercial cotton fields and of noncommercial patches of cotton grown as ornamentals or for other purposes. (1975, c. 958, s. 6.)

§ 106-65.73. Quarantine.

The Commissioner is authorized to promulgate regulations, quarantining this State, or any portion thereof, and governing the storage or other handling in the quarantined areas of regulated articles and the movement of regulated articles into or from such areas, when he shall determine that such action is necessary, or reasonably appears necessary, to prevent or retard the spread of the boll weevil. The Commissioner is also authorized to promulgate regulations governing the movement of regulated articles from other states or

portions thereof into this State when such state is known to be infested with the boll weevil. Before quarantining any area, the Commissioner shall hold a public hearing under such rules as he shall determine, at which hearing any interested party may appear and be heard either in person or by attorney: Provided, however, the Commissioner may promulgate regulations, imposing a temporary quarantine for a period not to exceed 60 days, during which time a public hearing, as herein provided, shall be held if it appears that a quarantine for more than 60 days will be necessary to prevent or retard the spread of the boll weevil. It shall be unlawful for any person to store or handle any regulated article in a quarantined area, or to move into or from a quarantined area any regulated article, except under such conditions as may be prescribed by the regulations promulgated by the Commissioner. (1975, c. 958, s. 7; 1977, c. 507, s. 1.)

§ 106-65.74. Authority to designate elimination zones; authority to prohibit planting of cotton and to require participation in eradication program.

The Commissioner, subject to the provisions of section 13 of this act [Session Laws 1975, chapter 958, section 13] is authorized to designate by regulation one or more areas of this State as "elimination zones" where boll weevil eradication programs will be undertaken. The Commissioner is authorized to promulgate reasonable regulations regarding areas where cotton cannot be planted within an elimination zone when he has reason to believe it will jeopardize the success of the program or present a hazard to public health or safety. The Commissioner is authorized to issue regulations prohibiting the planting of noncommercial cotton in such elimination zones, and requiring that all growers of commercial cotton in the elimination zones participate in a program of boll weevil eradication including cost sharing as prescribed in the regulations. Notice of such prohibition and requirement shall be given by publication for one day each week for three successive weeks in a newspaper having general circulation in the affected area. The Commissioner is authorized to set by regulation a reasonable schedule of penalty fees to be assessed when growers in designated "elimination zones" do not meet the requirements of (G.S. 106-65.73) and participation in cost sharing as prescribed by regulation. Such penalty fees shall not exceed a charge of twenty-five dollars ($25.00) per acre. When a grower fails to meet the requirements of regulations promulgated by the Commissioner, the Commissioner shall have authority in elimination zones to destroy cotton not in compliance with such regulations. (1975, c. 958, s. 8; 1977, c. 507, ss. 2, 3.)

§ 106-65.75. Authority for destruction or treatment of cotton in elimination zones; when compensation payable.

The Commissioner or his authorized representative shall have authority to destroy, or in his discretion, to treat with pesticides volunteer or other noncommercial cotton and to establish procedures for the purchase and destruction of commercial cotton in elimination zones when the Commissioner deems such action necessary to effectuate the purposes of this Article. No payment shall be made by the Commissioner to the owner or lessee for the destruction or injury of any cotton which was planted in an elimination zone after publication of notice as provided in G.S. 106-65.74, or which was otherwise handled in violation of this Article or the regulations adopted pursuant thereto. However, the Commissioner shall pay for losses resulting

from the destruction of cotton which was planted in such zones prior to promulgation of such notice. (1975, c. 958, s. 9; 1977, c. 507, ss. 4, 5.)

§ 106-65.76. Authority to regulate pasturage, entry, and honeybee colonies in elimination zones and other areas.

The Commissioner is authorized to promulgate regulations restricting the pasturage of livestock, entry by persons, and location of honeybee colonies in any premises in an elimination zone which have been or are to be treated with pesticides or otherwise treated to cause the eradication of the boll weevil, or in any other area that may be affected by such treatments. (1975, c. 958, s. 10.)

§ 106-65.77. Rules and regulations.

The Commissioner shall have authority to adopt such other rules and regulations as he deems necessary to further effectuate the purposes of this Article. All rules and regulations issued under this Article shall be adopted and published in accordance with any additional requirements prescribed in this Article. (1975, c. 958, s. 11.)

§ 106-65.78. Penalties.

(a) Any person who shall violate any of the provisions of this Article or the regulations promulgated hereunder, or who shall alter, forge or counterfeit, or use without authority, any certificate or permit or other document provided for in this Article or in the regulations promulgated hereunder, shall be guilty of a Class 1 misdemeanor.

(b) Any person who shall, except in compliance with the regulations of the Commissioner, move any regulated article into this State from any other state which the Commissioner found in such regulations is infested by the boll weevil, shall be guilty of a Class 1 misdemeanor. (1975, c. 958, s. 12; 1993, c. 539, s. 742; 1994, Ex. Sess., c. 24, s. 14(c).)

ARTICLE 4G.

Official Cotton Growers' Organization.

§ 106-65.84. Findings and purpose.

The General Assembly of North Carolina finds that due to the interstate nature of boll weevil infestation, it is necessary to secure the cooperation of cotton growers, other State governments and agencies of the federal government, in order to carry out a program of boll weevil suppression and eradication. The purpose of this Article is to provide for the certification of a cotton growers' organization to cooperate with State and federal agencies in the administration of cost-sharing programs for the eradication and suppression of the boll weevil (Anthonomus grandis Boheman) and other cotton pests. (1983, c. 136, s. 1.)

§ 106-65.85. Definitions.

As used in this Article:

(1) "Board" means the North Carolina Board of Agriculture.

(2) "Commissioner" means the Commissioner of Agriculture of the State of North Carolina.
(3) "Cotton grower" means any person who is engaged in and has an economic risk in the business of producing or causing to be produced, for market, cotton.
(4) "Department" means the North Carolina Department of Agriculture and Consumer Services. (1983, c. 136, s. 2; 1997-261, s. 109.)

§ 106-65.86. Certification by Board; requirements.

(a) The Board may certify a cotton growers' organization for the purpose of entering into agreements with the State of North Carolina, other states, the federal government and other parties as may be necessary to carry out the purposes of this Article.
(b) In order to be eligible for certification by the Board, the cotton growers' organization must demonstrate to the satisfaction of the Board that:
(1) It is a nonprofit organization and could qualify as a tax-exempt organization under section 501(a) of the Internal Revenue Code of 1954 (26 USC 501(a));
(2) Membership in the organization shall be open to all cotton growers in this State;
(3) The organization shall have only one class of members with each member entitled to only one vote;
(4) The organization's board of directors shall be composed of:
a. Two cotton growers from this State being appointed by the Commissioner, with the consent of the Board; and
b. One representative of State government from this State, appointed by the Commissioner, with the consent of the Board.
(5) All books and records of account and minutes of proceedings of the organization shall be available for inspection or audit by the Commissioner or his representative at any reasonable time; and
(6) Employees or agents of the growers' organization who handle funds of the organization shall be adequately bonded. (1983, c. 136, s. 3.)

§ 106-65.87. Certification; revocation.

(a) Upon determination by the Board that the organization meets the requirements of the preceding section, the Board shall certify the organization as the official cotton growers' organization. Such certification shall be for the purposes of this Article only, and shall not affect other organizations or associations of cotton growers established for other purposes.
(b) The Board shall certify only one such organization; provided, that the Board may revoke the certification of the organization if at any time the organization shall fail to meet the requirements of this Article. (1983, c. 136, s. 4.)

§ 106-65.88. Referendum; assessments.

(a) At the request of the certified organization, the Board shall authorize a referendum among cotton growers upon the question of whether an assessment shall be levied upon cotton growers in the State to offset, in whole or in part, the cost of boll weevil or other cotton pest eradication and suppression programs authorized by this Article or by any other law of this State.
(b) The assessment levied under this Article shall be based upon the number of acres of cotton planted. The amount of the assessment, the period of time for which it shall be levied, and the geographical area to be covered by the assessment shall be determined by the Board.

(c) All affected cotton growers shall be entitled to vote in any such referendum and the Board shall determine any questions of eligibility to vote.

(d) If at least two-thirds of those voting vote in favor of the assessment, then the assessment shall be collected by the Department from the affected cotton growers.

(e) The assessments collected by the Department under this Article shall be promptly remitted to the certified organization under such terms and conditions as the Commissioner shall deem necessary to ensure that such assessments are used in a sound program of eradication or suppression of the boll weevil or other cotton pests.

(f) The certified organization shall provide to the Department an annual audit of its accounts performed by a certified public accountant.

(g) For the purposes of the State Budget Act, Chapter 143C of the General Statutes, the assessments collected by the Department under this Article shall not be "State funds". (1983, c. 136, s. 5; 2006-203, s. 25.)

Editor's Note. — Session Laws 2006-203, s. 126, provides in part: "Prosecutions for offenses committed before the effective date of this act are not abated or affected by this act, and the statutes that would be applicable but for this act remain applicable to those prosecutions."

Effect of Amendments. — Session Laws 2006-203, s. 25, effective July 1, 2007, and applicable to the budget for the 2007-2009 biennium and each subsequent biennium thereafter, substituted "State Budget Act, Chapter 143C of the General Statutes" for "Executive Budget Act, G.S. 143-1 et seq." in subsection (g).

§ 106-65.89. Agreements.

The Board may authorize the Department to enter into agreements with the certified organization, other state governments, the federal government and individual cotton growers as may be necessary to carry out the purposes of this Article. (1983, c. 136, s. 6.)

§ 106-65.90. Failure to pay assessments.

(a) A cotton grower who fails to pay, when due and upon reasonable notice, any assessment levied under this Article, shall be subject to a penalty of not more than twenty-five dollars ($25.00) per acre, as established in the Board's regulations.

(b) A cotton grower who fails to pay all assessments, including penalties, within 30 days of notice of penalty, shall destroy any cotton plants growing on his acreage which is subject to the assessment. Any such cotton plants which are not destroyed shall be deemed to be a public nuisance. The Commissioner may apply to a court of competent jurisdiction to abate and prevent such nuisance. Upon judgment and order of the court, such nuisance shall be condemned and destroyed in the manner directed by the court. The grower shall be liable for all court costs and fees, and other proper expenses incurred in the enforcement of this section.

(c) In addition to any other remedies for the collection of assessments, including penalties, the Department of Agriculture and Consumer Services has a lien upon cotton subject to such assessments. Provided, that any buyer of cotton shall take free of such lien if he has not received written notice of the lien from the Department or if he has paid for such cotton by a check in which the Department is named as joint payee. In any action to enforce the lien, the burden shall be upon the Department to prove that the buyer of cotton received written notice of the lien. A buyer of cotton other than a person buying cotton from the grower takes free of the lien created herein. (1983, c. 136, s. 7; 1987, c. 293; 1997-261, s. 109.)

§ 106-65.91. Regulations.

Should any of the agricultural liming and landplaster materials defined in this Article be found to be deficient in the components claimed by the manufacturer or registrant thereof, said manufacturer or registrant, upon official notification to [of] such deficiency by the Commissioner of Agriculture, shall, within 90 days, make refunds to the consumers of the deficient materials as follows:

In case of "agricultural liming material" if the deficiency is five percent (5%) of the guarantee or more, there shall be refunded an amount equal to three times the value of such deficiency and in case of "landplaster," for deficiencies in excess of one percent (1%) of the guarantee, there shall be refunded an amount equal to three times the value of the deficiency. Values shall be based on the selling price of said materials. When said consumers cannot be found within the above specified time, refunds shall be forwarded to the Commissioner of Agriculture, where said refund shall be held for payment to the proper consumer upon order of the Commissioner. If the consumer to whom the refund is due cannot be found within a period of one year, the clear proceeds of such refund shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. § 106-92.12. "Stop sale" orders.

The Commissioner may issue and enforce a written or printed "stop sale, use, or removal" order to the owner or custodian of any lot of agricultural

liming material or landplaster at a designated place when the Commissioner finds said material is being offered or exposed for sale in violation of any of the provisions of this Article until the law has been complied with and said violation has been otherwise legally disposed of by written authority. The Commissioner shall release the agricultural liming materials or landplaster so withdrawn, when the requirements of the provisions of this Article have been complied with and all costs and expense incurred in connection with the withdrawal have been paid.

If a manufacturer or registrant fails to make a refund as required by G.S. 106-92.11, the Commissioner may stop the sale of any agricultural liming materials or landplaster registered by the manufacturer or registrant and offered for sale in this State. (1979, c. 590; 1993, c. 144, s. 3.)

§ 106-92.13. Appeals from assessments and orders of Commissioner.

§ 106-92.14. Penalties for violations of this Article.

Any person convicted of violating any provision of this Article or the rules and regulations promulgated thereunder shall be guilty of a Class 3 misdemeanor and fined not less than two hundred dollars ($200.00) nor more than one thousand dollars ($1,000) in the discretion of the court. Nothing in this Article shall be construed as requiring the Commissioner or his authorized agent to report for prosecution or for the institution of seizure proceedings as a result of minor violations of the Article when he believes that the public interest will best be served by a suitable written warning. (1979, c. 590; 1993, c. 539, s. 743; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 106-92.15. Declaration of policy.

The General Assembly hereby finds and declares that it is in the public interest that the State regulate the activities of those persons engaged in the business of preparing, or manufacturing agricultural liming material and landplaster in order to insure the manufacturer, distributor, and consumer of the correct quantity and quality of all said materials sold or offered for sale in this State. It shall therefore be the policy of this State to regulate the activities of those persons engaged in the business of preparing or manufacturing agricultural liming material and landplaster. (1979, c. 590.)

§ 106-92.16. Authority of Board of Agriculture to make rules and regulations.

Because legislation with regard to agricultural liming material and landplaster sold or offered for sale in this State must be adopted (adapted) to complex conditions and standards involving numerous details with which the General Assembly cannot deal directly and in order to effectuate the purposes and policies of the Article, and in order to insure the manufacturer, distributor, and consumer of the correct quality and quantity of all agricultural liming material and landplaster sold or offered for sale in this State, the Board of Agriculture shall have the authority to make rules and regulations with respect to:

(1) Defining a standard agricultural liming material in terms of neutralizing equivalents.
(2) Fineness of agricultural liming material.
(3) Form and order of labeling.
(4) Monetary penalties for deficiencies from guarantee.
(5) Monetary penalties for materials that do not meet screen guarantee. (1979, c. 590.)

§ 106-92.17. Lime and fertilizer mixtures.

The provisions of this Article shall apply to mixtures of agricultural liming material and fertilizer, except as follows:

(2) The tonnage fee for such mixtures under G.S. 106-92.8 shall be twenty-five cents (25¢) per ton; and,
(3) The Board of Agriculture shall establish the allowable deficiency percentage and refund rate for such mixtures under G.S. 106-92.11. (1981, c. 449, s. 1.)

§ 106-127. Report of minor violations in discretion of Commissioner.

Nothing in this Article shall be construed as requiring the Commissioner of Agriculture to report for the institution of proceedings under this Article, minor violations of this Article, whenever the Commissioner believes that the public interest will be adequately served in the circumstances by a suitable written notice or warning. (1939, c. 320, s. 8.)

§ 106-128. Establishment of reasonable standards of quality by Board of Agriculture.

Whenever in the judgment of the Board of Agriculture such action will promote honesty and fair dealing in the interest of consumers, the Board shall promulgate regulations fixing and establishing for any food or class of food a reasonable definition and standard of identity, and/or reasonable standard of quality and/or fill of container. In prescribing a definition and standard of

identity for any food or class of food in which optional ingredients are permitted, the Board shall, for the purpose of promoting honesty and fair dealing in the interest of consumers, designate the optional ingredients which shall be named on the label. The definitions and standards so promulgated shall conform so far as practicable to the definitions and standards promulgated by the Commissioner of the Federal Food and Drug Administration under authority conferred by section 401 of the federal act.

A food shall be deemed to be misbranded:

(1) a. If its labeling is false or misleading in any particular, or

b. If its labeling or packaging fails to conform with the requirements of G.S. 106-139 and 106-139.1 of this Article.

(2) If it is offered for sale under the name of another food.

(3) If it is an imitation of another food, unless its label bears, in type of uniform size and prominence, the word "imitation" and, immediately thereafter, the name of the food imitated.

(4) If its container is so made, formed or filled as to be misleading.

(5) If in package form, unless it bears a label containing

a. The name and place of business of the manufacturer, packer, or distributor; and

b. An accurate statement of the quantity of the contents in terms of weight, measure, or numerical count, which statement shall be separately and accurately stated in a uniform location upon the principal display panel of the label:

Provided, that under paragraph b of this subdivision reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the Board of Agriculture.

(6) If any word, statement, or other information required by or under authority of this Article to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

(7) If it purports to be or is represented as a food for which a definition and standard of identity has been prescribed by regulations as provided by G.S. 106-128, unless

a. It conforms to such definition and standard, and

b. Its label bears the name of the food specified in the definition and standard, and, insofar as may be required by such regulations, the common names of optional ingredients (other than spices, flavoring, and coloring) present in such food.

(8) If it purports to be or is represented as

a. A food for which a standard of quality has been prescribed by regulations as provided by G.S. 106-128 and its quality falls below such standard unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard; or

b. A food for which a standard or standards of fill of container have been prescribed by regulation as provided by G.S. 106-128, and it falls below the standard of fill of container applicable thereto, unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard.

(9) If it is not subject to the provisions of subdivision (7) of this section, unless its label bears

a. The common or usual name of the food, if any there be, and

b. In case it is fabricated from two or more ingredients, the common or usual name of each such ingredient; except that spices,

flavorings, and colorings, other than those sold as such, may be designated as spices, flavorings, and colorings without naming each:

Provided, that, to the extent that compliance with the requirements of paragraph b of this subdivision is impracticable or results in deception or unfair competition, exemptions shall be established by regulations promulgated by the Board of Agriculture.

(10) If it purports to be or is represented for special dietary uses, unless its label bears such information concerning its vitamin, mineral, and other dietary properties as the Board of Agriculture determines to be, and by regulations prescribes as, necessary in order to fully inform purchasers as to its value for such uses.

(11) If it bears or contains any artificial flavoring, artificial coloring, or chemical preservatives, unless it bears labeling stating that fact: Provided, that to the extent that compliance with the requirements of this subdivision are impracticable, exemptions shall be established by regulations promulgated by the Board of Agriculture. The provisions of this subdivision and subdivisions (7) and (9) with respect to artificial coloring do not apply to butter, cheese, or ice cream. The provisions of this subdivision with respect to chemical preservatives do not apply to a pesticide chemical when used in or on a raw agricultural commodity which is the product of the soil.

(12) If it is a raw agricultural commodity which is the produce of the soil, bearing or containing a pesticide chemical applied after harvest, unless the shipping container of such commodity bears labeling which declares the presence of such chemical in or on such commodity and the common or usual name and the function of such chemical: Provided, however, that no such declaration shall be required while such commodity, having been removed from the shipping container, is being held or displayed for sale at retail out of such container in accordance with the custom of the trade.

(13) If it is a product intended as an ingredient of another food and when used according to the directions of the purveyor will result in the final food product being adulterated or misbranded.

(14) If it is a color additive unless its packaging and labeling are in conformity with such packaging and labeling requirements applicable to such color additive prescribed under the provisions of G.S. 106-132 of this Article.

(15) If the labeling provided by the manufacturer, packer, distributor, or retailer on meat, meat products, poultry, or seafood includes a "sell-by" date or other indicator of a last recommended day of sale, and the date has been removed, obscured, or altered by any person other than the customer. This subdivision does not prohibit the removal of a label for the purpose of repackaging and relabeling a food item so long as the new package or new label does not bear a "sell-by" date or other indicator of a last recommended day of sale later than the original package. This subdivision does not prohibit relabeling of meat, meat products, poultry, or seafood that has had its shelf life extended through freezing, cooking, or other additional processing that extends the shelf life of the product. (1939, c. 320, s. 11; 1975, c. 614, ss. 17-20; 2000-67, s. 7.10.)

§ 106-131. Permits governing manufacture of foods subject to contamination with microorganisms.

(a) Whenever the Commissioner of Agriculture finds after investigation by himself or his duly authorized agents, that the distribution in North Carolina

of any class of food may, by reason of contamination with microorganisms during manufacture, processing, or packing thereof in any locality in this State, be injurious to health, and that such injurious nature cannot be adequately determined after such articles have entered commerce, the Commissioner, then, and in such case only, shall promulgate regulations providing for the issuance, to manufacturers, processors, or packers of such class of food in such locality, of permits to which shall be attached such conditions governing the manufacture, processing, or packing of such class of food, for such temporary period of time, as may be necessary to protect the public health; and after the effective date of such regulations, and during such temporary period, no person shall introduce or deliver for introduction into commerce any such food manufactured, processed, or packed by any such manufacturer, processor, or packer unless such manufacturer, processor, or packer holds a permit issued by the Commissioner as provided by such regulations.

(b) The Commissioner of Agriculture is authorized to suspend immediately upon notice any permit issued under authority of this section if it is found that any of the conditions of the permit have been violated. The holder of a permit so suspended shall be privileged at any time to apply for the reinstatement of such permit, and the Commissioner shall immediately after prompt hearing and an inspection of the establishment, reinstate such permit if it is found that adequate measures have been taken to comply with and maintain the conditions of the permit, as originally issued, or as amended.

(c) Any officer or employee duly designated by the Commissioner of Agriculture shall have access to any factory or establishment, the operator of which holds a permit from the Commissioner of Agriculture for the purpose of ascertaining whether or not the conditions of the permit are being complied with, and denial of access for such inspection shall be ground for suspension of the permit until such access is freely given by the operator. (1939, c. 320, s. 12.)

§ 106-132. Additives, etc., deemed unsafe.

Any added poisonous or added deleterious substance, any food additive, any pesticide chemical in or on a raw agricultural commodity or any color additive, shall with respect to any particular use or intended use be deemed unsafe for the purpose of application of G.S. 106-129(1), paragraphs b and g and 106-129(4) with respect to any food, 106-133(1) with respect to any drug or device, or 106-136(1) and (5) with respect to any cosmetic, unless there is in effect a regulation pursuant to G.S. 106-139 of this Article limiting the quantity of substance, and the use or intended use of such substance conforms to the terms prescribed by such regulation. While such regulations relating to such substance are in effect, a food, drug, or cosmetic shall not, by reason of bearing or containing such substance in accordance with the regulations be considered adulterated within the meaning of G.S. 106-129(1)a, 106-133(1) and 106-136(1). (1939, c. 320, s. 13; 1975, c. 614, s. 21.)

§ 106-133. Drugs deemed to be adulterated.

A drug or device shall be deemed to be adulterated:

(1)a. If it consists in whole or in part of any filthy, putrid or decomposed substance; or

b. If it has been produced, prepared, packed, or held under insanitary conditions whereby it may have been contaminated with filth, or whereby it may have been rendered injurious to health; or

c. If it is a drug and its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health; or

d. If
1. It is a drug and it bears or contains, for purposes of coloring only, a color additive which is unsafe within the meaning of G.S. 106-132, or
2. If it is a color additive, the intended use of which in or on drugs is for purposes of coloring only, and is unsafe within the meaning of G.S. 106-132;

e. If it is a drug and the methods used in, or the facilities or controls used for, its manufacture, processing, packing, or holding do not conform to or are not operated or administered in conformity with current good manufacturing practice to assure that such drug meets the requirements of this Article as to safety and has the identity and strength, and meets the quality and purity characteristics, which it purports or is represented to possess.

(2) If it purports to be or is represented as a drug the name of which is recognized in an official compendium, and its strength differs from, or its quality or purity falls below, the standard set forth in such compendium. Such determination as to strength, quality, or purity shall be made in accordance with the tests or methods of assay set forth in such compendium, or in the absence of or inadequacy of such tests or methods of assay, those so prescribed under authority of the federal act. No drug defined in an official compendium shall be deemed to be adulterated under this subdivision because it differs from the standard of strength, quality, or purity therefor set forth in such compendium, if its difference in strength, quality, or purity from such standard is plainly stated on its label. Whenever a drug is recognized in both the United States Pharmacopoeia and the Homeopathic Pharmacopoeia of the United States it shall be subject to the requirements of the United States Pharmacopoeia unless it is labeled and offered for sale as a homeopathic drug, in which case it shall be subject to the provisions of the Homeopathic Pharmacopoeia of the United States and not to those of the United States Pharmacopoeia.

(3) If it is not subject to the provisions of subdivision (2) of this section and its strength differs from, or its purity or quality falls below, that which it purports or is represented to possess.

(4) If it is a drug and any substance has been
a. Mixed or packed therewith so as to reduce its quality or strength; or
b. Substituted wholly or in part therefor. (1939, c. 320, s. 14; 1975, c. 614, ss. 22-24.)

§ 106-134. Drugs deemed misbranded.

A drug or device shall be deemed to be misbranded:

(1) If its labeling is false or misleading in any particular, or if its labeling or packaging fails to conform with the requirements of G.S. 106-139 or 106-139.1 of this Article.

(2) If in package form unless it bears a label containing
a. The name and place of business of the manufacturer, packer, or distributor; and
b. An accurate statement of the quantity of the contents in terms of weight, measure, or numerical count, which statement shall be separately and accurately stated in a uniform location upon the principal display panel of the label, except as exempted with respect to this clause by G.S. 106-121(2a)c of this Article; provided, that under paragraph b of this subdivision reasonable

variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the Board of Agriculture.

(3) If any word, statement, or other information required by or under authority of this Article to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

(4) If it is for use by man and contains any quantity of the narcotic or hypnotic substance alphaeucaine, barbituric acid, betaeucaine, bromal, cannabis, carbromal, chloral, coca, cocaine, codeine, heroin, marijuana, morphine, opium, paraldehyde, peyote, or sulphonmethane; or any chemical derivative of such substances, which derivative has been by the Board after investigation, found to be, and by regulations under this Article, designated as, habit forming; unless its label bears the name and quantity or proportion of such substance or derivative and in juxtaposition therewith the statement "Warning — May be habit forming."

(5)a. If it is a drug, unless:

1. Its label bears, to the exclusion of any other nonproprietary name (except the applicable systematic chemical name or the chemical formula),
   I. The established name (as defined in paragraph b of this subdivision) of the drug, if such there be, and
   II. In case it is fabricated from two or more ingredients the established name and quantity of each active ingredient, including the kind and quantity or proportion of any alcohol and also including, whether active or not, the established name and quantity or proportion of any bromides, ether, chloroform, acetanilid, acetphenetidin, amidopyrine, antipyrine, atropine, hyoscine, hyoscyamine, arsenic, digitalis, digitalis glucosides, mercury, ouabain, strophanthin, strychnine, thyroid, or any derivative or preparation of any such substances, contained therein: Provided, that the requirement for stating the quantity of the active ingredients, other than the quantity of those specifically named in this subdivision, shall apply only to prescription drugs; and
2. For any prescription drug the established name of such drug or ingredient, as the case may be, on such label (and on any labeling on which a name for such drug or ingredient is used) is printed prominently and in type at least half as large as that used thereon for any proprietary name or designation for such drug or ingredient; and provided, that to the extent that compliance with the requirements of 1 II or 2 of this subdivision is impracticable, exemptions shall be allowed under regulations promulgated by the Board.

b. As used in this subdivision (5), the term "established name," with respect to a drug or ingredient thereof, means:

1. The applicable official name designated pursuant to section 508 of the federal act, or
2. If there is no such name and such drug, or such ingredient, is an article recognized in an official compendium, then the official title thereof, in such compendium, or
3. If neither 1 nor 2 of this paragraph applies, then the common or usual name, if any, of such drug or of such ingredient:

Provided further, that where 2 of this sub-subdivision applies to an article recognized in the United States Pharmacopoeia and in the Homeopathic Pharmacopoeia under different official titles, the official title used in the United States Pharmacopoeia shall apply unless it is labeled and offered for sale as a homeopathic drug, in which case the official title used in the Homeopathic Pharmacopoeia shall apply.

(6) Unless its labeling bears

a. Adequate directions for use; and

b. Such adequate warnings against use in those pathological conditions or by children where its use may be dangerous to health, or against unsafe dosage or methods or duration of administration or application, in such manner and form, as are necessary for the protection of users: Provided, that where any requirement of paragraph a of this subdivision, as applied to any drug or device, is not necessary for the protection of the public health, the Board of Agriculture shall promulgate regulations exempting such drug or device from such requirements.

(7) If it purports to be a drug the name of which is recognized in an official compendium, unless it is packaged and labeled as prescribed therein: Provided, that the method of packing may be modified with the consent of the Board of Agriculture. Whenever a drug is recognized in both the United States Pharmacopoeia and the Homeopathic Pharmacopoeia of the United States, it shall be subject to the requirements of the United States Pharmacopoeia with respect to packaging and labeling unless it is labeled and offered for sale as a homeopathic drug, in which case it shall be subject to the provisions of the Homeopathic Pharmacopoeia of the United States and not to those of the United States Pharmacopoeia.

(8) If it has been found by the Department of Agriculture and Consumer Services to be a drug liable to deterioration, unless it is packaged in such form and manner, and its label bears a statement of such precautions, as the Board of Agriculture shall by regulations require as necessary for the protection of public health. No such regulation shall be established for any drug recognized in an official compendium until the Commissioner of Agriculture shall have informed the appropriate body charged with the revision of such compendium of the need for such packaging or labeling requirements and such body shall have failed within a reasonable time to prescribe such requirements.

(9)a. If it is a drug and its container is so made, formed, or filled as to be misleading; or

b. If it is an imitation of another drug; or

c. If it is offered for sale under the name of another drug.

(10) If it is dangerous to health when used in the dosage, or with the frequency or duration prescribed, recommended, or suggested in the labeling thereof.

(11), (12) Repealed by Session Laws 1975, c. 614, s. 28.

(13) If it is, or purports to be, or is represented as a drug composed wholly or partly of insulin, unless:

a. It is from a batch with respect to which a certificate or release has been issued pursuant to section 506 of the federal act, and

b. Such certificate or release is in effect with respect to such drug.

(14) If it is, or purports to be, or is represented as a drug composed wholly or partly of any kind of penicillin, streptomycin, chlortetracycline, chloramphenicol, bacitracin, or any other antibiotic drug, or any derivative thereof, unless

a. It is from a batch with respect to which a certificate or release has been issued pursuant to section 507 of the federal act, and

b. Such certificate or release is in effect with respect to such drug: Provided, that this subsection shall not apply to any drug or class of drugs exempted by regulations promulgated under section 507(c) or (d) of the federal act. For the purpose of this subsection the term "antibiotic drug" means any drug intended for use by man containing any quantity of any chemical substance which is produced by microorganisms and which has the capacity to inhibit or destroy microorganisms in dilute solution (including the chemically synthesized equivalent of any such substance).

(15) If it is a color additive, the intended use of which in or on drugs is for the purpose of coloring only, unless its packaging and labeling are in conformity with such packaging and labeling requirements applicable to such color additive, prescribed under the provisions of G.S. 106-132 of this Article.

(16) In the case of any prescription drug distributed or offered for sale in this State, unless the manufacturer, packer, or distributor thereof includes in all advertisements and other descriptive printed matter issued or caused to be issued by the manufacturer, packer, or distributor with respect to that drug a true statement of

a. The established name, as defined in G.S. 106-134(5)b of this Article, printed prominently and in type at least half as large as that used for any trade or brand name thereof,

b. The formula showing quantitatively each ingredient of such drug to the extent required for labels under section 502(e) of the federal act, and

c. Such other information in brief summary relating to side effects, contraindications, and effectiveness as shall be required in regulations issued under the federal act.

(17) If a trademark, trade name or other identifying mark, imprint or device of another or any likeness of the foregoing has been placed thereon or upon its container with intent to defraud.

(18) If it is a drug and its packaging or labeling is in violation of an applicable regulation issued pursuant to section 3 or 4 of the Federal Poison Prevention Packaging Act of 1970. (1939, c. 320, s. 15; 1949, c. 370; 1973, c. 831, s. 1; 1975, c. 614, ss. 25-28, 30; 1997-261, s. 33.)

§ 106-134.1. Prescriptions required; label requirements; removal of certain drugs from requirements of this section.

(a) A drug intended for use by man which:

(1) Is a habit-forming drug to which G.S. 106-134(4) applies; or

(2) Because of its toxicity or other potentiality for harmful effect, or the method of its use, or the collateral measures necessary to its use, is not safe for use except under the supervision of a practitioner licensed by law to administer such drug in the course of his normal practice; or

(3) Is limited by an approved application under section 505 of the federal act to use under the professional supervision of a practitioner licensed by law to administer such drug; or

(4) Is a drug the label of which bears the statement "Caution: Federal law prohibits dispensing without a prescription," shall be dispensed only

a. Upon a written prescription of a practitioner licensed by law to administer such drug, or authorized to issue orders pursuant to G.S. 90-87(23)(a), provided that the written prescription must

bear the printed or stamped name, address, telephone number and DEA number of the prescriber in addition to his legal signature, or

b. Upon an oral prescription of such practitioner which is reduced promptly to writing and filed by the pharmacist, or

c. By refilling any such written or oral prescription if such refilling is authorized by the prescriber either in the original prescription or by oral order which is reduced promptly to writing and filed by the pharmacist. If any prescription for such drug does not indicate the times it may be refilled, if any, such prescription may not be refilled unless the pharmacist is subsequently authorized to do so by the practitioner.

The act of dispensing a drug contrary to the provisions of this subdivision shall be deemed to be an act which results in a drug being misbranded while held for sale.

(b) Any drug dispensed by filling or refilling a written or oral prescription of a practitioner licensed by law to administer such drug shall be exempt from the requirements of G.S. 106-134, except subsections (1), (9)b and c, (13) and (14), and the packaging requirements of subsections (7) and (8), if the drug bears an affixed label containing the name of the patient, the name and address of the pharmacy, the phrase "Filled by _____" or "Dispensed by _____," with the name of the practitioner who dispenses the prescription appearing in the blank, the serial number and date of the prescription or of its filling, the name of the prescriber, the directions for use, and unless otherwise directed by the prescriber of such drug, the name and strength of such drug. This exemption shall not apply to any drugs dispensed in the course of the conduct of a business of dispensing drugs pursuant to diagnosis by mail, or to a drug dispensed in violation of subsection (a) of this section.

Any tranquilizer or sedative dispensed by filling or refilling a written or oral prescription of a practitioner licensed by law to administer such drug shall be labelled by the pharmacist, if the prescriber so directs on the prescription, with a warning that: "The consumption of alcoholic beverages while on this medication can be harmful to your health."

(c) The Board may, by regulation, remove drugs subject to G.S. 106-134(4) and G.S. 106-135 from the requirements of subsection (a) of this section when such requirements are not necessary for the protection of the public health. Drugs removed from the prescription requirements of the federal act by regulations issued thereunder shall also, by regulations issued by the Board, be removed from the requirement of subsection (a).

(d) A drug which is subject to subsection (a) of this section shall be deemed to be misbranded if at any time prior to dispensing its label fails to bear the statement "Caution: Federal Law Prohibits Dispensing Without Prescription." A drug to which subsection (a) of this section does not apply shall be deemed to be misbranded if at any time prior to dispensing its label bears the caution statement quoted in the preceding sentence.

(e) Nothing in this section shall be construed to relieve any person from any requirement prescribed by or under authority of law with respect to drugs now included or which may hereafter be included within the classification of "controlled substances" as this term is defined in applicable federal and State controlled substance acts. (1975, c. 614, s. 29; 1977, c. 421; 1979, c. 626; 1981, c. 75, s. 2.)

§ 106-135. Regulations for sale of new drugs.

(a) No person shall sell, deliver, offer for sale, hold for sale or give away any new drug unless:

(1) An application with respect thereto has been approved and said approval has not been withdrawn under section 505 of the federal act, or

(2) When not subject to the federal act, by virtue of not being a drug in interstate commerce, unless such drug has been tested and has been found to be safe for use and effective in use under the conditions prescribed, recommended, or suggested in the labeling thereof, and prior to selling or offering for sale such drug, there has been filed with the Commissioner an application setting forth

a. Full reports of investigations which have been made to show whether or not such drug is safe for use and whether such drug is effective in use;

b. A full list of the articles used as components of such drug;

c. A full statement of the composition of such drug;

d. A full description of the methods used in, and the facilities and controls used for, the manufacture, processing, and packing of such drug;

e. Such samples of such drug and of the articles used as components thereof as the Commissioner may require; and

f. Specimens of the labeling proposed to be used for such drug.

(b) An application provided for in subdivision (a)(2) of this section shall become effective on the one hundred eightieth day after the filing thereof, except that if the Commissioner finds, after due notice to the applicant and giving him an opportunity for hearing,

(1) That the drug is not safe or not effective for use under the conditions prescribed, recommended or suggested in the proposed labeling thereof; or

(2) The methods used in, and the facilities and controls used for, the manufacture, processing and packing of such drug is inadequate to preserve its identity, strength, quality, and purity; or

(3) Based on a fair evaluation of all material facts, such labeling is false or misleading in any particular; he shall, prior to the effective date of the application, issue an order refusing to permit the application to become effective.

(c) An order refusing to permit an application under this section to become effective may be revoked by the Commissioner.

(d) The Commissioner shall promulgate regulations for exempting from the operation of the foregoing subsections and subdivisions of this section drugs intended solely for investigational use by experts qualified by scientific training and experience to investigate the safety and effectiveness of drugs. Such regulations may, within the discretion of the Commissioner among other conditions relating to the protection of the public health, provide for conditioning such exemption upon

(1) The submission to the Commissioner, before any clinical testing of a new drug is undertaken, of reports, by the manufacturer or the sponsor of the investigation of such drug, of preclinical tests (including tests on animals) of such drug adequate to justify the proposed clinical testing;

(2) The manufacturer or the sponsor of the investigation of a new drug proposed to be distributed to investigators for clinical testing obtaining a signed agreement from each of such investigators that patients to whom the drug is administered will be under his personal supervision, or under the supervision of investigators responsible to him, and that he will not supply such drug to any other investigator, or to clinics, for administration to human beings; and

(3) The establishment and maintenance of such records, and the making of such reports to the Commissioner, by the manufacturer or the

sponsor of the investigation of such drug, of data (including but not limited to analytical reports by investigators) obtained as the result of such investigational use of such drug, as the Commissioner finds will enable him to evaluate the safety and effectiveness of such drug in the event of the filing of an application pursuant to subsection (b).

Such regulations shall provide that such exemption shall be conditioned upon the manufacturer, or the sponsor of the investigation, requiring that experts using such drugs for investigational purposes certify to such manufacturer or sponsor that they will inform any human beings to whom such drugs, or any controls used in connection therewith, are being administered, or their representatives, that such drugs are being used for investigational purposes and will obtain the consent of such human beings or their representatives, except where they deem it not feasible, or, in their professional judgment, contrary to the best interests of such human beings. Nothing in this subsection shall be construed to require any clinical investigator to submit directly to the Commissioner reports on the investigational use of drugs; provided, that regulations adopted under section 505(i) of the federal act may be adopted by the Commissioner as the regulations in this State.

(e)(1) In the case of any drug for which an approval of an application filed pursuant to this section is in effect, the applicant shall establish and maintain such records, and make such reports to the Commissioner, of data relating to clinical experience and other data or information, received or otherwise obtained by such applicant with respect to such drug, as the Commissioner may by general regulation, or by order with respect to such application, prescribe: Provided, however, that regulations and orders issued under this subsection and under subsection (d) shall have due regard for the professional ethics of the medical profession and the interests of patients and shall provide, where the Commissioner deems it to be appropriate, for the examination, upon request, by the persons to whom such regulations or orders are applicable, of similar information received or otherwise obtained by the Commissioner.

(2) Every person required under this section to maintain records, and every person in charge or custody thereof, shall, upon request of an officer or employee designated by the Commissioner, permit such officer or employee at all reasonable times to have access to and copy and certify such records.

(f) The Commissioner may, after affording an opportunity for public hearing, revoke an application approved pursuant to this section if he finds that the drug, based on evidence acquired after such approval, may not be safe or effective for its intended use, or that the facilities or controls used in the manufacture, processing, or labeling of such drug may present a hazard to the public health.

(g) This section shall not apply:

(1) To a drug sold in this State or introduced into interstate commerce at any time prior to the enactment of the federal act, if its labeling contained the same representations concerning the conditions of its use; or

(2) To any drug which is licensed under the Public Health Service Act of July 1, 1944 (58 Stat. 682, as amended; 42 U.S.C. 201 et seq.) or under the Animal Virus-Serum-Toxin Act of March 4, 1913 (13 Stat. 832; 21 U.S.C. 151 et seq.); or

(3) To any drug which is subject to G.S. 106-134 (14) of this Article. (1939, c. 320, s. 16; 1975, c. 614, s. 31.)

Editor's Note. — For the Federal Food, Drug and Cosmetic Act, see 21 U.S.C. § 301 et seq.

§ 106-136. Cosmetics deemed adulterated.

A cosmetic shall be deemed to be adulterated:

(1) If it bears or contains any poisonous or deleterious substance which may render it injurious to users under the conditions of use prescribed in the labeling or advertisement thereof, or under such conditions of use as are customary or usual: Provided, that this provision shall not apply to coal-tar hair dye, the label of which bears the following legend conspicuously displayed thereon: "Caution — This product contains ingredients which may cause skin irritation on certain individuals and a preliminary test according to accompanying directions should first be made. This product must not be used for dyeing the eyelashes or eyebrows; to do so may cause blindness," and the labeling of which bears adequate directions for such preliminary testing. For the purposes of this subdivision and subdivision (5) the term "hair dye" shall not include eyelash dyes or eyebrow dyes.

(2) If it consists in whole or in part of any filthy, putrid, or decomposed substance.

(3) If it has been produced, prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health.

(4) If its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health.

(5) If it is not a hair dye and it is, or it bears or contains a color additive which is unsafe within the meaning of G.S. 106-132. (1939, c. 320, s. 17; 1975, c. 614, s. 32.)

(a) The authority to promulgate regulations for the efficient enforcement of this Article is hereby vested in the Board of Agriculture, except the Commissioner of Agriculture is hereby authorized to promulgate regulations under G.S. 106-131 and 106-135. The Board and Commissioner are hereby autho-

rized to make the regulations promulgated under this Article conform, insofar as practicable, with those promulgated for foods, drugs, devices, cosmetics and consumer commodities under the federal act, including but not limited to pesticide chemical residues on or in foods, food additives, color additives, special dietary foods, labeling of margarine for retail sale or distribution, nutritional labeling of foods, the fair packaging and labeling of consumer commodities and new drug clearance. Notwithstanding the provisions of subsection (e) of this section, a federal regulation adopted by the Board or Commissioner pursuant to this Article shall take effect in this State on the date it becomes effective as a federal regulation.

(b) The Board may promulgate regulations exempting from any affirmative labeling requirement of this Article consumer commodities which are, in accordance with the practice of the trade, to be processed, labeled or repacked in substantial quantities at establishments other than those where originally processed or packed, on condition that such consumer commodities are not adulterated or misbranded under the provisions of this Article upon removal from such processing, labeling or repacking establishment. The Board may additionally promulgate regulations exempting from any labeling requirement of this Article foods packaged or dispensed at the direction of the retail purchaser at the time of sale, whether or not for immediate consumption by the purchaser on the premises of the seller.

(c) Whenever the Board determines that regulations containing prohibitions or requirements other than those prescribed by G.S. 106-139.1(a) are necessary to prevent the deception of consumers or to facilitate value comparisons as to any consumer commodity, the Board shall promulgate with respect to that commodity regulations effective to:

(1) Establish and define standards for the characterization of the size of a package enclosing any consumer commodity, which may be used to supplement the label statement of net quantity of contents of packages containing such commodity, but this paragraph shall not be construed as authorizing any limitation of the size, shape, weight, dimensions, or number of packages which may be used to enclose any commodity;

(2) Regulate the placement upon any package containing any commodity or upon any label affixed to such commodity, of any printed matter stating or representing by implication that such commodity is offered for retail sale at a price lower than the ordinary and customary retail sale price or that a retail sale price advantage is accorded to purchasers thereof by reason of the size of that package or the quantity of its contents;

(3) Require that the label on each package of a consumer commodity bear
   a. The common or usual name of such consumer commodity, if any, and
   b. In case such consumer commodity consists of two or more ingredients, the common or usual name of each such ingredient listed in order of decreasing predominance, but nothing in this paragraph shall be deemed to require that any trade secret be divulged; or

(4) Prevent the nonfunctional slack-fill of packages containing consumer commodities.

For the purposes of subdivision (4) of this subsection, a package shall be deemed to be nonfunctionally slack-filled if it is filled of substantially less than its capacity for reasons other than
   a. Protection of the contents of such package, or
   b. The requirements of machines used for enclosing the contents in such package;

provided, the Board may adopt any regulations promulgated pursuant to the Federal Fair Packaging and Labeling Act which shall have the force and effect of law in this State.

(d) Hearings authorized or required by G.S. 106-131 or G.S. 106-135 shall be conducted in accordance with Chapter 150B of the General Statutes.

(e) Repealed by Session Laws 1987, c. 827, s. 30. (1939, c. 320, s. 20; 1973, c. 476, s. 128; 1975, c. 614, s. 36; 1987, c. 827, s. 30.)

(c) No person shall distribute or cause to be distributed in commerce any packaged consumer commodity if any qualifying words or phrases appear in conjunction with the separate statement of the net quantity of contents required by subsection (a) of this section, but nothing in this section shall prohibit supplemental statements, at other places on the package, describing in nondeceptive terms the net quantity of contents: Provided, that such supplemental statements of net quantity of contents shall not include any term qualifying a unit of weight, measure, or count that tends to exaggerate the amount of the commodity contained in the package. (1975, c. 614, s. 37.)

(2) Has been prepared, packed or held under insanitary conditions whereby it may have become contaminated with filth or whereby it may have been rendered injurious to health.

Chapter 150B of the General Statutes governs the assessment of a civil penalty under this subsection. If a civil penalty is not paid within 30 days after the completion of judicial review of a final agency decision by the Commissioner, the penalty may be collected in any manner by which a debt may be collected. The clear proceeds of civil penalties assessed pursuant to this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. (1991, c. 699, s. 2; 1993, c. 539, s. 1294; 1994, Ex. Sess., c. 24, s. 14(c); 1998-215, s. 7.)

§ 106-145.7. Storage, handling, and records of prescription drugs.

(a) Facilities. — All facilities at which prescription drugs are stored, warehoused, handled, held, offered, marketed, or displayed for wholesale distribution shall meet the following requirements:

(1) Be of suitable size and construction to facilitate cleaning, maintenance, and proper operations.

(2) Have storage areas designed to provide adequate lighting, ventilation, temperature, sanitation, humidity, space, equipment, and security conditions.

(3) Have a quarantine area for the storage of prescription drugs that are outdated, damaged, deteriorated, misbranded, or adulterated, or that are in immediate or sealed secondary containers that have been opened.

(4) Be maintained in a clean and orderly condition.

(5) Be free from infestation by insects, rodents, birds, or vermin of any kind.

(b) Security. — All facilities used for wholesale distribution shall be secure from unauthorized entry. Access from outside the premises shall be kept to a minimum and be well-controlled. The outside perimeter of the premises shall be well-lighted. Entry into areas where prescription drugs are held shall be limited to authorized personnel. The facilities shall be equipped with the following:

(1) An alarm system to detect entry after hours.

(2) A security system that will provide suitable protection against theft and diversion. When appropriate, the security system shall provide protection against theft or diversion that is facilitated or hidden by tampering with computers or electronic records.

(c) Storage. — All prescription drugs for wholesale distribution shall be stored at appropriate temperatures and under appropriate conditions in accordance with any requirements stated in the labeling of the prescription drugs or with requirements in the current edition of an official compendium, such as the United States Pharmacopeia/National Formulary (USP/NF). If the labeling of a prescription drug or a compendium do not establish storage requirements for a prescription drug, the drug may be held at "controlled" room temperature, as defined in an official compendium, to help ensure that its identity, strength, quality, and purity are not adversely affected.

(d) Examination of Materials. — A wholesale distributor shall visually examine each outside shipping container upon receipt for identity and to prevent the acceptance of contaminated prescription drugs or prescription

drugs that are otherwise unfit for distribution. The examination shall be adequate to reveal container damage that would suggest possible contamination or other damage to the contents. A wholesale distributor shall carefully inspect each outgoing shipment for identity of the prescription drugs and to ensure that no prescription drugs that have been damaged in storage or held under improper conditions are delivered.

(e) Returned, Damaged, and Outdated Prescription Drugs. — A wholesale distributor shall quarantine and physically separate prescription drugs that are outdated, damaged, deteriorated, misbranded, or adulterated from other prescription drugs until their destruction or their return to their supplier. A prescription drug whose immediate or sealed outer or sealed secondary container has been opened or used shall be identified as having been opened or used and shall be treated in the same manner as outdated prescription drugs.

If the conditions under which a prescription drug has been returned to a wholesale distributor cast doubt on the drug's safety, identity, strength, quality, or purity, then the drug shall be destroyed or returned to its supplier unless examination, testing, or other investigation proves that the drug meets appropriate standards of safety, identity, strength, quality, and purity. In determining whether the conditions under which a prescription drug has been returned cast doubt on the drug's safety, identity, strength, quality, or purity, the wholesale distributor shall consider, among other things, the conditions under which the drug has been held, stored, or shipped before or during its return and the condition of the drug and its container, carton, or labeling as a result of storage or shipping. (1991, c. 699, s. 2.)

§ 106-145.8. Records of prescription drugs.

(a) Records. — A wholesale distributor shall establish and maintain inventories and records of all transactions regarding the receipt and distribution or other disposition of prescription drugs, including all stored prescription drugs, all incoming and outgoing prescription drugs, and all outdated, damaged, deteriorated, misbranded, or adulterated prescription drugs. A wholesale distributor is not required, however, to keep a record of the lot number or expiration date of a prescription drug disposed of or distributed by the distributor.

A record of a prescription drug shall include all of the following information:

(1) The source of the prescription drug, including the name and principal address of the seller or transferor and the address of the location from which the drug was shipped.

(2) The identity and quantity of the prescription drug received and distributed or disposed of through another method.

(3) The date the wholesale distributor received the prescription drug and the date the wholesale distributor distributed or otherwise disposed of the drug.

(4) Documentation of the proper storage of prescription drugs. Documentation may be by manual, electromechanical, or electronic temperature and humidity recording equipment, devices, or logs.

A wholesale distributor shall keep a record of a prescription drug for two years after its disposition.

(b) Inspection. — A wholesale distributor shall make inventories and records of prescription drugs available for inspection and photocopying by representatives of the Department or authorized federal, State, or local law enforcement officials. A wholesale drug distributor shall permit the Department or an authorized federal, State, or local law enforcement official to enter and inspect the distributor's premises and delivery vehicles and to audit the distributor's records and written operating procedures at reasonable times and in a reasonable manner.

A record that is kept at the inspection site or is immediately retrievable by computer or other electronic means shall be readily available for authorized inspection during the two-year retention period. A record kept at a central location apart from the inspection site and not electronically retrievable shall be made available for inspection within two working days of a request by an authorized official of a federal, State, or local law enforcement agency. (1991, c. 699, s. 2.)

§ 106-145.9. Written procedures concerning prescription drugs and lists of responsible persons.

(a) Procedures. — A wholesale distributor shall establish, maintain, and adhere to written procedures for the receipt, security, storage, inventory, and distribution of prescription drugs. These shall include all of the following:

(1) A procedure for identifying, recording, and reporting a loss or theft of a prescription drug.

(2) A procedure for correcting all errors and inaccuracies in inventories of prescription drugs.

(3) A procedure whereby the oldest approved stock of a prescription drug is distributed first. The procedure may permit deviation from this requirement, if the deviation is temporary and appropriate.

(4) A procedure for handling recalls and withdrawals of prescription drugs that adequately addresses recalls and withdrawals due to any of the following:

a. An action initiated at the request of the Food and Drug Administration or other federal, State, or local law enforcement or other governmental agency, including the Department.

b. Any voluntary action by the manufacturer to remove defective or potentially defective prescription drugs from the market.

c. Any action undertaken to promote public health and safety by replacing existing prescription drugs with an improved product or new package design.

(5) A procedure to ensure that the wholesale distributor prepares for, protects against, and handles any crisis that affects security or operation of any facility in the event of a strike, a fire, flood, or other natural disaster, or another emergency.

(6) A procedure to ensure that any outdated prescription drugs are segregated from other prescription drugs and either returned to the manufacturer or destroyed.

(b) Responsible Persons. — A wholesale distributor shall establish and maintain lists of officers, directors, managers, and other persons in charge of the distribution, storage, or handling of prescription drugs. The lists shall include a description of the duties of those on the list and a summary of their qualifications. (1991, c. 699, s. 2.)

§ 106-145.10. Application of other laws.

A wholesale drug distributor shall comply with applicable federal, State, and local laws and regulations. A wholesale distributor that deals in controlled substances shall register with the federal Drug Enforcement Administration (DEA) and shall comply with all applicable federal, State, and local laws and regulations. A wholesale drug distributor is subject to any applicable federal, State, or local laws or regulations that relate to prescription drug salvaging or reprocessing. (1991, c. 699, s. 2.)

§ 106-145.11. Wholesale Distributor Advisory Committee.

(a) Organization. — The Wholesale Distributor Advisory Committee is created in the Department. The Committee shall consist of five members appointed by the Commissioner as follows:

(1) Two members shall be representatives of wholesale distributors.
(2) One member shall be a representative of a manufacturer.
(3) One member shall be a representative of practicing pharmacists.
(4) One member shall be a representative of the consuming public not included in the three categories above.

The Committee shall elect a chair and other officers it finds necessary. The committee shall meet at the call of the chair or upon written notice to all Committee members signed by at least three members. A majority of the Committee is a quorum for the purpose of conducting business. The Department shall provide administrative and clerical support services to the Committee. Members shall be entitled to per diem and reimbursement of expenses as provided in Chapter 138 of the General Statutes.

(b) Duties. — The Committee shall do the following:

(2) Advise the Commissioner on the implementation and enforcement of this Article. (1991, c. 699, s. 2.)

§ 106-145.12. Enforcement and implementation of Article.

The Commissioner shall enforce this Article by using employees of the Department. The Commissioner may enter into agreements with federal, State, or local agencies to facilitate enforcement of this Article. The Commissioner may adopt rules to implement this Article. (1991, c. 699, s. 2.)

§ 106-145.13. Submittal of reports by wholesale distributors of transactions involving pseudoephedrine products.

Every 30 calendar days, a wholesale distributor of pseudoephedrine products licensed as provided in this Article shall submit a report electronically to the State Bureau of Investigation that accounts for all transactions involving pseudoephedrine products with persons or firms located within this State for the preceding month. The report shall be submitted on a form and in a manner approved by the State Bureau of Investigation. A wholesale distributor shall maintain each monthly report for a period of two years from the date of submittal to the State Bureau of Investigation. The records shall be readily available for inspection by an authorized official of a federal, State, or local law enforcement agency or the Department of Agriculture and Consumer Services. Adequate partitions shall be installed therein so as to eliminate any contact between raw materials and finished products and so as to preclude contamination of finished products. The buildings shall be constructed in a manner and of materials which will insure adequate drainage and sanitation in all phases of operation.

(2) Raw material upon arrival at the rendering plant shall be unloaded into a building for processing. All raw material shall be processed by approved methods within 24 hours after delivery to the rendering plant.

§ 106-185. Scope of Article; federal-State cooperation.

(a) Scope. — This Article gives the Department of Agriculture and Consumer Services the authority to investigate marketing conditions for and establish and maintain standard grades, packages, and State brands for farm products. As used in this Article, the term "farm products" means farm crops, horticultural crops, and animal products.

(b) Cooperation. — The Commissioner of Agriculture may enter into agreements with the United States Department of Agriculture that require State and federal cooperation in performing the duties imposed by this Article. (1919, c. 325, s. 1; C.S., s. 4781; 1921, c. 140; 1993, c. 223, s. 1; 1997-261, s. 36.)

§ 106-186. Power to employ agents and assistants.

The Board of Agriculture is charged with the execution of the provisions of this Article, and has authority to employ such agents and assistants as may be necessary, fix their compensation and define their duties, and may require bonds in such amount as they may deem advisable, conditioned upon the faithful performance of duties by any employee or agent. (1919, c. 325, s. 2; C.S., s. 4782.)

§ 106-187. Board of Agriculture to investigate marketing of farm products.

It shall be the duty of the Board of Agriculture to investigate the subject of marketing farm products, to diffuse useful information relating thereto, and to

furnish advice and assistance to the public in order to promote efficient and economical methods of marketing farm products, and authority is hereby given to gather and diffuse timely information concerning the supply, demand, prevailing prices, and commercial movement of farm products, including quantities in common and cold storage, and may interchange such information with the United States Department of Agriculture. (1919, c. 325, s. 3; C.S., s. 4783.)

§ 106-188. Promulgation of standards for receptacles, etc.

After investigation, and from time to time as may be practical and advisable, the Board shall have authority to establish and promulgate standards of opened and closed receptacles for, and standards for the grade and other classification of farm products, by which their quantity, quality, and value may be determined, and prescribe and promulgate rules and regulations governing the marks, brands, and labels which may be required for receptacles for farm products, for the purpose of showing the name and address of the producer or packer; the quantity, nature and quality of the product, or any of them, and for the purpose of preventing deception in reference thereto, and for the purpose of establishing a State brand for any farm product produced in North Carolina: Provided, that any standard for any farm product or receptacle therefor, or any requirement for marking receptacles for farm products, now or hereafter established under authority of the Congress of the United States, shall forthwith, as far as applicable, be established or prescribed and promulgated as the official standard or requirement in this State: Provided, that no standard established or requirement for marking prescribed under this Article shall become effective until the expiration of 30 days after it shall have been promulgated. (1919, c. 325, s. 4; C.S., s. 4784.)

§ 106-189. Sale and receptacles of standardized products must conform to requirements.

Whenever any standard for the grade or other classification of any farm product becomes effective under this Article no person thereafter shall pack for sale, offer to sell, or sell within this State any such farm product to which such standard is applicable, unless it conforms to the standard, subject to such reasonable variations therefrom as may be allowed in the rules and regulations made under this Article: Provided, that any farm product may be packed for sale, offered for sale, or sold, without conforming to the standard for grade or other classification applicable thereto, if it is especially described as not graded or plainly marked as "Not graded." This proviso shall not apply to peaches. (It is the intent and purpose of this exemption to exempt peaches from the requirements of Article 17 of Chapter 106 that ungraded peaches, when sold or offered for sale, shall be marked "ungraded," "field run," "not graded," "grade not determined" or "unclassified," or words of similar import.) The Board of Agriculture, or the Commissioner of Agriculture, and their authorized agents, are authorized to issue "stop-sale" orders which shall prohibit further sale of the products if they have reason to believe such products are being offered, or exposed, for sale in violation of any of the provisions of this Article until the law has been complied with or said violations otherwise legally disposed of.

Whenever any standard for an open or closed receptacle for a farm product shall be made effective under this Article no person shall pack for sale in and deliver in a receptacle, or sell in and deliver in a receptacle, any such farm product to which such standard is applicable, unless the receptacle conforms to the standard, subject to such variations therefrom as may be allowed in the

rules and regulations made under this Article, or unless the receptacle be of a capacity twenty-five percent (25%) less than the capacity of the minimum standard receptacle for the product: Provided, that any receptacle for such farm product of a capacity within twenty-five percent (25%) of, or larger than, the minimum standard receptacle for the product may be used if it be specifically described as not a standard size, or be conspicuously marked with the phrase, "Not standard size," in addition to any other marking which may be prescribed for such receptacles under authority given by this Article.

Whenever any requirement for marking a receptacle for a farm product shall have been made effective under this Article no person shall sell and deliver in this State any such farm product in a receptacle to which such requirement is applicable unless the receptacle be marked according to such requirements. The apple grade standards shall include the requirements for maturity of the United States standards for grades of apples and may employ the use of the refractometer to determine the sugar content and maturity of apples and the pressure test to determine the maturity of apples. All apples sold, offered for sale, or shipped into this State shall meet these requirements.

(b) Any person, firm or corporation violating the provisions of this section shall be guilty of a Class 3 misdemeanor and shall be punished only by a fine of not less than one hundred dollars ($100.00). Each day on which apples are sold or offered for sale in violation of the provisions of this section shall constitute a separate violation. (1973, c. 973; 1985, c. 585; 1993, c. 539, s. 746; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 106-190. Inspectors or graders authorized; revocation of license.

The Board is authorized to employ, license, or designate persons to inspect and classify farm products and to certify as to the grade or other classification thereof, in accordance with the standards made effective under this Article, and shall fix, assess and collect, or cause to be collected, fees for such services. Whenever, after opportunity for a hearing is afforded to any person employed, licensed, or designated under this section, it is determined that such person has failed to classify farm products correctly in accordance with the standards established therefor under this Article, or has violated any provision of this Article, or of the rules and regulations made hereunder, the Board may suspend or revoke the employment, license, or designation of such person. Pending investigation the person in charge of this work may suspend or revoke any such appointment, license, or designation temporarily without hearing. (1919, c. 325, s. 6; C.S., s. 4786.)

§ 106-190.1. Aggregate State service credit for graders.

This credit shall be given only to persons employed on a full-time, year-round basis during which time they were classified as temporary. Credit shall be given for purposes of determining the amount of leave earned by the employee, eligibility for and amount of longevity pay, and any other determinations for which the length of State service is relevant. Employees given retroactive aggregate State service credit under this section shall receive retroactive longevity pay, to the extent for which they would have been eligible for longevity pay if they had been correctly classified from the date of their initial employment, for all service beginning January 1, 1974, until August 1, 1977, with any longevity pay actually paid to be subtracted therefrom. (1977, c. 1038, s. 1.)

§ 106-191. Appeal from classification.

The owner or person in possession of any farm product classified in accordance with the provisions of this Article may appeal from such classification under such rules and regulations as may be prescribed. (1919, c. 325, s. 7; C.S., s. 4787.)

§ 106-192. Certificate of grade prima facie evidence.

A certificate of the grade or other classification of any farm product issued under this Article shall be accepted in any court of this State as prima facie evidence of the true grade or other classification of such farm product at the time of its classification. (1919, c. 325, s. 8; C.S., s. 4788.)

§ 106-193. Unwholesome products not classified; health officer notified.

Any person employed, licensed, or designated shall neither classify nor certify as to the grade or other classification of any farm product which, in his judgment, is unwholesome or unfit for food of man or other animal. The General Assembly finds and declares that eggs are important to the prosperity of this State and are a major source of income to a large segment of

the State's population. Additional research, education, publicity, advertising and other means of promoting the sale and use of eggs are required to enhance the economical production and marketing of eggs and will be beneficial to the State as a whole. (1987, c. 815, s. 1.)

§ 106-245.31. Definitions.

As used in this Article:

(1) "Board" means the North Carolina Board of Agriculture.

The tax imposed by this section is payable only once on the same eggs or processed eggs.

Processed eggs include frozen eggs, liquid eggs, and hard-cooked eggs. "Use" means consumption by the consumer. The Board may adopt rules necessary to administer this tax. (1987, c. 815, s. 1; 1989 (Reg. Sess., 1990), c. 1001, s. 1.)

A handler shall file a report with the Department on a form provided by the Department within 20 days after the end of each month. The report shall state the volume of eggs or processed eggs handled by the handler during the preceding month.

(b) The term "handler" means any person who operates a grading station in North Carolina, a packer, huckster, or distributor who handles eggs in North Carolina, a farmer who packs, processes, or otherwise performs the functions of a handler in North Carolina, or a distributor or seller of processed eggs. The term "handler" includes any person in North Carolina who purchases eggs for sale or distribution or any farmer in North Carolina who sells or distributes eggs to anyone other than a registered handler.

For purposes of this Article, the functions of a handler of eggs or processed eggs include the sale, distribution, or other disposition of eggs or processed eggs in North Carolina regardless of where the eggs or processed eggs were produced or purchased.

The term "registered handler" means any person who has registered with the Department to receive monthly return forms for reporting the tax levied by this Article.

Every person, whether inside or outside the State, who engages in business in North Carolina as a handler is required to register and to collect and pay the tax due on all eggs or processed eggs sold for use in this State. A handler shall maintain a certificate of registration, file returns, and perform all other duties required of handlers. (1987, c. 815, s. 1; 1989 (Reg. Sess., 1990), c. 1001, s. 2.)

§ 106-245.34. Exemptions.

Eggs sold by a handler who sells less than 500 cases a year are exempt from the tax levied under this Article. Processed eggs sold by a handler who sells

less than 1,000 pounds of processed eggs a year are exempt from the tax levied under this Article. The Board shall establish a procedure for returning taxes paid on exempt eggs or processed eggs. (1987, c. 815, s. 1; 1989 (Reg. Sess., 1990), c. 1001, s. 3.)

§ 106-245.36. Interest on tax; collection of delinquent tax.

The tax imposed under the provisions of this Article and unpaid on the date on which the tax was due and payable shall bear interest at the rate determined in accordance with G.S. 105-241.21 from and after such due date until paid. If any person defaults in any payment of the tax or interest thereon, the amount shall be collected by a civil action in the name of the State and the person adjudged in default shall pay the cost of such action. The Attorney General, at the request of the Commissioner, shall institute such action in the proper court for the collection of the amount of any tax past due under this Article including interest thereon. (1987, c. 815, s. 1; 2007-491, s. 44(1)a.)

Section 14 is effective for taxable years beginning on or after January 1, 2008. Sections 45, 46, and 47 are effective when they become law. The remainder of this act becomes effective January 1, 2008. The procedures for review of disputed tax matters enacted by this act apply to assessments of tax that are not final as of the effective date of this act and to claims for refund pending on or filed on or after the effective date of this act. This act does not affect matters for which a petition for review was filed with the Tax Review Board under G.S. 105-241.2 before the effective date of this act. The repeal of G.S. 105-122(c) and G.S. 105-130.4(t) and Sections 11 and 12 apply to requests for alternative apportionment formulas filed on or after the effective date of this act. A petition filed with the Tax Review Board for an apportionment formula before the effective date of this act is considered a request under G.S. 105-122(c1) or G.S. 105-130.4(t1), as appropriate."

Effect of Amendments. — Session Laws 2007-491, s. 44(1)a, effective January 1, 2008, substituted "G.S. 105-241.21" for "G.S. 105-241.1(i)" in the middle of the first sentence. For applicability, see Editor's note.

(b) It shall be a violation of the North Carolina Egg Law, Article 25A of this Chapter, for a handler to fail to register as required by this Article. For the purpose of administering this Article the Commissioner of Agriculture or his agent is hereby authorized to enter at all reasonable hours all places where milk is being stored, bottled, or processed, or where milk is being bought, sold, or handled, or where books, papers, records, or documents relating to such transactions are kept, and shall have the power to inspect and copy the same in any place within the State, and may take testimony for the purpose of ascertaining facts which in the judgment of the Commissioner are necessary to administer this Article. The Commissioner shall have the power to determine the truth and accuracy of said books, records, papers, documents, accounts, and reports required to be furnished by milk distributors, their affiliates or subsidiaries in accordance with the provisions of this Article. It shall be unlawful for any person, firm or corporation engaged in the business herein regulated to fail to furnish the information and file the reports required by this Article, and each day's failure to furnish the reports required hereunder shall constitute a separate offense. (a) There is hereby continued a Milk Commission of the Department of Commerce, consisting of 10 members, three of whom shall be appointed by the Governor, four of whom shall be appointed by the General Assembly in accordance with G.S. 120-121 (two upon the recommendation of the President Pro Tempore of the Senate and two upon the recommendation of the Speaker of the House of Representatives) and three of whom shall be appointed by the Commissioner of Agriculture. Appointments by the General Assembly shall be in accordance with G.S. 120-121.

The three members appointed by the Governor shall be two public members and a person who operates a store or other establishment for the sale of fluid milk at retail for consumption off the premises. The two members appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate shall be a Grade A producer, who primarily markets with a cooperative plant and whose primary interest is operating a dairy farm, and a public member. The two members appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives shall be a dairy processor-distributor or an employee of a dairy processor-distributor, who primarily operates a proprietary plant, and a public member. The three members appointed by the Commissioner of Agriculture shall be a dairy processor-distributor or an employee of a dairy processor-distributor who primarily operates a cooperative plant and a Grade A producer who primarily markets with a proprietary plant and whose primary interest is operating a dairy farm, and a public member.

The public members appointed pursuant to this subsection shall have no financial interest in, or be directly or indirectly involved in, the production, processing or distribution of milk or products derived therefrom.

Provided, however, that all members appointed pursuant to this subsection shall serve until either they are reappointed and requalified or their successors are appointed and qualified. Any member of the Milk Commission may be removed for physical or mental incapacity, or for misfeasance or nonfeasance. In cases of removal from the Commission, the removal must be initiated by the person holding the office

that originally made the appointment of such member, and subsequent appointments to fill such vacancies will be made in the normally prescribed manner for the remainder of the unexpired term by the person holding the office that originally made the appointment. If the office that originally made the appointment is vacant, the successor to such office shall fill such vacancy. In case of death, resignation, disqualification, or other physical or mental incapacity which prevents a Commission member from performing his official duties prior to the expiration of his term of office, his successor shall be appointed as provided in this subsection to fill out the unexpired term. Notwithstanding the above, persons appointed by the General Assembly may be removed by the General Assembly, and vacancies in appointments made by the General Assembly shall be filled in accordance with G.S. 120-122.

(g) Six members of the Commission shall constitute a quorum.

(h) The Commission may call upon the Commissioner of Agriculture, the Director of Agricultural Research, the Director of the Agricultural Extension Service, or any other agency or department of the State for such information or services as such agency or department can provide, and such agency or department shall furnish such information or services, without compensation therefor, as in its opinion is practicable.

(i) The Commission shall, subject to the limitations herein contained and the rules and regulations of the Commission, enforce the provisions of this Article; but no official act shall be taken, rule or regulation be promulgated, or official order be made or enforced, with respect to the provisions of this Article without the due approval of the Commission.

(j) The Commission shall, by rule or otherwise, fix the time for holding regular meetings. The chairman, or any two members of the Commission, may at any time call a special meeting of the Commission. State Government Reorganization. — The Milk Commission was transferred to the Department of Commerce by former G.S. 143A-182, enacted by Session Laws 1971, c. 864.

CASE NOTES

The purpose of the act creating the Milk Commission was to protect the public interest in a sufficient, regularly flowing supply of wholesome milk and, to that end, to provide a fair price to the milk producer for his product. State ex rel. North Carolina Milk Comm'n v. National Food Stores, 270 N.C. 323, 154 S.E.2d 548 (1967), decided prior to the 1971 revision of this Article and subsequent amendments.

Applied in Flav-O-Rich, Inc. v. North Carolina Milk Comm'n, 593 F. Supp. 13 (E.D.N.C. 1983).

§ 106-266.8. Powers of Commission.

The Commission is hereby declared to be an instrumentality of the State of North Carolina, vested with power:

(1) To confer with the legally constituted authorities of other states of the United States, with a view of securing a uniformity of milk control, with respect to milk coming into the State of North Carolina and going out of the said State in interstate commerce, with a view of accomplishing the purpose of this Article, and to enter into a compact or compacts for such uniform system of milk control.

(2) To investigate all matters pertaining to the production, processing, storage, distribution, and sale of milk for consumption in the State of North Carolina.

(3) To supervise and regulate the transportation, processing, storage, distribution, delivery and sale of milk for consumption; provided that nothing in this Article shall be interpreted as giving the Commission any power to limit the quantity of milk that any producer can produce nor the power to prohibit or restrict the admission of new producers. To classify milk on the basis of use or form; to adopt or approve base plans for allocating classes of milk and to provide for the pooling on a market-wide or statewide plan the total utilization of licensed distributors, or may assign base and/or milk in order to obtain the highest utilization possible for producers and/or associations of producers supplying milk to the market; and the Commission may provide for an equalization payment in order that producer milk will not be paid for in a lower class through the recombining of water and milk constituents.

(4) To act as mediator or arbiter in any controversial issue that may arise among or between milk producers and distributors as between themselves, or that may arise between them as groups.

(5) To cause examination into the business, books, and accounts of any milk producer, association of producers or milk distributors, their affiliates or subsidiaries; to issue subpoenas to milk producers, associations of producers, and milk distributors, and require them to produce their records, books, and accounts; to subpoena any other person from whom information is desired.

(6) To take depositions of witnesses within or without the State. Any member of the Commission or any employee of the Commission, so designated, may administer oaths to witnesses and sign and issue subpoenas.

(7) To make, adopt, and enforce all rules, regulations and orders necessary to carry out the purposes of this Article. Every rule, regulation and order of the Commission shall be posted for inspection in the main office of the Commission. A certified copy of all general administrative rules and regulations or rules of practice and procedure shall be filed

as required by Chapter 150B of the General Statutes, and a certified copy thereof shall likewise be mailed in a sealed envelope, with postage prepaid, to all licensed distributors and associations of producers in the State. Such filing and mailing shall constitute due and sufficient notice to all persons affected by such rule, regulation or order. A order which applies only to a person or persons named therein shall be served on the person or persons affected. An order, herein required to be served, shall be served by personal delivery of a certified copy, or by mailing a certified copy in a sealed envelope, with postage prepaid, to each person affected thereby, or in the case of a corporation, to any officer or agent of the corporation upon whom legal process may be served.

(8) The operation and effect of any provision of this Article conferring a general power upon the Commission shall not be impaired or qualified by the granting to the Commission by this Article of a specific power or powers.

(9) The Commission shall not exercise its power in any market until a public hearing has been held for such market, and the Commission determines that it will be to the public interest that it shall so exercise its power in such market. The Commission may, on its own motion, call such a hearing, and shall call such a hearing upon the written application of a producers' association organized under the laws of the State, supplying in the judgment of the Commission, a substantial proportion of the milk consumed in such market, but if no such producers' organization exists on said market, the Commission shall call such hearing upon the written application of producers supplying a substantial proportion of the milk consumed in said market; and shall call such hearing upon the written application of distributors, distributing a substantial proportion of the milk consumed in such market. Such hearing may be held at the time and place and after such notice as the Commission may determine.

The Commission may withdraw the exercise of its powers from any market after a public hearing has been held for such market, and the Commission determines that it will be to the public interest to withdraw the exercise of its powers from such market.

(10) a. The Commission may fix prices to be paid producers and/or associations of producers by distributors in any market or markets, and may also fix different prices for different grades or classes of milk. Notwithstanding the provisions of G.S. 150B-59(a), such rules shall become effective when approved by the Commission. The Commission shall file any rule with the Director of the Office of Administrative Hearings within two working days of its adoption by the Commission.

b. The Commission, after investigation and public hearing and finding as a fact that it is in the public interest, may fix the maximum and minimum wholesale and retail prices to be charged for milk in any market area by any person subject to this section and may fix different prices for different grades or classes of milk. The Commission may take into consideration the type of service rendered, the quantity delivered and the cost of the container.

c. Prices fixed under this subdivision (10) shall not become effective until 10 days after the mailing of notice of the action of the Commission. Prices fixed under b above shall remain in effect for at least 30 days and until the Commission finds it is in the public interest to remove said prices.

d. In determining the reasonableness of prices to be paid or charged in any market, the Commission shall be guided by the cost of

production and distribution, including compliance with all sanitary regulations in force in such market or markets, necessary operating, processing, storage and delivery charges, the prices of other foods and other commodities, and the welfare of the general public. The Commission may adopt a formula incorporating such of these economic factors as well as other pertinent economic factors relevant to the production of milk which will determine automatically the prices to be paid producers or associations of producers by distributors in any market or markets, and then provide for the periodic automatic readjustment of such prices according to the result obtained by the use of this formula. Public hearings shall be held for adoption, or amendment of the formula itself, but shall not be required for price adjustments which are made based upon use of the formula.

e. In establishing producer prices for milk moving into other states, the Commission shall consider prevailing producer prices established by state or federal authority in such states.

(11) The Commission may require all distributors in any market designated by the Commission to be licensed by the Commission for the purpose of carrying out the provisions of this Article. One who purchases milk from a licensed distributor for the purpose of retail sales shall not be required to be licensed hereunder. The Commission may decline to grant a license, or may suspend or revoke a license already granted upon due notice and after a hearing, whenever said applicant or licensee shall have violated the regulations adopted by the Commission or failed to comply with the requirements of this Article 28B, or upon any of the following grounds:

a. Where the distributor has failed to account and make payment for any milk purchased or received on consignment or otherwise from a producer or association of producers, or has, if a subdistributor, failed to account and make payment for any milk purchased or received on consignment or otherwise from a distributor; provided, however, that it be shown there was reasonable cause for any such failure to account and make payment, and that such accounting and payment can and will be made promptly, the Commission shall not suspend or revoke a license solely for such failure until a reasonable opportunity has been afforded to make such accounting and payment.

b. Where the applicant or distributor has made a general assignment for the benefit of creditors, or has been adjudged a bankrupt or there has been entered against him a judgment upon which an execution remains wholly or partly unsatisfied, or where it is shown that the applicant or distributor has insufficient financial responsibility, personnel or equipment properly to conduct the milk business.

c. Where the applicant or distributor has engaged in a course of action such as to satisfy the Commission of an intent on his part to deceive or defraud customers, producers or consumers.

d. Where the applicant or distributor has failed to maintain such records as are required by the rules and regulations of the Commission or has failed to furnish the statements or information required by the Commission under this Article 28B or has kept false records or furnished false statements with respect to such information.

e. Where the applicant or distributor has rejected, without reasonable cause, any milk purchased from a producer, or has refused to

accept, without either reasonable cause or reasonable advance notice, milk delivered by or on behalf of a producer in ordinary continuance of a previous course of dealing, except when the contract has been lawfully terminated.

In any case where the Commission shall suspend a license, the Commission may, in its discretion, accept from the licensee an offer in compromise of not less than fifty dollars ($50.00) and not more than five thousand dollars ($5,000) as a penalty in lieu of such suspension, and thereupon rescind the suspension. All receipts from such penalties shall be paid by the Commission to the State Treasurer for disposition in the same manner as assessments, as provided by G.S. 106-266.12. The Commission may classify licenses, and may issue licenses to distributors to process or store or sell milk to a particular city or village or to a market or markets within the State of North Carolina.

(12) Any member of the Commission, or any person designated for the purpose, shall have access to, and may enter at all reasonable hours, all places where milk is processed, stored, bottled or manufactured into food products. Any member of the Commission or designated employee shall have the power to inspect and copy books and records in any place within the State for the purpose of ascertaining facts to enable the Commission to administer this Article. The Commission may combine such information for any market or markets and make it public.

(13) The Commission may define after a public hearing what shall constitute a natural-market area and define and fix limits of the milk shed or territorial area within which milk shall be produced to supply any such market area: Provided, that producers, producer-distributors or their successors now shipping milk to any market may continue to do so until they voluntarily discontinue shipping to the designated milk market.

(14) Each licensee shall from time to time, as required by the Commission, submit verified reports containing such information as the Commission may require. (1953, c. 1338, s. 3; 1955, c. 1287, s. 2; 1959, c. 1292; 1963, c. 797, ss. 1-3; 1965, c. 936, s. 1; 1971, c. 779, s. 1; 1973, c. 811; c. 1331, s. 3; 1975, c. 69, s. 4; 1977, c. 426, ss. 2, 3; c. 629; 1987, c. 285, s. 18; c. 827, s. 23.)

Editor's Note. — Section 150B-59(a), referred to in subsection (10)a, was repealed by Session Laws 1991, c. 418, G.S. 5, effective October 1, 1991.

CASE NOTES

Editor's Note. *— Some of the cases below were decided prior to the 1971 revision of this Article and subsequent amendments.*

Constitutionality. — That part of subdivision (3) conferring upon the Commission power to require a distributor of milk, reconstituted from milk powder produced in another state, to make "equalization" payments for the benefit of North Carolina milk producers, with whom it has no dealings, violates N.C. Const., Art. I, § 19, and the commerce clause of the U.S. Constitution. In re Arcadia Dairy Farms, Inc., 43 N.C. App. 459, 259 S.E.2d 368 (1979), appeal dismissed, 299 N.C. 328, 265 S.E.2d 393 (1980).

Former Provisions Held Constitutional. — See State ex rel. North Carolina Milk Comm'n v. Galloway, 249 N.C. 658, 107 S.E.2d 631 (1959).

Regulation of Milk Prices. — The Commission was established as a state agency to protect the interest of the public in a regularly flowing supply of wholesome milk and is authorized, for that purpose, and that purpose only, to regulate, under proper circumstances and to a proper degree, the price of milk. State ex rel. North Carolina Milk Comm'n v. National Food

Stores, Inc., 270 N.C. 323, 154 S.E.2d 548 (1967).

U.S. Const., Amend. XIV does not forbid a state to confer upon an administrative agency the power to fix minimum and maximum retail prices to be charged for the sale of milk in grocery stores to consumers for the purpose of assuring the steady flow of an adequate supply of clean, wholesome milk from the producing farms to the consumer. State ex rel. North Carolina Milk Comm'n v. National Food Stores, Inc., 270 N.C. 323, 154 S.E.2d 548 (1967).

Regulation and Fixing of Transportation Rates. — See State ex rel. North Carolina Milk Comm'n v. Galloway, 249 N.C. 658, 107 S.E.2d 631 (1959).

An order of the Milk Commission pursuant to this section prescribing a uniform hauling charge per cwt. upon all producers delivering milk to a certain distributor, regardless of the distance or route, is not arbitrary or discriminatory and is relevant to the legislative purpose of the Milk Commission Act. It does not deny a producer the equal protection of the laws or deprive him of property without due process of law, even though he is subject under the regulation to a higher charge than he was under a former system, and does not violate former N.C. Const., Art. I, § 17 and 37 (see now N.C. Const., Art. I, § 19 and 29), nor U.S. Const., Amend. XIV. State ex rel. North Carolina Milk Comm'n v. Galloway, 249 N.C. 658, 107 S.E.2d 631 (1959).

Neither N.C. Const., Art. I, § 32, nor N.C. Const., Art. I, § 19, forbids the legislature of this State to confer upon the Milk Commission authority to fix a uniform rate for the transportation of milk from the farm to the processing plant so as to enable the producers of milk to secure a fair price for their product. State ex rel. North Carolina Milk Comm'n v. National Food Stores, Inc., 270 N.C. 323, 154 S.E.2d 548 (1967).

Regulation of Competition Among Retail Grocery Stores Not Intended. — The Milk Commission was not established as an agency to regulate competition among retail grocery stores per se. State ex rel. North Carolina Milk Comm'n v. National Food Stores, Inc., 270 N.C. 323, 154 S.E.2d 548 (1967).

Sections of Milk Marketing Order Held Constitutional. — Sections IV-A-1, IV-B-2, IV-C-1, IV-C-2, IV-E-1A, V-C-2, and V-C-4 of Milk Marketing Order Number Two of the North Carolina Milk Commission were held not to constitute a burden on interstate commerce, conflict with federal regulation of interstate commerce as provided in the Capper-Volstead Act, deny equal protection of the law and due process of law, or impair the obligations of contract. Southeast Milk Sales Ass'n v. Swaringen, 290 F. Supp. 292 (M.D.N.C. 1968).

§ 106-266.9. Distributors to be licensed; prices and practices of distributors regulated.

No distributor in a market in which the provisions of this Article are in effect shall buy milk from producers, or others, for sale within the State, or sell or distribute milk within the State, unless such distributor is duly licensed under the provisions of this Article. It shall be unlawful for a distributor to buy from or sell milk to a distributor who is not licensed as required by this Article. It shall be unlawful for any distributor to deal in, or handle milk if such distributor has reason to believe that the milk has been previously dealt in, or handled, in violation of the terms and provisions of this Article. No distributor shall violate the prices as established by or filed with the Commission or offer any discounts or rebates without authority from the Commission; and the Commission may prohibit such practices as it may deem to be contrary to the welfare of the public and the dairy industry, such as the use of special prices or special inducements in any form or any unfair trade practices in order to vary from the established prices. The Commission may require each distributor to file with the Commission one complete schedule of his wholesale and retail prices for each marketing area and may require each distributor to charge his posted prices for all sales and to give 10 days' notice by certified mail to the Commission and every licensed distributor in each marketing area affected prior to the effective date of any changes in said posted prices. The requirements as to filing price schedules shall not apply to retail stores the principal business of which is selling other than dairy products and which do not

maintain or control directly or indirectly a milk processing plant. The Commission may prohibit a distributor from selling or offering for sale milk in any market or county at prices less than the prices filed for the market or county in which such distributor's processing or bottling plant is located, except in such cases as such sales may be made at a lower price or prices in good faith to meet competition. (1953, c. 1338, s. 4; 1955, c. 406, s. 4; 1963, c. 797, ss. 2, 4, 41/2; 1971, c. 779, s. 1.)

§ 106-266.10. Licenses for distributors and subdistributors.

An application to the Commission for a license to operate as a distributor or subdistributor shall be made by mail or otherwise within 30 days after the provisions of this Article become effective in a market, and as to any distributor or subdistributor thereafter beginning business, before such distributor or subdistributor shall begin such business therein. The application shall be made on blanks furnished by the Commission for that purpose. Each distributor shall cooperate with the Commission in seeing to it that its subdistributors are informed concerning, and comply with, the provisions of this Article and the rules and regulations duly adopted by the Commission. (1953, c. 1338, s. 5; 1971, c. 779, s. 1.)

§ 106-266.11. Annual budget of Commission; collection of monthly assessments.

The Commission shall prepare an annual budget and shall collect the sums of money required for this budget from the distributors in the form of monthly assessments. The assessment so levied shall be fixed at a rate per hundredweight on the volume of all milk handled. The rate set shall not exceed one-half of one percent (1/2%) of the Statewide blend price paid to all North Carolina producers during the previous calendar year for three and one-half percent (3.5%) milk as computed by the North Carolina Milk Commission. One half of any such assessment shall be deducted from funds owed to a producer or any association of producers. (1953, c. 1338, s. 6; 1971, c. 779, s. 1; 1983 (Reg. Sess., 1984), c. 1062, s. 4.)

§ 106-266.12. Milk Commission Account; deductions by distributor from funds owed to producer.

All receipts from assessments collected under this Article shall be paid by the Commission to the State Treasurer and shall be placed by the State Treasurer in a general fund to the credit of an account to be known as the "Milk Commission Account" and such an amount as may be necessary, and no more, is hereby appropriated out of this Milk Commission Account, for the payment of all expenses incurred by the Commission in administering and enforcing this Article. The Commission shall require a distributor to make such deductions from funds owed to a producer as authorized by the producer. (1953, c. 1338, s. 7; 1971, c. 779, s. 1.)

§ 106-266.13. Injunctive relief.

In the event of violation of any provisions of this Article, or order promulgated under the provisions thereof, in addition to any other remedy, the Commission may apply to any court of record in the State of North Carolina for relief by injunction, if necessary, to protect the public interest without being compelled to allege or prove that any adequate remedy at law does not exist. (1953, c. 1338, s. 10; 1971, c. 779, s. 1.)

§ 106-266.14. Penalties.

Any person violating any provisions of this Article, or order promulgated under the provisions thereof, or of any license issued by the Commission shall be guilty of a Class 1 misdemeanor, and each day during which such violation shall continue shall be deemed a separate violation. Prosecutions for violations of this Article shall be instituted by the Attorney General or otherwise, in any county or city of the State of North Carolina in which such violations occur. (1953, c. 1338, s. 11; 1971, c. 779, s. 1; 1993, c. 539, s. 754; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 106-266.15. Judicial review.

Judicial review of the following may be had under Chapter 150B of the General Statutes:

(1) A rule, order, or regulation adopted by the Commission under this Article.

(2) A decision of the Commission under this Article to deny, suspend, revoke, or refuse to transfer or reissue a license.

(3) An order of the Commission under this Article to fix or amend the price or terms upon which milk may be bought or sold. (1953, c. 1338, s. 12; 1969, c. 44, s. 67; 1971, c. 779, s. 1; 1973, c. 1331, s. 3; 1987, c. 827, s. 24.)

CASE NOTES

Right of Appeal and Hearing De Novo. — A person aggrieved by a decision of the Commission in North Carolina has a right of appeal and to be heard de novo in the superior court. Southeast Milk Sales Ass'n v. Swaringen, 290 F. Supp. 292 (M.D.N.C. 1968), decided prior to the 1971 revision of this Article and subsequent amendments.

A sedulous protection against abuse of power by the Milk Commission is provided in this section, which requires that when an appeal is taken from an order of the Milk Commission, the proceeding shall be heard de novo in the superior court. State ex rel. North Carolina Milk Comm'n v. Galloway, 249 N.C. 658, 107 S.E.2d 631 (1959), decided prior to the 1971 revision of this Article and subsequent amendments.

§ 106-266.16. Saving clause.

No provisions of this Article shall apply or be construed to apply to foreign or interstate commerce, except insofar as the same may be effective pursuant to the United States Constitution and to the laws of the United States enacted pursuant thereto. (1953, c. 1338, s. 13; 1971, c. 779, s. 1.)

§ 106-266.17. Marketing agreements not to be deemed illegal or in restraint of trade; conflicting laws.

The making of marketing agreements between producers' cooperative marketing associations and distributors and producer-distributors under the provisions of this Article shall not be deemed a combination in restraint of trade or an illegal monopoly, or an attempt to lessen competition or fix prices arbitrarily nor shall the marketing contract or agreements between the association and the distributors and producer-distributors, or any agreements authorized in this Article, be considered illegal or in restraint of trade. All laws and clauses of laws in conflict with the provisions of this Article are hereby repealed to the extent necessary for the full operation of this Article. No provisions of this Article shall be deemed in conflict with Articles 28 and 28A of Chapter 106 of the General Statutes. No provisions of this Article shall be deemed in conflict with the authority granted to local boards of health by G.S. 130-19, 130-20, 130-66, to make and enforce rules and regulations governing milk sanitation or with the authority granted to the Department of Health and Human Services by G.S. 130-3 to make sanitary inquiries and investigations. (1953, c. 1338, s. 14; 1971, c. 779, s. 1; 1973, c. 476, s. 128; 1997-443, s. 11A.118(a); 1997-502, s. 7.)

Editor's Note. — Sections 130-3, 130-19, 130-20, and 130-66, referred to in this section, have been repealed. As to county and district boards of health, see now G.S. 130A-34 et seq.

§ 106-266.18. Limitations upon power of Commission.

Nothing in this Article shall be interpreted as giving the Commission any power to limit the quantity of milk that any producer can produce, nor the power to prohibit or restrict the admission of new producers, nor the power to restrict the marketing area of any producer, except as provided in G.S. 106-266.8(3). (1953, c. 1338, s. 141/2; 1971, c. 779, s. 1; 1977, c. 426, s. 4.)

§ 106-266.19. Sale below cost to injure or destroy competition prohibited.

The sale of milk by any distributor or producer-distributor or retailer below cost for the purpose of injuring, harassing or destroying competition is hereby prohibited; and the offering for sale of milk by a retailer at below-cost prices to induce the public to patronize his store, or what is commonly known in the trade as using milk as a "loss leader" is also hereby prohibited. However, milk may be sold below cost to meet competition if notice has been sent to the Commission by registered or certified mail identifying the competitor or competitors. At any hearing or trial on a complaint under this section, evidence of sale of milk by a distributor or subdistributor or retailer below cost shall constitute prima facie evidence of the violation or violations alleged, and the burden of rebutting the prima facie case thus made, by showing that the same was justified in that it was not, in fact, made below cost or that it was not for the purpose of injuring, harassing or destroying competition, or that it was sold below cost to meet competition after notice has been sent to the Commission by

registered or certified mail identifying the competitor or competitors, or that it was not used as a "loss leader" or to induce the public to patronize his store, shall be upon the person charged with a violation of this section. As used herein the term "cost" for a distributor or producer-distributor shall be construed to mean the price paid for Grade A or Class I milk in the area where such sale is made plus a reasonable allocation of processing and marketing expenses. For a retailer the term "cost" shall be construed to mean the wholesale invoice price paid for Grade A or Class I milk in the area where such sale is made, provided, however, in determining whether any sale has been made in violation of this section, the Commission shall consider all discounts, rebates, gratuities or any other matters which may have the effect of either directly or indirectly reducing the price paid by the retailer involved. The prima facie case of a violation of this section, made by proof of sale below cost, may be rebutted by proof of any of the following facts:

(1) The merchandise was damaged, or
(2) The milk was sold upon the final liquidation of a business, or
(3) The milk was sold to an organized charity or to a relief agency, or
(4) The milk was sold by an officer acting under the direction of any court. (1955, c. 406, s. 1; 1959, c. 1021; 1965, c. 936, s. 2; 1971, c. 779, s. 1; 1975, c. 815.)

CASE NOTES

Constitutionality. — The provisions of this section making proof of the sale of milk by a retailer below cost prima facie evidence of a purpose to injure, harass or destroy competition in the marketing of milk held not beyond the constitutional power of the legislature. State ex rel. North Carolina Milk Comm'n v. National Food Stores, Inc., 270 N.C. 323, 154 S.E.2d 548 (1967), decided prior to the 1971 revision of this Article and subsequent amendments.

OPINIONS OF ATTORNEY GENERAL

Offering for sale of milk by a retailer at below-cost prices, as a loss leader, must be for the purpose of inducing the public to patronize his store in order to be violative of the statute. Opinion of Attorney General to Mr. Grady Cooper, Jr., N.C. Milk Commission, 44 N.C.A.G. 169 (1974).

§ 106-267. Inspection, grading and testing dairy products; authority of State Board of Agriculture.

The State Board of Agriculture shall have full power to make and promulgate rules and regulations for the Department of Agriculture and Consumer Services in its inspection and control of the purchase and sale of milk and other

dairy products in North Carolina; to make and establish definitions, not inconsistent with the laws pertaining thereto; to qualify and determine the grade and contents of milk and of other dairy products sold in this State; to regulate the manner of testing the same and the handling, treatment and sale of milk and dairy products, to require processors of fortified milk and milk products to pay all costs for assays of vitamin-fortified products, to provide for the issuance of permits upon compliance with this Article and the rules and regulations promulgated thereunder and to promulgate such other rules and regulations not inconsistent with the law as may be necessary in connection with the authority hereby given to the Commissioner of Agriculture on this subject. § 106-267.1. License required; fee; term of license; examination required.

Every person who shall test milk or cream in this State by, or sample milk for, the Babcock method or otherwise for the purpose of determining the percentage of butterfat or milk fat contained therein, where such milk or cream is bought and paid for on the basis of the amount of butterfat contained therein, shall first obtain a license from the Commissioner of Agriculture. Any person applying for such license or renewal of license shall make written and signed application on blanks to be furnished by the Commissioner of Agriculture. The granting of a license shall be conditioned upon the passing by the applicant of an examination, to be conducted by or under the direction of the Commissioner of Agriculture. All licenses so issued or renewed shall expire on December 31 of each year, unless sooner revoked, as provided in G.S. 106-267.3. A license fee of five dollars ($5.00) for each license so granted or renewed shall be paid to the Commissioner of Agriculture by the applicant before any license is granted. (1951, c. 1121, s. 1; 1959, c. 707, s. 5; 1989, c. 544, s. 14.)

§ 106-267.2. Rules and regulations.

The Commissioner of Agriculture shall establish and promulgate rules and regulations not inconsistent with this Article that shall govern the granting of licenses under this Article and shall establish and promulgate rules and regulations not inconsistent with this Article that shall govern the manner of testing, including, but not in limitation thereof, the taking of samples, location where the testing of said samples shall be made and the length of time samples of milk or cream shall be held after testing. (1951, c. 1121, s. 1.)

§ 106-267.3. Revocation of license; hearing.

The Commissioner of Agriculture shall have power to revoke any license granted under the provisions of this Article, upon good and sufficient evidence that the provisions of this Article or the rules and regulations of the Commissioner of Agriculture are not being complied with: Provided, that before any license shall be revoked, an opportunity shall be granted the licensee, upon being confronted with the evidence, to show cause why such license should not be revoked. (1951, c. 1121, s. 1.)

§ 106-267.4. Representative average sample; misdemeanor, what deemed.

In taking samples of milk or cream from any milk can, cream can or any container of milk or cream, the contents of such milk can, cream can, or container of milk and cream shall first be thoroughly mixed either by stirring or otherwise, and the sample shall be taken immediately after mixing or by any other method which gives a representative average sample of the contents, and it is hereby made a Class 2 misdemeanor to take samples by any method or to fraudulently manipulate such samples so as not to give an accurate and representative average sample where milk or cream is bought or sold and where the value of said milk or cream is determined by the butterfat contained therein. (1951, c. 1121, s. 1; 1993, c. 539, s. 755; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 106-267.5. Standard Babcock testing glassware; scales and weights.

In the use of the Babcock test all persons shall use the "standard Babcock testing glassware, scales, and weights." The term "standard Babcock testing glassware, scales and weights" shall apply to glassware, scales and weights. It shall be unlawful for any person, firm, company, association, corporation or agent thereof to falsely manipulate, underread or overread the Babcock test or any other contrivance used for determining the quality of value of milk or cream where the value of said milk or cream is determined by the percentage of butterfat contained in the same or to make a false determination by the Babcock test or otherwise, or to falsify the record of such test or to pay on the basis of any test, measurement or weight except the true test, measurement or weight. (1951, c. 1121, s. 1.)

§ 106-268. Definitions; enforcement of Article.

(a) The definitions set forth in this section shall apply to milk, dairy products, ice cream, frozen desserts, frozen confections or any other products which purport to be milk, dairy products or frozen desserts for which a definition and standard of identity has been established and when any of such products heretofore enumerated shall be sold, offered for sale or held with intent to sell by a milk producer, manufacturer or distributor, and insofar as practicable and applicable, the definitions contained in Article 12 of Chapter 106 of the General Statutes, as amended, shall be effective as to the products enumerated in this Article and section.

(b) The term "adulteration" means:

(1) Failure to meet definitions and standards as established by the Board of Agriculture.

(2) If any valuable constituent has been in whole or in part omitted or abstracted therefrom.

(3) If any substance has been substituted wholly or in part thereof.

(4) If it is adjudged to be unfit for human consumption.

(c) The term "misbranded" means:

(1) If its labeling is false or misleading in any particular.

(2) If it is offered for sale under the name of another dairy product or frozen dessert.

(3) If it is sold in package form unless it bears a prominent label containing the name of the defined product, name and address of the producer, processor or distributor and carries an accurate statement of the quantity of contents in terms of weight or measure.

(d) The Department of Agriculture and Consumer Services, through its agents or inspectors, shall have free access during business hours to all places

of business, buildings, vehicles, cars, storage places, containers and vessels used in the production, testing, processing and distribution of milk, cream, butter, cheese, ice cream, frozen dessert or any dairy product for which standards of purity and of identity have been established, as well as any substance which purports to be milk, dairy products, frozen dessert or confection for which a definition and standard of purity has been established; the Department acting through its duly authorized agents and inspectors, may open any box, carton, parcel, package or container holding or containing, or supposed to hold or contain any of the above-enumerated dairy products, as well as related products, and may take therefrom samples for analysis, test or inspection. If it appears that any of the provisions of this Article or of this section have been violated, or whenever a duly authorized agent of the Department has cause to believe that any milk, cream, butter, cheese, ice cream, frozen dessert or any dairy product for which standards of purity and of identity have been established or any substance which purports to be milk, a dairy product or a frozen dessert for which a definition and standard of identity has been established, is adulterated or misbranded or by reason of contamination with microorganisms has become deleterious to health during production, processing or distribution, and such products, or any of them, are in a stage of production, or are being exposed for sale, or are being held for processing or distribution or such products are being held with intent to sell the same, such agent or inspector is hereby authorized to issue a "stop-sale" order which shall prohibit further sale of any of the products above enumerated or which shall prohibit further processing, production or distribution of any of the products above enumerated. The agent or inspector shall affix to such product a tag or other appropriate marking giving notice that such product is, or is suspected of, being adulterated, misbranded or contaminated and that the same has been detained or embargoed, and warning all persons not to remove or dispose of such product, by sale or otherwise, until permission for removal or disposal is given by such agent or inspector, until the law or regulation has been complied with or said violation has otherwise been legally disposed of. It shall be unlawful for any person to remove or dispose of any embargoed product, by sale or otherwise, without such permission: Provided, that if such adulteration or misbranding can be corrected by proper labeling or processing of the products so that the products meet the definitions and standards of purity and identity, then with the approval of such agent or inspector, sale and removal may be made. Any milk, dairy products or any of the products enumerated in this Article or section not in compliance with this Article or section shall be subject to seizure upon complaint of the Commissioner of Agriculture, or any of the agents or inspectors of the Department of Agriculture and Consumer Services, to a court of competent jurisdiction in the area in which said products are located. In the event the court finds said products, or any of them, to be in violation of this Article or of this section, the court may order the condemnation of said products, and the same shall be disposed of in any manner consistent with the rules and regulations of the Board of Agriculture and the laws of the State and in such a manner as to minimize any loss or damage as far as possible: Provided, that in no instance shall the disposition of said products be ordered by the court without first giving the claimant or owner of same an opportunity to apply to the court for the release of said products or for permission to again process or relabel the same so as to bring the product in compliance with this Article or section. In the event any "stop-sale" order shall be issued under the provisions of this Article or section, the agents, inspectors or representatives of the Department of Agriculture and Consumer Services shall release the products, or any of them, so withdrawn from sale when the requirements of the provisions of this Article and section have been complied with and upon payment of all costs and

expenses incurred in connection with the withdrawal. (1951, c. 1121, s. 1; 1997-456, s. 27; 1997-261, s. 46.)

Editor's Note. — The four formerly undesignated paragraphs in this section were renumbered as subsections (a) through (d) pursuant to Session Laws 1997-456, s. 27, which authorized the Revisor of Statutes to renumber or reletter sections and parts of sections having a number or letter designation that is incompatible with the General Assembly's computer database.

§ 106-268.1. Penalties.

Any person, firm or corporation violating any of the provisions of this Article, or any of the rules, regulations or standards promulgated hereunder, shall be deemed guilty of a Class 2 misdemeanor. (1951, c. 1121, s. 1; 1993, c. 539, s. 756; 1994, Ex. Sess., c. 24, s. 14(c).)

CASE NOTES

Protective Purpose of Article. — This Article has declared the policy of North Carolina to be one of protecting the farmer from the disastrous consequences of planting seed of one kind, believing he is planting another, and from the consequences of the sale and delivery to farmers of seed falsely labeled. Gore v. George J. Ball, Inc., 279 N.C. 192, 182 S.E.2d 389 (1971).

This Article is not limited in its purpose or scope to the protection of the purchaser from fraud by the immediate vendor. Gore v. George J. Ball, Inc., 279 N.C. 192, 182 S.E.2d 389 (1971).

The North Carolina Seed Law is aimed at protecting farmers by strict labeling, quality control inspections and branding regulations. The seed law has no effect on a nonconflicting disclaimer which governs activity beyond its scope. Billings v. Joseph Harris Co., 27 N.C. App. 689, 220 S.E.2d 361 (1975), aff'd, 290 N.C. 502, 226 S.E.2d 321 (1976).

This Article is not a safety statute; therefore, evidence of a violation of it is not necessarily evidence of negligence. Gore v. George J. Ball, Inc., 279 N.C. 192, 182 S.E.2d 389 (1971).

Applied in Gore v. George J. Ball, Inc., 10 N.C. App. 310, 178 S.E.2d 237 (1971).

§ 106-277.2. Definitions.

As used in this Article, unless the context clearly requires otherwise:

(1) The term "advertisement" means all representations, other than those required on the label, disseminated in any manner or by any means, relating to seed within the scope of this Article.

(2) The term "agricultural seeds" shall include the seed of grass, forage, cereal, fiber crops and any other kinds of seeds commonly recognized within this State as agricultural or field seeds, lawn seeds and mixtures of such seeds, and may include noxious-weed seeds when the Commissioner determines that such seed is being used as agricultural seed.

(2a) — (2e) Reserved.

(2f) The term "blend" means a mechanical combination of varieties identified by a blend designation in which each component variety is equal to or above the minimum standard germination for its class; which is always present in the same percentage in each lot identified

by the same "blend" designation; and for which research data supports an advantage of the "blend" over the singular use of either component variety. "Blend" designations shall be treated as variety names.

(3) The term "Board" means the North Carolina Board of Agriculture as established under G.S. 106-2.

(3a) Reserved.

(3b) The term "brand" means an identifying numeral, letter, word, or any combination of these, used with the word "brand" to designate source of seeds.

(3c) The term "buyer" means a person who buys agricultural or vegetable seed for the purpose of planting and growing the seed.

(4) The terms "certified seeds," "registered seeds" or "foundation seeds" mean seed that has been produced and labeled in accordance with the procedures and in compliance with the requirements of an official seed-certifying agency.

(5) The term "clone" means all the individuals derived by vegetative propagation from a single, original individual.

(6) The term "code designation" means a series of numbers or letters approved by the United States Department of Agriculture and used in lieu of the full name and address of the person who labels seeds, as required in this Article in G.S. 106-277.5(10).

(7) The term "Commissioner" means the Commissioner of Agriculture of North Carolina or his designated agent or agents.

(7a) The term "conditioning" means cleaning, scarifying, or blending to obtain uniform quality and other operations that would change the purity or germination of the seed and therefore require retesting to determine the quality of the seed, but does not include operations such as packaging, labeling, blending together of uniform lots of the same kind, or kind and variety, without cleaning, or preparation of a mixture without cleaning, any of which would not require retesting to determine the quality of the seed.

(8) The term "date of test" means the month and year the percentage of germination appearing on the label was obtained by laboratory test.

(9) The term "dealer" or "vendor" shall mean any person, not classified as a grower, who buys, sells or offers for sale any seed for seeding purposes and shall include any person who has seed grown under contract for resale for seeding purposes.

(9a) The term "Department" means the Department of Agriculture and Consumer Services as established in G.S. 106-2.

(9b) The term "distribute" means to provide seed for seeding purposes to more than five persons, but shall not include seed provided for educational purposes.

(10) The term "germination" means the percentages by count of seeds under consideration, determined to be capable of producing normal seedlings in a given period of time and under normal conditions.

(11) The term "grower" shall mean any person who produces seed, directly as a landlord, tenant, sharecropper or lessee, which are offered or exposed for sale.

(12) The term "hard seeds" means seeds which, because of hardness or impermeability, do not absorb moisture and germinate but remain hard during the normal period of germination.

(13) The term "hybrid" means the first generation seed of a cross produced by controlling cross-fertilization within prescribed limits and combining (i) two or more inbred lines or clones, or (ii) one or more inbred lines or clones with an open-pollinated variety, or (iii) two or more varieties or species, clonal or otherwise, except open-pollinated vari-

eties of normally cross-fertilized species. The second-generation or subsequent-generation seed from such crosses shall not be designated as hybrids. Hybrid designations shall be treated as variety names. The Board of Agriculture shall prescribe minimum limits of pollination control (percent hybridity) for each hybridized species which will qualify to be labeled "hybrid".

(14) The term "inbred line" means a relatively stable and pure breeding strain resulting from not less than four successive generations of controlled self-pollination or four successive generations of backcrossing in the case of male sterile lines or their genetic equivalent.

Mislabeled Seed. — The failure of a seed company to notify a customer, after receiving complaints from other customers that tomato

seeds delivered to the customer were mislabeled, did not constitute negligence where the evidence disclosed that the defendant kept no records of the particular source of seed used to fill a given order, there being no duty to maintain such records, and defendant being unable to notify the customer in the absence of such data. Gore v. George J. Ball, Inc., 10 N.C. App. 310, 178 S.E.2d 237 (1971).

§ 106-277.11. Disclaimers, nonwarranties and limited warranties.

The use of a disclaimer, nonwarranty or limited warranty clause in any invoice, advertising [or] written, printed or graphic matter pertaining to any seed shall not constitute a defense, or be used as a defense in any way, in any prosecution or in any proceedings for confiscation of seeds brought under the provisions of this Article or rules and regulations made and promulgated thereunder. (1945, c. 828; 1949, c. 725; 1963, c. 1182.)

CASE NOTES

Effect of Warranty Limitation. — The provision of this section barring a defense based on a warranty limitation clause in any prosecution or in any proceedings for confiscation of seeds, does not have any bearing upon any other effect of such disclaimer or limitation clause. Gore v. George J. Ball, Inc., 279 N.C. 192, 182 S.E.2d 389 (1971).

Warranty Limitation Does Not Bar Recovery of Full Damages. — The phrase, "to the extent of the purchase price," used in a limitation of warranty, relied on by the seller of mislabeled seed, is contrary to the public policy of this State as declared in this Article and is invalid. Such a provision, even if it otherwise be deemed a part of the contract of sale, does not bar the buyer from a recovery of the full damages which he would otherwise be entitled to recover for the breach of the contract by the seller. Gore v. George J. Ball, Inc., 279 N.C. 192, 182 S.E.2d 389 (1971).

§ 106-277.12. Records.

All persons transporting or delivering for transportation, selling, offering or exposing for sale agricultural or vegetable seeds if their name appears on the label shall keep for a period of two years a file sample and a complete record of such seed, including invoices showing lot number, kind and variety, origin, germination, purity, treatment, and the labeling of each lot. The Commissioner or his duly authorized agents shall have the right to inspect such records in connection with the administration of this Article at any time during customary business hours. (1945, c. 828; 1949, c. 725; 1963, c. 1182.)

§ 106-277.13. Tolerances to be established and used in enforcement.

Due to variations which may occur between the analyses or tests and likewise between label statements and the results of subsequent analyses and tests, recognized tolerances shall be employed in the enforcement of the provisions of this Article, except as otherwise established by appropriate rules and regulations promulgated under authority of this Article. (1963, c. 1182.)

§ 106-277.14. Administration.

The duty of enforcing this Article and its rules and regulations and carrying out its provisions and requirements shall be vested in the Commissioner of Agriculture. (1963, c. 1182.)

§ 106-277.15. Rules, regulations and standards.

The Board of Agriculture, in accordance with the Administrative Procedure Act, may adopt such rules, regulations and standards which they may find to be advisable or necessary to carry out and enforce the purposes and provisions of this Article, which shall have the force and effect of law. (3) Declaring the maximum percentage of total weed seed content permitted in agricultural seed.
(4) Declaring the maximum number of "restricted" noxious-weed seeds per pound of agricultural seed permitted to be sold, offered or exposed for sale.

(6) Declaring germination standards for vegetable seeds.
(7) Prescribing the form and use of tags or stamps to be used in labeling seed.

§ 106-277.16. Seed-testing facilities.

The Commissioner is authorized to establish and maintain or make provision for seed-testing facilities, to employ educationally qualified persons, to make or provide for making purity and germination tests of seeds, upon request, for farmers or seedsmen, and to prescribe rules and regulations governing such testing, and to incur such expenses as may be necessary to comply with these provisions. The Commissioner is further authorized to prohibit the sale of any variety, blend, or hybrid or any kind of crop, by and with the advice of the Director of the North Carolina Agricultural Research Service, that has

been found by official field tests to be inferior, misrepresented or unsuited to conditions within the State. (1941, c. 114, s. 6; 1943, c. 203, s. 4; 1945, c. 828; 1949, c. 725; 1953, c. 856, s. 5; 1957, c. 263, s. 3; 1963, c. 1182; 1987 (Reg. Sess., 1988), c. 1034, ss. 11, 12; 1989, c. 770, s. 24.)

§ 106-277.18. Registration and licensing of dealers.

It shall be the duty of the Commissioner and he is hereby authorized to require each seed dealer selling, offering or exposing for sale in, or exporting from, this State any agricultural or vegetable seeds for seeding purposes, including packet or package seeds, to register with the Commissioner and to obtain a license annually. (1941, c. 114, s. 7; 1945, c. 828; 1947, c. 928; 1949, c. 725; 1963, c. 1182.)

§ 106-277.19. Revocation or refusal of license for cause; hearing; appeal.

The Commissioner is authorized to revoke any seed license issued, or to refuse to issue a seed license to any person as hereinafter provided, upon satisfactory proof that said person has repeatedly violated any of the provisions of this Article or any of the rules and regulations made and promulgated thereunder; provided that no license shall be revoked or refused until the person shall have first been given an opportunity to appear at a hearing before the Commissioner. Any person who is refused a license, or whose license is revoked by any order of the Commissioner, may appeal within 30 days from said order to the Superior Court of Wake County or the superior court of the county of his residence. (1941, c. 114, s. 6; 1943, c. 203, s. 4; 1945, c. 828; 1949, c. 725; 1953, c. 856, s. 5; 1957, c. 263, s. 3; 1963, c. 1182.)

§ 106-277.20. Right of entry for purposes of inspection; duty of vendors.

For the purpose of carrying out this Article the Commissioner or his agent is authorized to enter upon any public or private premises during regular business hours in order to have access to seeds subject to this Article and the rules and regulations thereunder. It shall be the duty of the dealer or vendor to arrange seed lots so as to be accessible for inspection, and to provide such information and records as may be deemed necessary. (1941, c. 114, s. 6; 1943, c. 203, s. 4; 1945, c. 828; 1949, c. 725; 1953, c. 856, s. 5; 1957, c. 263, s. 3; 1963, c. 1182.)

§ 106-277.21. Sampling, inspecting and testing; notice of violations.

(1941, c. 114, s. 6; 1943, c. 203, s. 4; 1945, c. 828; 1949, c. 725; 1953, c. 856, s. 5; 1957, c. 263, s. 3; 1963, c. 1182.)

§ 106-277.22. Stop-sale orders; penalty covering expenses; appeal.

The Commissioner is authorized to issue and enforce a written or printed "stop-sale" order to the owner or custodian of any lot of agricultural or vegetable seeds which the Commissioner, or his authorized agent, finds is in violation of any of the provisions of this Article or the rules and regulations promulgated thereunder, which order shall prohibit further sale or movement of such seed until such officer has evidence that the law has been complied with and a written release has been issued to the owner or custodian of said seed by the enforcement officer. Any person violating the labeling requirements of the law shall be subject to a penalty covering all costs and expenses incurred in connection with the withdrawal from sale and the release of said seed. With respect to seeds which have been denied sale as provided in this section, the owner, custodian or the person labeling such seeds shall have the right to appeal from such order to the superior court of the county in which the seeds are found, praying for judgment as to the justification of said order and for discharge of such seed from the order prohibiting the same in accordance with the findings of the court; and provided, further, that the provisions of this section shall not be construed as limiting the right of the enforcement officer to proceed as authorized by other sections of this Article. Dealers shall legibly print or type on each seed container or affix a label on each seed container a notice in the following form or using reasonably equivalent language:

"Notice of Claims Procedure for Defective Seed

North Carolina provides an opportunity for persons who believe that they have suffered damage from the failure of agriculture or vegetable seeds to perform as labeled or warranted, or as a result of negligence, to have the matter investigated and heard before a special seed board as an alternative to filing a court action. To take advantage of this procedure, a purchaser of seed must file a complaint with the North Carolina Commissioner of Agriculture in time for the seed, crop, or plants to be inspected. Failure to follow this procedure will limit the amount of damages you may be able to recover. Please contact the Commissioner of Agriculture for information about this claims procedure." (1998-210, s. 3.)

§ 106-277.32. Seed Board created; membership; duties.

(a) The Commissioner shall appoint a Seed Board composed of five members, three of whom shall be appointed upon the recommendation of the following: Director of the Agricultural Research Service, North Carolina State University; Director of the North Carolina Cooperative Extension Service, North Carolina State University; and President of the North Carolina Seedsmen's Association. The other two members shall include: one farmer who is not connected in any way to selling seeds at retail or wholesale and one employee of the Department. An alternate for each member shall also be appointed in the same manner as that member was appointed to serve whenever that member is unable or unwilling to serve. Each member of the Board shall serve a four-year term at the discretion of the Commissioner. The Board shall elect a chairperson. The chairperson shall conduct all meetings and deliberations and direct all other activities of the Board. Three members of the Board shall constitute a quorum and at least three board members must vote affirmatively for the Board to take any action.

(b) A clerk shall be appointed to serve the Board. The clerk shall be an employee of the Department. The clerk shall keep accurate and correct records of all meetings and deliberations and perform other duties for the Board as directed by the chairperson.

(c) The Department shall provide administrative support for the investigation under this section. The Board shall adopt rules to govern investigations and hearings. A copy of the rules shall be mailed to each party to a dispute upon receipt of a complaint.

(d) Members of the Board appointed by the Commissioner who are not governmental employees shall be entitled to receive reimbursement for necessary travel and subsistence expenses pursuant to G.S. 138-5. Members of the Board who are State employees shall be entitled to receive reimbursement for necessary travel and subsistence expenses pursuant to G.S. 138-6.

(e) The Attorney General shall represent the Board in any and all legal proceedings that may arise concerning or against the Board. (1998-210, s. 3.)

§ 106-277.33. Duties of Seed Board.

(a) In conducting its investigation of claims referred by the Commissioner, the Seed Board may engage in the following activities:

(1) Examine the buyer regarding the buyer's use of the seed of which the buyer complains and examine the dealer on the dealer's packaging, labeling, and selling of the seed alleged to be faulty.

(2) Grow a representative sample of the alleged faulty seed to production when such action is deemed by the Board to be necessary.

(3) Hold informal hearings at a time and place directed by the chairperson upon reasonable notice to the buyer and the dealer.

(4) Seek evaluations from authorities in allied disciplines, when deemed necessary by the Board.

(5) Visit and inspect the affected site and take samples, make plant counts, and take pictures of affected and unaffected areas.

(b) The Board shall keep a record of its activities and reports on file in the Department. The Department shall transmit all findings and recommendations to the buyer and to the dealer within 30 days of completion of the investigation.

(c) No investigation shall be made by less than the whole membership of the Board unless the chairperson directs such investigation in writing. Such investigation shall be summarized in writing and considered by the Board in reporting its findings and making its recommendations.

(d) The report of the investigation and the recommendations of the Seed Board shall be binding upon all parties to the extent, if any, that they have so agreed in writing subsequent to the filing of the complaint pursuant to G.S. 106-277.30. (1998-210, s. 3.)

§ 106-277.34. Actions regarding defective seed claims; evidence.

(a) In any court action involving a complaint that has been the subject of an investigation under G.S. 106-277.32, any party may introduce evidence of seed quality, cultivation practices and procedures, and scientific opinion contained in the report of the Seed Board. Statements of the parties and recommendations of the Seed Board as resolution of the dispute are not admissible as evidence unless such evidence is otherwise discoverable.

(b) In any court action where a buyer alleges that he or she suffered damages due to the failure of agricultural or vegetable seed to produce or perform as labeled or warranted, or as the result of negligence, and the buyer failed to make a sworn complaint against the dealer as set forth in G.S. 106-277.30, the buyer's right to recover damages shall be limited to actual expenditures paid by the buyer to other persons for the cost of seed, labor, equipment, fertilizer, insecticide, herbicide, land rent, or other expenses incurred in connection with the cultivation of the seed alleged to be defective, less any value received by the buyer arising from the sale or transfer of any crops grown from the seed in question. § 106-284.19. Inspection; interference with inspectors; "stop-sale" notice.

To enforce the provisions of this Article effectively, the Commissioner of Agriculture and his duly authorized agents are authorized to inspect vegetable plants, and may enter any place of business, warehouse, common carrier or other places where such vegetable plants are stored or being held, for the purpose of making such an inspection; and it shall be unlawful for any person, firm or corporation in custody of such vegetable plants or of the place in which the same are held to interfere with the Commissioner or his duly authorized agents in making such inspections. When the Commissioner or his authorized inspectors find vegetable plants being held, offered or exposed for sale in violation of any of the provisions of this Article or any rule or regulation adopted pursuant thereto, he may issue a "stop-sale notice" to the owner or custodian of any such vegetable plants and shall tag such plants as are in violation. It shall be unlawful for anyone after notice or receipt of such "stop-sale notice" to remove such notice from plants or from any location to which attached; or to plant, sell, give away, move or exchange for transplanting purposes any plants in respect to which such notice has been issued unless and

until so authorized by the Commissioner or his agent or a court of competent jurisdiction. (1959, c. 91, s. 6; 1973, c. 1370, s. 5.)

§ 106-284.21. Authority to permit sale of substandard plants.

Notwithstanding any other provision of this Article, the Commissioner of Agriculture is authorized when the public necessity, welfare, economy, or any emergency situation requires it, to permit for such periods of time as, in his discretion may seem necessary, the sale of vegetable plants for transplanting purposes which do not meet the standards referred to in G.S. 106-284.16. (1959, c. 91, s. 8.)

§ 106-284.22. When Article not applicable.

The provisions of this Article shall not apply:

(1) To the sale by a grower or retail merchant of vegetable plants grown within this State when such sale is made for home or garden or any noncommercial use; provided, however, the provisions shall apply to such sale when such plants are found to be infested with pests so that the exposure for sale or planting is deemed by the Commissioner or his agent to be a hazard to the commercial vegetable industry of North Carolina.

(2) To the sale of vegetable plants for commercial transplanting purposes in this State when grown within this State and sold by a plant producer to a planter having personal knowledge of the conditions under which such vegetable plants were grown or produced provided that such plants are transplanted within a 30-mile radius at which they were grown; but also provided, however, the provisions shall apply to such sale when such plants are found to be infested with pests so that the exposure for sale or planting is deemed by the Commissioner or his agent to be a hazard to the commercial vegetable industry of North Carolina. (1959, c. 91, s. 9; 1973, c. 1370, s. 7.)

§ 106-284.34. Registration.

(a) No person shall manufacture or distribute a commercial feed in this State, unless he has filed with the Commissioner on forms provided by the Commissioner, his name, place of business, and location of each manufacturing facility in this State, if any, and made application to the Commissioner for a permit to report the quantity of commercial feed distributed in this State.

(b) Manufacturers of registered feeds may apply for, and the Commissioner at his discretion may issue, numbered permits authorizing manufacturers of registered feeds to purchase commercial feed as defined in G.S. 106-284.33(4), and the responsibility for the payment of the inspection fee assessed by the provisions of this Article will be assumed by the purchaser to whom such permit has been issued. The use of permits issued under the provisions of this section shall be governed by rules and regulations promulgated by the Commissioner.

(c) No person shall distribute in this State a commercial feed, except a customer-formula feed, which has not been registered pursuant to the provisions of this section. The application for registration shall be submitted in the manner prescribed by the Commissioner. Upon approval by the Commissioner or his duly designated agent the registration shall be issued to the applicant. All registrations expire on the thirty-first day of December of each year. An annual registration fee of five dollars ($5.00) for each commercial feed other than canned pet food shall accompany each request for registration. An annual registration fee of twelve dollars ($12.00) for each canned pet food shall accompany each request for registration.

(d) The Commissioner is empowered to refuse registration of any commercial feed not in compliance with the provisions of this Article and to cancel any registration subsequently found not to be in compliance with any provisions of this Article: Provided, that no registration shall be refused or canceled unless the registrant shall have been given an opportunity to be heard before the Commissioner or his duly designated agent and to amend his application in order to comply with the requirements of this Article.

   a. The net weight.
   b. The product name and the brand name, if any, under which the commercial feed is distributed.
   c. The guaranteed analysis stated in such terms as the Board by regulation determines is required to advise the users of the composition of the feed or to support claims made in the labeling. In all cases the substances or elements must be determinable by laboratory methods such as the methods published by the Association of Official Analytical Chemists.
   d. The common or usual name of each ingredient used in the manufacture of the commercial feed: Provided, that the Board by

regulation may permit the use of collective terms for a group of ingredients which perform a similar function, or the Board may exempt such commercial feeds, or any group thereof, from this requirement of an ingredient statement if it finds that such statement is not required in the interest of consumers.

e. The name and principal mailing address of the manufacturer or the person distributing the commercial feed.

f. Adequate directions for use for all commercial feeds containing drugs and for such other feeds as the Board may require by regulations as necessary for their safe and effective use.

g. Such precautionary statements as the Board by regulation determines are necessary for the safe and effective use of the commercial feed.

(2) In the case of a customer-formula feed, it shall be accompanied by a label, invoice, delivery slip, or other shipping document to be presented to the purchaser at time of delivery, bearing the following information:

a. Name and address of the manufacturer.

b. Name and address of the purchaser.

c. Date of delivery.

d. The product name and brand name, if any, and the net weight of each registered commercial feed used in the mixture, and the net weight of each other ingredient used.

e. Adequate directions for use for all customer-formula feeds containing drugs and for such other feeds as the Board may require by regulation as necessary for their safe and effective use.

f. Such precautionary statements as the Board by regulation determines are necessary for the safe and effective use of the customer-formula feed. (1973, c. 771, s. 6.)

§ 106-284.36. Bag weights.

All commercial feed, except that in bags or packages of five pounds or less, shall be in such standard-weight bags or packages as the Board by regulation shall prescribe. (1973, c. 771, s. 7.)

§ 106-284.37. Misbranding.

A commercial feed shall be deemed to be misbranded:

(1) If its labeling is false or misleading in any particular.

(2) If it is distributed under the name of another commercial feed.

(3) If it is not labeled as required in G.S. 106-284.35.

(4) If it purports to be or is represented as a commercial feed, or if it purports to contain or is represented as containing a commercial feed ingredient, unless such commercial feed or feed ingredient conforms to the definition, if any, prescribed by regulation by the Board.

(5) If any word, statement, or other information required by or under authority of this Article to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use. (1973, c. 771, s. 8.)

§ 106-284.38. Adulteration.

A commercial feed shall be deemed to be adulterated:

(1)a. If it bears or contains any poisonous or deleterious substance which may render it injurious to health; but in case the substance is not an added substance, such commercial feed shall not be considered adulterated under this subdivision if the quantity of such substance in such commercial feed does not ordinarily render it injurious to health; or

b. If it bears or contains any added poisonous, added deleterious, or added nonnutritive substance which is unsafe within the meaning of section 406 of the Federal Food, Drug and Cosmetic Act (other than one which is (i) a pesticide chemical in or on a raw agricultural commodity; or (ii) a food additive); or

c. If it is, or it bears or contains, any food additive which is unsafe within the meaning of section 409 of the Federal Food, Drug and Cosmetic Act; or

d. If it is a raw agricultural commodity and it bears or contains a pesticide chemical which is unsafe within the meaning of section 408(a) of the Federal Food, Drug and Cosmetic Act; provided, that where a pesticide chemical has been used in or on a raw agricultural commodity in conformity with an exemption granted or a tolerance prescribed under section 408 of the Federal Food, Drug and Cosmetic Act and such raw agricultural commodity has been subjected to processing such as canning, cooking, freezing, dehydrating, or milling, the residue of such pesticide chemical remaining in or on such processed feed shall not be deemed unsafe if such residue in or on the raw agricultural commodity has been removed to the extent possible in good manufacturing practice and the concentration of such residue in the processed feed is not greater than the tolerance prescribed for the raw agricultural commodity unless the feeding of such processed feed will result or is likely to result in a pesticide residue in the edible product of the animal, which is unsafe within the meaning of section 408(a), of the Federal Food, Drug and Cosmetic Act.

e. If it is, or it bears or contains, any color additive which is unsafe within the meaning of section 706 of the Federal Food, Drug and Cosmetic Act.

(2) If any valuable constituent has been in whole or in part omitted or abstracted therefrom or any less valuable substance substituted therefor.

(3) If its composition or quality falls below or differs from that which it is purported or is represented to possess by its labeling.

(4) If it contains a drug and the methods used in or the facilities or controls used for its manufacture, processing, or packaging do not conform to current good manufacturing practice regulations promulgated by the Board to assure that the drug meets the requirements of this Article as to safety and has the identity and strength and meets the quality and purity characteristics which it purports or is represented to possess. In promulgating such regulations, the Board shall adopt the current good manufacturing practice regulations for medicated feed premixes and for medicated feeds established under authority of the Federal Food, Drug and Cosmetic Act, unless it determines that they are not appropriate to the conditions which exist in this State.

(5) If it contains viable weed seeds in amounts exceeding the limits which the Board shall establish by rule or regulation. (1973, c. 771, s. 9.)

§ 106-284.39. Prohibited acts.

The following acts and the causing thereof within the State of North Carolina are hereby prohibited:

(1) The manufacture or distribution of any commercial feed that is adulterated or misbranded.
(2) The adulteration or misbranding of any commercial feed.
(3) The distribution of agricultural commodities such as whole seed, hay, straw, stover, silage, cobs, husks, and hulls, which are adulterated within the meaning of G.S. 106-284.38(1).
(4) The removal or disposal of a commercial feed in violation of an order under G.S. 106-284.43.
(5) The failure or refusal to register in accordance with G.S. 106-284.34.
(6) The violation of G.S. 106-284.44(f).
(7) Failure to pay inspection fees and file reports as required by G.S. 106-284.40.
(8) The use of metal fasteners as bag fasteners or for attaching labels to the containers of commercial feed. (1973, c. 771, s. 10.)

§ 106-284.40. Inspection fees and reports.

(a) An inspection fee at the rate of three cents (3¢) for each carton of 48 cans shall be paid on canned pet food distributed in this State by the person whose name appears on the label as the manufacturing distributor or guarantor subject to (b)(1), (2), (3), and (5) of this section.

(b) An inspection fee at the rate of twelve cents (12¢) per ton shall be paid on commercial feeds distributed in the State by the person whose name appears on the label of the commercial feed as the manufacturer, distributor or guarantor of the commercial feed, subject to the following:

(1) No fee shall be paid on a commercial feed if the payment has been made by a previous distributor.
(2) No fee shall be paid on customer-formula feeds if the inspection fee is paid on the commercial feeds which are used as ingredients therein.
(3) No fee shall be paid on commercial feeds which are used as ingredients or a base for the manufacture of commercial feeds which are registered, if the fee has already been paid. If the inspection fee has already been paid on such commercial feed, the amount paid shall be deducted from the gross amount due on the total feed produced.
(4) In the case of a commercial feed other than canned pet food which is distributed in the State only in packages of five pounds or less, an annual registration fee of forty dollars ($40.00) shall be paid in lieu of the inspection fee specified above.
(5) The minimum inspection fee shall be ten dollars ($10.00) per quarter unless no feed was sold in the State during the quarter.
(6) Manufacturers of commercial feeds may appear before the Board, and after finding there exists a contract feeder relationship between a manufacturer of commercial feeds and an independent contractor, the Board may issue annual numbered permits exempting that manufacturer of commercial feed from paying the inspection fee assessed by the provisions of this law for that feed delivered to the contract feeder. The manufacturer of ingredients who sells such ingredients to manufacturers of commercial feeds under this subdivision shall have in his possession the exemption number of the permit referred to in G.S. 106-284.34(b) and/or the permit issued by the Board under this subdivision before the supplier may be relieved of the responsibility for payment of the inspection fee. The holder of a valid contract feeder

exemption permit shall be exempt from paying the inspection fee on all ingredients purchased for its own use, provided that at least one-half of the ingredients purchased in the previous calendar year were used in feed delivered to contract feeders.

The holder of said permit may voluntarily return said permit to the Commissioner for cancellation at which time said holder may not apply for or receive another exemption permit under this subdivision for a period of 12 months. The exemption permits under this subdivision shall be renewable automatically every year by the Board without additional findings of fact unless it is brought to the Board's attention by the Commissioner or his duly designated officer or employee that there no longer exists the relationship of a contract feeder between the manufacturer of commercial feeds and an independent contractor. In the event the Commissioner or his duly designated officer or employee notifies the Board when the permit is to be automatically renewed or anytime the permit is in effect, that there no longer exists a contract feeder relationship for the permit holder, the Board shall determine the veracity of the notification and revoke said permit if the facts are found to be true by the Board.

Commercial feeds exempt from inspection fees under this subdivision shall not be subject to sampling and analysis other than as may be necessary to determine compliance with good manufacturing practice regulations pertaining to medicated animal feed and medicated feed premixes established under G.S. 106-284.38(4) of this law.

(c) Each person who is liable for the payment of such fee shall:

(1) File, not later than the last day of January, April, July and October of each year, a quarterly statement setting forth the number of net tons of commercial feeds and/or cases of canned pet food distributed in this State during the preceding calendar quarter, and upon filing such statements shall pay the inspection fee at the rate stated in subsections (a) and (b) of this section. Inspection fees which are due and owing and have not been remitted to the Commissioner within 15 days following the due date shall have a penalty fee of ten percent (10%) (minimum ten dollars ($10.00)) added to the amount due when payment is finally made. The assessment of this penalty fee shall not prevent the Commissioner from taking other actions as provided in this Chapter.

(2) Keep such records as may be necessary or required by the Commissioner to indicate accurately the tonnage of commercial feed distributed in this State, and the Commissioner or his duly designated agent shall have the right to examine such records during normal business hours, to verify statements of tonnage. Failure to make an accurate statement of tonnage or to pay the inspection fee or comply as provided herein shall constitute sufficient cause for the cancellation of all registrations on file for the distributor. (1973, c. 771, s. 11; 1975, c. 900, s. 2; c. 961, s. 2; 1987 (Reg. Sess., 1988), c. 1043; 1989, c. 544, s. 6; 2005-276, s. 42.1(b).)

§ 106-284.41. Rules and regulations.

(a) The Board is authorized to promulgate such rules and regulations for commercial feeds and pet foods as are specifically authorized in this Article and such other reasonable rules and regulations as may be necessary for the efficient enforcement of this Article. In the interest of uniformity the Board shall by regulation adopt, unless it determines that they are inconsistent with the provisions of this Article or are not appropriate to conditions which exist in this State, the following:

(1) The official definitions of feed ingredients and official feed terms adopted by the Association of American Feed Control Officials and published in the official publication of that organization, and

(2) Any regulations promulgated pursuant to the authority of the Federal Food, Drug and Cosmetic Act (21 U.S.C. section 301 et seq.).

(b) Before the issuance, amendment, or repeal of any rule or regulation authorized by this Article, the Board shall publish the proposed regulation, amendment, or notice to repeal an existing regulation in a manner reasonably calculated to give interested parties, including all current registrants, adequate notice and shall afford all interested persons an opportunity to present their views thereon, orally or in writing, within a reasonable period of time. After consideration of all views presented by interested persons, the Board shall take appropriate action to issue the proposed rule or regulation or to amend or repeal an existing rule or regulation. The provisions of this subsection notwithstanding, if the Board pursuant to the authority of this Article, adopts the official definitions of feed ingredients or official feed terms as adopted by the Association of American Feed Control Officials, or regulations promulgated pursuant to the authority of the Federal Food, Drug and Cosmetic Act, any amendment or modification adopted by said Association or by the Secretary of Health, Education and Welfare in the case of regulations promulgated pursuant to the Federal Food, Drug and Cosmetic Act, shall be deemed adopted automatically under this Article without regard to the publication of the notice required by this subsection (b), unless the Board by resolution specifically determines that said amendment or modification shall not be adopted. (1973, c. 771, s. 12; 1975, c. 19, s. 32.)

Editor's Note. — Session Laws 2008-88, s. 1 provides: "Pursuant to G.S. 150B-21.3(b1), 02 NCAC 09E .0116 (Unpasteurized Milk), as adopted by the North Carolina Board of Agriculture on September 7, 2007, and approved by the Rules Review Commission on October 18, 2007, is disapproved."

§ 106-284.42. Inspection, sampling, and analysis.

(a) For the purpose of enforcement of this Article, and in order to determine whether its provisions have been complied with, including whether or not any operations may be subject to such provisions, officers or employees duly designated by the Commissioner upon presenting appropriate credentials, to the owner, operator, or agent in charge, are authorized (i) to enter, during normal business hours or actual operation, any factory, warehouse, or establishment within the State in which commercial feeds are manufactured, processed, packed, or held for distribution and take samples therefrom or to enter any vehicle being used to transport or hold such feeds and take samples therefrom; and (ii) to inspect during normal business hours or while in operation, such factory, warehouse, establishment or vehicle and all pertinent equipment, finished or unfinished materials, containers, and labeling therein. The inspection may include the verification of such records, and production and control procedures as may be necessary to determine compliance with this Article.

(b) A separate presentation of appropriate credentials shall be given for each such inspection, but a presentation shall not be required for each entry made during the period covered by the inspection. Each such inspection shall be commenced and completed with reasonable promptness. Upon completion of the inspection, the person in charge of the facility or vehicle shall be so notified.

(c) If the officer or employee making such inspection of a factory, warehouse, or other establishment has obtained a sample(s) in the course of the inspection, upon completion of the inspection and prior to leaving the premises he shall

give to the owner, operator, or agent in charge a receipt describing the sample(s) obtained.

(d) If the owner of any factory, warehouse or establishment described in subsection (a), or his agent, refuses to admit the Commissioner or his agent to inspect in accordance with subsections (a) and (b), the Commissioner or his agent is authorized to obtain without notice from any district or superior court judge within the county where the facility is located, an order directing such owner or his agent to submit the premises described in such order to inspection.

(e) Sampling and analysis shall be conducted in accordance with methods published by the Association of Official Analytical Chemists, or in accordance with other generally recognized methods.

(f) The results of all analyses of official samples shall be forwarded by the Commissioner to the person named on the label and to the dealer. When the inspection and analysis of an official sample indicates a commercial feed has been adulterated or misbranded, and upon written request within 30 days following receipt of the analysis, the Commissioner shall furnish to the registrant a portion of the sample concerned.

(g) The Commissioner, in determining for administrative purposes whether a commercial feed is deficient in any component, shall be guided by the official sample as defined in G.S. 106-284.33, subdivision (14), and obtained and analyzed as provided for in subsections (a), (c), and (e) of this section.

(h) The Board is authorized to adopt regulations establishing permitted analytical variation providing for reasonable deviation from the guaranteed analysis.

(i) The registrant of a commercial feed found to be in significant violative deviation from the guarantee shall be subject to a penalty for this deviation.

(j) If the analysis of a sample shows a deviation from permitted analytical variation established by the Board, the registrant or other responsible person shall be penalized according to the following schedule:

Component Deviating	*Method of Penalty Assessment*
Crude protein	Three times the relative percentage * of deviation from the guarantee times the retail value of the commercial feed.
Crude fat	Ten percent (10%) of retail value of the lot of commercial feed.
Crude fiber	Ten percent (10%) of retail value of the lot of commercial feed.
Vitamins	Ten percent (10%) of retail value of the lot of commercial feed.
Minerals	Ten percent (10%) of retail value of the lot of commercial feed.
Crude protein equivalent from nonprotein nitrogen	Ten percent (10%) of retail value of the lot of commercial feed.
Animal drugs	Twenty percent (20%) of retail value of the lot of commercial feed.
Antibiotics	Twenty percent (20%) of retail value of the lot of commercial feed.
Other analysis	Ten percent (10%) of retail value of the lot of commercial feed.

* Example, a feed guaranteed 16.0% protein and assaying only 14.0%, will be considered as 2.0%/16.0%, or 12.5% deficient in protein. The penalty will be

computed as 3 x 0.125 x retail value of the feed, or 0.375 x retail value of the feed.

(k) Penalties for multiple deficiencies within a sample shall be additive; provided that in no case shall the penalty exceed the retail value of the product. It shall be the duty of the person owning said cattle at the time of said testing to assist with and cooperate with the person testing said cattle. Cattle affected with brucellosis shall be quarantined and slaughtered at a State or federally inspected slaughter plant within 10 days after branding and tagging; provided the State Veterinarian, in his discretion, may grant an extension of time for said slaughter not to exceed 30 days; and provided further that the Commissioner of Agriculture may allow a branded and tagged animal having unusual breeding value to be held for a period of time determined by him under conditions of isolation and quarantine prescribed by the State Veterinarian. No animal affected with, or exposed to, brucellosis shall be sold, traded or otherwise disposed of except for immediate slaughter, and it shall be the duty of the person disposing of such infected animals to see that they are promptly slaughtered and a written report of same made to the State Veterinarian.

No ear tag, back tag, or other mark of identification approved by the Commissioner of Agriculture for identifying animals for the purpose of brucellosis testing, including testing at slaughter plants, shall be removed from the animal without authorization from the State Veterinarian or his authorized representative. Said animals shall not be removed from premises where quarantined until quarantine has been released by State Veterinarian or his authorized representative. A permit to move such infected or exposed animals to immediate slaughter may be issued by the State Veterinarian or his authorized representative. The Board of Agriculture is empowered to make regulations to provide for compulsory testing of animals for brucellosis. (1937, c. 175, s. 6; 1967, c. 511.)

The starting and finishing time of each sale shall be recorded by the livestock inspector on his report of the sale. A copy of the report shall be given to the market operator or his representative following the sale. The operation fee shall be waived when a livestock market operator employs a licensed, accredited veterinarian approved by the State Veterinarian to be present at the market from the starting time of the sale until all livestock to be admitted to the sales barn on that sale day have entered and such work in inspection, testing and vaccination as designated by the State Veterinarian has been completed. CASE NOTES

Constitutionality. — The tax contemplated under this section, being uniform upon those of the class designated, and being laid upon a trade, whether that of cotton ginning or farming, is within the authority conferred on the legislature to further "tax trades," etc., and is constitutional. Bickett v. State Tax Comm'n, 177 N.C. 433, 99 S.E. 415 (1919).

Purpose of Fund. — The General Assembly, when by this section it created the State Indemnifying and Guaranty Fund to safeguard the state warehouse system and to make its receipts acceptable as collateral, did not intend that it should encourage individuals or financial institutions to engage in transactions from which they would otherwise have recoiled. On the contrary, the fund was created to protect those parties to or purchasers of warehouse receipts who, acting in good faith and without reason to know that the goods described thereon are misdescribed or nonexistent, suffer loss through their acceptance or purchase of the receipt. Branch Banking & Trust Co. v. Gill, 293 N.C. 164, 237 S.E.2d 21 (1977).

Proper Parties in Action to Enforce Section. — The Governor, the State Board of Agriculture, and the State warehouse superintendent are proper parties plaintiff in an action against the members of the State Tax Commission to require them to provide and enforce the machinery for the collection of the tax provided by this Article. Bickett v. State Tax Comm'n, 177 N.C. 433, 99 S.E. 415 (1919).

Liability of Fund Is Secondary. — A judgment against defendants who had deposited cotton and received negotiable warehouse receipts without disclosing that the cotton was a portion of crops included in recorded liens held by plaintiff, and a judgment against the State Treasurer to be paid from the fund provided by this section, should provide that the liability of the defendants depositing the cotton is primary and the liability of guaranty fund is secondary. Ahoskie Prod. Credit Ass'n v. Whedbee, 251 N.C. 24, 110 S.E.2d 795 (1959).

Recovery on Bond. — Where a warehouse superintendent fraudulently negotiates spent warehouse receipts and the bona fide holder thereof recovers from the indemnifying fund provided by this section, the State may recover on the bond of the superintendent. The bond is the fund primarily liable. Lacy v. Globe Indem. Co., 189 N.C. 24, 126 S.E. 316 (1925). See Ellison v. Hunsinger, 237 N.C. 619, 75 S.E.2d 884 (1953).

Loss Due to Failure to Issue Receipt Not Recoverable from State Treasurer. — A recovery may not be had against the State Treasurer out of the fund accumulated under this section, for a loss resulting to plaintiff by failure of a warehouse to issue official receipts for cotton to plaintiff as agreed, the receipts having been issued to the holder of a lien against the cotton and the warehouse having refused delivery of the cotton to plaintiff upon his demand, since the purpose of the statute is to make warehouse receipts acceptable as collateral, and plaintiff is not the holder of the receipts. Northcutt v. People's Bonded Whse. Co., 206 N.C. 842, 175 S.E. 165 (1934).

§ 106-465. Organization and membership of tobacco boards of trade; rules and regulations; fire insurance and extended coverage required; price fixing prohibited.

Tobacco warehousemen and the purchasers of leaf tobacco, at auction, on warehouse floors, are hereby authorized to organize, either as nonstock

corporations, or voluntary associations, tobacco boards of trade in the several towns and cities in North Carolina in which leaf tobacco is sold on warehouse floors, at auction.

Such tobacco boards of trade as may now exist, or which may hereafter be organized, are authorized to make reasonable rules and regulations for the economical and efficient handling of the sale of leaf tobacco at auction on the warehouse floors in the several towns and cities in North Carolina in which an auction market is situated.

Each tobacco board of trade organized pursuant to this section shall, on or before June 1, 1973, by regulation, require that all auction warehouse firms which are members of, or may hereafter request membership in, such board of trade for the purpose of displaying for sale and selling leaf tobacco, deposit with the board of trade prior to the market opening, a copy of a policy of fire insurance and extended coverage in a company licensed to do business in North Carolina to fully insure, as determined by the board of trade, the market value of the maximum volume of tobacco that will be weighed and left displayed for sale on said warehouse floor at any time during the marketing season. Warehouses using mechanized conveyor-line auction sales where tobacco is not displayed for sale on sales floor would be excluded from the requirement of this regulation.

In determining the market value and maximum volume of tobacco that will be weighed and placed on said warehouse floor at any one time, the board of trade shall use as criteria the prior season's official gross average price for that belt, as recorded by the North Carolina Department of Agriculture and Consumer Services and the maximum limit of daily sales, as recommended by the currently functioning flue-cured and burley tobacco marketing organizations, applied to each warehouse based on the firm's pro rata share of the market's maximum limit daily sales opportunity, multiplied times the number of days of sales that said warehouse plans to place on sales floor at any one time, including any and all tobacco weighed and deposited with the warehouse as bailee for future sale. The data relating to the official average price and the maximum limits of daily sales shall be assembled and supplied by the North Carolina Commissioner of Agriculture or his representative to the board of trade in each tobacco market in North Carolina, at least 30 days prior to the opening of markets in each belt.

It shall be unlawful for any person, firm, or corporation to operate an auction sale in said market until said policy is so deposited with and approved by the board of trade. The board of trade shall enjoin the sale of tobacco by any warehouse firm that fails to so deposit a policy of fire insurance and extended coverage with the board.

The tobacco boards of trade in the several towns and cities in North Carolina are authorized to require as a condition to membership therein the applicants to pay a reasonable membership fee and the following schedule of maximum fees shall be deemed reasonable, to wit:

A membership fee of fifty dollars ($50.00) in those towns in which less than 3,000,000 pounds of tobacco was sold at auction between the dates of August 20, 1931, and May 1, 1932; a fee of one hundred dollars ($100.00) in those towns in which during said period of time more than 3,000,000 and less than 10,000,000 pounds of tobacco was sold; a fee of one hundred fifty dollars ($150.00) in those towns in which during said period of time more than 10,000,000 and less than 25,000,000 pounds of tobacco was sold; a fee of three hundred dollars ($300.00) in those towns in which during said period of time more than 25,000,000 pounds of tobacco was sold.

Membership, in good standing, in a local board of trade shall be deemed a reasonable requirement by such board of trade as a condition to participating in the business of operating a tobacco warehouse or the purchase of tobacco at auction therein.

Membership in the several boards of trade may be divided into two categories:

(1) Warehousemen;

(2) Purchasers of leaf tobacco other than warehousemen.

Purchasers of leaf tobacco may be: (i) participating or (ii) nonparticipating. The holder of a membership as a purchaser of leaf tobacco shall have the option of becoming, upon written notice to the board of trade, either a participating or a nonparticipating member. Individuals, partnerships, and/or corporations who are members of tobacco boards of trade, established under this section or coming within the provisions of this section, as nonparticipating members shall not participate in or have any voice or vote in the management, conduct, activities, allotment of sales time, and/or hours, the fixing of dates for the opening or closing of tobacco auction markets, or in any other manner or respect. Individuals, partnerships, and/or corporations who are such nonparticipating members in any of the several tobacco boards of trade shall not be responsible or liable for any of the acts, omissions or commissions of the several tobacco boards of trade.

It shall be unlawful and punishable as of a Class 1 misdemeanor for any bidder or purchaser of tobacco upon warehouse floors to refuse to take and pay for any basket or baskets so bid off from the seller when the seller has or has not accepted the price offered by the purchaser or bidder of other baskets. Any person suspended or expelled from a tobacco board of trade under the provisions of this section may appeal from such suspension to the superior court of the county in which said board of trade is located.

Nothing in this section shall authorize the organization of any association having for its purpose the control of prices or the making of rules and regulations in restraint of trade. (1933, c. 268; 1951, c. 383; 1973, c. 96; 1993, c. 539, s. 790; 1994, Ex. Sess., c. 24, s. 14(c); 1997-261, s. 109.)

CASE NOTES

Interests of Warehousemen, Buyers and Sellers of Tobacco. — The warehousemen have an economic stake in the markets' operations, but the markets exist for the purpose of serving the interests of buyers and sellers of tobacco. Those interests deserve inquiry and consideration in an appraisal of any plan containing market restrictions and limitations. Robertson v. FTC, 415 F.2d 49 (4th Cir. 1969).

The very nature of leaf tobacco demands regulation of its sale, as this section recognizes and the decisions of the courts confirm. Eagles v. Harriss Sales Corp., 368 F.2d 927 (4th Cir. 1966).

Jurisdiction of Federal Trade Commission. — There is a substantial public interest in maintaining free and open competition among warehousemen on tobacco auction markets. The public interest often is specific and substantial, because the unfair method employed threatens the existence of present or potential competition. That is the basis for the jurisdiction of the Federal Trade Commission in a case involving regulations adopted pursuant to this section governing the allocation of selling time to tobacco warehouses. Asheville Tobacco Bd. of Trade, Inc. v. FTC, 263 F.2d 502 (4th Cir. 1959).

The decisions of the North Carolina courts since the enactment of this section make it clear that the sale of tobacco at auction is of great public importance to the State of North Carolina, but they also show that the operation of the business is in the hands of private parties. A tobacco board of trade is organized primarily for the benefit of those engaged in the business; its articles of association and bylaws constitute a contract amongst the members by which each member consents to reasonable regulations pertaining to the conduct of the business. Such a board is not an instrumentality of the State, and its activities are subject to the jurisdiction of the Federal Trade Commission. Asheville Tobacco Bd. of Trade, Inc. v. FTC, 263 F.2d 502 (4th Cir. 1959).

Unfair Trade Regulations Are Subject to Correction by Federal Trade Commission, Not Courts. — The Federal Trade Commission rather than the courts has the expertise, the power, and the implements to explore and correct unfair trade regulations. Eagles v. Harriss Sales Corp., 368 F.2d 927 (4th Cir. 1966).

Members Have Technical Representation Through Board. — Under this section, tobacco purchasers are, or may be, members of a board of trade. To the extent that they are,

they have had technical representation through the board of trade. Roberts v. Fuquay-Varina Tobacco Bd. of Trade, Inc., 405 F.2d 283 (4th Cir. 1968).

By becoming a member of a board a person consents to be bound by its reasonable regulations. Eagles v. Harriss Sales Corp., 368 F.2d 927 (4th Cir. 1966).

Rules and Regulations of Board. — The authority granted to a tobacco board of trade, under and by virtue of the provisions of this section, to make reasonable rules and regulations for the economical and efficient handling of the sale of leaf tobacco at auction on warehouse floors where an auction market is situated, is sufficiently broad to include the authority to make reasonable rules and regulations in respect to allotment of sales time. Cooperative Warehouse v. Lumberton Tobacco Bd. of Trade, Inc., 242 N.C. 123, 87 S.E.2d 25; Day v. Asheville Tobacco Bd. of Trade, 242 N.C. 136, 87 S.E.2d 18 (1955).

The articles of association for the purposes expressed in the charter and bylaws of a tobacco board of trade, organized and existing under and by virtue of this section, constitute a contract between it and its members, and as a consequence of membership in the corporation for mutual membership, each member is deemed to have consented to all reasonable rules and regulations pertaining to the business. Cooperative Warehouse v. Lumberton Tobacco Bd. of Trade, 242 N.C. 123, 87 S.E.2d 25; Day v. Asheville Tobacco Bd. of Trade, 242 N.C. 136, 87 S.E.2d 18 (1955).

Regulations adopted by a local tobacco board of trade involving allocation of selling time to warehouses were held in the instant case to unreasonably and unduly restrain trade in the purchase and sale of tobacco and to constitute unfair methods of competition and unfair acts or practices in commerce within the meaning of the Federal Trade Commission Act. Asheville Tobacco Bd. of Trade, Inc. v. FTC, 263 F.2d 502 (4th Cir. 1959).

A tobacco board of trade has no authority to legislate. It cannot create a duty where the law creates none. The legislature has the authority to regulate, within constitutional limits, the sale of leaf tobacco upon the auction markets of this State, and in doing so may prescribe standards of conduct to be observed by those who conduct auction warehouses as well as others participating in the sales. But this is a nondelegable power. Kinston Tobacco Bd. of Trade v. Liggett & Myers Tobacco Co., 235 N.C. 737, 71 S.E.2d 21, cert. denied, 344 U.S. 866, 73 S. Ct. 108, 97 L. Ed. 671 (1952).

Board Has No Right to Establish Sales and Require Buyers to Purchase Thereat. — This section is silent upon the question of the number of sales and prescribes no standard by which the number of sales may be determined. Therefore, in the absence of an agreement, either expressed or implied, a board organized under this section has no right to establish sales and require buyers to purchase thereat. Kinston Tobacco Bd. of Trade v. Liggett & Myers Tobacco Co., 235 N.C. 737, 71 S.E.2d 21, cert. denied, 344 U.S. 866, 73 S. Ct. 108, 97 L. Ed. 671 (1952).

Regulation adjusting divisions of selling time to establish an equitable market participation did not constitute conspiracy, monopoly, or an unreasonable restraint of trade. Eagles v. Harriss Sales Corp., 368 F.2d 927 (4th Cir. 1966).

Applied in Roberts v. Fuquay-Varina Tobacco Bd. of Trade, Inc., 220 F. Supp. 608 (E.D.N.C. 1963).

Unfair Practices by Handlers of Fruits and Vegetables.

§ 106-496. Protection against unfair trade practices.

The Board of Agriculture is hereby authorized to make such rules and regulations as it deems necessary to protect producers of fruits and vegetables from loss caused by financial irresponsibility and unfair, harmful or unethical trade practices of handlers who incur financial liability for the purchase or production of fruits and vegetables. A "handler," as used herein, is a person, firm, corporation or other legal entity or his agent or employee who enters into a written contract for the purchase from or production by a producer of fruits and vegetables. (1941, c. 359, s. 1; 1971, c. 1064, s. 1.)

CASE NOTES

Commissioner Is Not Individually Liable. — The Commissioner of Agriculture could not be held individually liable to producers of soybeans for failure to require a soybean dealer to obtain a permit to operate as a grain dealer and to furnish bond as set forth in G.S. 106-496 et seq., since the sections did not place a mandatory duty on the Commissioner to require permits or bonds, and there was no liability provision in the statute. Etheridge v. Graham, 14 N.C. App. 551, 188 S.E.2d 551 (1972), decided prior to 1971 amendments to this Article.

§ 106-497. Permits required.

A handler of fruits and vegetables shall not enter into a written contract with a producer until he obtains a written permit from the Commissioner of Agriculture. The Board of Agriculture may prescribe by regulation the form of the application for a permit, the information to be furnished to the Commissioner by the applicant for a permit and the date for filing the application. A permit shall not be issued until the applicant files on or before the date set by the Board a written request with the Commissioner and files with the request two copies of the applicant's proposed contract. A penalty of twenty-five dollars ($25.00) shall be paid by the applicant if the application is filed after the date established by the Board and no permit shall be issued until such penalty is paid. Any penalties collected by the Commissioner shall be used to help defray the costs of administering Article 44 of Chapter 106.

This Article shall not apply to transactions by a handler with a producer on a cash basis. "Cash" as used herein shall include bank bills, checks drawn on banks and bank notes. (1941, c. 359, s. 2; 1971, c. 1064, s. 2.)

§ 106-498. Bond required.

No permit shall be issued to a handler until such handler has furnished the Commissioner of Agriculture a bond satisfactory to the Commissioner in an amount of not less than ten thousand dollars ($10,000). The Commissioner may require a new bond or he may require the amount of any bond to be increased if he finds it necessary for the protection of the producer. Such bond shall be payable to the State and shall be conditioned upon the fulfilling of all financial obligations incurred by the handler with all producers with whom the handler contracts. Any producer alleging any injury by the fraud, deceit, willful injury or failure to comply with the terms of any written contract by a handler may bring suit on the bond against the principal and his surety in any court of competent jurisdiction and may recover the damages found to be caused by such acts complained of. (1941, c. 359, s. 3; 1967, c. 154; 1971, c. 1064, s. 3.)

§ 106-499. Contracts between handlers and producers; approval of Commissioner.

All contracts filed with the Commissioner by an applicant shall be approved by the Commissioner before a permit is issued. The Commissioner may withhold his approval in his discretion if he is of the opinion that the contract is illegal or unfair to the producer, or that the contractor is insolvent or financially irresponsible, or if for any other cause it reasonably appears to him that the contract in question might defeat the purpose of this Article. (1941, c. 359, s. 4; 1971, c. 1064, s. 4.)

§ 106-500. Additional powers of Commissioner to enforce Article.

In order to enforce this Article, the Commissioner of Agriculture, upon his own motion or upon the verified complaint of any producer, shall have the following additional powers:

(1) To inspect or investigate transactions for the sale or delivery of fruits and vegetables to persons acting as handlers; to require verified reports and accounts of all authorized handlers; to examine books, accounts, memoranda, equipment, warehouses, storage, transportation and other facilities, fruits and vegetables and other articles connected with the business of the handlers; to inquire into failure or refusal of any handlers to accept produce under his contracts and to pay for it as agreed;

(2) To hold hearings after due notice to interested parties and opportunity to all to be heard; to administer oaths, take testimony and issue subpoenas; to require witnesses to bring with them relevant books, papers, and other evidence; to compel testimony; to make written findings of fact and on the basis of these findings to issue orders in controversies before him, and to revoke the permits of persons disobeying the terms of this Article or of rules, regulations, and orders made by the Board or the Commissioner. Any party disobeying any order or subpoena of the Commissioner shall be guilty of contempt, and shall be certified to the superior court for punishment. Any party

may appeal to the superior court from any final order of the Commissioner;

(3) To issue all such rules and regulations, with the approval of the Board, and to appoint necessary agents and to do all other lawful things necessary to carry out the purposes of this Article.

(4) This Article will not apply to peanuts and corn grown under contract for seed purposes. (1941, c. 359, s. 5; 1971, c. 1064, ss. 5, 6.)

§ 106-501. Violation of Article or rules made misdemeanor.

Any person who violates the provisions of this Article or the rules and regulations promulgated thereunder shall be guilty of a Class 1 misdemeanor. (1941, c. 359, s. 6; 1993, c. 539, s. 792; 1994, Ex. Sess., c. 24, s. 14(c).)

Article 45.

Agricultural Societies and Fairs.

Part 1. State Fair.

§ 106-502. Land set apart.

For the purpose of the operating of a State fair, expositions and other projects which properly represent the agricultural, manufacturing, industrial and other interests of the State of North Carolina, there is hereby dedicated and set apart 200 acres of land owned by the State or any department thereof within five miles of the State Capitol, the particular acreage to be selected, set apart, and approved by the Governor and Council of the State of North Carolina. (1927, c. 209, s. 1; 1959, c. 1186, s. 1.)

§ 106-503. Board of Agriculture to operate fair.

(a) The State fair and other projects provided for in G.S. 106-502, shall be managed, operated and conducted by the Board of Agriculture established in G.S. 106-502. To that end, said Board of Agriculture shall, at its first meeting after the ratification of this section, take over said State fair, together with all the lands, buildings, machinery, etc., located thereon, now belonging to said State fair and shall operate said State fair and other projects with all the authority and power conferred upon the former board of directors, and it shall make such rules and regulations as it may deem necessary for the holding and conducting of said fair and other projects, and/or lease said fair properties so as to provide a State fair.

(b) The Board of Agriculture may adopt regulations establishing fees or charges for admission to the State Fairgrounds and for services provided incidental to the use of the State Fairgrounds.

(c) The Board of Agriculture, subject to the provisions of Chapter 146 of the General Statutes, may establish a schedule of rental rates for fair properties and specifications for the issuance of premiums so as to provide a State fair and other projects.

(d) The Board of Agriculture shall provide and maintain recycling bins for the collection and recycling of newspaper, aluminum cans, glass containers, and recyclable plastic beverage containers at the State Fairgrounds. (1931, c. 360, s. 3; 1959, c. 1186, s. 2; 1981, c. 495, s. 4; 1981 (Reg. Sess., 1982), c. 1359, s. 2; 1987, c. 827, s. 34; 1991, c. 336, s. 2.)

Editor's Note. — Session Laws 1991, c. 336, s. 5 provides: "This act shall not be construed to obligate the General Assembly to make any appropriation to implement the provisions of this act. Each department and agency to which this act applies shall implement the provisions of this act from funds otherwise appropriated to that department or agency."

OPINIONS OF ATTORNEY GENERAL

The Department of Agriculture and Consumer Services Has Authority to Operate and Manage the North Carolina State Fair. — The Department of Agriculture and Consumer Services, rather than the Board of Agriculture, has the authority to select the midway operator, execute contracts and operate and manage the North Carolina State Fair. See opinion of Attorney General to The Honorable Eric Miller Reeves, The North Carolina General Assembly, and The Honorable Alice Graham Underhill, The North Carolina General Assembly, 2002 N.C. AG LEXIS 6 (1/24/02).

§ 106-503.1. Board authorized to construct and finance facilities and improvements for fair.

(a) Borrowing Money and Issuing Bonds. — For the purpose of building, enlarging and improving the facilities on the properties of the State fair, the State Board of Agriculture is hereby empowered and authorized to borrow a sum of money not to exceed one hundred thousand dollars ($100,000), and to issue revenue bonds therefor, payable in series at such time or times and bearing such rate of interest as may be fixed by the Governor and Council of State: Provided, that no part of the payments of the principal or interest charges on said loan shall be made out of the general revenue of the State of North Carolina, and the credit of the State of North Carolina and the State Department of Agriculture and Consumer Services or the agricultural fund, other than the revenue of the State fair funds, shall not be pledged either directly or indirectly for the payment of said principal or interest charges. The receipts, funds, and any other State fair assets may be pledged as security for the payment of any bonds that may be issued.

(b) Contracts and Leases; Pledge of Gate Receipts, etc. — For the further purpose of acquiring, constructing, operating and financing said properties and facilities on the North Carolina State fairgrounds, the Board of Agriculture may enter into such agreements, contracts and leases as may be necessary for the purpose of this section, and may pledge, appropriate, and pay such sums out of the gate receipts or other revenues coming to the State Board of Agriculture from the operation of any facilities of the State fair as may be required to secure, repay, or meet the principal and interest charges on the loan herein authorized. Prior to execution, the Board of Agriculture shall consult with the Joint Legislative Commission on Governmental Operations on all agreements, contracts, and leases authorized under this subsection. The preceding sentence applies only to agreements, contracts, and leases with an estimated revenue to the State of one hundred thousand dollars ($100,000) or more.

(c) Gifts and Endowments. — The State Board of Agriculture may receive gifts and endowments, whether real estate, moneys, goods or chattels, given or bestowed upon or conveyed to them for the benefit of the State fair, and the same shall be administered in accordance with the requirements of the donors. (1945, c. 1009; 1959, c. 1186, s. 3; 1997-261, s. 109; 2001-487, s. 71.)

OPINIONS OF ATTORNEY GENERAL

The Department of Agriculture and Consumer Services Has Authority to Operate and Manage the North Carolina State Fair. — The Department of Agriculture and Consumer Services, rather than the Board of Agriculture, has the authority to select the

midway operator, execute contracts and operate and manage the North Carolina State Fair. See opinion of Attorney General to The Honorable Eric Miller Reeves, The North Carolina General Assembly, and The Honorable Alice Graham Underhill, The North Carolina General Assembly, 2002 N.C. AG LEXIS 6 (1/24/02).

§ 106-504. Lands dedicated by State may be repossessed at will of General Assembly.

Any lands which may be dedicated and set apart under the provisions of this Article may be taken possession of and repossessed by the State of North Carolina, at the will of the General Assembly. (1927, c. 209, s. 4(a).)

Part 2. County Societies.

§ 106-505. Incorporation; powers and term of existence.

Any number of resident persons, not less than 10, may associate together in any county, under written articles of association, subscribed by the members thereof, and specifying the object of the association to encourage and promote agriculture, domestic manufactures, and the mechanic arts, under such name and style as they may choose, subject to any other applicable provisions of law, and thereby become a body corporate with all the powers incident to such a body, and may take and hold such property, both real and personal, as may be needful to promote the objects of their association.

Whenever any such association is formed subsequent to April 1, 1949, a copy of the articles of incorporation shall be filed with the Secretary of State, together with any other information the Secretary of State may require. A fee of ten dollars ($10.00) shall be paid to the Secretary of State when such articles are filed. Upon receipt of such articles in proper form, and such other information as may be required, and the filing fee, the Secretary of State shall issue a charter of incorporation.

The corporate existence shall continue as long as there are 10 members, during the will and pleasure of the General Assembly. (1852, c. 2, ss. 1, 2, 3; R.C., c. 2, ss. 6, 7; Code, s. 2220; Rev., ss. 3868, 3869; C.S., s. 4941; 1949, c. 829, s. 2.)

§ 106-506. Organization; officers; new members.

Such society shall be organized by the appointment of a president, two vice-presidents, a secretary and treasurer, and such other officers as they may deem proper, who shall thereafter be chosen annually, and hold their places until others shall be appointed. And the society may from time to time, on such conditions as may be prescribed, receive other members of the corporation. (1852, c. 2, s. 3; R.C., c. 2, s. 7; Code, s. 2221; Rev., s. 3869; C.S., s. 4942.)

§ 106-507. Exhibits exempt from State and county taxes.

Any society or association organized under the provisions of this Chapter, desiring to be exempted from the payment of State, county, and city license taxes on its exhibits, shows, attractions, and amusements, shall each year, not later than 60 days prior to the opening date of its fair, file an application with the Secretary of Revenue for a permit to operate without the payment of said tax; said application shall state the various types of exhibits and amusements for which the exemption is asked, and also the date and place they are to be exhibited. The Secretary of Revenue shall immediately refer said application to the Commissioner of Agriculture for approval or rejection. If the application

is approved by said Commissioner of Agriculture, the Secretary of Revenue shall issue a permit to said society or association authorizing it to exhibit within its fairgrounds and during the period of its fair, without the payment of any State, county, or city license tax, all exhibits, shows, attractions, and amusements as were approved. Provided, however, that the Secretary of Revenue shall have the right to cancel said permit at any time upon the recommendation of said Commissioner of Agriculture. Any society or association failing to so obtain a permit from the Secretary of Revenue or having its permit canceled shall pay the same State, county, and city license taxes as may be fixed by law for all other persons or corporations exhibiting for profit within the State shows, carnivals, or other attractions. (1905, c. 513, s. 2; Rev., s. 3871; C.S., s. 4944; 1935, c. 371, s. 107; 1949, c. 829, s. 2; 1973, c. 476, s. 193.)

§ 106-508. Funds to be used in paying premiums.

All moneys so subscribed, as well as that received from the State treasury as herein provided, shall after paying the necessary incidental expenses of such society, be annually paid for premiums awarded by such societies, in such sums and in such way and manner as they severally, under their bylaws, rules and regulations, shall direct, on such live animals, articles of production, and agricultural implements and tools, domestic manufacturers, mechanical implements, tools and productions as are of the growth and manufacture of the county or region, and also such experiments, discoveries, or attainments in scientific or practical agriculture as are made within the county or region wherein such societies are respectively organized. (1852, c. 2, s. 7; R.C., c. 2, s. 9; Code, s. 2223; Rev., s. 3873; C.S., s. 4945; 1949, c. 829, s. 2.)

§ 106-509. Annual statements to State Treasurer.

Each agricultural society entitled to receive money from the State Treasurer shall, through its treasurer, transmit to the Treasurer of the State, in the month of December or before, a statement showing the money received from the State, the amount received from the members of the society for the preceding year, the expenditures of all such sums, and the number of the members of such society. (1852, c. 2, s. 8; R.C., c. 2, s. 10; Code, s. 2224; Rev., s. 3874; C.S., s. 4946.)

§ 106-510. Publication of statements required.

Each agricultural society receiving money from the State under this Chapter shall, in each year, publish at its own expense a full statement of its experiments and improvements, and reports of its committees, in at least one newspaper in the State; and evidence that the requirements of this Chapter have been complied with shall be furnished to the State Treasurer before he shall pay to such society the sum of fifty dollars ($50.00) for the benefit of such society for the next year. (1852, c. 2, s. 9; R.C., c. 2, s. 11; Code, s. 2225; Rev., s. 3875; C.S., s. 4947.)

§ 106-511. Records to be kept; may be read in evidence.

The secretary of such society shall keep a fair record of its proceedings in a book provided for that purpose, which may be read in evidence in suits wherein the corporation may be a party. (1852, c. 2, s. 5; R.C., c. 2, s. 12; Code, s. 2226; Rev., s. 3876; C.S., s. 4948.)

Part 3. Protection and Regulation of Fairs.

§ 106-512. Lien against licensees' property to secure charge.

All agricultural fairs which shall grant any privilege, license, or concession to any person, persons, firm, or corporation for vending wares or merchandise within any fairgrounds, or which shall rent any ground space for carrying on any kind of business in such fairgrounds, either upon stipulated price or for a certain percent of the receipts taken in by such person, persons, firm, or corporation, shall have the right to retain possession of and shall have a lien upon any or all the goods, wares, fixtures, and merchandise or other property of such person, persons, firm, or corporation until all charges for privileges, licenses, or concessions are paid, or until their contract is fully complied with. (1915, c. 242, s. 1; C.S., s. 4950.)

§ 106-513. Notice of sale to owner.

Written notice of such sale shall be served on the owner of such goods, wares, merchandise, or fixtures or other property 10 days before such sale, if he or it be a resident of the State, but if a nonresident of the State, or his or its residence be unknown, the publication of such notice for 10 days at the courthouse door and three other public places in the county shall be sufficient service of the same. (1915, c. 242, s. 2; C.S., s. 4951.)

§ 106-514. Unlawful entry on grounds a misdemeanor.

If any person, after having been expelled from the fairgrounds of any agricultural or horticultural society, shall offer to enter the same again without permission from such society; or if any person shall break over [open] the enclosing structure of said fairgrounds and enter the same, or shall enter the enclosure of said fairgrounds by means of climbing over, under or through the enclosing structure surrounding the same, or shall enter the enclosure through the gates without the permission of its gatekeeper or the proper officer of said fair association, he shall be guilty of a Class 3 misdemeanor. (1870-1, c. 184, s. 3; Code, s. 2795; 1901, c. 291; Rev., s. 3669; C.S., s. 4952; 1993, c. 539, s. 793; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 106-515. Assisting unlawful entry on grounds a misdemeanor.

It shall be unlawful for any person or persons to assist any other person or persons to enter upon the grounds of any fair association when an admission fee is charged, by assisting such other person or persons to climb over or go under the fence or by pulling off a plank or to enter the enclosed grounds by any trick or device or by passing out a ticket or a pass or in any other way. Any violation of this section shall be a Class 3 misdemeanor. (1915, c. 242, ss. 3, 4; C.S., s. 4953; 1993, c. 539, s. 794; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 106-516. Vendors and exhibitors near fairs to pay license.

Every person, firm, officer, or agent of any corporation who shall temporarily expose for sale any goods, wares, foods, soft drinks, ice cream, fruits, novelties, or any other kind of merchandise, or who shall operate any merry-go-round,

Ferris wheel, or any other device for public amusement, within one fourth of a mile of any agricultural fair during such fair, shall pay a tax of one hundred dollars ($100.00) in each county in which he shall carry on such business, whether as a principal or agent: Provided, this section shall not apply to any business established 60 days prior to the beginning of such fair. (1915, c. 242, s. 5; C.S., s. 4954.)

§ 106-516.1. Carnivals and similar amusements not to operate without permit.

It shall be unlawful for any person, firm, corporation, association, club, or other group of persons to use the word "fair" in connection with any exhibition, circus, show, or other variety of exhibition unless such exhibition is a fair within the meaning of G.S. 106-520.1. (1949, c. 829, s. 1.)

§ 106-520.3. Commissioner of Agriculture to regulate.

The Commissioner of Agriculture, with the advice and approval of the State Board of Agriculture, is hereby authorized, empowered and directed to make rules and regulations with respect to classification, operation and licensing of fairs, so as to insure that such fairs shall conform to the definition set out in G.S. 106-520.1, and shall best promote the purposes of fairs as set out in such definition. Every fair, and every exhibition using the word "fair" in its name, except fairs classified by the Commissioner of Agriculture as noncommercial community fairs, must comply with the standards, rules and regulations set up and promulgated by the Commissioner of Agriculture, and must secure a license from the Commissioner of Agriculture before such exhibition or fair is staged or operated. No license shall be issued for any such exhibition or fair unless it meets the standards and complies with the rules and regulations of the Commissioner of Agriculture with respect thereto. (1949, c. 829, s. 1.)

§ 106-520.3A. Animal exhibition regulation; permit required; civil penalties.

(a) Title. — This section may be referred to as "Aedin's Law". This section provides for the regulation of animal exhibitions as they may affect the public health and safety.

(2) "Animal exhibition" means any sanctioned agricultural fair where animals are displayed on the exhibition grounds for physical contact with humans.

(c) Permit Required. — No animal exhibition may be operated for use by the general public unless the owner or operator has obtained an operation permit issued by the Commissioner. The Commissioner may deny, suspend, or revoke a permit on the basis that the exhibition does not comply with this section or rules adopted pursuant to this section.

(d) Rules. — For the protection of the public health and safety, the Commissioner of Agriculture, with the advice and approval of the State Board of Agriculture, and in consultation with the Division of Public Health of the Department of Health and Human Services, shall adopt rules concerning the operation of and issuance of permits for animal exhibitions. In determining the amount of the penalty, the Commissioner shall consider the degree and extent of harm caused by the violation.

The clear proceeds of civil penalties assessed pursuant to this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.

(g) Legal Representation by Attorney General. — It shall be the duty of the Attorney General to represent the Department of Agriculture and Consumer Services or designate a member of the Attorney General's staff to represent the Department in all actions or proceedings in connection with this section. "Whereas, inadequate understanding of disease transmission can lead to infectious diseases among visitors, especially children, in these public settings; and

"Whereas, in 2004, Aedin, a two-year-old child, and her family visited a petting zoo in North Carolina; and

"Whereas, shortly after the visit to the petting zoo, Aedin contracted E. coli infection, was hospitalized for 36 days, and continues to suffer serious, lifelong complications from the infection and related Hemolytic Uremic Syndrome (HUS); and

"Whereas, it is in the interest of the public health of this State to ensure that proper san-

ARTICLE 46.

Erosion Equipment.

§§ 106-521 through 106-527: Repealed by Session Laws 1987, c. 244, s. 1(j).

ARTICLE 47.

State Marketing Authority.

§ 106-528. State policy and purpose of Article.

It is declared to be the policy of the State of North Carolina and the purpose of this Article to promote, encourage and develop the orderly and efficient marketing of products of the home, farm, sea and forest; to establish, maintain, supervise and control, with the cooperation of counties, cities and towns, centrally located markets for the sale and distribution of such products, so as to promote a steady flow of commodities, properly graded and labeled, into the channels of trade at the time and place to enable the producer to get the

market price and the consumer to get a product in keeping with the price paid. (1941, c. 39, s. 1.)

§ 106-529. State Marketing Authority created; members and officers; commodity advisers; meetings and expenses.

To secure these aims, there is hereby created an incorporated public agency of the State, to be known as the State Marketing Authority, hereinafter referred to as the "Authority." It shall consist of the members of the State Board of Agriculture, and the Commissioner of Agriculture shall be the chairman. They shall perform the duties and exercise the powers herein set out as a part of their official duties as members of the Board of Agriculture. The Governor shall appoint from time to time commodity advisers to plan with the Authority the programs undertaken in their respective communities. The Authority shall elect and prescribe the duties of a secretary-treasurer, who shall not be a member of the Authority. He shall give bond in such amount as the Authority shall determine in some reliable surety company doing business in North Carolina, and the Authority shall pay the premiums. The Authority shall meet in regular session annually at a fixed place and date, and shall meet in special session at such other times and places as the chairman may request. The members shall receive no salary, but shall receive actual expenses plus seven dollars ($7.00) per day for actual time spent in performing their duties. (1941, c. 39, s. 2.)

§ 106-530. Powers of Authority.

The Authority shall have the following powers:

(1) To sue and be sued in its corporate name in any court or before any administrative agency of the State or of the United States, and to enter into agreements with the United States Department of Agriculture or any other legally constituted State or federal agency, or with any county, city or town in the furtherance of the purposes of this Article.

(2) To plan, build, construct, or cause to be built or constructed, or to purchase, lease or acquire the use of any warehouses or other facilities that may be necessary for the successful operation by the Authority of wholesale markets for products of the home, farm, sea and forest at chosen points in North Carolina. The Authority may make such contracts as may be needed for these purposes. In no case shall the Authority be responsible for any rent except from the income of the market in excess of other operating expenses. The Authority may select and employ for each market capable managers, who shall be familiar with the problems of the grower and the distributor, and of the marketing of farm products, and who shall have the business ability and training to operate a market and to plan for its proper development and growth in order best to serve the interests of producers, distributors, consumers in the area, and the general public. The managers may employ assistants and agents with the approval of the Authority. The Authority may make such regulations as will promote the policy of this Article, as to the manner in which the markets shall be operated, the business conducted, and stalls sublet to dealers.

(3) To fix the terms upon which individual, cooperative or corporate wholesale merchants, warehouses or warehousemen may place their facilities or services under the supervision and regulation of the

Authority. The Authority may extend to any such wholesale merchants, warehouses or warehousemen marketing benefits in the form of inspection, market informational and news service and may make regulations as to the operation of such facilities or services and as to forms, reports, handling, grades, weights, packages, labels, and other standards for the products handled by such merchants, warehouses or warehousemen.

(4) To fix rentals and charges for each type of service or facility in the markets under its control, taking into consideration the cost of such facility or service, the interest and amortization period required, a proper relationship between types of operators in the market, cost of operation, and the need for reasonable reserves for repairs, depreciation, expansion, and similar items. These rentals and charges shall not bring any profit to any agency over and above the costs of operation, necessary reserves, and debt service.

(5) To issue permits to itinerant dealers in intrastate commerce, who express a willingness to come under the program of the State Marketing Authority. Such permits shall enable the holders to solicit orders and to buy and sell produce under the rules and regulations of the Authority and in conformance with G.S. 106-185 to 106-196 and not inconsistent with the United States Perishable Agricultural Commodities Act, 1930 (46 Stat. 531).

(6) To issue bonds and other securities to obtain funds to acquire, construct, and equip warehouses to be used in carrying out the purposes of this Article. The bonds shall be entitled "North Carolina Marketing Authority Bonds" and shall be issued in such form and denominations and shall mature at such time or times, not exceeding 30 years after their date, and shall bear such interest, not exceeding five percent (5%) per annum, payable either annually or semiannually, as the Authority shall determine. They shall be signed by the chairman of the Authority, and the corporate seal affixed or impressed upon each bond and attested by the secretary-treasurer of the Authority. The coupons shall bear the facsimile signature of the chairman officiating when the bonds are issued. Any issue of these bonds and notes may be sold publicly, or at private sale for not less than par to the Reconstruction Finance Corporation or other State or federal agency or may be given in exchange to any county, city, town or individual for the lease or purchase of property to be used by the Authority. To secure such indebtedness, the Authority may give mortgages or deeds of trust, executed in the same manner as the bonds, on the property purchased or acquired, and may pledge the revenues from the markets in excess of operating expenses, interest and insurance: Provided, that each market shall be operated on a separate financial basis, and only such revenues and properties of each separate market shall be liable for the obligations of that market. No obligations incurred by the Authority shall be obligations of the State of North Carolina or any of its political subdivisions, or a burden on the taxpayers of the State or any political subdivision. This does not prevent the State or any of its agencies, departments or institutions, or any private or public agency from making a contribution to the Authority, in money or services or otherwise.

Bonds and notes issued under this Article shall be exempt from all State, county or municipal taxes or assessments of any kind; the interest shall not be taxable as income, nor shall the notes, bonds, nor coupons be taxable as part of the surplus of any bank, trust company or other corporation.

Any resolution or resolutions authorizing any bonds shall contain provisions which shall be a part of the contract with the holders of the bonds, as to:

a. Pledging the fees, rentals, charges, dues, tolls, and inspection and sales fees, and other revenues to secure payment of the bonds;
b. The rates of the fees or tolls to be charged for the use of the facilities of the warehouse or warehouses, and the use and disposition of the revenues from its operation;
c. The setting aside of reserves or working funds, and the regulation and disposition thereof;
d. Limitations on the purposes to which the proceeds of sale of any issue of bonds may be applied;
e. Limitations on the issuance of additional bonds; and
f. The procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given.

(7) To accept grants in aid or free work.
(8) To adopt, use and alter a corporate seal.
(9) To dispossess tenants for nonpayment of rent and for failure to abide by the regulations of the Authority.
(10) To hire necessary agents, engineers, and attorneys, and to do all things necessary to carry out the powers granted by this Article. (1941, c. 39, s. 3.)

§ 106-531. Discrimination prohibited; restriction on use of funds.

The Authority shall not permit:

(1) Any discrimination against the sale, on any of the markets under their control, of any farm product because of type of operator or area of production.
(2) The use of any of its funds for any purpose other than for the support, necessary expansion, and operation of this State marketing system, or the use of any of its funds to establish any retail market or to build or furnish more than one market in any town. (1941, c. 39, s. 4.)

§ 106-532. Fiscal year; annual report to Governor.

The Authority shall operate on a fiscal year, which shall be from July first to June thirtieth. The Commissioner of Agriculture shall file an annual report with the Governor containing a statement of receipts and disbursements and the purposes of such disbursements, and a complete statement of the financial condition of the Authority, and an account of its activities for the year. (1941, c. 39, s. 5.)

§ 106-533. Application of revenues from operation of warehouses.

All rentals and charges, fees, tolls, storage and sales commissions and revenues of any sort from operation of each warehouse shall be applied to the payment of the cost of operating and administering the warehouse and market facilities including interest on bonds and other evidences of indebtedness issued therefor, and the cost of insurance against loss by injury to persons or property, and the balance shall be paid to the secretary-treasurer of the Authority and be used to provide a sinking fund to pay at or before maturity all

bonds and notes and other evidences of indebtedness incurred for and on behalf of the building, constructing, maintaining and operating of each warehouse. A separate sinking fund account shall be kept for each market, and no market shall be liable for the obligations of any other market. (1941, c. 39, s. 6.)

§ 106-534. Exemption from taxes and assessments.

The Authority shall be regarded as performing an essential governmental function in constructing, operating or maintaining these markets, and shall be required to pay no taxes or assessments on any property acquired or used by it for the purposes herein set out. (1941, c. 39, s. 7.)

§ 106-549.16. Statement of purpose.

Meat and meat food products are an important source of the nation's total supply of food. It is essential in the public interest that the health and welfare of consumers be protected by assuring that meat and meat food products distributed to them are wholesome, not adulterated, and properly marked, labeled, and packaged. Unwholesome, adulterated, or misbranded meat or meat food products are injurious to the public welfare, destroy markets for

wholesome, not adulterated, and properly labeled and packaged meat and meat food products, and results in sundry losses to livestock producers and processors of meat and meat food products, as well as injury to consumers. The unwholesome, adulterated, mislabeled, or deceptively packaged articles can be sold at lower prices and compete unfairly with the wholesome, not adulterated, and properly labeled and packaged articles, to the detriment of consumers and the public generally. It is hereby found that regulation by the Board and cooperation by North Carolina and the United States as contemplated by this and the subsequent Article are appropriate to protect the health and welfare of consumers and otherwise effectuate the purposes of this and the subsequent Article. (1969, c. 893, s. 2; 1971, c. 54, s. 3.)

§ 106-549.17. Inspection of animals before slaughter; humane methods of slaughtering.

(a) For the purpose of preventing the use in intrastate commerce, as hereinafter provided, of meat and meat food products which are adulterated, the Commissioner shall cause to be made, by inspectors appointed for that purpose, an examination and inspection of all cattle, sheep, swine, goats, fallow deer, red deer, bison, horses, mules, and other equines before they shall be allowed to enter into any slaughtering, packing, meat-canning, rendering, or similar establishment in this State in which slaughtering and preparation of meat and meat food products of such animals are conducted for intrastate commerce; and all cattle, sheep, swine, goats, fallow deer, red deer, bison, horses, mules, and other equines found on such inspection to show symptoms of disease shall be set apart and slaughtered separately from all other cattle, sheep, swine, goats, fallow deer, red deer, bison, horses, mules, or other equines, and when so slaughtered, the carcasses of said cattle, sheep, swine, goats, fallow deer, red deer, bison, horses, mules, or other equines shall be subject to a careful examination and inspection, all as provided by the rules and regulations to be prescribed by the Board as herein provided for.

(b) For the purpose of preventing the inhumane slaughtering of livestock, the Commissioner shall cause to be made, by inspectors appointed for that purpose, an examination and inspection of the method by which cattle, sheep, swine, goats, fallow deer, red deer, bison, horses, mules, and other equines are slaughtered and handled in connection with slaughter in the slaughtering establishments inspected under this law. The Commissioner may refuse to provide inspection to a new slaughtering establishment or may cause inspection to be temporarily suspended at a slaughtering establishment if the Commissioner finds that any cattle, sheep, swine, goats, fallow deer, red deer, bison, horses, mules, or other equines have been slaughtered or handled in connection with slaughter at such establishment by any method not in accordance with subsection (c) of this section until the establishment furnishes assurances satisfactory to the Commissioner that all slaughtering and handling in connection with slaughter of livestock shall be in accordance with such a method.

(c) Either of the following two methods of slaughtering of livestock and handling of livestock in connection with slaughter are found to be humane:

(1) In the case of cattle, calves, fallow deer, red deer, bison, horses, mules, sheep, swine, and other livestock, all animals are rendered insensible to pain by a single blow or gunshot or an electrical, chemical, or other means that is rapid and effective, before being shackled, hoisted, thrown, cast, or cut; or

(2) By slaughtering in accordance with the ritual requirements of the Jewish faith or any other religious faith that prescribes a method of slaughter whereby the animal suffers loss of consciousness by anemia

of the brain caused by the simultaneous and instantaneous severance of the carotid arteries with a sharp instrument and handling in connection with such slaughtering. (1969, c. 893, s. 3; 1981, c. 376, s. 1; 1991, c. 317, s. 6; 1995, c. 194, s. 3; 1997-142, s. 6.)

§ 106-549.18. Inspection; stamping carcass.

For the purposes hereinbefore set forth the Commissioner shall cause to be made by inspectors appointed for that purpose, as hereinafter provided, a post mortem examination and inspection of the carcasses and parts thereof of all cattle, sheep, swine, goats, fallow deer, red deer, bison, horses, mules, and other equines, capable of use as human food, to be prepared at any slaughtering, meat-canning, salting, packing, rendering, or similar establishment in this State in which such articles are prepared for intrastate commerce; and the carcasses and parts thereof of all such animals found to be not adulterated shall be marked, stamped, tagged, or labeled, as "Inspected and Passed"; and said inspectors shall label, mark, stamp, or tag as "Inspected and Condemned," all carcasses and parts thereof of animals found to be adulterated; and all carcasses and parts thereof thus inspected and condemned shall be destroyed for food purposes by the said establishment in the presence of an inspector, and the Commissioner or his authorized representative may remove inspectors from any such establishment which fails to so destroy any such condemned carcass or part thereof, and said inspectors, after said first inspection shall, when they deem it necessary, reinspect said carcasses or parts thereof to determine whether since the first inspection the same have become adulterated and if any carcass or any part thereof shall, upon examination and inspection subsequent to the first examination and inspection, be found to be adulterated, it shall be destroyed for food purposes by the said establishment in the presence of an inspector, and the Commissioner or his authorized representative may remove inspectors from any establishment which fails to so destroy any such condemned carcass or part thereof. (1969, c. 893, s. 4; 1991, c. 317, s. 7; 1995, c. 194, s. 4; 1997-142, s. 7.)

§ 106-549.19. Application of Article; place of inspection.

The foregoing provisions shall apply to all carcasses or parts of carcasses of cattle, sheep, swine, goats, fallow deer, red deer, bison, horses, mules, and other equines or the meat or meat products thereof, capable of use as human food, which may be brought into any slaughtering, meat-canning, salting, packing, rendering, or similar establishment, where inspection under this Article is maintained, and such examination and inspection shall be had before the said carcasses or parts thereof shall be allowed to enter into any department wherein the same are to be treated and prepared for meat food products; and the foregoing provisions shall also apply to all such products which, after having been issued from any such slaughtering, meat-canning, salting, packing, rendering, or similar establishment, shall be returned to the same or to any similar establishment where such inspection is maintained. The Commissioner or his authorized representative may limit the entry of carcasses, part of carcasses, meat and meat food products, and other materials into any establishment at which inspection under this Article is maintained, under such conditions as he may prescribe to assure that allowing the entry of such articles into such inspected establishments will be consistent with the purposes of this and the subsequent Article. (1969, c. 893, s. 5; 1991, c. 317, s. 8; 1995, c. 194, s. 5; 1997-142, s. 8.)

§ 106-549.20. Inspectors' access to businesses.

For the purposes hereinbefore set forth the Commissioner or his authorized representative shall cause to be made by inspectors appointed for that purpose

an examination and inspection of all meat food products prepared in any slaughtering, meat-canning, salting, packing, rendering, or similar establishment, where such articles are prepared for intrastate commerce and for the purposes of any examination and inspection said inspectors shall have access at all times during regular business hours to every part of said establishment; and said inspectors shall mark, stamp, tag, or label as "North Carolina Department of Agriculture and Consumer Services Inspected and Passed" all such products found to be not adulterated; and said inspectors shall label, mark, stamp, or tag as "North Carolina Department of Agriculture and Consumer Services Inspected and Condemned" all such products found adulterated, and all such condemned meat food products shall be destroyed for food purposes, as hereinbefore provided, and the Commissioner or his authorized representative may remove inspectors from any establishment which fails to so destroy such condemned meat food products. (1969, c. 893, s. 6; 1997-261, s. 109.)

§ 106-549.21. Stamping container or covering; regulation of container.

(a) When any meat or meat food product prepared for intrastate commerce which has been inspected as hereinbefore provided and marked "North Carolina Department of Agriculture and Consumer Services Inspected and Passed" shall be placed or packed in any can, pot, tin, canvas, or other receptacle or covering in any establishment where inspection under the provisions of this Article is maintained, the person, firm, or corporation preparing said product shall cause a label to be attached to said can, pot, tin, canvas, or other receptacle or covering, under supervision of an inspector, which label shall state that the contents thereof have been "North Carolina Department of Agriculture and Consumer Services Inspected and Passed" under the provisions of this Article, and no inspection and examination of meat or meat food products deposited or inclosed in cans, tins, pots, canvas, or other receptacle or covering in any establishment where inspection under the provisions of this Article is maintained shall be deemed to be complete until such meat or meat food products have been sealed or inclosed in said can, tin, pot, canvas, or other receptacle or covering under the supervision of an inspector.

(c) The Board whenever it determines such action is necessary for the protection of the public, may prescribe:

(1) The styles and sizes of type to be used with respect to material required to be incorporated in labeling to avoid false or misleading labeling of any articles or animals subject to this and the subsequent Article;

(2) Definitions and standards of identity or composition for articles subject to this Article and standards of fill of container for such articles not inconsistent with any such standards established under the Federal Food, Drug, and Cosmetic Act, or under the Federal Meat Inspection Act, and there shall be consultation between the Commissioner or his authorized representative and the Secretary of Agriculture of the United States prior to the issuance of such standards to avoid inconsistency between such standards and the federal standards.

(d) No article subject to this title shall be sold or offered for sale by any person, firm, or corporation, in intrastate commerce, under any name or other marking or labeling which is false or misleading, or in any container of a misleading form or size, but established trade names and other marking and labeling and containers which are not false or misleading, and which are approved by the Commissioner or his authorized representative, are permitted.

(e) If the Commissioner or his authorized representative has reason to believe that any marking or labeling or the size or form of any container in use or proposed for use with respect to any article subject to this title is false or misleading in any particular, he may direct that such use be withheld unless the marking, labeling, or container is modified in such manner as he may prescribe so that it will not be false or misleading. If the person, firm, or corporation using or proposing to use the marking, labeling or container does not accept the determination of the Commissioner or his authorized representative, such person, firm, or corporation may request a hearing, but the use of the marking, labeling, or container shall, if the Commissioner so directs, be withheld pending hearing and final determination by the Commissioner. A person who uses or proposes to use the marking, labeling, or container and who does not accept the determination of the Commissioner may commence a contested case under G.S. 150B-23. If directed by the Commissioner, the marking, labeling, or container may not be used pending a final decision. (1969, c. 893, s. 7; 1973, c. 1331, s. 3; 1987, c. 827, s. 35; 1997-261, s. 109.)

§ 106-549.22. Rules and regulations of Board.

The Commissioner or his authorized representative shall cause to be made, by experts in sanitation, or by other competent inspectors, such inspection of all slaughtering, meat-canning, salting, packing, rendering, or similar establishments in which cattle, sheep, swine, goats, fallow deer, red deer, bison, horses, mules, and other equines are slaughtered and the meat and meat food products thereof are prepared for intrastate commerce as may be necessary to inform himself concerning the sanitary conditions of the same, and the Board shall prescribe the rules and regulations of sanitation under which such establishments shall be maintained; and where the sanitary conditions of any such establishment are such that the meat or meat food products are rendered adulterated, the Commissioner or his authorized representative shall refuse to allow said meat or meat food products to be labeled, marked, stamped, or tagged as "North Carolina Department of Agriculture and Consumer Services Inspected and Passed." (1969, c. 893, s. 8; 1991, c. 317, s. 9; 1995, c. 194, s. 6; 1997-142, s. 9; 1997-261, s. 109.)

(a) The provisions of this Article requiring inspection of the slaughter of animals and the preparation of the carcasses, parts thereof, meat and meat food products at establishments conducting such operations shall not

(2) To the custom slaughter by any person, firm, or corporation of cattle, sheep, swine, fallow deer, red deer, bison, or goats delivered by the owner thereof for such slaughter, and the preparation by such

slaughterer and transportation in intrastate commerce of the carcasses, parts thereof, meat and meat food products of such animals, exclusively for use, in the household of such owner, by him, and members of his household and his nonpaying guests and employees: Provided, that all carcasses, parts thereof, meat and meat food products derived from custom slaughter shall be identified as required by the Commissioner, during all phases of slaughtering, chilling, cooling, freezing, packing, meat canning, rendering, preparation, storage and transportation; provided further, that the custom slaughterer does not engage in the business of buying or selling any carcasses, parts thereof, meat or meat food products of any cattle, sheep, swine, goats, fallow deer, red deer, bison, or equines, capable of use as human food, unless the carcasses, parts thereof, meat or meat food products have been inspected and passed and are identified as having been inspected and passed by the Commissioner or the United States Department of Agriculture.

The Commissioner may (for such period, or indefinitely, as he deems necessary to effectuate the purposes of this and the previous Article) refuse to provide, or withdraw, inspection service under Article 49B with respect to any establishment if he determines, after opportunity for a hearing is accorded to the applicant for, or recipient of, such service, that such applicant or recipient is unfit to engage in any business requiring inspection under Article 49B because the applicant or recipient, or anyone responsibly connected with the applicant or recipient, has been convicted, in any federal or state court, of (i) any felony, or (ii) more than one violation of any law, other than a felony, based upon the acquiring, handling, or distributing of unwholesome, mislabeled, or deceptively packaged food or upon fraud in connection with transactions in food. This section shall not affect in any way other provisions of this or the previous Article for withdrawal of inspection services under Article 49B from establishments failing to maintain sanitary conditions or to destroy condemned carcasses, parts, meat or meat food products.

For the purpose of this section a person shall be deemed to be responsibly connected with the business if he was a partner, officer, director, holder, or

owner of ten per centum (10%) or more of its voting stock or employee in a managerial or executive capacity. The determination and order of the Commissioner with respect thereto under this section shall be final and conclusive unless the affected applicant for, or recipient of, inspection service files application for judicial review within 30 days after the effective date of such order in the appropriate court as provided in G.S. 106-549.33. (1969, c. 893, s. 16.)

§ 106-549.31. Enforcement against uninspected meat.

If the article or animal is condemned it shall, after entry of the order be disposed of by destruction or sale as the court may direct and the proceeds, if sold, less the court costs and fees, and storage and other proper expenses, shall be paid into the general fund of this State, but the article or animals shall not be sold contrary to the provisions of this or the previous Article. Provided, that upon the execution and delivery of a good and sufficient bond conditioned that the article or animal shall not be sold or otherwise disposed of contrary to the provisions of this or the previous Article, the court may direct that such article or animal be delivered to the owner thereof subject to such supervision by the authorized representative of the Commissioner as is necessary to insure compliance with the applicable laws. Article 49D.

Poultry Products Inspection Act.

§ 106-549.49. Short title.

This Article shall be designated as the North Carolina Poultry Products Inspection Act. (1971, c. 677, s. 1.)

§ 106-549.50. Purpose and policy.

(a) Poultry and poultry products are an important source of the nation's total supply of food. It is essential in the public interest that the health and welfare of consumers be protected by assuring that slaughtered poultry and poultry products distributed to them are wholesome, not adulterated, and properly marked, labeled, and packaged. Unwholesome, adulterated, or misbranded poultry or poultry products are injurious to the public welfare, destroy markets for wholesome, not adulterated, and properly labeled and packaged poultry and poultry products, and result in sundry losses to poultry producers and processors of poultry and poultry products, as well as injury to consumers. The unwholesome, adulterated, mislabeled, or deceptively packaged articles can be sold at lower prices and compete unfairly with the wholesome, not adulterated, and properly labeled and packaged articles, to the detriment of consumers and the public generally. It is hereby found that regulation by the Board and cooperation by this State and the United States as contemplated by this Article are appropriate to protect the health and welfare of consumers and otherwise effectuate the purposes of this Article.

(b) It is hereby declared to be the policy of the General Assembly to provide for the inspection of poultry and poultry products and otherwise regulate the processing and distribution of such articles as hereinafter prescribed to prevent the movement or sale in intrastate commerce of poultry and poultry products which are adulterated or misbranded. It is the intent of the General Assembly that when poultry and poultry products are condemned because of disease, the reason for condemnation in such instances shall be supported by scientific fact, information, or criteria, and such condemnation under this Article shall be achieved through uniform inspection standards and uniform application thereof. (1971, c. 677, ss. 2, 3.)

b.1. If it bears or contains (by reason of administration of any substance to the live poultry or otherwise) any added poisonous or added deleterious substance (other than one which is a pesticide chemical in or on a raw agricultural commodity; a food additive; or a color additive) which may, in the judgment of the Commissioner, make such article unfit for human food;

c. If it consists in whole or in part of any filthy, putrid, or decomposed substance or is for any other reason unsound, unhealthful, unwholesome, or otherwise unfit for human food;

d. If it has been prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health;

e. If it is, in whole or in part, the product of any poultry which has died otherwise than by slaughter;

f. If its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health;

g. If it has been intentionally subjected to radiation, unless the use of the radiation was in conformity with a regulation or exemption in effect pursuant to section 409 of the Federal Food, Drug, and Cosmetic Act; or

h. If any valuable constituent has been in whole or in part omitted or abstracted therefrom; or if any substance has been substituted, wholly or in part therefor; or if damage or inferiority has been concealed in any manner; or if any substance has been added thereto or mixed or packed therewith so as to increase its bulk or weight, or reduce its quality or strength, or make it appear better or of greater value than it is.

(a) For the purpose of preventing the entry into or flow or movement in intrastate commerce of any poultry product which is capable of use as human food and is adulterated, the Commissioner shall, where and to the extent considered by him necessary, cause to be made by inspectors antemortem inspection of poultry in each official establishment engaged in processing poultry or poultry products solely for intrastate commerce.

If an appeal be taken from such determination, the carcasses, parts, or products shall be appropriately marked and segregated pending completion of an appeal inspection, which appeal shall be at the cost of the appellant if the Commissioner determines that the appeal is frivolous. In addition, the Commissioner whenever he determines such action is practicable and necessary for the protection of the public, may require nonconsumer packaged carcasses at the time they leave the establishment to bear directly thereon in distinctly legible form any information required under such subdivision (17).

(d) If the Commissioner has reason to believe that any marking or labeling or the size or form of any container in use or proposed for use with respect to any article subject to this Article is false or misleading in any particular, he may direct that such use be withheld unless the marking, labeling, or container is modified in such manner as he may prescribe so that it will not be false or misleading. A person who uses or proposes to use the marking, labeling, or container and who does not accept the determination of the Commissioner may commence a contested case under G.S. 150B-23. (d) No person engaged in the business of buying, selling, or transporting in intrastate commerce, dead, dying, disabled, or diseased poultry, or any parts of the carcasses of any poultry that died otherwise than by slaughter, shall buy, sell, transport, offer for sale or transportation, or receive for transportation in intrastate commerce, any dead, dying, disabled, or diseased poultry or parts of the carcasses of any poultry that died otherwise than by slaughter, unless such transaction or transportation is made in accordance with such regulations as the Board may prescribe to assure that such poultry, or the unwholesome parts or products thereof, will be prevented from being used for human food. (1971, c. 677, s. 11; 1997-261, s. 109.)

§ 106-549.59. Punishment for violations; carriers exempt; interference with enforcement.

violation involves intent to defraud, or any distribution or attempted distribution of an article that is adulterated (except as defined in G.S. 106-549.51(1)h), such person is guilty of a Class H felony which may include a fine of not more than ten thousand dollars ($10,000). When construing or enforcing the provisions of said sections the act, omission, or failure of any person acting for or employed by any individual, partnership, corporation, or association within the scope of his employment or office shall in every case be deemed the act, omission, or failure of such individual, partnership, corporation, or association, as well as of such person.

(a1) The Commissioner may assess a civil penalty of not more than five thousand dollars ($5,000) against any person who violates a provision of this Article or any rule adopted under this Article. In determining the amount of the penalty, the Commissioner shall consider the degree and extent of harm caused by the violation. The clear proceeds of civil penalties assessed pursuant to this subsection shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.

(b) No carrier shall be subject to the penalties of this Article, other than the penalties for violation of G.S. 106-549.58, by reason of his receipt, carriage, holding, or delivery, in the usual course of business, as a carrier, of poultry or poultry products, owned by another person unless the carrier has knowledge, or is in possession of facts which would cause a reasonable person to believe that such poultry or poultry products were not inspected or marked in accordance with the provisions of this Article or were otherwise not eligible for transportation under this Article or unless the carrier refuses to furnish on request of a representative of the Department of Agriculture and Consumer Services the name and address of the person from whom he received such poultry or poultry products, and copies of all documents, if any there be, pertaining to the delivery of the poultry or poultry products to such carrier.

(c) Any person who forcibly assaults, resists, opposes, impedes, intimidates, or interferes with any person while engaged in or on account of the performance of his official duties under this Article is guilty of a Class 2 misdemeanor which may include a fine of not more than five thousand dollars ($5,000). Whoever, in the commission of any such acts, uses a deadly or dangerous weapon, is guilty of a Class A1 misdemeanor which may include a fine of not more than ten thousand dollars ($10,000). (1971, c. 677, s. 12; 1997-261, s. 109; 1999-408, s. 7; 2007-361, s. 1.)

§ 106-549.60. Notice of violation.

Before any violation of this Article is reported by the Commissioner to any North Carolina district attorney for institution of a criminal proceeding, the person against whom such proceeding is contemplated shall be given reasonable notice of the alleged violation and opportunity to present his views orally or in writing with regard to such contemplated proceeding. Nothing in this Article shall be construed as requiring the Commissioner or his authorized representative to report for criminal prosecution of this Article whenever he believes that the public interest will be adequately served and compliance with the Article obtained by a suitable written notice or warning. (1971, c. 677, s. 13; 1973, c. 47, s. 2.)

§ 106-549.61. Regulations authorized.

(a) The Commissioner may by regulations prescribe conditions under which poultry products capable of use as human food shall be stored or otherwise handled by any person engaged in the business of buying, selling, freezing, storing, or transporting, in or for intrastate commerce, such articles, whenever

the Commissioner deems such action necessary to assure that such articles will not be adulterated or misbranded when delivered to the consumer. Violation of any such regulation is prohibited.

(b) The Board shall promulgate such other rules and regulations as are necessary to carry out the provisions of this Article.

(c) When opportunity is afforded for submission of comments by interested persons on proposed rules or regulations under this Article, it shall include opportunity for oral presentation of views. (1971, c. 677, s. 14.)

§ 106-549.62. Intrastate operations exemptions.

(a) The Board shall, by regulation and under such conditions, including requirements, as to sanitary standards, practices, and procedures as it may prescribe, exempt from specific provisions of this Article with respect to processing of poultry or poultry products solely for intrastate commerce and distribution of poultry or poultry products only in such commerce:

(1) Retail dealers with respect to poultry products sold directly to consumers in individual retail stores, if the only processing operation performed by such retail dealers is the cutting up of poultry products on the premises where such sales to consumers are made;

(2) For such period of time as the Commissioner determines that it would be impracticable to provide inspection and the exemption will aid in the effective administration of this Article, any person engaged in the processing of poultry or poultry products and the poultry or poultry products processed by such person: Provided, however, that no such exemption shall continue in effect more than 120 days after enactment of this Article;

(3) Persons slaughtering, processing, or otherwise handling poultry or poultry products which have been or are to be processed as required by recognized religious dietary laws, to the extent that the Commissioner determines necessary to avoid conflict with such requirements while still effectuating the purposes of this Article;

(4) The slaughtering by any person of poultry of his own raising, and the processing by him and transportation of the poultry products exclusively for use by him and members of his household and his nonpaying guests and employees;

(5) The custom slaughter by any person of poultry delivered by the owner thereof for such slaughter, and the processing by such slaughterer and transportation of the poultry products exclusively for use, in the household of such owner, by him and members of his household and his nonpaying guests and employees: Provided, that such custom slaughterer does not engage in the business of buying or selling any poultry products capable of use as human food;

(6) The slaughtering and processing of poultry products by any poultry producer on his own premises with respect to sound and healthy poultry raised on his premises and the distribution by any person of the poultry products derived from such operations, if, in lieu of other labeling requirements, such poultry products are identified with the name and address of such poultry producer, and if they are not otherwise misbranded, and are sound, clean, and fit for human food when so distributed; and

(7) The slaughtering of sound and healthy poultry or the processing of poultry products of such poultry by any poultry producer or other person for distribution by him directly to household consumers, restaurants, hotels, and boardinghouses, for use in their own dining rooms, or in the preparation of meals for sales direct to consumers, if,

in lieu of other labeling requirements, such poultry products are identified with the name and address of the processor, and if they are not otherwise misbranded and are sound, clean, and fit for human food when distributed by such processor.

(b) In addition to the specific exemptions authorized in subsection (a), the Board shall, when it determines that the protection of consumers from adulterated or misbranded poultry products will not be impaired by such action, provide by regulation, consistent with subsection (c) for the exemption of the operation and products of small enterprises (including poultry producers), not exempted under subsection (a), which are engaged in slaughtering and/or cutting up poultry for distribution as carcasses or parts thereof, solely for distribution within this State, from such provisions of this Article as it deems appropriate, while still protecting the public from adulterated or misbranded products, under such conditions, including sanitary requirements, as it shall prescribe to effectuate the purposes of this Article.

(c) The exemptions provided for in subdivisions (a)(6) and (7) above shall not apply if the poultry producer or other person engages in the current calendar year in the business of buying or selling any poultry or poultry products other than as specified in such subdivisions. No exemption under subdivisions (a)(6) or (7) or subsection (b) shall apply to any poultry producer or other person who slaughters or processes the products of more than 20,000 birds of all species during the calendar year for which this exemption is being applied.

(d) The provisions of this Article requiring inspection shall not apply to operations of types traditionally and usually conducted at retail stores and restaurants, when conducted at any retail store or restaurant or similar retail-type establishment for sale in normal retail quantities or service of such articles to consumers at such establishments, if no poultry or poultry products are processed at the establishment for distribution outside this State or otherwise subject to inspection under the Federal Poultry Products Inspection Act.

(e) The provisions of this Article shall not apply to poultry producers with respect to poultry of their own raising on their own farms if (i) such producers slaughter not more than 1,000 birds of all species during the calendar year for which this exemption is being determined; (ii) such poultry producers do not engage in buying or selling poultry products other than those produced from poultry raised on their own farms; and (iii) such poultry moves only in intrastate commerce.

(f) The adulteration and misbranding provisions of this Article, other than the requirement of the inspection legend, shall apply to articles which are exempted from inspection under this section, except as otherwise specified under subsections (a), (b), or (e).

(g) The Commissioner may by order suspend or terminate any exemption under subsections (a) or (b) of this section with respect to any person whenever he finds that such action will aid in effectuating the purposes of this Article. (1971, c. 677, s. 15; 2009-102, ss. 3, 4.)

Effect of Amendments. — Session Laws 2009-102, ss. 3 and 4, effective June 15, 2009, in subsection (c), substituted "20,000 birds of all species during the calendar year for which this exemption is being applied" for "5,000 turkeys or an equivalent number of poultry of all species in the current calendar year (four birds of other species being deemed the equivalent of one turkey)"; and in subsection (e), substituted "1,000 birds of all species during the calendar year for which this exemption is being determined" for "250 turkeys, or not more than an equivalent number of birds of all species during the calendar year for which this exemption is being determined (four birds of other species being deemed the equivalent of one turkey)."

§ 106-549.63. Commissioner may limit entry of products to establishments.

The Commissioner may limit the entry of poultry products and other materials into any official establishment, under such conditions as he may prescribe to assure that allowing the entry of such articles into such inspected establishments will be consistent with the purposes of this Article. (1971, c. 677, s. 16.)

§ 106-549.64. Refusal of inspection services; hearing; appeal.

(a) The Commissioner may (for such period, or indefinitely, as he deems necessary to effectuate the purposes of this Article) refuse to provide, or withdraw, inspection service under this Article with respect to any establishment if he determines that such applicant or recipient is unfit to engage in any business requiring inspection upon this Article because the applicant or recipient or anyone responsibly connected with the applicant or recipient, has been convicted, in any federal or State court, within the previous 10 years of

(1) Any felony or more than one misdemeanor under any law based upon the acquiring, handling, or distributing of adulterated, mislabeled, or deceptively packaged food or fraud in connection with transactions in food; or

(2) Any felony, involving fraud, bribery, extortion, or any other act or circumstances indicating a lack of the integrity needed for the conduct of operations affecting the public health. For the purpose of this subsection a person shall be deemed to be responsibly connected with the business if he was a partner, officer, director, holder, or owner of ten per centum (10%) or more of its voting stock or employee in a managerial or executive capacity.

(b) Proceedings concerning the refusal or withdrawal of inspection services shall be conducted in accordance with Chapter 150B of the General Statutes. A refusal or withdrawal of inspection services by the Commissioner shall continue in effect pending a final decision in a contested case unless the Commissioner orders otherwise.

(c) Repealed by Session Laws 1987, c. 827, s. 37. (1971, c. 677, s. 17; 1973, c. 1331, s. 3; 1987, c. 827, s. 37.)

§ 106-549.65. Product detained if in violation.

Whenever any poultry product, or any product exempted from the definition of a poultry product, or any dead, dying, disabled, or diseased poultry is found by any inspector of the Meat and Poultry Inspection Service of the Department of Agriculture and Consumer Services upon any premises where it is held for purposes of, or during or after distribution in intrastate commerce, and there is reason to believe that any such article is adulterated or misbranded and is capable of use as human food, or that it has not been inspected, in violation of the provisions of this Article or of any other State or federal law or that it has been or is intended to be, distributed in violation of any such provisions, it may be detained by such representative for a period not to exceed 20 days, pending action under G.S. 106-549.66 or notification of any federal, State, or other governmental authorities having jurisdiction over such article or poultry, and shall not be moved by any person, from the place at which it is located when so detained, until released by such representative. All official marks may be required by such representative to be removed from such article or poultry before it is released unless it appears to the satisfaction of the area supervisor

of the Department of Agriculture and Consumer Services Poultry Inspection Service that the article or poultry is eligible to retain such marks. (1971, c. 677, s. 18; 1997-261, s. 109.)

§ 106-549.66. Seizure or condemnation proceedings.

(a) Any poultry product, or any dead, dying, or disabled, or diseased poultry, that is being transported in intrastate commerce, subject to this Article, or is held for sale in this State after such transportation, and that

(1) Is or has been processed, sold, transported, or otherwise distributed or offered or received for distribution in violation of this Article, or

(2) Is capable of use as human food and is adulterated or misbranded, or

(3) In any other way is in violation of this Article, shall be liable to be proceeded against and seized and condemned, at any time, on an affidavit filed in any superior court within the jurisdiction of which the article or poultry is found. If the article or poultry is condemned it shall, after entry of the judgment, be disposed of by destruction or sale as the court may direct and the proceeds, if sold, less the court costs and fees, and storage and other proper expenses, shall be paid into the general fund of this State, but the article or poultry shall not be sold contrary to the provisions of this Article, or the Federal Poultry Products Inspection Act or the Federal Food, Drug, and Cosmetic Act: Provided, that upon the execution and delivery of a good and sufficient bond conditioned that the article or poultry shall not be sold or otherwise disposed of contrary to the provisions of this Article or the laws of the United States, the court may direct that such article or poultry be delivered to the owner thereof subject to such supervision by authorized representatives of the Commissioner as is necessary to insure compliance with the applicable laws. When an order of condemnation is entered against the article or poultry and it is released under bond, or destroyed, court costs and fees, and storage and other proper expenses shall be awarded against the person, if any, intervening as claimant of the article or poultry. The proceedings in such cases shall conform, as nearly as may be, to civil actions and either party may demand trial by jury of any issue of fact joined in any case, and all such proceedings shall be at the suit of and in the name of the State.

(b) The provisions of this section shall in no way derogate from authority for condemnation or seizure conferred by other provisions of this Article, or other laws. (1971, c. 677, s. 19.)

§ 106-549.67. Superior court jurisdiction; proceedings in name of State.

The superior court is vested with jurisdiction specifically to enforce, and to prevent and restrain violations of this Article, and shall have jurisdiction in all other kinds of cases arising under this Article. All proceedings for the enforcement or to restrain violations of this Article shall be by and in the name of this State. (1971, c. 677, s. 20.)

§ 106-549.68. Powers of Commissioner; subpoenas; mandamus; self-incrimination; penalties.

(a) The Commissioner shall also have power:

(1) To gather and compile information concerning and, to investigate from time to time the organization, business, conduct, practices, and

management of any person engaged in intrastate commerce, and the relation thereof to other persons;

(2) To require, by general or special orders, persons engaged in intrastate commerce, or any class of them, or any of them to file with the Commissioner, in such form as the Commissioner may prescribe, annual or special, or both annual and special, reports or answers in writing to specific questions, furnishing to the Commissioner such information as he may require as to the organization, business, conduct, practices, management, and relation to other persons of the person filing such reports or answers in writing. Such reports and answers shall be made under oath, or otherwise, as the Commissioner may prescribe, and shall be filed with the Commissioner within such reasonable period as the Commissioner may prescribe, unless additional time be granted in any case by the Commissioner.

(b)(1) For the purposes of this Article the Commissioner shall at all reasonable times have access to, for the purpose of examination, and the right to copy, any documentary evidence of any person being investigated or proceeded against, and may require by subpoena the attendance and testimony of witnesses and the production of all documentary evidence of any person relating to any matter under investigation. The Commissioner may sign subpoenas and may administer oaths and affirmations, examine witnesses, and receive evidence.

(2) Such attendance of witnesses, and the production of such documentary evidence, may be required at any designated place of hearing. In case of disobedience to a subpoena the Commissioner may invoke the aid of any court designated in G.S. 106-549.67 in requiring the attendance and testimony of witnesses and the production of documentary evidence.

(1947, c. 1018, s. 12.)

§ 106-562. Regulations as to referendum; notice to farm organizations and county agents.

The hours, voting places, rules and regulations and the area within which such referendum herein authorized with respect to any of the agricultural commodities herein referred to shall be established and determined by the agency of the commercial growers and producers of such agricultural commodity duly certified by the Board of Agriculture as hereinbefore provided; the said referendum date, area, hours, voting places, rules and regulations with respect to the holding of such referendum shall be published by such agency conducting the same through the medium of the public press in the State of North Carolina at least 30 days before the holding of such referendum, and direct written notice thereof shall likewise be given to all farm organizations within the State of North Carolina and to each county agent in any county in which such agricultural product is grown. Such notice shall likewise contain a statement of the amount of annual assessment proposed to be levied — which assessment in any event shall not exceed one half of one percent (1/2 of 1%) of the value of the year's production of such agricultural commodity or such other assessment as shall be authorized by law, grown by any farmer, producer or grower included in the group to which such referendum is submitted — and shall likewise state the method by which such assessment shall be collected and how the proceeds thereof shall be administered and the purposes to which the same shall be applied, which purposes shall be in keeping with the provisions of this Article. (1947, c. 1018, s. 13; 1967, c. 774, s. 2; 1983, c. 246, s. 2.)

§ 106-563. Distribution of ballots; arrangements for holding referendum; declaration of results.

The duly certified agency of the producers of any agricultural product among whom a referendum shall be conducted under the provisions of this Article shall likewise prepare and distribute in advance of such referendum all necessary ballots for the purposes thereof, and shall, under rules and regulations promulgated by said agency, arrange for the necessary poll holders for conducting the said referendum; and following such referendum and within 10 days thereafter the said agency shall canvass and publicly declare the result of such referendum. (1947, c. 1018, s. 14.)

§ 106-563.1. Supervision of referendum on milk product assessment.

Notwithstanding any other provision of this Article, any milk product assessment referendum shall be conducted under the supervision of the County Extension Chairman in each county in which the referendum is held. (1981, c. 216, s. 3.)

§ 106-564. Collection of assessments; custody and use of funds.

In the event two thirds or more of the farmers eligible for participation in such referendum and voting therein shall vote in favor of such assessment,

then the said assessment shall be collected annually or at regular intervals during the year established by the rules and regulations of the duly certified commission, council, board or other agency for the number of years set forth in the call for such referendum, and the collection of such assessment shall be under such method, rules and regulations as may be determined by the agency conducting the same; and the said assessment so collected shall be paid into the treasury of the agency conducting such referendum, to be used together with other funds from other sources, including donations from individuals, concerns or corporations, and grants from State or governmental agencies, for the purpose of promoting and stimulating, by advertising and other methods, the increased use and sale, domestic and foreign, of the agricultural commodity covered by such referendum. Such assessments may also be used for the purpose of financing or contributing toward the financing of a program of production, use and sale of any and all such agricultural commodities. (1947, c. 1018, s. 15; 1951, c. 1172, s. 3; 1965, c. 1046, s. 1; 1975, c. 708, s. 1.)

§ 106-564.1. Alternate method for collection of assessments.

As an alternate method for the collection of assessments provided for in G.S. 106-564, and upon the request of the duly certified agency of the producers of any agricultural products referred to in G.S. 106-550, the Commissioner of Agriculture shall notify, by registered letter, all persons, firms and corporations engaged in the business of purchasing any such agricultural products in this State, that on and after the date specified in the letter the assessments shall be deducted by the purchaser, or his agent or representative, from the purchase price of any such agricultural products. The assessment so deducted, shall, on or before the first day of June of each year following such deduction or at regular intervals during the year following such deductions, be remitted by such purchaser to the Commissioner of Agriculture of North Carolina who shall thereupon pay the amount of the assessments to the duly certified agency of the producers entitled thereto. The books and records of all such purchasers of agricultural products shall at all times during regular business hours be open for inspection by the Commissioner of Agriculture or his duly authorized agents.

For the purposes of this Article the Commissioner may designate the duly certified agency of the producers as his agent to conduct inspections or audits of the books of the purchaser of such agricultural products. If it is discovered, as the result of such inspection or audit, that such purchaser has willfully failed to remit assessments when due, then such purchaser shall be liable to the duly certified producers agency for the reasonable costs of such inspection or audit. Such costs may be recovered by the agency by an action against the purchaser in a court of competent jurisdiction. The agency shall also be entitled to recover from such purchaser a penalty of five percent (5%) of the amount due for each month it remains unpaid, not to exceed twenty percent (20%) of the total amount due.

Any packer, processor or other purchaser who originally purchases from the grower, apples grown in North Carolina, shall collect from the grower thereof any marketing assessment due under the provisions of Article 50 of Chapter 106 and shall remit the same to the North Carolina Department of Agriculture and Consumer Services. Upon failure of said packer, processor or other purchaser to collect and remit said assessment then the amount of the assessment shall become the obligation of the packer, processor or other purchaser who originally purchased the apples from the grower and he shall become liable therefor to the North Carolina Department of Agriculture and Consumer Services. Failure of the packer, processor or other purchaser to

comply with the provisions of this section shall constitute a bar to engaging in said business in this State upon proper notice from the Board of Agriculture. The Board of Agriculture shall have authority to promulgate such rules and regulations as shall be necessary to carry out the purpose and intent of this section. (1953, c. 917; 1969, c. 605, s. 3; 1975, c. 708, s. 2; 1983, c. 395; 1997-261, s. 109.)

§ 106-564.2. Further alternative method for collection of assessments.

As an alternate method for the collection of assessments provided for in G.S. 106-564, the duly certified agency representing the producers of peaches, apples or other tree fruits, is hereby authorized to establish the names, addresses and number of trees or acres of trees and certify same to the Commissioner of Agriculture. The Commissioner of Agriculture shall then notify by registered letter such certified producers that on or before the date specified by the duly certified agency, the assessments shall be paid to the Commissioner of Agriculture by the producers. The date of collections of such assessments may be established by the duly certified agency representing the producers of any agricultural product referred to in G.S. 106-550. (1955, c. 374.)

§ 106-564.3. Alternative method for collection of assessments relating to cattle.

As an alternative method for the collection of assessments provided for in Article 50 of Chapter 106 of the General Statutes, as amended, and as the same relates to all cattle, including those cattle sold for slaughter, upon the request of the duly certified agency of the producers of all cattle, including those which are to be sold for slaughter, the Commissioner of Agriculture shall notify, by registered letter, all livestock auction markets, slaughterhouses, abattoirs, packinghouses, and any and all persons, firms and corporations, engaged in the buying, selling or handling of cattle in this State, and on and after the date specified in the letter, the assessments approved and in force under said referendum shall be deducted by the purchaser, or his agent or representative, from the purchase price of all cattle bought, acquired or sold. It shall be unlawful for any livestock auction market, slaughterhouse, abattoir, packinghouse or the administrators or managers or agents of same or for any person, firm or corporation to acquire, buy or sell any cattle, including cattle for slaughter, without deducting the assessments previously authorized by said referendum. The assessment or assessments for any month so deducted, shall, on or before the twentieth day of the following month, be remitted by such purchaser as above described, to the Commissioner of Agriculture of North Carolina, who shall thereupon pay the amount of the assessments to the duly certified agency of the producers of all such cattle entitled thereto. The books and records of all such livestock auction markets, slaughterhouses, abattoirs, packinghouses, or persons, firms or corporations engaged in buying, acquiring or selling all cattle shall at all times during regular business hours be open for inspection by the Commissioner of Agriculture or his duly authorized agents. Provided, however, that if any livestock auction market, slaughterhouse, abattoir, packinghouse, or any person, firm or corporation engaged in buying, selling or handling cattle in this State shall fail to collect or pay such assessments so deducted to the Commissioner of Agriculture of North Carolina, as herein provided, then and in such event suit may be brought by the duly certified agency concerned in a court of competent jurisdiction to enforce the collection of such assessments. (1959, c. 1176; 1969, c. 184.)

§ 106-564.4. Alternative method for collection of assessments relating to sweet potatoes.

(a) In the event the producers of sweet potatoes approve an assessment pursuant to G.S. 106-564, which assessment shall be paid by the producer based on the number of acres produced, the producer shall report the number of acres planted and shall remit the assessment due to the Commissioner of Agriculture. Sweet potato producers shall report acreage planted at a time and place determined by the duly certified agency representing the producers of sweet potatoes.

(b) Assessments shall be due on September 1 of each year. Any producer who fails to pay assessments by September 30 of each year shall also pay a penalty of ten percent (10%) of the unpaid assessment, plus a penalty of one percent (1%) of the unpaid assessment for each month the assessment remains unpaid. The Commissioner of Agriculture shall remit all assessments received to the duly certified agency representing the producers of sweet potatoes. The duly certified agency representing the producers of sweet potatoes may conduct inspections and audits of sweet potato producers in order to verify the number of acres of sweet potatoes planted and may bring an action to recover unpaid assessments and penalties and the reasonable costs of such action, including attorneys' fees.

(c) There shall be no refund of assessments collected pursuant to this section.

(d) For the purposes of this section, "producer" shall be defined as a grower of one acre or more of sweet potatoes. (1995, c. 521, s. 2.)

§ 106-565. Subsequent referendum.

In the event such referendum so to be conducted as herein provided shall not be supported by two thirds or more of those eligible for participation therein and voting therein, then the duly certified agency conducting the said referendum shall have full power and authority to call another referendum for the purposes herein set forth in the next succeeding year, on the question of an annual assessment for three years. (1947, c. 1018, s. 16.)

§ 106-566. Referendum as to continuance of assessments approved at prior referendum.

In the event the first such referendum or any subsequent referendum is carried by the votes of two thirds or more of the eligible farmers participating therein and assessments in pursuance thereof are levied annually for the period set forth in the call for such referendum, then the agency conducting such referendum shall in its discretion have full power and authority to call and conduct during the third year of such first period or the last year of any subsequent period another referendum in which the farmers and producers of such agricultural commodity shall vote upon the question of whether or not such assessments shall be continued for the next ensuing three years or continued for the next ensuing six years. (1947, c. 1018, s. 17; 1965, c. 1046, s. 2.)

§ 106-567. Rights of farmers dissatisfied with assessments; time for demanding refund.

In the event such referendum is carried in the affirmative and the assessment is levied and collected as provided herein and under the regulations to be promulgated by the duly certified agency conducting the same, any farmer or

producer upon and against whom such assessments shall have been levied and collected under the provisions of this Article, if dissatisfied with said assessment and the result thereof, shall have the right to demand of and receive from the treasurer of said agency a refund of such assessment so collected from such farmer or producer, provided such demand for refund is made in writing within 30 days from the date on which said assessment is collected or due to be collected, whichever is earlier from such farmer or producer under the rules and regulations of the duly certified commission, council, board or other agency. Provided, however, that as to growers or producers of potatoes, apples or peaches the right of refund of assessments as provided herein shall be contingent upon such growers or producers having paid said assessment on or before the end of the assessment year in which the assessment was levied. The assessment year shall be determined by the duly certified commission, council, board or agency representing the respective commodity: Provided further, that any farmer or producer of potatoes, apples or peaches who fails to make any protest against the assessment and levy in writing, addressed to the duly certified commission, council, board or agency representing the commodity concerned, within 30 days from the date such assessment shall become due and payable, then, and in such event, suit may be brought by the duly certified commission, council, board or agency concerned in a court of competent jurisdiction to enforce the collection of the assessment. Provided further that on and after July 1, 1972, as to growers or producers of apples there shall be no right of refund of assessments levied pursuant to the referendum provided for by Article 50, Chapter 106 of the General Statutes of North Carolina. (1947, c. 1018, s. 18; 1959, c. 311; 1969, c. 605, ss. 1, 2; 1975, c. 708, ss. 3, 4.)

§ 106-567.1. Refund of milk product assessments.

Notwithstanding any other provision of this Article, on and after January 1, 1982, a milk producer shall be entitled to receive a monthly refund of assessments paid by him by making written demand in the first month of each calendar quarter upon the association receiving such assessment. (1981, c. 216, s. 4.)

§ 106-568. Publication of financial statement by treasurer of agency; bond required.

In the event of the levying and collection of assessments as herein provided, the treasurer of the agency conducting same shall within 30 days after the end of any calendar year in which such assessments are collected, publish through the medium of the press of the State a statement of the amount or amounts so received and collected by him under the provisions of this Article. Before collecting and receiving such assessments, such treasurer shall give a bond in the amount of at least the estimated total of such assessments as will be collected, such bond to have as surety thereon a surety company licensed to do business in the State of North Carolina, and to be in the form and amount approved by the agency conducting such referendum and to be filed with the chairman or executive head of such agency. (1947, c. 1018, s. 19.)

It is further declared to be in the public interest and highly advantageous to the economic development of the State that tobacco producers be permitted by referendum to levy upon themselves an assessment not to exceed ten cents (10¢) per hundred pounds of tobacco marketed to provide funds through the North Carolina Tobacco Research Commission for research and dissemination of research facts concerning tobacco. § 106-568.4. By whom referendum to be managed; announcement.

The governing boards of the North Carolina Farm Bureau Federation, the North Carolina State Grange, and the North Carolina Agricultural Foundation, Inc., shall arrange for and manage any referendum conducted under the provisions of this Article but shall, 60 days before the date upon which it is to be held, fix, determine, and publicly announce in each county the date, hours, and polling places in that county for voting in such referendum, the amount and basis proposed to be collected, the means by which such assessment shall be collected as authorized by the growers and producers, and the general purposes for which said funds so collected shall be applied. Provided, that the governing boards of the North Carolina Farm Bureau Federation, Inc., the North Carolina State Grange, the North Carolina Tobacco Foundation, Inc., and the Tobacco Growers Association of North Carolina, Incorporated, shall arrange for and manage any referendum for tobacco poundage assessments under the provisions of this Article. (1951, c. 827, s. 4; 1991, c. 102, s. 3.)

§ 106-568.5. When assessment shall and shall not be levied.

If in such referendum more than one third of the farmers and producers eligible to participate therein and voting therein shall vote in the negative and against the levying or collection of such assessment, then in such event no assessment shall be levied or collected, but if two thirds or more of such farmers and producers voting therein shall vote in the affirmative and in favor of the levying or collection of such assessment, then such assessment shall be collected in the manner hereinafter provided. (1951, c. 827, s. 5.)

§ 106-568.6. Determination and notice of date, area, hours, voting places, etc.

The three organizations herein designated to hold such referendum shall fix the date, area, hours, voting places, rules and regulations with respect to the holding of such referendum and cause the same to be published in the press of the State at least 60 days before holding such referendum and shall certify such information to the State Commissioner of Agriculture and to each of the farm organizations of the State. Such notice, so published and furnished to the several agencies, shall contain, in addition to the other information herein required, a statement of the amount of annual assessment proposed to be levied, and the purposes for which such assessment shall be applied. Provided, that the four organizations designated to hold the referendum for tobacco poundage assessments shall perform the functions set forth in this section. § 106-568.8. Collection and disposition of assessment; report of receipts and disbursements; audit.

(a) Fertilizer and feed assessments. In the event two-thirds or more of the eligible farmers and producers participating in said referendum vote in favor of such assessment, then said assessment shall be collected for a period of six years under rules, regulations, and methods as provided for in this Article. The assessments shall be added to the wholesale purchase price of each ton of fertilizer, commercial feed, and/or their ingredients (except lime and land plaster) by the manufacturer of said fertilizer and feed. The assessment so collected shall be paid by the manufacturer into the hands of the North Carolina Commissioner of Agriculture on the same tonnage and at the same time and in the same manner as prescribed for the reporting of the inspection tax on commercial feeds and fertilizers as prescribed by G.S. 106-284.40 and 106-671. The Commissioner shall then remit the assessment for the total tonnage as reported by all manufacturers of commercial feeds, fertilizers, and their ingredients to the treasurer of the North Carolina Agricultural Foundation, Inc., who shall disburse such funds for the purposes herein enumerated and not inconsistent with provisions contained in the charter and bylaws of the North Carolina Agricultural Foundation, Inc. Signed copies of the receipts for such remittances made by the Commissioner to the treasurer of the North Carolina Agricultural Foundation, Inc., shall be furnished the Commissioner of Agriculture, the North Carolina Farm Bureau Federation, and the North Carolina State Grange. The treasurer of the North Carolina Agricultural Foundation, Inc., shall make an annual report at each annual meeting of the Foundation directors of total receipts and disbursements for the year and shall file a copy of said report with the Commissioner of Agriculture and shall make available a copy of said report for publication.

It shall be the duty of the Commissioner of Agriculture to audit and check the remittances of the assessment by the manufacturer to the Commissioner in the same manner and at the same time as audits and checks are made of remittances of the inspection tax on commercial feeds and fertilizers.

Any commercial feed excluded from the payment of the inspection fee required by G.S. 106-284.40 shall nevertheless be subject to the assessment provided for by this Article and to quarterly tonnage reports to the Department of Agriculture and Consumer Services as provided for in G.S. 106-284.40(c).

(b) Tobacco Poundage Assessments. In the event two-thirds or more of the eligible farmers and producers participating in the tobacco referendum vote in favor of the tobacco poundage assessment authorized under this Article, then said assessment shall be collected for a period of six years under rules, regulations, and methods adopted by the North Carolina Tobacco Research Commission. The North Carolina Tobacco Research Commission is exempt from the provisions of Chapter 150B of the General Statutes.

The assessments collected shall be remitted to the Department of Agriculture and Consumer Services to be expended under the direction of the Tobacco Research Commission for research and dissemination of research facts concerning tobacco. Any person that receives assessment funds from the Tobacco Research Commission shall file quarterly written reports with the Tobacco Research Commission on the receipt and expenditure of assessment funds. The Tobacco Research Commission may transfer assessments to the North Carolina Tobacco Foundation, Inc., to be held and invested by the Tobacco

In the event such a referendum is carried in the affirmative and the assessment is levied and collected as herein provided and under the regulations to be promulgated by the duly certified agencies conducting the same, any farmer upon whom and against whom any such assessment shall have been added and collected under the provisions of this Article, if dissatisfied with the said assessment, shall have the right to demand of and receive from the treasurer of said North Carolina Agricultural Foundation, Inc., a refund of such amount so collected from such farmer or producer provided such demand for refund is made in writing within 30 days from the date of which said assessment is collected from such farmer or producer. Provided, that the Department of Agriculture and Consumer Services shall make tobacco poundage assessment refunds to tobacco farmers when such demand for refund is made in writing by the tobacco farmer within 30 days of the close of the marketing season. (1951, c. 827, s. 9; 1991, c. 102, s. 7; 1997-261, s. 109.)

§ 106-568.10. Subsequent referenda; continuation of assessment.

If the assessment is defeated in the referendum, the governing boards of the North Carolina Farm Bureau Federation, the North Carolina State Grange, and the North Carolina Agricultural Foundation, Inc., shall have full power and authority to call another referendum for the purposes herein set out in the next succeeding year on the question of the annual assessment for six years. In the event the assessment carried in a referendum by two-thirds or more of the eligible farmers participating therein, such assessment shall be levied annually for the six years set forth in the call for such referendum and a new referendum may be called and conducted during the sixth year of such period on the question of whether or not such assessment shall be continued for the next ensuing six years. Provided, that if the tobacco poundage assessment is defeated in the referendum, the governing boards of the North Carolina Farm Bureau Federation, Inc., the North Carolina State Grange, the North Carolina Tobacco Foundation, Inc., and Tobacco Growers Association of North Carolina, Incorporated, may call another referendum in the next succeeding year on the question of the annual assessment for six years. If the tobacco assessment carried in a referendum by two-thirds or more of the eligible farmers participating therein, the assessment shall be levied annually for the six years set forth in the call for the referendum and a new referendum may be called and conducted during the sixth year of the period on the question of whether or not the assessment shall be continued for the next ensuing six years. (1951, c. 827, s. 10; 1967, c. 631, s. 2; 1991, c. 102, s. 8.)

§ 106-568.11. Effect of more than one-third vote against assessment.

If in such referendum called under the provisions of this Article more than one third of the farmers and producers in the State of North Carolina, eligible to participate and voting therein, shall vote in the negative and against the levying or collection of such assessment, then in such an event no assessment shall be levied or collected. (1951, c. 827, s. 11.)

§ 106-568.12. Effect of two-thirds vote in favor of assessment.

If in such referendum called under the provisions of this Article two thirds or more of the farmers or producers in the State of North Carolina, eligible to participate and voting therein, shall vote in the affirmative and in favor of the levying and collection of such assessment proposed in such referendum on the commodities covered thereby, then such assessment shall be collected in the manner prescribed herein (determined and announced by the agencies conducting such referendum). For the purpose of raising reasonable and necessary funds for producer participation in the operations of the agency set up under farmer sponsorship for the promotion of export trade in flue-cured tobacco and the use of tobacco everywhere, it is proper, desirable, necessary and in the public interest that the farmers in this State engaged in the production of flue-cured tobacco shall have the opportunity and privilege of participating in a referendum to be held as hereinafter provided, in which referendum there shall be determined the question of whether or not the farmers of the State engaged in the production of flue-cured tobacco shall levy upon themselves an annual assessment for the purposes herein stated. (1959, c. 309, s. 2.)

§ 106-568.20. Referendum on assessment for next three years.

During the year 1989 or 1990 upon the exact date in such year as may be determined in the manner hereinafter set forth and under rules and regulations as established under the provisions of this Article, there shall be held in every county in North Carolina in which flue-cured tobacco is produced a

referendum to be participated in by all farmers engaged in the production of flue-cured tobacco in which referendum said farmers shall vote upon the question of whether or not there shall be levied an annual assessment for a period of three years 1989, 1990 and 1991, or 1990, 1991, and 1992, such amount as may have been theretofore or as may be thereafter determined by the Board of Directors of Tobacco Associates, Inc., but not more than four dollars ($4.00) per acre per year on all flue-cured tobacco acreage in the State of North Carolina. Those farmers entitled to share in the crop of flue-cured tobacco or in the proceeds of such crop because of sharing in the risk of production shall be deemed to be engaged in the production of such tobacco. (1959, c. 309, s. 3; 1987, c. 294, s. 1; 1989, c. 349, s. 1.)

§ 106-568.21. Effect of more than one-third vote against assessment in referendum.

If in such referendum more than one-third of the tobacco farmers eligible to participate therein and voting therein shall vote in the negative and against the levying or collection of such assessment, then no assessment shall be levied or collected pursuant to that referendum. (1959, c. 309, s. 4; 1987, c. 294, s. 2.)

§ 106-568.22. Effect of two-thirds vote for assessment in referendum.

If in such referendum two-thirds or more of the eligible tobacco farmers voting therein shall vote in the affirmative and in favor of the levying or collection of such assessment to be determined by the board of directors of Tobacco Associates, Incorporated, but in an amount of not more than four dollars ($4.00) per acre per year on all flue-cured tobacco acreage in the State of North Carolina, then such assessment shall be collected in the manner hereinafter provided. (1959, c. 309, s. 5; 1987, c. 294, s. 3; 1989, c. 349, s. 2.)

§ 106-568.23. Regulations as to referendum; notice to farm organizations and county agents.

The exact date, on which such referendum shall be held and the hours, voting places, and rules and regulations under which such referendum shall be conducted, shall be established and determined by the board of directors of the North Carolina corporation known and designated as Tobacco Associates, Incorporated, established under the leadership of farm organizations in the State of North Carolina for the purpose of stimulating, developing and expanding export trade for flue-cured tobacco and the use of tobacco everywhere; the said referendum date, hours, voting places, rules and regulations with respect to the holding of such referendum shall be published through the medium of the public press in the State of North Carolina by said board of directors at least 15 days before the holding of such referendum, and direct written notice thereof shall likewise be given to all farm organizations within the State of North Carolina and to each county agent in any county in which flue-cured tobacco is grown. (1959, c. 309, s. 6; 1987, c. 294, s. 4.)

§ 106-568.24. Distribution of ballots; arrangements for holding referendum; declaration of results.

The said board of directors of Tobacco Associates, Incorporated, shall likewise prepare and distribute in advance of said referendum all necessary ballots for the purpose thereof, and shall under the rules and regulations

promulgated by said board arrange for the necessary poll holders for conducting the said referendum; and following such referendum and within 10 days thereafter the said board of directors shall canvass and publicly declare the results of such referendum. (1959, c. 309, s. 7; 1987, c. 294, s. 5.)

§ 106-568.25. Question at referendum.

Said referendum shall be upon the question of whether or not the farmers eligible for participation therein and voting therein shall favor an assessment upon themselves for the period of the next three tobacco marketing years, in an amount in each of said years as determined by or to be determined by the board of directors of Tobacco Associates, Incorporated but not more than four dollars ($4.00) per acre per year on all flue-cured tobacco acreage in the State of North Carolina, for the purpose of providing farmer participation in the fund and through the agency established for the stimulation, expansion and development of export markets for flue-cured tobacco and the encouragement of the use of flue-cured tobacco everywhere. (1959, c. 309, s. 8; 1987, c. 294, s. 6; 1989, c. 349, s. 3.)

§ 106-568.26. Collection of assessments; custody and use of funds.

In the event two-thirds or more of the eligible farmers voting therein shall vote in favor of such assessment, then the said assessment shall be collected annually for the years herein set forth and under such method, rules and regulations as may be determined by the board of directors of the said Tobacco Associates, Incorporated, and the said assessment so collected shall be paid into the treasurer [treasury] of said Tobacco Associates, Incorporated, to be used along with funds from other sources, for the purpose of stimulating, developing and expanding export trade for flue-cured tobacco and encouraging the use of flue-cured tobacco everywhere. (1959, c. 309, s. 9.)

§ 106-568.27. Required affirmative vote of directors of Tobacco Associates, Incorporated.

No assessment shall be made pursuant to this Article unless same shall receive the affirmative vote of not less than two-thirds of the members of the board of directors of Tobacco Associates, Incorporated, including the affirmative vote of not less than two thirds of such board members who were elected by North Carolina farm organizations. (1959, c. 309, s. 10.)

§ 106-568.28. Right of farmers dissatisfied with assessments; time for demanding refund.

In the event any referendum authorized by this Article is carried in the affirmative by such two-thirds vote and the assessment is levied and collected as herein provided and under the regulations to be promulgated by the board of directors of Tobacco Associates, Incorporated, any farmer or tobacco producer upon whom and against whom any such annual assessment shall have been levied and collected under the provisions of this Article, if dissatisfied with the said assessment, shall have the right to demand of and receive from the treasurer of said Tobacco Associates, Incorporated, a refund of such annual assessment so collected from such farmer or producer of tobacco, provided such demand for refund is made in writing within 30 days from the last date on which such assessment is collected from such farmer or producer or deducted

from the proceeds of the sale of tobacco of such farmer or producer. (1959, c. 309, s. 11; 1987, c. 294, s. 7.)

§ 106-568.29. Subsequent referendum after defeat of assessment.

In the event any referendum conducted as provided for in this Article shall not be supported by two-thirds or more of those voting therein, then the board of directors of Tobacco Associates, Incorporated shall have full power and authority to call another referendum for the purposes herein set forth in any succeeding year, on the question of an annual assessment for the next three tobacco marketing years or less. If the referendum is carried as provided in this Article, then the assessments may be levied and collected as provided in this Article. (1959, c. 309, s. 12; 1989, c. 349, s. 4.)

§ 106-568.30. Referendum as to continuance of assessments approved at prior referendum.

In the event any referendum, held at any time under the provisions of this Article, is carried by the vote of two-thirds or more of the eligible farmers participating therein and assessments in pursuance thereof are being levied annually, then the board of directors of Tobacco Associates, Incorporated shall, in its discretion, have full power and authority to call and conduct another referendum in which the farmers and producers of flue-cured tobacco shall vote upon the question of whether or not assessments under this Article shall be continued for the next three tobacco marketing years. If the referendum is carried as provided in this Article, then assessments may be levied and collected as provided in this Article. (1959, c. 309, s. 13; 1987, c. 294, s. 8.)

§ 106-568.31. Filing and publication of financial statement by treasurer of Tobacco Associates, Incorporated.

The treasurer of Tobacco Associates, Incorporated shall, within 60 days after the end of any fiscal year, file with the State Auditor a financial statement as of the end of the fiscal year and a detailed statement of operations for the year ended. Further a condensed statement of the financial condition and operating expenses for said fiscal year shall be published in a newspaper of general circulation, if one exists, in each county from which assessments are collected. (1959, c. 309, s. 14; 1987, c. 294, s. 9.)

§ 106-568.32: Repealed by Session Laws 1987, c. 294, s. 11.

§ 106-568.33. Effect of Article on prior acts.

Insofar as the provisions of this Article are different from and in conflict with the provisions of Chapter 511, Session Laws of 1947 and Chapter 63, Session Laws of 1951, to the extent of such conflict the provisions of this Article shall be applicable and shall supersede and prevail over the provisions of said former acts and all provisions of this Article shall be in full effect. So long as assessments are made under this Article, no assessment shall be made and collected under the provisions of Chapter 511, Session Laws of 1947, as amended. (1959, c. 309, s. 16.)

§ 106-568.34. Alternate method for levy of assessment.

At any time when it may be found by the Board of Directors of Tobacco Associates, that it is not reasonably feasible to base the authorization of an assessment or the making of an assessment or the collection of an assessment on a "per-acre" unit, then the Board of Directors of Tobacco Associates, by an affirmative vote of not less than two thirds of its members (which vote shall include the affirmative vote of not less than two thirds of the board members who were elected by North Carolina farm organizations), may use a "tobacco poundage" unit as the basis for the authorization or making or collecting an assessment. No alternative assessment for any year after 1988 shall exceed one-fifth cent (⅕¢) per pound of the flue-cured tobacco marketed by each farmer. The amount of any alternate assessment, based upon a "tobacco poundage" unit as permitted by the provisions of this section shall not be related to or limited by the amount of the assessment which could be authorized, made or collected if it were based upon a "per-acre" unit. (1973, c. 81; 1979, c. 474, s. 1; 1987, c. 294, s. 10; 1989, c. 349, s. 5.)

§ 106-568.35. Alternate provision for referendum voting by mail.

(a) At any time when it may be found that it is not desirable or reasonably possible to conduct a referendum by written ballots to be cast at polling places (as provided in G.S. 106-568.23 and 106-568.24 of this Article), the board of directors of Tobacco Associates, Incorporated, by an affirmative vote of not less than two-thirds of its members (which vote shall include the affirmative vote of not less than two thirds of such board members who were elected by North Carolina farm organizations), may prescribe and provide for a vote by mail by written or printed ballot.

(b) In the event that the board of directors shall decide to conduct the referendum by mail vote, the board shall prescribe the rules and regulations under which such mail referendum shall be conducted; shall provide the necessary ballots and cause them to be mailed to the farmers of North Carolina who are engaged in the production of flue-cured tobacco; shall provide envelopes for the return of such ballots by individual voters; shall cause to be published through the medium of the public press in the State of North Carolina notice of the holding of such referendum at least 15 days before the mailing out of the ballots; shall give direct written notice of such proposed mail referendum to all statewide farm organizations within the State of North Carolina and to each county agent in each county in which flue-cured tobacco is grown; shall provide a closing date for the return of the ballots; shall provide for the receipt and safeguarding of such ballots; and, within 30 days of the date set as the latest date for the return of such ballots, shall canvass the ballots and publish and declare the results of such referendum. (1975, c. 125; 1987, c. 294, s. 12.)

§ 106-568.36. Maximum levy after 1988.

The maximum amount which may be authorized in any referendum held pursuant to the provisions of this Article during 1989 or thereafter, and the maximum amount which may be assessed, collected or levied for any year after 1988 by the Board of Directors of Tobacco Associates pursuant to the provisions of this Article, is four dollars ($4.00) per acre per year on all flue-cured tobacco acreage in the State, or, under the alternate method for levy of assessment set out in G.S. 106-568.34, one-fifth cent (⅕¢) per pound of the flue-cured tobacco marketed by each farmer. (1979, c. 474, s. 2; 1987, c. 294, s. 13; 1989, c. 349, s. 6.)

§ 106-568.37. Report on use of assessments.

The Board of Directors of the Tobacco Associates, Incorporated shall make an annual written report of the financial transactions and a financial statement concerning the receipts and disbursements of the revenue from the assessment. A copy of the report shall be provided by the Board of Directors of the Tobacco Associates, Incorporated to the Commissioner of Agriculture, the Dean of the College of Agriculture and Life Sciences at North Carolina State University, the North Carolina Farm Bureau Federation, the North Carolina State Grange, and the Bright Belt Warehouse Association. (1989, c. 349, s. 7.)

ARTICLE 51A.

North Carolina Antifreeze Law of 1975.

§ 106-579.1. Short title.

This Article shall be known as the "North Carolina Antifreeze Law of 1975." (1975, c. 719, s. 1.)

Editor's Note. — Session Laws 1975, c. 719, effective July 1, 1975, repealed Article 51 and enacted this Article. Where appropriate, the historical citations to the sections of the repealed Article have been added to corresponding sections of this Article.

§ 106-579.2. Purpose.

It is desirable that there should be uniformity between the requirements of the several states. Therefore, the Board and Commission are directed, consistent with the purposes of this Article, to so enforce this Article as to strive for achievement of such uniformity and are also authorized and empowered to cooperate with and enter into agreements with any other agency of this State, or any other state regulating antifreeze, for the purpose of carrying out the provisions of this Article and securing uniformity of regulations in conformity to the primary standards established by this Article. (1975, c. 719, s. 2.)

§ 106-579.3. Definitions.

As used in this Article, the following words and phrases have the following meanings:

(1) "Advertisement" means all representations disseminated in any manner or by any means, other than by labeling, for the purpose of

inducing, or which are likely to induce, directly or indirectly, the purchase of antifreeze products.

(2) "Antifreeze" means any substance or preparation sold, distributed or intended for use as the cooling liquid, or to be added to the cooling liquid, in the cooling system of internal combustion engines of motor vehicles to prevent freezing of the cooling liquid or to lower its freezing point.

(3) "Antifreeze-coolant" or "antifreeze and summer coolant" or "summer coolant" means any substance as defined in (2) above which also is sold, distributed or intended for raising the boiling point of water or for the prevention of engine overheating whether or not used as a year-round cooling system fluid. Unless otherwise stated, the term "antifreeze" includes "antifreeze," "antifreeze-coolant," "antifreeze and summer coolant," and "summer coolant."

(4) "Board" means the North Carolina State Board of Agriculture, as defined by G.S. 106-2.

(5) "Commissioner" means the Commissioner of Agriculture of the State of North Carolina.

(6) "Distribute" means to hold with intent to sell, offer for sale, to sell, barter or otherwise supply to the consumer.

(7) "Home consumer-sized package" as used in G.S. 106-579.9(12) shall refer to packages of one fluid U.S. gallon or less.

(8) "Label" means any display of written, printed, or graphic matter on, or attached to, a package, or to the outside individual container or wrapper of the package.

(9) "Labeling" means (i) the labels and (ii) any other written, printed or graphic matter accompanying a package.

(10) "Package" means (i) a sealed tamperproof retail package, drum, or other container designed for the sale of antifreeze directly to the consumer or (ii) a container from which the antifreeze may be installed directly by the seller into the cooling system, but does not include shipping containers containing properly labeled inner containers.

(11) "Person," as used in this Article, shall be construed to mean both the singular and plural as the case demands, and shall include individuals, partnerships, corporations, companies and associations. (1949, c. 1165; 1975, c. 719, s. 3.)

§ 106-579.4. Registrations.

On or before the first day of July of each year, and before any antifreeze may be distributed for the permit year beginning July 1, the manufacturer, packager, or person whose name appears on the label shall make application to the Commissioner on forms provided by the latter for registration for each brand of antifreeze which he desires to distribute. The application shall be accompanied by specimens or facsimiles of labeling for all container sizes to be distributed, when requested by the Commissioner; a license and inspection fee of two hundred fifty dollars ($250.00) for each brand of antifreeze and a properly labeled sample of the antifreeze shall also be submitted at this time. The Commissioner may inspect, test, or analyze the antifreeze and review the labeling. If the antifreeze is not adulterated or misbranded, if it meets the standards established and promulgated by the Board, and if the said antifreeze is not such a type or kind that is in violation of this Article, the Commissioner shall thereafter issue a written license or permit authorizing the sale of such antifreeze in this State for the fiscal year in which the license or inspection fee is paid. If the antifreeze is adulterated or misbranded, if it

fails to meet standards promulgated by the Board, or is in violation of this Article or regulations thereunder, the Commissioner shall refuse to register the antifreeze, and he shall return the application to the applicant, stating how the antifreeze or labeling is not in conformity. If the Commissioner shall, at a later date, find that a properly registered antifreeze product has been materially altered or adulterated, or a change has been made in the name, brand or trademark under which the antifreeze is sold, or that it violates the provisions of this Article, or that it violates regulations, definitions or standards duly promulgated by the Board, he shall notify the applicant that the license authorizing sale of the antifreeze is canceled. No antifreeze license shall be canceled unless the registrant shall have been given an opportunity to be heard before the Commissioner or his duly designated agent and to modify his application in order to comply with the requirements of this Article and regulations, definitions, and standards promulgated by the Board. All fees received by the Commissioner shall be placed in the Department of Agriculture and Consumer Services fund for the purpose of supporting the antifreeze enforcement and testing program. (1949, c. 1165; 1975, c. 719, s. 4; 1997-261, s. 109.)

§ 106-579.5. Adulteration.

Antifreeze shall be deemed to be adulterated:

(1) If, in the form in which it is sold and directed to be used, it would be injurious to the cooling system in which it is installed, or if, when used in such cooling system, it would make the operation of the engine dangerous to the user.

(2) If its strength, quality, or purity falls below the standard of strength, quality, or purity established by the Board for the particular type or composition of antifreeze product. (1949, c. 1165; 1975, c. 719, s. 5.)

§ 106-579.6. Misbranding.

Antifreeze shall be deemed to be misbranded:

(1) If it does not bear a label which (i) specifies the identity of the product, (ii) states the name and place of business of the registrant, (iii) states the correct net quantity of contents (in terms of liquid measure) separately and accurately in a uniform location upon the principal display panel, and (iv) contains a statement warning of any hazard of substantial injury to human beings which may result from the intended use or reasonably foreseeable misuse of the antifreeze, as provided by applicable federal and State product safety laws.

(2) If the label on a container of less than five gallons, or the labeling for a container of five gallons or more, does not contain a statement or chart showing the appropriate amount, percentage, proportion or concentration of the antifreeze to be used to provide (i) claimed protection from freezing at a specified degree or degrees of temperature, (ii) claimed protection from corrosion, or (iii) claimed increase of boiling point or protection from overheating.

(3) If its labeling contains any claim that it has been approved or recommended by the Commissioner or the State of North Carolina.

(4) If its labeling is false, deceptive, or misleading. (1949, c. 1165; 1975, c. 719, s. 6.)

CASE NOTES

Failure to Label Properly Constitutes Misbranding and Deceptive Practice. — The failure to label drums of antifreeze properly is statutorily deemed to be a misbranding, which is deceptive as a matter of law. State ex rel. Edmisten v. Zim Chem. Co., 45 N.C. App. 604, 263 S.E.2d 849 (1980).

Defendant's failure properly to label drums of antifreeze constituted a misbranding under former G.S. 106-571(2), and such misbranding was a deceptive practice within the meaning of G.S. 75-1.1 as a matter of law. State ex rel. Edmisten v. Zim Chem. Co., 45 N.C. App. 604, 263 S.E.2d 849 (1980).

§ 106-579.7. Rules and regulations.

(a) The Board is authorized to promulgate such reasonable rules, regulations and standards for antifreezes as are specifically authorized in this Article and such other reasonable rules and regulations as may be necessary for the efficient enforcement of this Article and the protection of the public. The Board is authorized to promulgate regulations banning the distribution in North Carolina of any type of product not suitable for antifreeze usage in modern internal combustion engines or motor vehicles, whether by reason of potential damage to the cooling system, improper heat transfer from the engine, absence of a convenient and suitable test method for measuring freeze protection, or other reason bearing upon the ultimate effect of the product when used in such automotive cooling systems. Before the issuance, amendment, or repeal of any rule, regulation or standard authorized by this Article, the Board shall publish the proposed regulation, amendment, or notice to repeal an existing regulation in a manner reasonably calculated to give interested parties, including all current registrants, adequate notice and shall afford all interested persons an opportunity to present their views thereon, orally or in writing, within a reasonable period of time. After consideration of all views presented by interested persons, the Board shall take appropriate action as dictated by the material weight of objective information presented to the Board.

(b) The Commissioner shall administer this Article by inspections, chemical analyses and other appropriate methods. The Commissioner shall also execute all orders, rules and regulations established by the Board. All authority vested in the Commissioner by virtue of the provisions of this Article may, with like force and effect, be executed by such agents of the Commissioner as he shall designate for such purpose; provided, however, that confidential formula information referred to in G.S. 106-579.11 must be confined to the files of the administrative chemist specifically designated by the Commissioner to handle such information. (1949, c. 1165; 1975, c. 719, s. 7.)

§ 106-579.8. Inspection, sampling and analysis.

The Commissioner, or his authorized agent, shall have free access at reasonable hours to all places and property in this State where antifreeze is manufactured, stored, transported, or distributed, or offered or intended to be offered, for sale, including the right to inspect and examine all antifreeze there found, and to take reasonable samples of such antifreeze for analysis together with specimens of labeling. All samples so taken shall be properly sealed and sent to the Department of Agriculture and Consumer Services laboratories for examination together with all labeling appertaining thereto. It shall be the duty of the Commissioner to examine promptly all samples received in connection with the administration and enforcement of this Article and to report the results of such examination to the owner and registrant of the antifreeze. (1949, c. 1165; 1975, c. 179, s. 8; 1997-261, s. 109.)

§ 106-579.9. Prohibited acts.

It shall be unlawful to:

(1) Distribute any antifreeze which is adulterated or misbranded.

(2) Distribute any antifreeze which has been banned by the Board.

(3) Distribute any antifreeze which has not been registered in accordance with G.S. 106-579.4 or whose labeling is different from that accepted for registration; provided, that any antifreeze declared to be discontinued by the registrant must be registered by the registrant for one full year after distribution is discontinued; provided further, that any antifreeze in channels of distribution after the aforesaid registration period may be confiscated and disposed of by the Commissioner, unless the antifreeze is acceptable for registration and is continued to be registered by the manufacturer or the person offering the antifreeze for wholesale or retail sale.

(4) Refuse to permit entry or inspection or to permit the acquisition of a sample of antifreeze as authorized by G.S. 106-579.8.

(5) Dispose of any antifreeze that is under "stop sale" or "withdrawal from distribution" order in accordance with G.S. 106-579.10.

(6) Distribute any antifreeze unless it is in the registrant's or manufacturer's unbroken package or is installed by the seller into the cooling system of the purchaser's vehicle directly from the registrant's or manufacturer's package, and the label on such package if less than five gallons, or the labeling of such package if five gallons or more, does not bear the information required by G.S. 106-579.6(1), (2), (3), and (4).

(7) Use the term "ethylene glycol" in connection with the name of a product which contains other glycols unless it is qualified by the word "base," "type," or similar word, and unless the product meets the following requirements:

a. It consists essentially of ethylene glycol;

b. If it contains suitable glycols other than ethylene glycol, that no more than a maximum of fifteen percent (15%) of such other glycols be present;

c. It contains a minimum total glycol content of ninety-three percent (93%) by weight;

d. The specific gravity is corrected to give reliable freezing-point readings on a commercial ethylene glycol type hydrometer; and

e. The freezing point of a fifty percent (50%) by volume aqueous mixture of the antifreeze shall not be above -34° F.

(8) Refuse, when requested, to permit a purchaser to see the container from which antifreeze is drawn for installation into the purchaser's vehicle.

(9) Refill any container bearing a registered label, unless by the registrant or his duly designated jobber, under regulations established by the Board.

(10) Distribute any antifreeze for which a practical, rapid means for measuring the freeze protection by the user is not readily available, whether by hydrometer or other means.

(11) Distribute antifreeze which is in violation of the Federal Poison Prevention Packaging Act and regulations and related federal and State product safety laws and regulations.

(12) Distribute antifreeze in home consumer-sized packages which are constructed of either transparent or translucent packaging materials.

(13) Disseminate any false or misleading advertisement relating to an antifreeze product. (1975, c. 719, s. 9.)

§ 106-579.10. Enforcement.

(a) When the Commissioner finds any antifreeze being distributed in violation of any of the provisions of this Article or of any of the rules and regulations duly promulgated and adopted under this Article by the Board, he may issue and enforce a written or printed "stop sale" or "withdrawal from distribution" order, warning the distributor not to dispose of any of the lot of antifreeze in any manner until written permission is given by the Commissioner or the court. Copies of such orders shall also be sent by certified mail to the registrant and to the person whose name and address appears on the labeling of the antifreeze. The Commissioner shall release for distribution the lot of antifreeze so withdrawn when said provisions of this Article and applicable rules and regulations have been complied with. If compliance is not obtained within 30 days of the date of notification to the registrant and the person whose name and address appears on the label, the Commissioner may begin proceedings for condemnation.

(b) Notwithstanding the provisions of subsection (a) of this section, any lot of antifreeze not in compliance with said provisions and regulations shall be subject to seizure upon complaint of the Commissioner to the district court in the county in which said antifreeze is located. In the event the court finds said antifreeze to be in violation of this Article and its duly adopted regulations, it may then order the condemnation of said antifreeze and the same shall be disposed of in any manner consistent with the rules and regulations of the Board and the laws of the State at the expense of the claimants thereof, under the supervision of the Commissioner; and all court costs and fees, and storage and other proper expenses, shall be taxed against the claimant of such article or his agent; provided, however, that in no instance shall the disposition of said antifreeze be ordered by the court without first giving 30 days' notice, by certified mail at his last known address, to the owner of same, if he is known to the Commissioner, and to the registrant, if the antifreeze is registered, at the address shown on the label or on the registration certificate, so that such persons may apply to the court for the release of said antifreeze or for permission to process or relabel said antifreeze so as to bring it into compliance with this Article. When the violation can be corrected by proper labeling, processing of the product, or other action, the court, after all costs, fees and expenses incurred by the Commissioner have been paid and a good and sufficient bond, conditioned that such article shall be so corrected, has been executed, may by order direct that such article be delivered to the claimant thereof for such action as necessary to bring it into compliance with this Article and regulations under the supervision of the Commissioner. The expense of such supervision shall be paid by the claimant. Such bond shall be returned to the claimant of the article on representation to the court by the Commissioner that the antifreeze is no longer in violation of this Article, and that the expenses of such supervision have been paid.

CASE NOTES

Construction With Other Laws. — Rezoning applicant's intended biodiesel production was not a bona fide farm use that was subject to zoning. The hauling of raw materials from surrounding farms, and the production of 500,000 gallons of biodiesel per year, when the farming operation required only 100,000 gallons of biodiesel per year, removed this production from the realm of bona fide farm use to a non-farm independent commercial enterprise; although the large scale industrial farming operation fit under the G.S. 153A-340(b)(2) bona fide farm exception to date, this added industrial process was not the production and activities relating or incidental to the production of crops, fruits, vegetables, ornamental and flowering plants, dairy, livestock, poultry, and all other forms of agricultural products as defined in G.S. 106-581.1 having a domestic or foreign market. animals, particularly those plants and crops which may be adapted to utilization in chemical and manufacturing industries; research, counsel and advice on new and more profitable uses of our resources of agricultural manpower, soils, plants, animals and equipment than those to which they are now devoted; methods of conservation, development, and use of land, forest, and water resources for agricultural purposes; guidance in the design, development, and more efficient and satisfactory use of farm buildings, farm homes, farm machinery, including the application of electricity, water and other forms of power; techniques relating to the diversification of farm enterprises, both as to the type of commodities produced, and as to the types of operations performed, on the individual farm; and assistance in appraising opportunities for making fuller use of the natural, human and community resources in the various counties of this State to the end that the income and level of living of rural people be increased. § 106-659. Minimum plant food content.

Except as provided in this section, superphosphate containing less than eighteen percent (18%) available phosphate, or any mixed fertilizer in which the guarantees for the nitrogen, available phosphate, or soluble potash are in fractional percentages shall not be offered for sale, sold, or distributed in this State. Packages of 32 fluid ounces or less when in liquid form, or 32 ounces or less avoirdupois when in a dry form, may be sold in fractional percentages, but these packages are not exempt from any other requirements of this Article. (1947, c. 1086, s. 10; 1951, c. 1026, s. 7; 1973, c. 611, s. 6; 1975, c. 126; 1977, c. 303, s. 5; 1983, c. 146, s. 4; 1987, c. 292, s. 1; 1993, c. 216, s. 4; 2003-71, s. 1.)

§ 106-660. Registration of brands; licensing of manufacturers and distributors; fluid fertilizers.

(a) Each brand of commercial fertilizer for tobacco, specialty fertilizer, fertilizer materials, manipulated manure and fortified mulch shall be registered by the person whose name appears upon the label before being offered for sale, sold or distributed in this State, except those brands expressly produced for experimental and demonstration purposes only. Other fertilizers may be manufactured and sold without registration after obtaining a license as required in G.S. 106-661(a). The application for registration shall be submitted in duplicate to the Commissioner for his approval on forms furnished by the Commissioner, and shall include a fee of five dollars ($5.00) per brand and grade for all packages greater than five pounds. The registration fee for packages of five pounds or less shall be thirty dollars ($30.00). All approved registrations expire on June 30 of each year. The application shall include such information as deemed necessary by the Board of Agriculture.

(b) The distributor of any brand and grade of commercial fertilizer shall not be required to register the same if it has already been registered under this Article by a person entitled to do so and such registration is then outstanding.

(c) The grade of any brand of mixed fertilizer shall not be changed during the registration period, but the guaranteed analysis may be changed in other

respects and the sources of materials may be changed: Provided, prompt notification of such change is given to the Commissioner and the change is noted on the container or tag: Provided, further, that the guaranteed analysis shall not be changed if it, in any way, lowers the quality of the fertilizer: Provided, further, that if at a subsequent registration period, the registrant desires to make any change in the registration of a given brand and grade of fertilizer, said registrant shall notify the Commissioner of such change 30 days in advance of such registration. If the Commissioner, after consultation with the director of the agricultural experiment station decides that such change materially lowers the crop producing value of the fertilizer, he shall notify the registrant of his conclusions, and if the registrant registers the brand and grade with the proposed changes, then the Commissioner shall give due publicity to said changes through the Agricultural Review or by such other means as he may deem advisable.

(d) Any person desiring to manufacture or distribute fertilizers not required to be registered shall first secure a license. Application for said license shall be made on forms provided by the Commissioner and shall be accompanied by a reasonable fee to be determined by the Board of Agriculture. The Board shall charge a maximum of one hundred dollars ($100.00) for said license. Said license shall be renewable annually on the first day of July. Said license may be suspended, revoked or terminated for a violation of this Article or any rule promulgated thereunder.

(e) When fluid fertilizer is offered for sale or sold in this State, the method of transfer of custody shall be by weight expressed in pounds, and shall be invoiced in such a manner as to show the name of the seller, the name of the purchaser, the date of sale, the grade, and the net weight; provided, however, that fluid fertilizer may be measured in gallons of 231 cubic inches and its equivalent expressed in pounds, with a formula for converting from gallons to pounds shown on the invoice.

(f) Repealed by Session Laws 1983, c. 146, s. 2.

(g) Before any anhydrous ammonia installation that handles, stores, distributes, or applies anhydrous ammonia for fertilizer use shall be built in this State, a general layout of the installation shall be submitted in duplicate and approved by the Commissioner. In order that the layout may be approved it must conform to the minimum standards and rules and regulations, relating to safe handling, storage, distribution, or application adopted by the Board of Agriculture. All storage tanks, transfer or transport containers, applicator containers, and attached equipment for fertilizer use shall conform to the minimum standards adopted by the Board of Agriculture. It shall be the duty of a contractor, as defined in G.S. 106-657 to obtain, maintain and operate in accordance with the minimum standards and rules and regulations adopted by the Board of Agriculture, any equipment that the contractor may use in the application of anhydrous ammonia. It shall be the duty of the Commissioner to inspect and ascertain whether or not the provisions of this section are complied with. (1947, c. 1086, s. 4; 1949, c. 637, s. 1; 1951, c. 1026, ss. 3-6; 1959, c. 706, ss. 3-5; 1961, c. 66, ss. 3, 4; 1973, c. 611, ss. 1-4; 1977, c. 303, s. 6; 1981, c. 448, ss. 5, 6; 1983, c. 146, ss. 2, 3; 1987, c. 292, s. 2; 1989, c. 544, s. 5; 2001-440, s. 2.)

§ 106-661. Labeling.

(a) Any commercial fertilizer offered for sale, sold, or distributed in this State in bags, barrels, or other containers shall have placed on or affixed to the container the net weight and the data in written or printed form, required by G.S. 106-660(a), either (i) on tags to be affixed to the end of the package or (ii) directly on the package. In case the brand name appears on the package, the

grade shall also appear on the package, immediately preceding the guaranteed analysis or as a part of the brand name. The size of the type of numerals indicating the grade on the containers shall not be less than two inches in height for containers of 100 pounds or more; not less than one inch for containers of 50 to 99 pounds; and not less than 1/2 inch for packages of 25 to 49 pounds. On packages of less than 25 pounds, the grade must appear in numerals at least one half as large as the letters in the brand name. In case of fertilizers sold in containers on which the brand name or other designations of the distributor do not appear, the grade must appear in a manner prescribed by the Commissioner on tags attached to the container.

(b) If transported in bulk, the net weight and the data, in written or printed form, as required by G.S. 106-660(a), shall accompany delivery and be supplied to the purchaser.

(c) If mixed fertilizer is sold or intended to be sold in bags weighing more than 100 pounds, each bag must have a tag attached thereto, of a type approved by the Commissioner, showing the grade of the fertilizer contained therein. Such tag must be attached on the end of each bag, approximately at the center of the sewed end of the bag: Provided, that in lieu of such tag the grade of the fertilizer may be printed on the end of the bag in readily legible numerals.

(d) All labels and registrations shall carry identical guarantees for each fertilizer product requiring registration. (1947, c. 1086, s. 5; 1949, c. 637, s. 2; 1955, c. 354, s. 2; 1975, c. 127; 1977, c. 303, s. 7; 1981, c. 448, s. 7; 1989, c. 770, s. 28.)

CASE NOTES

Editor's Note. *— Many of the cases cited below were decided under prior law.*

Warranty of Contents. — Manufacturers and vendors of commercial fertilizers impliedly warrant that they contain the ingredients specified on the tags placed on the bags, according to the requirements of the statute. Swift & Co. v. Aydlett, 192 N.C. 330, 135 S.E. 141 (1926).

Compliance with Statute Warranted. — When plaintiffs, as manufacturers, dealers or agents, sold commercial fertilizers to defendant, they would be held to have warranted that they had complied with the statute, and that the articles delivered as commercial fertilizers were truthfully branded as required by the statute. Swift & Co. v. Etheridge, 190 N.C. 162, 129 S.E. 453 (1925).

Note for Purchase Price of Fertilizers Not Complying with Statute. — If the contents of the bags or packages delivered to defendant by plaintiffs were not in fact commercial fertilizers of the analysis guaranteed on each bag or package, as required, there was no consideration for the note given for the purchase price of the articles bought by defendant, and plaintiffs were not entitled to recover on said note. Swift & Co. v. Etheridge, 190 N.C. 162, 129 S.E. 453 (1925).

The rule of caveat emptor, as applied at common law in the sale of articles of personal property, is not applicable to the sale of commercial fertilizers in this State. Swift & Co. v. Etheridge, 190 N.C. 162, 129 S.E. 453 (1925); Swift & Co. v. Aydlett, 192 N.C. 330, 135 S.E. 141 (1926).

The burden of proof is upon the manufacturer to show, in an action against a purchaser for the purchase price, that the goods were at least merchantable, and that the ingredients used in their manufacture were in accordance with the specifications upon the tags placed on the bags under the requirements of the statute. Swift & Co. v. Aydlett, 192 N.C. 330, 135 S.E. 141 (1926).

A waiver by the purchaser of any demand for damages on account of any deficiencies in the ingredients of fertilizers, except such as may be ascertained in the manner specified in the statute, is valid and enforceable. Armour Fertilizer Works v. Aiken, 175 N.C. 398, 95 S.E. 657 (1918).

§ 106-662. Sampling, inspection and testing.

(a) It shall be the duty of the Commissioner to sample, inspect, make analysis of, and test commercial fertilizers offered for sale, sold, or distributed within the State at such time and place and to such an extent as he may deem

necessary to determine whether such commercial fertilizers are in compliance with the provisions of this Article. The Commissioner is authorized with permission or under court warrant to enter upon any public or private premises during regular business hours or at any time business is being conducted therein in order to have access to commercial fertilizers subject to the provisions of this Article and the rules and regulations thereto.

(b) The methods of sampling shall be as follows:

(1) For the purposes of analysis by the Commissioner and for comparison with the guarantee supplied to the Commissioner in accordance with G.S. 106-660 and 106-661, the Commissioner, shall take an official sample of not less than one pound from containers of commercial fertilizer. No sample shall be taken from less than five containers. Portions shall be taken from containers as shown in the following table:

5 to 10 containers	all containers
11 to 20 containers	10 containers
21 to 40 containers	15 containers
above 40 containers	20 containers

Ten cores from bulk lots or as specified by the Association of Official Analytical Chemists (A.O.A.C.).

(2) A core sampler shall be used that removes a core from a bag or other container in a horizontal position from a corner to the diagonal corner at the other end of the package, and the cores taken shall be mixed, and if necessary, shall be reduced after thoroughly mixing, to the quantity of sample required. The composite sample taken from any lot of commercial fertilizer under the provisions of this subdivision shall be placed in a tight container and shall be forwarded to the Commissioner with proper identification marks.

(3) The Board of Agriculture may modify the provisions of this subsection to bring them into conformity with any changes that may hereafter be made in the official methods of and recommendations for sampling commercial fertilizers which shall have been adopted by the Association of Official Analytical Chemists or by the Association of American Plant Food Control Officials. Thereafter, such methods and recommendations shall be used in all sampling done in connection with the administration of this Article in lieu of those prescribed in subdivisions (1) and (2) of this subsection.

(4) All samples taken under the provisions of this section shall be taken from original unbroken bags or containers, the contents of which have not been damaged by exposure, water or otherwise; provided, that any commercial fertilizer offered for sale, sold or distributed in bulk may be sampled in a manner approved by the Commissioner.

(5) The Commissioner shall refuse to analyze all samples except those taken under the provisions of this section and no sample, unless so taken, shall be admitted as evidence in the trial of any suit or action wherein there is called into question the value or composition of any lot of commercial fertilizer distributed under the provisions of this Article.

(6) In the trial of any suit or action wherein there is called in question the value or composition of any lot of commercial fertilizer, a certificate signed by the fertilizer chemist and attested with the seal of the Department of Agriculture and Consumer Services, setting forth the analysis made by the chemist of the Department of any sample of said commercial fertilizer, drawn under the provisions of this section and analyzed by them under the provisions of the same, shall be prima

facie proof that the lot of fertilizer represented by the sample was of the value and constituency shown by said analysis. And the said certificate of the chemist shall be admissible in evidence.

(c) The methods of analysis shall be those adopted as official by the Board of Agriculture and shall conform to sound laboratory practices as evidenced by methods prescribed by the Association of Official Analytical Chemists of the United States. In the absence of methods prescribed by the Board, the Commissioner shall prescribe the methods of analysis.

(d) The result of official analysis of any commercial fertilizer which has been found to be subject to penalty shall be forwarded by the Commissioner to the registrant at least 10 days before the report is submitted to the purchaser. If, during that period, no adequate evidence to the contrary is made available to the Commissioner, the report shall become official. Upon request the Commissioner shall furnish to the registrant a portion of any sample found subject to penalty.

(e) Any purchaser or consumer may take and have a sample of mixed fertilizer or fertilizer material analyzed for available plant food, if taken in accordance with the following rules and regulations:

(1) At least five days before taking a sample, the purchaser or consumer shall notify the manufacturer or seller of the brand in writing, at his permanent address, of his intention to take such a sample and shall request the manufacturer or seller to designate a representative to be present when the sample is taken.

(2) The sample shall be drawn in the presence of the manufacturer, seller, or representative designated by either party together with two disinterested adult persons; or in case the manufacturer, seller, or representative of either refuses or is unable to witness the drawing of such a sample, a sample may be drawn in the presence of three disinterested adult persons; provided, any such sample shall be taken with the same type of sampler as used by the inspector of the Department of Agriculture and Consumer Services in taking samples and shall be drawn, mixed, and divided, as directed in subdivisions (1), (2), (3), and (4) of subsection (b) of this section, except that the sample shall be divided into two parts each to consist of at least one pound. Each of these is to be placed into a separate, tight container, securely sealed, properly labeled, and one sent to the Commissioner for analysis and the other to the manufacturer. A certificate statement in a form which will be prescribed and supplied by the Commissioner must be signed by the parties taking and witnessing the taking of the sample. Such certificate is to be made and signed in duplicate and one copy sent to the Commissioner and the other to the manufacturer or seller of the brand sampled. The witnesses of the taking of any sample, as provided for in this section, shall be required to certify that such sample has been continuously under their observation from the taking of the sample up to and including the delivery of it to an express agency, a post office or to the office of the Commissioner.

(3) Samples drawn in conformity with the requirements of this section shall have the same legal status in the courts of the State, as those drawn by the Commissioner or any official inspector appointed by him as provided for in subsection (b) of this section.

(4) No suit for damages claimed to result from the use of any lot of mixed fertilizer or fertilizer material may be brought unless it shall be shown by an analysis of a sample taken and analyzed in accordance with the provisions of this Article, that the said lot of fertilizer as represented by a sample or samples taken in accordance with the provisions of this section does not conform to the provisions of this

Article with respect to the composition of the mixed fertilizer or fertilizer material, unless it shall appear to the Commissioner that the manufacturer of the fertilizer in question has, in the manufacture of other goods offered in this State during such season, employed such ingredients as are prohibited by the provisions of this Article, or unless it shall appear to the Commissioner that the manufacturer of such fertilizer has offered for sale during that season any kind of dishonest or fraudulent goods or unless it shall appear to the Commissioner that the manufacturer of the fertilizer in question, or a representative, agent or employee of the manufacturer, has violated any provisions of G.S. 106-663. (1947, c. 1086, s. 7; 1955, c. 354, s. 3; 1973, c. 1304, s. 1; 1977, c. 303, s. 8; 1981, c. 448, s. 8; 1997-261, ss. 68, 69.)

CASE NOTES

Editor's Note. — *Most of the cases cited below were decided under prior law.*

This section does not apply to actions for damages for breach of an express warranty of fitness of the fertilizer for the purposes for which it was warranted. Potter v. Tyndall, 22 N.C. App. 129, 205 S.E.2d 808 (1974).

When a litigant alleges that his losses are the result of false statements concerning fertilizer which constitute an express warranty of fitness, he is not required to comply with the provisions of this section. Potter v. Tyndall, 22 N.C. App. 129, 205 S.E.2d 808 (1974).

It is impossible for any farmer suffering damages from the breach of an express warranty of fitness to satisfy the requirements of this statute. Potter v. Tyndall, 22 N.C. App. 129, 205 S.E.2d 808 (1974).

But Does Apply to Action for Breach of Implied Warranty. — An action to recover damages for breach of implied warranty is in essence an action based on the inherent defects of the goods and is within the scope of this section. Potter v. Tyndall, 22 N.C. App. 129, 205 S.E.2d 808 (1974).

Section 25-2-315 does not repeal or limit the scope of subdivision (e) (4) of this section, since G.S. 25-2-102 provides that the Uniform Commercial Code does not "impair or repeal any statute regulating sales to ... farmers." Potter v. Tyndall, 22 N.C. App. 129, 205 S.E.2d 808 (1974).

Nitrogen content sample, which was obtained from a storage tank on plaintiffs' farm some time following delivery of nitrate solution, was not obtained from an approved source under the Commissioner's rule and did not comply with the manner approved by the Commissioner. Barber v. Continental Grain Co., 124 N.C. App. 310, 477 S.E.2d 77 (1996).

Applied in L. Harvey & Son Co. v. Jarman, 76 N.C. App. 191, 333 S.E.2d 47 (1985).

§ 106-663. False or misleading statements.

It shall be unlawful to make, in any manner whatsoever, any false or misleading statement or representation with regard to any commercial fertilizer offered for sale, sold, or distributed in this State, or to use any misleading or deceptive trademark or brand name in connection therewith. The Commissioner is authorized to refuse, suspend, revoke or terminate the license of any manufacturer or to refuse, suspend, revoke or terminate the registration of such commercial fertilizer for any violations of this section. (1947, c. 1086, s. 12; 1977, c. 303, s. 9; 1981, c. 448, s. 9.)

§ 106-664. Determination and publication of commercial values.

For the purpose of determining the commercial values to be applied under the provisions of G.S. 106-665, the Commissioner shall determine and publish annually the values per pound of nitrogen, available phosphate, and soluble potash in commercial fertilizers in this State. The values so determined and published shall be used in determining and assessing penalties. (1947, c. 1086, s. 9; 1977, c. 303, s. 10; 1993, c. 216, s. 5.)

§ 106-665. Plant food deficiency.

(a) The Commissioner, in determining for administrative purposes, whether any commercial fertilizer is deficient in plant food, shall be guided solely by the official sample as defined in subdivision (15) of G.S. 106-657, and as provided for in subsections (b), (c), and (d) of G.S. 106-662.

(b) If the analysis shall show that any commercial fertilizer falls short of the guaranteed analysis in any ingredient, a penalty shall be assessed in accordance with the following provisions:

(1) For total nitrogen, available phosphate, or available potash: A penalty of three times the value of the deficiency if the deficiency is in excess of the following investigational allowances.

Guarantee Percentage	*Total Nitrogen*	*Available Phosphoric*	*Soluble Potash Percentage*
4 or less	0.49	0.67	0.41
5	0.51	0.67	0.43
6	0.52	0.67	0.47
7	0.54	0.68	0.53
8	0.55	0.68	0.60
9	0.57	0.68	0.65
10	0.58	0.69	0.70
12	0.61	0.69	0.79
14	0.63	0.70	0.87
16	0.67	0.70	0.94
18	0.70	0.71	1.01
20	0.73	0.72	1.08
22	0.75	0.72	1.15
24	0.78	0.73	1.21
26	0.81	0.73	1.27
28	0.83	0.74	1.33
30	0.86	0.75	1.39
32 or more	0.88	0.76	1.44

Provided that when the found relative value of a sample is equal to or exceeds the guaranteed relative value, an overage in primary nutrients may compensate for a deficiency in another primary nutrient up to 10% of the guarantee of the deficient nutrient, not to exceed two units. No compensation shall be allowed toward a deficiency if the overage does not compensate for the entire amount of the deficiency or if the deficiency exceeds 10% of the guarantee or the deficiency exceeds two units. If more than one primary nutrient is in penalty status, no compensation shall be allowed.

(2) Should the basicity or acidity as equivalent of calcium carbonate of any sample of fertilizer be found upon analysis to differ more than five percent (5%) (or 100 pounds of calcium carbonate equivalent per ton) from the guarantee, a penalty of fifty cents (50¢) per ton for each 50 pounds calcium carbonate equivalent, or fraction thereof in excess of the 100 pounds allowed, shall be assessed and paid as is prescribed in subsection (c) of this section.

(3) Chlorine: If the chlorine content of any lot of fertilizer branded for tobacco shall exceed the maximum amount guaranteed by more than 0.5 of one percent, a penalty shall be assessed equal to ten percent (10%) of the value of the fertilizer for each additional 0.5 of one percent of excess or fraction thereof.

(4) Water insoluble nitrogen: A penalty of three times the value of the deficiency shall be assessed, if such deficiency is in excess of 0.15 of one percent on goods guaranteed up to and including five-tenths percent; 0.20 of one percent on goods guaranteed from five-tenths percent to one percent; 0.30 of one percent on goods guaranteed from one percent to two percent; 0.50 of one percent on goods guaranteed above two percent and up to and including five percent; and 1.00 percent on goods guaranteed over five percent.

(5) Nitrate nitrogen: A penalty of three times the value of the deficiency shall be assessed if the deficiency shall exceed 0.20 of one percent for goods guaranteed up to and including five-tenths percent; 0.25 of one percent for goods guaranteed from five-tenths to one percent; 0.30 of one percent for goods guaranteed from one to two percent; and 0.35 of one percent for goods guaranteed above two percent up to four percent. Tolerances for goods guaranteed above four percent shall be the same as for total nitrogen.

(6) Total magnesium: If the magnesium content is as much as 0.2 unit plus 5 percent of the guarantee below the minimum amount guaranteed, a penalty of one dollar ($1.00) per ton shall be assessed for each 0.15 of one percent additional deficiency or fraction thereof.

(7) Total calcium: If the calcium content is as much as 0.2 unit plus 5 percent of the guarantee below the minimum amount guaranteed, a penalty of one dollar ($1.00) per ton shall be assessed for each 0.35 of one percent additional deficiency or fraction thereof.

(8) Sulfur: If the sulfur content is as much as 0.2 unit plus 5 percent of the guarantee below the minimum amount guaranteed in the case of all mixed fertilizers, including mixed fertilizers branded for tobacco, a penalty of one dollar ($1.00) per ton for each 0.50 of one percent additional excess or fraction thereof, shall be assessed.

(9) Deficiencies or excesses in any other constituent or constituents covered under subdivisions (6) and (7), subsection (a), G.S. 106-660 which the registrant is required to or may guarantee shall be evaluated by the Commissioner and penalties therefor shall be prescribed by the Commissioner in fertilizer regulations.

(10) For micro-nutrients as are not specifically covered in this Article, a tolerance of twenty-five percent (25%) of the guarantee will be allowed for each element, not to exceed 1/2 unit (.5%) on guarantees up to 15 units or percent and not to exceed one unit (1%) on guarantees above 15 units or percent.

(c) All penalties assessed under this section shall be paid to the consumer of the lot of fertilizer represented by the sample analyzed within three months from the date of notice by the Commissioner to the distributor, receipts taken therefor, and promptly forwarded to the Commissioner; provided, that in no case shall the total assessed penalties exceed the commercial value of the goods to which it applies. If said consumer cannot be found, the clear proceeds of the penalty assessed shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. Such sums as shall be found to be payable to consumers on lots of fertilizer against which said penalties were assessed shall not be subject to claim by the consumer after 12 months from the date of assessment. (1947, c. 1086, s. 8; 1955, c. 354, s. 4; 1977, c. 303, s. 11; 1983, c. 146, s. 5; 1993, c. 216, s. 6; 1997-261, s. 109; 1998-215, s. 21.)

§ 106-666. "Stop sale," etc., orders.

(a) When the Commissioner finds that a lot of commercial fertilizer is being offered or exposed for sale in violation of any of the provisions of this Article,

the Commissioner shall issue and enforce a written or printed "stop sale, use, or removal" order to the owner or custodian of any lot of commercial fertilizer and shall cause the fertilizer to be held at a designated place until (i) the law has been complied with and the commercial fertilizer is released in writing by the Commissioner or (ii) the violation has been otherwise legally disposed of by written authority. The Commissioner shall release the commercial fertilizer so withdrawn when the requirements of the provisions of this Article have been complied with and upon payment of all costs and expenses incurred in connection with the withdrawal.

(b) If any manufacturer, dealer, or agent fails to pay a penalty owed on commercial fertilizer within 90 days after notice of assessment by the Commissioner, the Commissioner may issue and enforce a written or printed "stop sale, use, or removal" order to that manufacturer, dealer, or agent and shall cause any commercial fertilizer distributed and offered by that manufacturer, dealer, or agent for sale in the State to be held until (i) the penalties are paid in full and the commercial fertilizer is released in writing by the Commissioner or (ii) the penalties have been otherwise legally disposed of by written authority. The Commissioner shall release the commercial fertilizer so withdrawn when the requirements of the provisions of this Article have been complied with and upon payment of all costs and expenses incurred in connection with the withdrawal. (1947, c. 1086, s. 18; 1955, c. 354, s. 5; 1977, c. 303, s. 12; 1993, c. 216, s. 1.)

§ 106-667. Seizure, condemnation and sale.

Any lot of commercial fertilizer not in compliance with the provisions of this Article shall be subject to seizure on complaint of the Commissioner to a court of competent jurisdiction in the area in which said commercial fertilizer is located. In the event the court finds the said commercial fertilizer to be in violation of this Article and orders the condemnation of said commercial fertilizer, it shall be disposed of in any manner consistent with the quality of the commercial fertilizer and the laws of the State; provided, that in no instance shall the disposition of said commercial fertilizer be ordered by the court without first giving the claimant an opportunity to apply to the court for the release of said commercial fertilizer or for permission to process or relabel said commercial fertilizer to bring it into compliance with this Article. (1947, c. 1086, s. 19; 1977, c. 303, s. 13.)

§ 106-668. Punishment for violations.

Each of the following offenses shall be a Class 1 misdemeanor and any person upon conviction thereof shall be punished as provided by law for the punishment of Class 1 misdemeanors:

(1) To manufacture, offer for sale, or sell in this State any mixed fertilizer or fertilizer materials containing any substance that is injurious to crop growth or deleterious to the soil, or to use in such mixed fertilizer or fertilizer materials as a filler any substance with the effect of defrauding the purchaser.

(2) To offer for sale or to sell in this State for fertilizer purposes any raw or untreated leather, hair, wool waste, hoof, horn, rubber or similar nitrogenous materials, the plant food content of which is largely unavailable, either as such or mixed with other fertilizer materials.

(3) To make any false or misleading representation in regard to any mixed fertilizer or fertilizer material shipped, sold or offered for sale by him in this State, or to use any misleading or deceptive trademark or brand in connection therewith. The sale or offer for sale of any

mixture of nitrogenous fertilizer materials under a name or other designation descriptive of only one of the components of the mixture shall be considered deceptive and fraudulent.

The Commissioner is authorized to refuse registration for any commercial fertilizer with respect to which this section is violated.

(4) The filing with the Commissioner of any false statement of fact in connection with the registration under G.S. 106-660 of any commercial fertilizer.

(5) Forcibly obstructing the Commissioner or any official inspector authorized by the Commissioner in the lawful performance by him of his duties in the administration of this Article.

(6) Knowingly taking a false sample of commercial fertilizer for use under provisions of this Article; or knowingly submitting to the Commissioner for analysis a false sample thereof; or making to any person any false representation with regard to any commercial fertilizer sold or offered for sale in this State for the purpose of deceiving or defrauding such other person.

(7) The fraudulent tampering with any lot of commercial fertilizer so that as a result thereof any sample of such commercial fertilizer taken and submitted for analysis under this Article may not correctly represent the lot; or tampering with any sample taken or submitted for analysis under this Article, if done prior to such analysis and disposition of the sample under the direction of the Commissioner.

(8) The delivery to any person by the fertilizer chemist or his assistants or other employees of the Commissioner of a report that is willfully false and misleading on any analysis of commercial fertilizer made by the Department in connection with the administration of this Article.

(9) Selling or offering for sale in this State commercial fertilizer without marking the same as required by G.S. 106-661.

(10) Selling or offering for sale in this State commercial fertilizer containing less than the minimum content required by G.S. 106-659.

(11) Failure of any manufacturer, importer, jobber, agent, or dealer to have applied for and to have been issued a permit as required by G.S. 106-671 before selling, offering, or exposing for sale or distributing commercial fertilizers in this State.

(12) Failure of any manufacturer or contractor to procure a license under the provisions of G.S. 106-660(d) before beginning operations within the State. (1947, c. 1086, s. 20; 1959, c. 706, ss. 10, 11; 1977, c. 303, s. 14; 1993, c. 539, s. 810; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 106-669. Effect of violations on license and registration.

The Commissioner is authorized to suspend, revoke or terminate the license of any manufacturer or to refuse, suspend, revoke or terminate the registration of any commercial fertilizer upon proof that the manufacturer has been guilty of fraudulent or deceptive practices, or in the evasion or attempted evasion of this Article or any rule promulgated thereunder. (1947, c. 1086, s. 17; 1977, c. 303, s. 15; 1981, c. 448, s. 10.)

§ 106-670. Appeals from assessments and orders of Commissioner.

Nothing contained in this Article shall prevent any person from appealing to a court of competent jurisdiction from any assessment of penalty or other final order or ruling of the Commissioner or Board of Agriculture. (1947, c. 1086, s. 22; 1977, c. 303, s. 16.)

§ 106-671. Inspection fees; reporting system.

(a) For the purpose of defraying expenses on the inspection and of otherwise determining the value of commercial fertilizers in this State, there shall be paid to the Department of Agriculture and Consumer Services a charge of fifty cents (50¢) per ton on all commercial fertilizers other than packages of five pounds or less. Inspection fees shall be paid on all tonnage distributed into North Carolina to any person not having a valid reporting permit. On individual packages of five pounds or less there shall be paid in lieu of the tonnage fee an annual registration fee of twenty-five dollars ($25.00) for each brand offered for sale, sold, or distributed; provided that any per annum (fiscal) tonnage of any brand sold in excess of one hundred tons may be subject to the charge of fifty cents (50¢) per ton on any amount in excess of one hundred tons as provided herein. Whenever any manufacturer of commercial fertilizer shall have paid the charges required by this section his goods shall not be liable to further tax, whether by city, town, or county; provided, this shall not exempt the commercial fertilizers from an ad valorem tax.

(b) Reporting System. — Each manufacturer, importer, jobber, firm, corporation or person who distributes commercial fertilizers in this State shall make application to the Commissioner for a permit to report the tonnage of commercial fertilizer sold and shall pay to the North Carolina Department of Agriculture and Consumer Services an inspection fee of twenty-five cents (25¢) per ton. The Commissioner is authorized to require each such distributor to keep such records as may be necessary to indicate accurately the tonnage of commercial fertilizers sold in the State, and as are satisfactory to the Commissioner. Such records shall be available to the Commissioner, or his duly authorized representative, at any and all reasonable hours for the purpose of making such examination as is necessary to verify the tonnage statement and the inspection fees paid. Each registrant shall report monthly the tonnage sold to non-registrants on forms furnished by the Commissioner. Such reports shall be made and inspection fees shall be due and payable monthly on the fifteenth of each month covering the tonnage and kind of commercial fertilizers sold during the past month. If the report is not filed and the inspection fee paid by the last day of the month it is due, the amount due shall bear a penalty of ten percent (10%), which shall be added to the inspection fee due. If the report is not filed and the inspection fee paid within 60 days of the date due, or if the report or tonnage be false, the Commissioner may revoke the permit. (1947, c. 1086, s. 6; 1949, c. 637, s. 3; 1959, c. 706, ss. 6, 7; 1973, c. 611, s. 5; 1977, c. 303, s. 17; 1991, c. 98, s. 2; 1997-261, s. 109; 2009-451, s. 11.1.)

Editor's Note. — Session Laws 2009-451, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2009'."

Session Laws 2009-451, s. 28.5 is a severability clause.

Effect of Amendments. — Session Laws 2009-451, s. 11.1, effective September 1, 2009, substituted "fifty cents (50¢)" for "twenty-five cents (25¢)" in the first and third sentences of subsection (a).

CASE NOTES

Editor's Note. — *Some of the cases cited below were decided under prior law.*

Action to Secure Tax Wrongfully Collected. — The Board of Agriculture is a department of the state government, and an action against it to recover money alleged to have been wrongfully collected by it as a license tax cannot be maintained, the State not having given its consent to be sued in that respect. Lord & Polk Chem. Co. v. Board of Agric., 111 N.C. 135, 15 S.E. 1032 (1892).

Property Tax. — The statute will not be so construed as to relieve manufacturers of fertilizers or fertilizing material, paying this inspec-

tion tax, from the payment of property tax required by the Constitution. Pocomoke Guano Co. v. Biddle, 158 N.C. 212, 73 S.E. 996 (1912).

§ 106-672. Declaration of policy.

The General Assembly hereby finds and declares that it is in the public interest that the State regulate the activities of those persons engaged in the business of preparing, mixing, or manufacturing commercial fertilizers, in order to insure the manufacturer, distributor and consumer of the correct quantity and quality of all commercial fertilizer sold or offered for sale in this State. It shall therefore be the policy of this State to regulate the activities of those persons engaged in the business of preparing, mixing or manufacturing commercial fertilizer. (1977, c. 303, s. 18.)

§ 106-673. Authority of Board of Agriculture to make rules and regulations.

Because legislation with regard to commercial fertilizer sold or offered for sale in this State must be adapted to complex conditions and standards involving numerous details with which the General Assembly cannot deal directly and in order to effectuate the purposes and policies of this Article, and in order to insure the manufacturer, distributor, and consumer of the correct quality and quantity of all commercial fertilizer sold or offered for sale in this State, the Board of Agriculture shall have the authority to make rules and regulations with respect to:

(1) The maximum chlorine guarantee permitted for tobacco fertilizer;
(2) The maximum chlorine guarantee permitted in tobacco top dressers;
(3) Which grades of fertilizer may be branded top dressers;
(4) The labeling of the grade of fertilizer when such fertilizer is sold in plain or unbranded bags;

(8) Registration and labeling requirements for grades and brands of fertilizer carrying any guarantee of boron; the tolerance allowances for the percentage of boron in fertilizer mixtures;
(9) The required composition for boron-landplaster mixtures before they may be registered and sold for use on peanuts in this State; the labeling requirements for each container of such mixture;
(10) The monetary penalties assessed for excesses or deficiencies of boron and all other minor elements above or below the tolerances allowed;
(11) The registration and labeling of general crop grades and tobacco grades;

(14) The labeling and bag requirements of fertilizer- landplaster-pesticide mixtures;

(15) The standards and requirements which must be met before fertilizer-pesticide mixtures may be registered in this State. These requirements may include, but are not limited to, approval in North Carolina of both the pesticide and the fertilizer grades, approval of the mixture by the Board of Agriculture, and any labeling requirements;
(16) The standards and requirements which must be complied with before fertilizers-pesticides may, without registering the mixture, be mixed for direct application at the farmer's request;
(17) Requests for mixing any pesticide with fertilizer, for products not previously approved by the Board of Agriculture;
(18) Packaging requirements for fertilizer-pesticide mixtures sold either in bulk or in bags, such that dusting, spillage, sifting, or a loss of any fertilizer-pesticide mixture will not occur;
(19) The percentages of nitrogen required to be in nitrogen solutions, before such solutions may be registered and sold in this State;
(20) The labeling of fertilizer products to ascertain their compliance to the Fertilizer or Lime and Landplaster Law;

(27) Establishing minimum standards for containment of fertilizer materials in storage to prevent contamination of groundwater and surface water; and
(28) Standards and labeling requirements for specialty fertilizers. (1947, c. 1086, s. 15; 1949, c. 637, s. 4; 1977, c. 303, s. 19; 1991, c. 100, s. 1; 1993, c. 216, s. 2.)

§ 106-674. Short weight.

If any commercial fertilizer in the possession of the consumer is found by the Commissioner to be short in weight, the registrant of said commercial fertilizer shall within 30 days after official notice from the Commissioner pay to the consumer a penalty equal to four times the value of the actual shortage. The Commissioner may in his discretion allow reasonable tolerance for short weight due to loss through handling and transporting. (1947, c. 1086, s. 16; 1977, c. 303, s. 20.)

§ 106-675. Publication of information concerning fertilizers.

The Commissioner shall publish at least annually, in such forms as he may deem proper, complete information concerning the sales of commercial fertilizers, together with a report of the results of the analyses based on official samples of commercial fertilizers sold or offered for sale within the State; such data on their production and use as he may consider advisable; provided,

however, that the information concerning production and use of commercial fertilizers shall be shown separately for periods July first to December thirty-first and January first to June thirtieth of each year, and that no disclosure shall be made of the operations of any person. (1947, c. 1086, s. 14; 1959, c. 706, s. 9; 1977, c. 303, s. 21.)

§ 106-676. Sales or exchanges between manufacturers, etc.

Article 57.

Nuisance Liability of Agricultural and Forestry Operations.

§ 106-700. Legislative determination and declaration of policy.

It is the declared policy of the State to conserve and protect and encourage the development and improvement of its agricultural land and forestland for the production of food, fiber, and other products. When other land uses extend into agricultural and forest areas, agricultural and forestry operations often become the subject of nuisance suits. As a result, agricultural and forestry operations are sometimes forced to cease. Many others are discouraged from making investments in farm and forest improvements. It is the purpose of this Article to reduce the loss to the State of its agricultural and forestry resources by limiting the circumstances under which an agricultural or forestry operation may be deemed to be a nuisance. § 106-701. When agricultural and forestry operation, etc., not constituted nuisance by changed conditions in locality.

(a) No agricultural or forestry operation or any of its appurtenances shall be or become a nuisance, private or public, by any changed conditions in or about the locality thereof after the same has been in operation for more than one year, when such operation was not a nuisance at the time the operation began; provided, that the provisions of this subsection shall not apply whenever a nuisance results from the negligent or improper operation of any such agricultural or forestry operation or its appurtenances.

(b) For the purposes of this Article, "agricultural operation" includes, without limitation, any facility for the production for commercial purposes of crops, livestock, poultry, livestock products, or poultry products.

(b1) For the purposes of this Article, "forestry operation" shall mean those activities involved in the growing, managing, and harvesting of trees, but not sawmill operations.

(c) The provisions of subsection (a) shall not affect or defeat the right of any person, firm, or corporation to recover damages for any injuries or damages sustained by him on account of any pollution of, or change in condition of, the waters of any stream or on the account of any overflow of lands of any such person, firm, or corporation.

(d) Any and all ordinances of any unit of local government now in effect or hereafter adopted that would make the operation of any such agricultural or forestry operation or its appurtenances a nuisance or providing for abatement thereof as a nuisance in the circumstance set forth in this section are and shall be null and void; provided, however, that the provisions of this subsection shall not apply whenever a nuisance results from the negligent or improper operation of any such agricultural or forestry operation or any of its appurtenances. Provided further, that the provisions shall not apply whenever a nuisance results from an agricultural or forestry operation located within the corporate limits of any city at the time of enactment hereof.

(e) This section shall not be construed to invalidate any contracts heretofore made but insofar as contracts are concerned, it is only applicable to contracts and agreements to be made in the future. (1979, c. 202, s. 1; 1991 (Reg. Sess., 1992), c. 892, s. 1.)

CASE NOTES

Nuisance Claim Not Barred by Federal Law. — Compliance with the provisions of the Federal Watershed Protection and Flood Prevention Act (16 U.S.C. § 1001, et seq.) would not serve as a bar to a plaintiff's nuisance claim by virtue of the Supremacy Clause of the United States Constitution. This act does not specifically preempt or conflict with state law and therefore has no effect on plaintiff's common law right to bring a nuisance claim. Durham v. Britt, 117 N.C. App. 250, 451 S.E.2d 1 (1994).

Fundamental Changes in Activity. — The legislature intended this section to cover any agricultural operation, without limitation, when the operation was initially begun, but did not intend it to cover situations in which a party fundamentally changes the nature of the agricultural activity which had theretofore been covered under the statute. Durham v. Britt, 117 N.C. App. 250, 451 S.E.2d 1 (1994).

Turkey Production Changed to Hog Production. — The change in the nature of the agricultural use of land from the operation of turkey houses to the operation of a hog production facility was not included in this section so as to continue to be considered as not constituting a nuisance. Durham v. Britt, 117 N.C. App. 250, 451 S.E.2d 1 (1994).

Applied in Mayes v. Tabor, 77 N.C. App. 197, 334 S.E.2d 489 (1985).

(1985 (Reg. Sess., 1986), c. 1025, s. 1; 2005-390, ss. 3, 16.)

Part 3. Enhanced Voluntary Agricultural Districts.

§ 106-743.1. Enhanced voluntary agricultural districts.

(a) A county or a municipality may adopt an ordinance establishing an enhanced voluntary agricultural district. An ordinance adopted pursuant to this Part shall provide:

under G.S. 106-743.2. The county or city that adopted the ordinance may take any action it deems appropriate to encourage the formation of these districts and to further their purposes and objectives.

(c) A county ordinance adopted pursuant to this Part is effective within the unincorporated areas of the county. A city ordinance adopted pursuant to this Part is effective within the corporate limits of the city. A city may amend its ordinances in accordance with G.S. 160A-383.2 with regard to agricultural districts within its planning jurisdiction.

(d) A county or city ordinance adopted pursuant to this Part may be adopted simultaneously with the creation of a voluntary agricultural district pursuant to G.S. 106-738. (2005-390, s. 5.)

A conservation agreement entered into between a county or city and a landowner pursuant to G.S. 106-743.1(a)(2) shall be irrevocable for a period of at least 10 years from the date the agreement is executed. At the end of its term, a conservation agreement shall automatically renew for a term of three years, unless notice of termination is given in a timely manner by either party as prescribed in the ordinance establishing the enhanced voluntary agricultural district. For purposes of G.S. 153A-340(b), the production of any nonfarm product that the Department of Agriculture and Consumer Services recognizes as a "Goodness Grows in North Carolina" product that is produced on a farm that is subject to a conservation agreement under G.S. 106-743.2 is a bona fide farm purpose. A farmer seeking to benefit from this subsection shall have the burden of establishing that the property's sale of nonfarm products did not exceed twenty-five percent (25%) of its gross sales. A county may adopt an ordinance pursuant to this section that sets forth the standards necessary for proof of compliance.

Nothing in this section shall affect the county's authority to zone swine farms pursuant to G.S. 153A-340(b)(3).

(b) A person who farms land that is subject to a conservation agreement under G.S. 106-743.2 that remains in effect is eligible under G.S. 143-215.74(b)

(c) State departments, institutions, or agencies that award grants to farmers are encouraged to give priority consideration to any person who farms land that is subject to a conservation agreement under G.S. 106-743.2 that remains in effect. (2005-390, s. 5.)

§ 106-743.5. Waiver of utility assessments.

(a) In the ordinance establishing an enhanced voluntary agricultural district under this Part, a county or a city may provide that all assessments for utilities provided by that county or city are held in abeyance, with or without interest, for farmland subject to a conservation agreement under G.S. 106-743.2 that remains in effect until improvements on the farmland property are connected to the utility for which the assessment was made.

(b) The ordinance may provide that, when the period of abeyance ends, the assessment is payable in accordance with the terms set out in the assessment resolution.

(c) Statutes of limitations are suspended during the time that any assessment is held in abeyance under this section without interest.

(d) If an ordinance is adopted by a county or a city under this section, then the assessment procedures followed under Article 9 of Chapter 153A or Article 10 of Chapter 160A of the General Statutes, respectively, shall conform to the terms of this ordinance with respect to qualifying farms that entered into conservation agreements while such ordinance was in effect.

(e) Nothing in this section is intended to diminish the authority of counties or cities to hold assessments in abeyance under G.S 153A-201 and G.S. 160A-237. (2005-390, s. 5.)

Part 4. Agricultural Conservation Easements.

§ 106-744. Purchase of agricultural conservation easements; establishment of North Carolina Agricultural Development and Farmland Preservation Trust Fund and Advisory Committee.

(a) A county may, with the voluntary consent of landowners, acquire by purchase agricultural conservation easements over qualifying farmland as defined by G.S. 106-737.

(b) For purposes of this section, "agricultural conservation easement" means a negative easement in gross restricting residential, commercial, and industrial development of land for the purpose of maintaining its agricultural production capability. Such easement:

(1) May permit the creation of not more than three lots that meet applicable county zoning and subdivision regulations;

(1a) May permit agricultural uses as necessary to promote agricultural development associated with the family farm; and

(2) Shall be perpetual in duration, provided that, at least 20 years after the purchase of an easement, a county may agree to reconvey the easement to the owner of the land for consideration, if the landowner can demonstrate to the satisfaction of the county that commercial agriculture is no longer practicable on the land in question.

(c) There is established a "North Carolina Agricultural Development and Farmland Preservation Trust Fund" to be administered by the Commissioner

of Agriculture. The Trust Fund shall consist of all monies received for the purpose of purchasing agricultural conservation easements or funding programs that promote the development and sustainability of farming and assist in the transition of existing farms to new farm families, or monies transferred from counties or private sources. The Trust Fund shall be invested as provided in G.S. 147-69.2 and G.S. 147-69.3. The Commissioner shall use Trust Fund monies for any of the following purposes:

(1) For the purchase of agricultural conservation easements, including transaction costs.

(2) For the costs of public and private enterprise programs that will promote profitable and sustainable family farms through assistance to farmers in developing and implementing plans for the production of food, fiber, and value-added products, agritourism activities, marketing and sales of agricultural products produced on the farm, and other agriculturally related business activities.

(3) To fund conservation agreements to bring into or maintain farmland in active production of food, fiber, and other agricultural products.

(4) For the costs of administering the program under this Article, including the cost of staff and staff support.

(c1) The Commissioner shall distribute Trust Fund monies for only the purposes under subsection (c) of this section, including transaction costs, as follows:

A county that has not prepared a countywide farmland protection plan shall match thirty percent (30%) of the Trust Fund monies it receives with county funds. A county that is a development tier one county, as defined in G.S. 143B-437.08, and that has prepared a countywide farmland protection plan shall not be required to match any of the Trust Fund monies it receives with county funds.

(c3) The Commissioner of Agriculture shall adopt rules governing the use, distribution, investment, and management of Trust Fund monies.

This section shall not be construed to invalidate any farmland preservation program.

This section shall not be construed to diminish the powers of any public entity, agency, or instrumentality to acquire by purchase, gift, devise, inheritance, eminent domain, or otherwise and to use property of any kind for public purposes.

(1) The countywide farmland protection plan shall contain a list and description of existing agricultural activity in the county.

(2) The countywide farmland protection plan shall contain a list of existing challenges to continued family farming in the county.

(3) The countywide farmland protection plan shall contain a list of opportunities for maintaining or enhancing small, family-owned farms and the local agricultural economy.

(4) The countywide farmland protection plan shall describe how the county plans to maintain a viable agricultural community and shall address farmland preservation tools, such as agricultural economic development, including farm diversification and marketing assistance; other kinds of agricultural technical assistance, such as farm infrastructure financing, farmland purchasing, linking with younger farmers, and estate planning; the desirability and feasibility of donating agricultural conservation easements, and entering into voluntary agricultural districts.

(5) The countywide farmland protection plan shall contain a schedule for implementing the plan and an identification of possible funding sources for the long-term support of the plan.

(f) A countywide farmland protection plan that meets the requirements of subsection (e) of this section may be formulated with the assistance of an agricultural advisory board designated pursuant to G.S. 106-739.

(g) There is established the Agricultural Development and Farmland Preservation Trust Fund Advisory Committee. The Advisory Committee shall be administratively located within the Department of Agriculture and Consumer Services and shall advise the Commissioner on the prioritization and allocation of funds, the development of criteria for awarding funds, program planning, and other areas where monies from the Trust Fund can be used to promote the growth and development of family farms in North Carolina. to commercially reared fish and shall not include authority over the wild fishery resource which is managed under the authority of the North Carolina Wildlife Resources Commission. The authority granted herein to regulate facilities licensed pursuant to this section does not authorize the Department of Agriculture or the Board of Agriculture to promulgate rules that (i) are inconsistent with rules adopted by any other State agency; or (ii) exempt such facilities from the rules adopted by any other State agency.

(b) Species subject to this section. The following species are exempt from special restrictions on introduction of exotic species promulgated by the Wildlife Resources Commission except to prevent disease. All other species are prohibited from propagation and production unless the applicant for the permit first obtains written permission from the Wildlife Resources Commission.

(2) Yellow perch. — A letter of approval from the Wildlife Resources Commission is required before the yellow perch, perca flavenscens, may be raised at a facility located west of Interstate Highway 77.

(d) Aquaculture Propagation and Production Facility License. The Board of Agriculture may, by rule, authorize and license the operation of fish hatcheries and production facilities for species of fish listed in subsection (b) of this section. The Board may prescribe standards of operation, qualifications of operators, and the conditions under which fish may be commercially reared, transported, possessed, bought, and sold. Aquaculture Propagation and Production Licenses issued by the Department shall be valid for a period of five years.

(e) Commercial Catchout Facility License.

to prevent the introduction of diseases. The Board of Agriculture may, by rule, prescribe standards of operation and conditions under which fish from such ponds may be taken, transported, possessed, bought, and sold.

(2) The Commercial Catchout Facility License shall be valid for a period of five years. A pond owner or operator licensed under this subsection shall be authorized to sell fish taken by fishermen from the pond to such fishermen. Fish sold at such facilities shall be limited to those fish covered under this section.

Permits shall be valid for a period of two years and shall only authorize possession of fish specified in this section. All fish held live for sale shall be kept in accordance with rules promulgated by the Board of Agriculture. Possession of an Aquaculture Propagation and Production Facility or Commercial Catchout Facility License shall serve in lieu of a Holding Pond/Tank Permit for possession both on and off their facilities premises. No permit shall be required for holding lobsters for sale.

(g) Possession of species other than those listed in subsection (b) of this section or as authorized in writing by the Wildlife Resources Commission shall be a violation which shall result in the revocation of the Aquaculture Propagation and Production Facility or Commercial Catchout Facility License until such time that proper authorization is received from the Wildlife Resources Commission or the unauthorized species is removed from the facility. In the event of possession of unauthorized fish species, the Wildlife Resources Commission may take further regulatory action. The Department and the Wildlife Resources Commission shall have authority to enter the premises of such facilities to inspect for the possession of a species other than those authorized in subsection (b) of this section or authorized by written permission of the Wildlife Resources Commission.

(h) Nothing in this act shall apply to the aquarium or ornamental trade in fish. The Wildlife Resources Commission may by rule identify species for which possession in the State is prohibited. (1993, c. 18, s. 2; 1997-198, s. 1; 1997-261, ss. 73-76.)

It shall be unlawful to willfully release domestically raised fish into the waters of the State, other than in private ponds as defined by G.S. 113-129, without written permission of the Wildlife Resources Commission, or the Division of Marine Fisheries of the Department of Environment and Natural Resources. (1993, c. 18, s. 2; 1997-261, s. 77; 1997-443, s. 11A.119(a).)

§ 106-763. Fish passage and residual stream flow.

(a) Natural watercourses as designated by law or regulation shall not be blocked with a stand, dam, weir, hedge, or other water diversion structure to supply an aquaculture facility that in any way prevents or fails to maintain the free passage of anadromous or indigenous fish.

(1993, c. 18, s. 2.)

§ 106-763.1. Propagation and production of American alligators.

(a) License Required. — A person who intends to raise American alligators commercially must first obtain an Aquaculture Propagation and Production Facility License from the Department. The Board of Agriculture may regulate a facility that raises American alligators to the same extent that it can regulate any other facility licensed under this Article.

(b) Requirements. — A facility that raises American alligators commercially must comply with all of the following requirements:

(1) Before a facility begins operation, it must prepare and implement a confinement plan. After a facility begins operation, it must adhere to the confinement plan. A confinement plan must comply with guidelines developed and adopted by the Wildlife Resources Commission. The Department may inspect a facility to determine if the facility is complying with the confinement plan. As used in this subdivision, "confinement" includes production within a building or similar structure and a perimeter fence.

(2) A facility can possess only hatchlings that have been permanently tagged and have an export permit from their state of origin. The facility must keep records of all hatchlings it receives and must make these records available for inspection by the Wildlife Resources Commission and the Department upon request.

(3) If the facility uses swine, poultry, or other livestock for feed, it must have a disease management plan that has been approved by the State Veterinarian, and it must comply with the plan.

(4) The activities of the facility must comply with the Endangered Species Act and the Convention on International Trade in Endangered Species. The Department is the State agency responsible for the administration of this program for farm-raised alligators.

(c) Sanctions. — The operator of a facility that possesses an untagged or undocumented alligator commits a Class H felony if the operator knows the alligator is untagged or undocumented. Conviction of an operator of a facility under this section revokes the license of the facility for five years beginning on the date of the conviction. An operator convicted under this section may not be the operator of any other facility required to be licensed under this Article for five years beginning on the date of the conviction. (1997-198, s. 2.)

§ 106-764. Violation.

A person who violates this act or a rule of the Board of Agriculture adopted hereunder is guilty of a Class 3 misdemeanor. (1993, c. 18, s. 2; 1994, Ex. Sess., c. 14, s. 56.)

§ 106-782. Findings and purpose.

The General Assembly hereby finds that strawberry production makes an important contribution to the State's economy; and that it is appropriate for the State to provide a means whereby strawberry producers may voluntarily assess themselves in order to provide funds for strawberry research and marketing. (1989 (Reg. Sess., 1990), c. 1027, s. 1.)

§ 106-783. Definitions.

As used in this Article:

(3) "Department" means the North Carolina Department of Agriculture and Consumer Services.

(4) "Strawberry plant seller" means a person who sells strawberry plants to growers for commercial production of strawberries. (1989 (Reg. Sess., 1990), c. 1027, s. 1; 1997-261, s. 78; 1997-371, s. 2.)

§ 106-784. Referendum.

(a) At any time after the effective date of this Article, the Association may conduct a referendum among strawberry producers upon the question of whether an assessment shall be levied as provided for herein.

(b) The Association shall determine:

(1) The amount of the proposed assessment;

(2) The period for which the assessment shall be levied, not to exceed three years;

(3) The time and place of the referendum;

(4) Procedures for conducting the referendum and counting of votes; and

(5) Any other matters pertaining to the referendum.

(c) The amount of the proposed assessment and the method of collection shall be set forth on the ballot; provided that no annual assessment shall

exceed five percent (5%) of the value of the previous year's strawberry plant sales.

(d) All persons engaged in the commercial production of strawberries, including owners of farms, tenants and sharecroppers shall be eligible to vote in the referendum. Any questions concerning eligibility to vote shall be resolved by the Board of Directors of the Association. (1989 (Reg. Sess., 1990), c. 1027, s. 1.)

§ 106-785. Two-thirds vote required; collection of assessment; penalties; audits.

(a) The assessment shall not be collected unless at least two-thirds of the votes cast in the referendum are in favor of the assessment. If at least two-thirds of the votes cast in the referendum are in favor of the assessment, then the Department shall notify all strawberry plant sellers of the assessment. The assessment shall be added by the strawberry plant sellers to the price of all strawberry plants sold for commercial planting in North Carolina. The Department shall provide forms to the strawberry plant sellers for reporting the assessment. All strawberry plant sellers shall provide each purchaser of strawberry plants for commercial production with an invoice that sets forth the amount of the assessment on the purchase covered by the invoice. Persons who purchase strawberry plants for commercial production on which the assessment has not been collected by the seller shall report such purchases and pay the assessment to the Department.

(b) Each strawberry plant seller shall remit to the Department no later than the tenth day following the end of each calendar quarter the assessment on strawberry plants sold during that quarter. Any strawberry plant seller who fails to remit the assessment for the previous year's sales by January 10 shall pay a penalty of five percent (5%) of the unpaid assessment plus a penalty of one percent (1%) of the unpaid assessment for each month after January 10 that the assessment remains unpaid.

(c) The Association may conduct inspections or audits of the books of any strawberry plant seller. If the inspection or audit reveals that a strawberry plant seller has willfully failed to remit assessments when due, the seller shall pay the Association the reasonable costs of the inspection or audit.

(d) The Association may bring an action to collect unpaid assessments, penalties, and reasonable costs of any inspection or audit as provided in subsection (c) of this section, against any strawberry plant seller who fails to pay the assessment, penalties, or costs. If successful, the Association shall also recover the cost of such action, including attorneys' fees. (1989 (Reg. Sess., 1990), c. 1027, s. 1; 1997-371, s. 3.)

§ 106-786. Use of funds; refunds.

The Department shall remit all funds collected under this Article to the Association at least monthly.

The Association shall use such funds for research and marketing related to strawberries including such administrative expenses as may be reasonably necessary to carry out this function. A funding committee composed of seven members of the Association appointed by the Commissioner of Agriculture, shall approve all expenditures of such funds. Funding committee members may be reimbursed for necessary expenses as determined by the Association's Board of Directors.

Any person who has purchased strawberry plants upon which the assessment has been paid shall have the right to receive a refund of the assessment by making demand in writing to the Association within 30 days of purchase of

the plants. Such demand must be accompanied by proof of purchase satisfactory to the funding committee. (1989 (Reg. Sess., 1990), c. 1027, s. 1.)

§§ 106-787 through 106-789: Reserved for future codification purposes.

ARTICLE 66.

Pork Promotion Assessment Act.

§ 106-790. Title.

This Article shall be known as the "Pork Promotion Assessment Act." (1991, c. 605, s. 1.)

§ 106-791. Purpose.

It is in the public interest for the State to enable producers of porcine animals to assess themselves in order to raise funds to promote the interests of the pork industry. (1991, c. 605, s. 1.)

§ 106-792. Definitions.

The following definitions apply in this Article:

(1) Association. — The North Carolina Pork Producers Association, Inc., a North Carolina nonprofit corporation.

(2) Buyer. — Any person engaged as (i) a commission merchant, (ii) an auction market, or (iii) a livestock market in the business of receiving porcine animals for sale on commission for or on behalf of a pork producer.

(3) Department. — The North Carolina Department of Agriculture and Consumer Services.

(4) Market. — To sell, slaughter for sale, or otherwise dispose of a porcine animal in commerce.

(5) Person. — An individual, a partnership, a firm, or a corporation.

(6) Porcine animal. — Swine raised for seed stock, market hogs, or slaughter.

(7) Pork producer. — A person who (i) is a North Carolina resident, (ii) owns, manages, or has a financial interest in pork production, and (iii) is actively involved in the production of porcine animals. (1991, c. 605, s. 1; 1997-261, s. 79.)

§ 106-793. Referendum.

(a) The Association may conduct among pork producers a referendum upon the question of whether an assessment shall be levied on porcine animals sold in this State.

(b) The Association shall determine:

(1) The amount of the proposed assessment.

(2) The time and place of the referendum.

(3) Procedures for conducting the referendum and counting of votes.

(4) Any other matters pertaining to the referendum.

(c) The amount of the proposed assessment shall be stated on the referendum ballot. The amount may not exceed five cents (5¢) for each porcine animal sold in this State. If the assessment is approved in the referendum, the

Association may set the assessment at an amount equal to or less than the amount stated on the ballot. If the Association sets a lower amount than the amount approved by referendum, it may increase the amount annually without a referendum by no more than one cent (1¢) for each porcine animal. The increased rate may not exceed the amount approved by referendum and may not exceed the maximum allowable rate of five cents (5¢) for each porcine animal.

(d) All pork producers may vote in the referendum. Any dispute over eligibility to vote or any other matter relating to the referendum shall be determined by the Association. The Association shall make reasonable efforts to provide pork producers with notice of the referendum and an opportunity to vote. (1991, c. 605, s. 1.)

§ 106-794. Payment and collection of assessment.

(a) The assessment shall not be collected unless more than half of the votes cast in the referendum are in favor of the assessment. If more than half of the votes cast in the referendum are in favor of the assessment, then the Association shall notify the Department of the amount of the assessment and the effective date of the assessment. The Department shall notify all buyers and pork producers of the assessment.

(b) Each pork producer must pay an assessment on each porcine animal sold to a buyer.

(c) A buyer of a porcine animal shall collect the assessment when buying a porcine animal by deducting the assessment from the price paid for the animal. The buyer shall remit collected assessments to the Department no later than the 10th day of the following month. The Department shall provide forms to buyers for reporting the assessment. If the total assessments collected by a buyer in a month are less than twenty-five dollars ($25.00), the buyer may keep the assessments until the total amount due is at least twenty-five dollars ($25.00) or the end of the quarter, whichever comes first. All buyers shall file at least one report in each calendar quarter, regardless of the amount due.

(d) A buyer of porcine animals shall keep records of the number of porcine animals purchased and the date purchased. All information or records regarding purchases of porcine animals by individual buyers shall be kept confidential by employees or agents of the Department and the Association, and shall not be disclosed except by court order.

(e) The Association may bring an action to recover any unpaid assessments, plus the reasonable costs, including attorney fees, incurred in the action. (1991, c. 605, s. 1.)

§ 106-795. Use of assessments; refunds.

(a) The Department shall remit all funds collected under this Article to the Association at least monthly. The Association shall use the funds to promote the interests of the pork industry. In order to prevent duplication of effort, these funds shall not be used for activities funded under 7 U.S.C. Chapter 79, Pork Promotion, Research, and Consumer Information.

(b) A pork producer may request a refund of an assessment deducted from the sales price of a porcine animal sold by the producer by submitting a written request for a refund to the Association within 30 days after the buyer of the animal collected the assessment. A refund request must be accompanied by proof of payment of the assessment satisfactory to the Association. The Association shall mail a refund to the producer within 30 days of receipt of a properly documented refund request. (1991, c. 605, s. 1.)

§ 106-796. Termination of assessment.

Upon receipt of a petition signed by at least ten percent (10%) of the pork producers in North Carolina known to the Association, the Department shall notify the Association, and the Association shall, within six months, conduct a referendum upon the question of continuing the assessment. If a majority of the votes cast in the referendum are against continuing the assessment, or if the Association fails to conduct a referendum within the six-month period, the assessment expires at the end of the six-month period. If a majority of the votes cast in the referendum are in favor of continuing the assessment, then no subsequent referendum shall be held for at least three years. (1991, c. 605, s. 1.)

§§ 106-797 through 106-799: Reserved for future codification purposes.

ARTICLE 67.

Swine Farms.

§ 106-800. Title.

This Article shall be known as the "Swine Farm Siting Act". (1995, c. 420, s. 1; 1995 (Reg. Sess., 1996), c. 626, s. 7(a); 1997-458, s. 4.1.)

Cross References. — As to moratorium on construction or expansion of swine farms, see notes under G.S. 143-215.10A.

Editor's Note. — Session Laws 1995, c. 420, s. 2, as amended by Session Laws 1995 (Reg. Sess., 1996), c. 626, s. 8, provides: "This act applies to the construction or enlargement, on or after October 1, 1995, of swine houses, lagoons, and land areas onto which waste is applied from a lagoon that are components of a swine farm. This act does not apply under each of the following circumstances:

"(1) When the construction or enlargement occurs on or after October 1, 1995, for the purpose of increasing the swine population to that set forth as the projected population in a registration of the swine operation filed with the Department of Environment, Health, and Natural Resources (now the Department of Environment and Natural Resources) before October 1, 1995.

"(2) When the construction or enlargement occurs on or after October 1, 1995, for the purpose of increasing the swine population to the population that the animal waste management system is designed to accommodate as that system is set forth in a registration of the swine operation filed with the Department of Environment, Health, and Natural Resources (now the Department of Environment and Natural Resources) before October 1, 1995, or as that system is set forth in an animal waste management plan approved before October 1, 1995.

"(3) When the construction or enlargement occurs on or after October 1, 1995, for the purpose of complying with applicable animal waste management rules and not for the purpose of increasing the swine population."

Session Laws 1995 (Reg. Sess., 1996), c. 626, s. 7(b), provides: "Subsection (a) of this section does not repeal any rule that does not conflict with the amendments to Article 67 of Chapter 106 of the General Statutes made by subsection (a) of this section."

CASE NOTES

Construction with Local Laws. — Counties may not act to zone a swine farm other than as authorized by the limited statutory exception of G.S. 143-360(b)(3); because the

General Assembly has provided a "complete and integrated regulatory scheme" of swine farm regulations, the county Swine Ordinance and the county Health Board Rules, which were more burdensome than State law, were preempted by State law. Craig v. County of Chatham, 143 N.C. App. 30, 545 S.E.2d 455, 2001 N.C. App. LEXIS 221 (2001), cert. granted, 354 N.C. 68, 553 S.E.2d 37 (2001).

Swine Farm Siting Act indicated the general assembly's intent to establish a comprehensive state-wide system for regulating swine farms, so there was no room for a county's attempt to do the same. Craig v. County of Chatham, 356 N.C. 40, 565 S.E.2d 172, 2002 N.C. LEXIS 539 (2002).

§ 106-801. Purpose.

The General Assembly finds that certain limitations on the siting of swine houses and lagoons for swine farms can assist in the development of pork production, which contributes to the economic development of the State, by lessening the interference with the use and enjoyment of adjoining property. (1995, c. 420, s. 1; 1995 (Reg. Sess., 1996), c. 626, s. 7(a); 1997-458, s. 4.1.)

CASE NOTES

Statutory Intent. — Swine Farm Siting Act's statement of purpose indicated the general assembly's intent to establish a comprehensive state-wide system for regulating swine farms, so there was no room for a county's attempt to do the same. Craig v. County of Chatham, 356 N.C. 40, 565 S.E.2d 172, 2002 N.C. LEXIS 539 (2002).

It was not the role of the judicial branch to pre-empt the legislative branch's policy considerations and appropriate authorization of an activity; where hog farming companies' lagoon waste management systems existed pursuant to express legislative authority, the trial court properly declined to enjoin the operation as a nuisance. Neuse River Found. v. Smithfield Foods, Inc., 155 N.C. App. 110, 574 S.E.2d 48, 2002 N.C. App. LEXIS 1637 (2002), cert. denied, 356 N.C. 675, 577 S.E.2d 628 (2003).

The Environmental Management Commission may issue a permit for an animal waste management system, as defined by G.S. 143-215.10B, or for a new swine farm or lagoon or the expansion of an existing swine farm or lagoon, as defined in G.S. 106-802, that is authorized by this section." Previous Lesser Setback Requirements. — Any person commencing new construction or expansion of a covered animal waste management system must comply with the setbacks required by this section, even if the requisite permits from the Division of Water Quality were based on an application or site evaluation with lesser setbacks prior to the effective date of the relevant 1997 amendments, unless such person can show he has a vested right due to detrimental reliance. Article 68.

Southern Dairy Compact.

§ 106-810. Southern Dairy Compact entered into; form of Compact.

The Southern Dairy Compact is enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

ARTICLE I. Statement of Purpose, Findings, and Declaration of Policy

§ 1. Statement of purpose, findings, and declaration of policy.

The purpose of this compact is to recognize the interstate character of the southern dairy industry and the prerogative of the states under the United States Constitution to form an interstate commission for the southern region. The mission of the Commission is to take such steps as are necessary to assure the continued viability of dairy farming in the South, and to assure consumers of an adequate, local supply of pure and wholesome milk.

The participating states find and declare that the dairy industry is an essential agricultural activity of the South. Dairy farms, and associated suppliers, marketers, processors, and retailers, are an integral component of the region's economy. Their ability to provide a stable, local supply of pure, wholesome milk is a matter of great importance to the health and welfare of the region.

The participating states further find that dairy farms are essential, and they are an integral part of the region's rural communities. The farms preserve land for agricultural purposes and provide needed economic stimuli for rural communities.

By entering into this compact, the participating states affirm that their ability to regulate the price that southern dairy farmers receive for their product is essential to the public interest. Assurance of a fair and equitable price for dairy farmers ensures their ability to provide milk to the market and the vitality of the southern dairy industry, with all the associated benefits.

Recent dramatic price fluctuations, with a pronounced downward trend, threaten the viability and stability of the southern dairy region. Historically, individual state regulatory action had been an effective emergency remedy available to farmers confronting a distressed market. The system of federal orders, implemented by the Agricultural Marketing Agreement Act of 1937, establishes only minimum prices paid to producers for raw milk, without preempting the power of states to regulate milk prices above the minimum levels so established.

In today's regional dairy marketplace, cooperative, rather than individual state action is needed to more effectively address the market disarray. Under our constitutional system, properly authorized states acting cooperatively may exercise more power to regulate interstate commerce than they may assert individually without such authority. For this reason, the participating states invoke their authority to act in common agreement, with the consent of Congress, under the compact clause of the Constitution.

In establishing their constitutional regulatory authority over the region's fluid milk market by this compact, the participating states declare their purpose that this compact neither displace the system of federal orders nor encourage the merging of federal orders. Specific provisions of the compact itself set forth this basic principle.

Designed as a flexible mechanism able to adjust to changes in a regulated marketplace, the compact also contains a contingency provision should the

system of federal orders be discontinued. In that event, the interstate commission may regulate the marketplace in lieu of the system of federal orders. This contingent authority does not anticipate such a change, however, and should not be so construed. It is only provided should developments in the market other than establishment of this compact result in discontinuance of the system of federal orders.

ARTICLE II. Definitions and Rules of Construction

§ 2. Definitions.

For the purposes of this compact, and of any supplemental or concurring legislation enacted pursuant thereto, except as may be otherwise required by the context:

(1) "Class I milk" means milk disposed of in fluid form or as a fluid milk product, subject to further definition in accordance with the principles expressed in subsection (b) of Section 3.

(2) "Commission" means the Southern Dairy Compact Commission established by this compact.

(3) "Commission marketing order" means regulations adopted by the Commission pursuant to Sections 9 and 10 of this compact in place of a terminated federal marketing order or state dairy regulation. Such order may apply throughout the region or in any part or parts thereof as defined in the regulations of the Commission. Such order may establish minimum prices for any or all classes of milk.

(4) "Compact" means this interstate compact.

(5) "Compact over-order price" means a minimum price required to be paid to producers for Class I milk established by the Commission in regulations adopted pursuant to Sections 9 and 10 of this compact, which is above the price established in federal marketing orders or by state farm price regulation in the regulated area. Such price may apply throughout the region or in any part or parts thereof as defined in the regulations of the Commission.

(6) "Milk" means the lacteal secretion of cows and includes all skim, butterfat, or other constituents obtained from separation or any other process. The term is used in its broadest sense and may be further defined by the Commission for regulatory purposes.

(7) "Partially regulated plant" means a milk plant not located in a regulated area but having Class I distribution within such area. Commission regulations may exempt plants having such distribution or receipts in amounts less than the limits defined therein.

(8) "Participating state" means a state which has become a party to this compact by the enactment of concurring legislation.

(9) "Pool plant" means any milk plant located in a regulated area.

(10) "Region" means the territorial limits of the states which are parties to this compact.

(11) "Regulated area" means any area within the region governed by and defined in regulations establishing a compact over-order price or commission marketing order.

(12) "State dairy regulation" means any state regulation of dairy prices and associated assessments, whether by statute, marketing order, or otherwise.

§ 3. Rules of construction.

(a) This compact shall not be construed to displace existing federal milk marketing orders or state dairy regulation in the region but to supplement them. In the event some or all federal orders in the region are discontinued, the compact shall be construed to provide the Commission the option to replace them with one or more commission marketing orders pursuant to this compact.

(b) This compact shall be construed liberally in order to achieve the purposes and intent enunciated in Section 1. It is the intent of this compact to establish a basic structure by which the Commission may achieve those purposes through the application, adaptation, and development of the regulatory techniques historically associated with milk marketing and to afford the Commission broad flexibility to devise regulatory mechanisms to achieve the purposes of this compact. In accordance with this intent, the technical terms which are associated with market order regulation and which have acquired commonly understood general meanings are not defined herein but the Commission may further define the terms used in this compact and develop additional concepts and define additional terms as it may find appropriate to achieve its purposes.

ARTICLE III. Commission Established

§ 4. Commission established.

There is hereby created a commission to administer the compact, composed of delegations from each state in the region. The Commission shall be known as the Southern Dairy Compact Commission. A delegation shall include not less than three nor more than five persons. Each delegation shall include at least one dairy farmer who is engaged in the production of milk at the time of appointment or reappointment, and one consumer representative. Delegation members shall be residents and voters of, and subject to such confirmation process as is provided for in, the appointing state. Delegation members shall serve no more than three consecutive terms with no single term of more than four years, and be subject to removal for cause. In all other respects, delegation members shall serve in accordance with the laws of the state represented. The compensation, if any, of the members of a state delegation shall be determined and paid by each state, but their expenses shall be paid by the Commission.

§ 5. Voting requirements.

All actions taken by the Commission, except for the establishment or termination of an over-order price or commission marketing order, and the adoption, amendment, or rescission of the Commission's bylaws, shall be by majority vote of the delegations present. Each state delegation shall be entitled to one vote in the conduct of the Commission's affairs. Establishment or termination of an over-order price or commission marketing order shall require at least a two-thirds vote of the delegations present. The establishment of a regulated area that covers all or part of a participating state shall require also the affirmative vote of that state's delegation. A majority of the delegations from the participating states shall constitute a quorum for the conduct of the Commission's business.

§ 6. Administration and management.

(a) The Commission shall elect annually from among the members of the participating state delegations a chairperson, a vice-chairperson, and a treasurer. The Commission shall appoint an executive director and fix his or her duties and compensation. The executive director shall serve at the pleasure of the Commission, and, together with the treasurer, shall be bonded in an amount determined by the Commission. The Commission may establish through its bylaws an executive committee composed of one member elected by each delegation.

(b) The Commission shall adopt bylaws for the conduct of its business by a two-thirds vote and shall have the power by the same vote to amend and rescind these bylaws. The Commission shall publish its bylaws in convenient form with the appropriate agency or officer in each of the participating states. The bylaws shall provide for appropriate notice to the delegations of all Commission meetings and hearings and of the business to be transacted at

such meetings or hearings. Notice also shall be given to other agencies or officers of participating states as provided by the laws of those states.

(c) The Commission shall file an annual report with the Secretary of Agriculture of the United States, and with each of the participating states by submitting copies to the Governor, both houses of the legislature, and the head of the state department having responsibilities for agriculture.

(d) In addition to the powers and duties elsewhere prescribed in this compact, the Commission may engage in all of the following:

(1) Sue and be sued in any state or federal court.

(2) Have a seal and alter the same at pleasure.

(3) Acquire, hold, and dispose of real and personal property by gift, purchase, lease, license, or other similar manner, for its corporate purposes.

(4) Borrow money and to issue notes, to provide for the rights of the holders thereof, and to pledge the revenue of the Commission as security therefor, subject to the provisions of Section 18 of this compact.

(5) Appoint such officers, agents, and employees as it may deem necessary, prescribe their powers, duties, and qualifications.

(6) Create and abolish such offices, employments, and positions as it deems necessary for the purposes of the compact and provide for the removal, term, tenure, compensation, fringe benefits, pension, and retirement rights of its officers and employees.

(7) Retain personal services on a contract basis.

§ 7. Rule-making power.

In addition to the power to promulgate a compact over-order price or commission marketing orders as provided by this compact, the Commission is further empowered to make and enforce such additional rules and regulations as it deems necessary to implement any provisions of this compact, or to effectuate in any other respect the purposes of this compact.

ARTICLE IV. Powers of the Commission

§ 8. Powers to promote regulatory uniformity, simplicity, and interstate cooperation.

The Commission may:

(1) Investigate or provide for investigations or research projects designed to review the existing laws and regulations of the participating states, to consider their administration and costs, to measure their impact on the production and marketing of milk and their effects on the shipment of milk and milk products within the region.

(2) Study and recommend to the participating states joint or cooperative programs for the administration of the dairy marketing laws and regulations and to prepare estimates of cost savings and benefits of such programs.

(3) Encourage the harmonious relationships between the various elements in the industry for the solution of their material problems. Conduct symposia or conferences designed to improve industry relations, or a better understanding of problems.

(4) Prepare and release periodic reports on activities and results of the Commission's efforts to the participating states.

(5) Review the existing marketing system for milk and milk products and recommend changes in the existing structure for assembly and distribution of milk which may assist, improve, or promote more efficient assembly and distribution of milk.

(6) Investigate costs and charges for producing, hauling, handling, processing, distributing, selling, and for all other services, performed with respect to milk.

(7) Examine current economic forces affecting producers, probable trends in production and consumption, the level of dairy farm prices in relation to costs, the financial conditions of dairy farmers, and the need for an emergency order to relieve critical conditions on dairy farms.

§ 9. Equitable farm prices.

(a) The powers granted in this section and Section 10 shall apply only to the establishment of a compact over-order price, so long as federal milk marketing orders remain in effect in the region. In the event that any or all such orders are terminated, this Article authorizes the Commission to establish one or more commission marketing orders, as herein provided, in the region or parts thereof as defined in the order.

(b) A compact over-order price established pursuant to this section shall apply only to Class I milk. Such compact over-order price shall not exceed one dollar and fifty cents ($1.50) per gallon at Atlanta, Georgia, however, this compact over-order price shall be adjusted upward or downward at other locations in the region to reflect differences in minimum federal order prices. Beginning in 1990, and using that year as a base, the foregoing one dollar and fifty cents ($1.50) per gallon maximum shall be adjusted annually by the rate of change in the Consumer Price Index as reported by the Bureau of Labor Statistics of the United States Department of Labor. For purposes of the pooling and equalization of an over-order price, the value of milk used in other use classifications shall be calculated at the appropriate class price established pursuant to the applicable federal order or state dairy regulation and the value of unregulated milk shall be calculated in relation to the nearest prevailing class price in accordance with and subject to such adjustments as the Commission may prescribe in regulations.

(c) A commission marketing order shall apply to all classes and uses of milk.

(d) The Commission may establish a compact over-order price for milk to be paid by pool plants and partially regulated plants. The Commission also may establish a compact over-order price to be paid by all other handlers receiving milk from producers located in a regulated area. This price shall be established either as a compact over-order price or by one or more commission marketing orders. Whenever such a price has been established by either type of regulation, the legal obligation to pay such price shall be determined solely by the terms and purpose of the regulation without regard to the situs of the transfer of title, possession, or any other factors not related to the purposes of the regulation and this compact. Producer-handlers as defined in an applicable federal market order shall not be subject to a compact over-order price. The Commission shall provide for similar treatment of producer-handlers under commission marketing orders.

(e) In determining the price, the Commission shall consider the balance between production and consumption of milk and milk products in the regulated area, the costs of production including, but not limited to, the price of feed, the cost of labor including the reasonable value of the producer's own labor and management, machinery expense and interest expense, the prevailing price for milk outside the regulated area, the purchasing power of the public, and the price necessary to yield a reasonable return to the producer and distributor.

(f) When establishing a compact over-order price, the Commission shall take such other action as is necessary and feasible to help ensure that the over-order price does not cause or compensate producers so as to generate local production of milk in excess of those quantities necessary to assure consumers of an adequate supply for fluid purposes.

(g) The Commission shall whenever possible enter into agreements with state or federal agencies for exchange of information or services for the purpose

of reducing regulatory burden and cost of administering the compact. The Commission may reimburse other agencies for the reasonable cost of providing these services.

§ 10. Optional provisions for pricing order.

Regulations establishing a compact over-order price or a commission marketing order may contain, but shall not be limited to, any of the following:

(1) Provisions classifying milk in accordance with the form in which or purpose for which it is used, or creating a flat pricing program.

(2) With respect to a commission marketing order only, provisions establishing or providing a method for establishing separate minimum prices for each use classification prescribed by the Commission, or a single minimum price for milk purchased from producers or associations of producers.

(3) With respect to an over-order minimum price, provisions establishing or providing a method for establishing such minimum price for Class I milk.

(4) Provisions for establishing either an over-order price or a commission marketing order may make use of any reasonable method for establishing such price or prices including flat pricing and formula pricing. Provision may also be made for location adjustments, zone differentials, and competitive credits with respect to regulated handlers who market outside the regulated area.

(5) Provisions for the payment to all producers and associations of producers delivering milk to all handlers of uniform prices for all milk so delivered, irrespective of the uses made of such milk by the individual handler to whom it is delivered, or for the payment of producers delivering milk to the same handler of uniform prices for all milk delivered by them.

a. With respect to regulations establishing a compact over-order price, the Commission may establish one equalization pool within the regulated area for the sole purpose of equalizing returns to producers throughout the regulated area.

b. With respect to any commission marketing order, as defined in Section 2, subdivision (9), which replaces one or more terminated federal orders or state dairy regulation, the marketing area of now separate state or federal orders shall not be merged without the affirmative consent of each state, voting through its delegation, which is partly or wholly included within any such new marketing area.

(6) Provisions requiring persons who bring Class I milk into the regulated area to make compensatory payments with respect to all such milk to the extent necessary to equalize the cost of milk purchased by handlers subject to a compact over-order price or commission marketing order. No such provisions shall discriminate against milk producers outside the regulated area. The provisions for compensatory payments may require payment of the difference between the Class I price required to be paid for such milk in the state of production by a federal milk marketing order or state dairy regulation and the Class I price established by the compact over-order price or commission marketing order.

(7) Provisions specially governing the pricing and pooling of milk handled by partially regulated plants.

(8) Provisions requiring that the account of any person regulated under the compact over-order price shall be adjusted for any payments made to or received by such persons with respect to a producer settlement fund of any federal or state milk marketing order or other state dairy regulation within the regulated area.

(9) Provision requiring the payment by handlers of an assessment to cover the costs of the administration and enforcement of such order pursuant to subsection (a) of Section 18 of Article VII.

(10) Provisions for reimbursement to participants of the Women, Infants and Children Special Supplemental Food Program of the United States Child Nutrition Act of 1966.

(11) Other provisions and requirements as the Commission may find are necessary or appropriate to effectuate the purposes of this compact and to provide for the payment of fair and equitable minimum prices to producers.

ARTICLE V. Rule-Making Procedure

§ 11. Rule-making procedure.

Before promulgation of any regulations establishing a compact over-order price or commission marketing order, including any provision with respect to milk supply under subsection (f) of Section 9, or amendment thereof, as provided in Article IV, the Commission shall conduct an informal rule-making proceeding to provide interested persons with an opportunity to present data and views. Such rule-making proceeding shall be governed by Section 4 of the Federal Administrative Procedure Act, as amended (5 U.S.C. § 553). In addition, the Commission shall, to the extent practicable, publish notice of rule-making proceedings in the official register of each participating state. Before the initial adoption of regulations establishing a compact over-order price or a commission marketing order and thereafter before any amendment with regard to prices or assessments, the Commission shall hold a public hearing. The Commission may commence a rule-making proceeding on its own initiative or may in its sole discretion act upon the petition of any person including individual milk producers, any organization of milk producers or handlers, general farm organizations, consumer or public interest groups, and local, state or federal officials.

§ 12. Findings and referendum.

(a) In addition to the concise general statement of basis and purpose required by section 4(b) of the Federal Administrative Procedure Act, as amended (5 U.S.C. § 53 (c)), the Commission shall make findings of fact with respect to:

(1) Whether the public interest will be served by the establishment of minimum milk prices to dairy farmers under Article IV.

(2) What level of prices will assure that producers receive a price sufficient to cover their costs of production and will elicit an adequate supply of milk for the inhabitants of the regulated area and for manufacturing purposes.

(3) Whether the major provisions of the order, other than those fixing minimum milk prices, are in the public interest and are reasonably designed to achieve the purposes of the order.

(4) Whether the terms of the proposed regional order or amendment are approved by producers as provided in Section 13.

§ 13. Producer referendum.

(a) For the purpose of ascertaining whether the issuance or amendment of regulations establishing a compact over-order price or a commission marketing order, including any provision with respect to milk supply under subsection (f) of Section 9, is approved by producers, the Commission shall conduct a referendum among producers. The referendum shall be held in a timely manner, as determined by regulation of the Commission. The terms and conditions of the proposed order or amendment shall be described by the Commission in the ballot used in the conduct of the referendum, but the

nature, content, or extent of such description shall not be a basis for attacking the legality of the order or any action relating thereto.

(b) An order or amendment shall be deemed approved by producers if the Commission determines that it is approved by at least two-thirds of the voting producers who, during a representative period determined by the Commission, have been engaged in the production of milk the price of which would be regulated under the proposed order or amendment.

(c) For purposes of any referendum, the Commission shall consider the approval or disapproval by any cooperative association of producers, qualified under the provisions of the Act of Congress of February 18, 1922, as amended, known as the Capper-Volstead Act, bona fide engaged in marketing milk, or in rendering services for or advancing the interests of producers of such commodity, as the approval or disapproval of the producers who are members or stockholders in, or under contract with, such cooperative association of producers, except as provided in subdivision (1) of this subsection and subject to the provisions of subdivisions (2) through (5) of this subsection.

(1) No cooperative that has been formed to act as a common marketing agency for both cooperatives and individual producers shall be qualified to block vote for either.

(2) Any cooperative that is qualified to block vote shall, before submitting its approval or disapproval in any referendum, give prior written notice to each of its members as to whether and how it intends to cast its vote. The notice shall be given in a timely manner as established, and in the form prescribed, by the Commission.

(3) Any producer may obtain a ballot from the Commission in order to register approval or disapproval of the proposed order.

(4) A producer who is a member of a cooperative which has provided notice of its intent to approve or not to approve a proposed order, and who obtains a ballot and with such ballot expresses his or her approval or disapproval of the proposed order, shall notify the Commission as to the name of the cooperative of which he or she is a member, and the Commission shall remove such producer's name from the list certified by such cooperative with its corporate vote.

(5) In order to ensure that all milk producers are informed regarding a proposed order, the Commission shall notify all milk producers that an order is being considered and that each producer may register his or her approval or disapproval with the Commission either directly or through his or her cooperative.

§ 14. Termination of over-order price or marketing order.

(a) The Commission shall terminate any regulations establishing an over-order price or commission marketing order issued under this Article whenever it finds that such order or price obstructs or does not tend to effectuate the declared policy of this compact.

(b) The Commission shall terminate any regulations establishing an over-order price or a commission marketing order issued under this Article whenever it finds that such termination is favored by a majority of the producers who, during a representative period determined by the Commission, have been engaged in the production of milk, the price of which is regulated by such order; but such termination shall be effective only if announced on or before such date as may be specified in such marketing agreement or order.

(c) The termination or suspension of any order or provision thereof, shall not be considered an order within the meaning of this Article and shall require no hearing, but shall comply with the requirements for informal rule making prescribed by Section 4 of the Federal Administrative Procedure Act, as amended (5 U.S.C. § 553).

ARTICLE VI. Enforcement

§ 15. Records, reports, access to premises.

(a) The Commission may by rule and regulation prescribe record keeping and reporting requirements for all regulated persons. For purposes of the administration and enforcement of this compact, the Commission may examine the books and records of any regulated person relating to his or her milk business and for that purpose, the Commission's properly designated officers, employees, or agents shall have full access during normal business hours to the premises and records of all regulated persons.

(b) Information furnished to or acquired by the Commission officers, employees, or its agents pursuant to this section shall be confidential and not subject to disclosure except to the extent that the Commission deems disclosure to be necessary in any administrative or judicial proceeding involving the administration or enforcement of this compact, an over-order price, a compact marketing order, or other regulations of the Commission. The Commission may adopt rules further defining the confidentiality of information pursuant to this section. Nothing in this section shall be deemed to prohibit (i) the issuance of general statements based upon the reports of a number of handlers, which do not identify the information furnished by any person, or (ii) the publication by direction of the Commission of the name of any person violating any regulation of the Commission, together with a statement of the particular provisions violated by such person.

(c) No officer, employee, or agent of the Commission shall intentionally disclose information, by inference or otherwise, that is made confidential pursuant to this section. Any person violating the provisions of this section shall, upon conviction, be subject to a fine of not more than one thousand dollars ($1,000) or to imprisonment for not more than one year, or both, and shall be removed from office. The Commission shall refer any allegation of a violation of this section to the appropriate state enforcement authority or United States Attorney.

§ 16. Subpoena, hearings, and judicial review.

(a) The Commission is hereby authorized and empowered by its members and its properly designated officers to administer oaths and issue subpoenas throughout all signatory states to compel the attendance of witnesses and the giving of testimony and the production of other evidence.

(b) Any handler subject to an order may file a written petition with the Commission stating that any order or any provision of any such order or any obligation imposed in connection therewith is not in accordance with law and praying for a modification thereof or to be exempted therefrom. The handler shall thereupon be given an opportunity for a hearing upon such petition, in accordance with regulations made by the Commission. After such hearing, the Commission shall make a ruling upon the prayer of such petition which shall be final, if in accordance with law.

(c) The district courts of the United States in any district in which the handler is an inhabitant, or has his or her principal place of business, are hereby vested with jurisdiction to review such ruling, provided a complaint for that purpose is filed within 30 days from the date of the entry of the ruling. Service of process in these proceedings may be had upon the Commission by delivering to it a copy of the complaint. If the court determines that the ruling is not in accordance with law, it shall remand such proceedings to the Commission with directions either (i) to make such ruling as the court shall determine to be in accordance with law, or (ii) to take such further proceedings as, in its opinion, the law requires. The pendency of proceedings instituted pursuant to this subdivision shall not impede, hinder, or delay the Commission form obtaining relief pursuant to Section 17. Any proceedings brought pursu-

ant to Section 17, except where brought by way of counterclaim in proceedings instituted pursuant to this section, shall abate whenever a final decree has been rendered in proceedings between the same parties, and covering the same subject matter, instituted pursuant to this section.

§ 17. Enforcement with respect to handlers.

(a) Any violation by a handler of the provisions of regulation establishing an over-order price or a commission marketing order, or other regulations adopted pursuant to this compact shall:

(1) Constitute a violation of the laws of each of the signatory states. Such violation shall render the violator subject to a civil penalty in an amount as may be prescribed by the laws of each of the participating states, recoverable in any state or federal court of competent jurisdiction. Each day such violation continues shall constitute a separate violation.

(2) Constitute grounds for the revocation of license or permit to engage in the milk business under the applicable laws of the participating states.

(b) With respect to handlers, the Commission shall enforce the provisions of this compact, regulations establishing an over-order price, a commission marketing order or other regulations adopted hereunder by:

(1) Commencing an action for legal or equitable relief brought in the name of the Commission in any state or federal court of competent jurisdiction; or

(2) Referral to the state agency for enforcement by judicial or administrative remedy with the agreement of the appropriate state agency of a participating state.

(c) With respect to handlers, the Commission may bring an action for injunction to enforce the provisions of this compact or the order or regulations adopted thereunder without being compelled to allege or prove that an adequate remedy of law does not exist.

ARTICLE VII. Finance

§ 18. Finance of start-up and regular costs.

(a) To provide for its start-up costs, the Commission may borrow money pursuant to its general power under Section 6, subdivision (d), paragraph 4. In order to finance the cost of administration and enforcement of this compact, including payback of start-up costs, the Commission may collect an assessment from each handler who purchases milk from producers within the region. If imposed, this assessment shall be collected on a monthly basis for up to one year from the date the Commission convenes, in an amount not to exceed $.015 per hundred weight of milk purchased from producers during the period of the assessment. The initial assessment may apply to the projected purchases of handlers for the two-month period following the date the Commission convenes. In addition, if regulations establishing an over-order price or a compact marketing order are adopted, they may include an assessment for the specific purpose of their administration. These regulations shall provide for establishment of a reserve for the Commission's ongoing operating expenses.

(b) The Commission shall not pledge the credit of any participating state or of the United States. Notes issued by the Commission and all other financial obligations incurred by it, shall be its sole responsibility and no participating state or the United States shall be liable therefor.

§ 19. Audit and accounts.

(a) The Commission shall keep accurate accounts of all receipts and disbursements, which shall be subject to the audit and accounting procedures established under its rules. In addition, all receipts and disbursements of

funds handled by the Commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual report of the Commission.

(b) The accounts of the Commission shall be open at any reasonable time for inspection by duly constituted officers of the participating states and by any persons authorized by the Commission.

(c) Nothing contained in this Article shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any participating state or of the United States.

ARTICLE VIII. Entry into Force; Additional Members and Withdrawal

§ 20. Entry into force; additional members.

The compact shall enter into force effective when enacted into law by any three states of the group of states composed of Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia, and West Virginia and when the consent of Congress has been obtained.

§ 21. Withdrawal from compact.

Any participating state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after notice in writing of the withdrawal is given to the Commission and the governors of all the participating states. No withdrawal shall affect any liability already already incurred by or chargeable to a participating state prior to the time of such withdrawal.

§ 22. Severability.

If any part or provision of this compact is adjudged invalid by any court, such judgment shall be confined in its operation to the part or provision directly involved in the controversy in which such judgment shall have been rendered and shall not affect or impair the validity of the remainder of this compact. In the event Congress consents to this compact subject to conditions, said conditions shall not impair the validity of this compact when said conditions are accepted by three or more compacting states. A compact state may accept the conditions of Congress by implementation of this compact. (1997-494, s. 1.)

(1) One member representing consumers of milk, appointed by the Governor.

(2) One member appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives.

(3) One member appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate.

until their successors are duly appointed. Any appointment to fill an unexpired term shall be for the balance of the unexpired term and shall be made by the appropriate appointing authority. A member may be removed by the appointing authority, in accordance with G.S. 143B-13. The Commissioner of Agriculture shall designate one member of the delegation to serve as chair, at the pleasure of the Commissioner.

(d) Members of the delegation shall receive per diem and necessary travel and subsistence expenses in accordance with G.S. 138-5.

(e) A majority of the delegation shall constitute a quorum for the transaction of business.

(f) All clerical and other services required by the delegation shall be provided by the Commissioner of Agriculture. (1997-494, s. 1.)

Article 68A.

North Carolina Dairy Stabilization and Growth Program.

§ 106-812. Findings.

(a) The General Assembly finds that North Carolina has suffered a significant loss of its traditional industrial and agricultural economic base. The State's dairy industry is at serious risk of total collapse unless milk prices reach levels sufficient to allow dairy farmers to meet production costs. At the same time, North Carolina is experiencing rapid population growth and urbanization. This growth and urbanization have fueled a rapid loss of prime agricultural land and green space, resulting in a decline in the quality of life for which the State is known.

(b) The General Assembly finds that the dairy industry in North Carolina makes a substantial economic, environmental, and quality-of-life contribution to the well-being of the citizens of the State. The dairy industry, including both producers and processors, currently contributes over six hundred million dollars ($600,000,000) and 3,000 jobs to the State's economy. Properly managed dairy farms help maintain green space, keep prime agricultural land under production, maintain water quality, enhance food security, and provide a local supply of fresh milk at a reasonable cost to the consumer and to processors in the State. An adequate local milk supply has become increasingly important as transportation costs escalate, making the importation of milk from out-of-state increasingly expensive. The General Assembly finds, however, that despite its importance to the State's economic and environmental well-being, North Carolina's dairy industry is under severe economic pressure, and milk production is declining at an alarming rate. According to United States Department of Agriculture statistics, since 1985 the State has lost sixty-seven percent (67%) of its dairy farms and thirty-five percent (35%) of its processing facilities. North Carolina dairy farms no longer produce sufficient milk for North Carolina's processing facilities to operate. Milk must be imported 10 out of 12 months each year to keep these processing facilities functioning. Further, farm prices for milk exhibit great volatility, creating financial risk and discouraging investment. The General Assembly finds that it is essential to a viable North Carolina dairy industry to have locally produced milk available to processors in the State. The General Assembly further finds that it is essential to the well-being of the citizens of the State to have a local supply of fresh milk available at reasonable cost and not subject to the vagaries of transportation costs and production conditions in other regions of the country.

(c) The General Assembly finds that one of the primary reasons for the decline in milk production in the State is the gap between the price paid to

farmers for milk under the federal milk programs and the actual cost of production. Inability to meet production costs combined with increasing land prices have led many milk producers to sell their farms for development and retire or turn to other employment. The General Assembly finds that the most effective means to ensure the continuation of a viable dairy industry in this State is to establish a price floor for milk to enable dairy farmers to meet their production costs. It is the intent of the General Assembly to establish a price support program that will stabilize and reverse the decline in the local milk supply and in the dairy industry in the State and encourage new producers to enter the dairy industry. Sustaining and growing North Carolina's dairy industry will advance the State's goals of preserving and enhancing its economic base and improving the quality of life in the State through maintaining green space and water quality and assuring an adequate local supply of fresh milk. § 106-813. North Carolina Dairy Stabilization and Growth Fund.

(a) The North Carolina Dairy Stabilization and Growth Fund is created as a nonreverting account in the Department of Agriculture and Consumer Services. The Fund shall consist of any money appropriated to the Fund by the General Assembly and money made available to it from grants, donations, and other sources. The Board of Agriculture shall actively seek donations, grants, and other sources of money for the Fund.

(b) The Board shall use the monies in the Fund as follows:

(1) Up to two percent (2%) of the money appropriated annually by the General Assembly may be used by the Department for the costs of administering the Dairy Stabilization and Growth Program. In the event that the General Assembly does not make an appropriation to the Fund in a given year, up to two percent (2%) of the balance remaining in the Fund may be used by the Department for the costs of administering the Program.

(2) The monies remaining after administrative expenses are deducted shall be used to provide assistance to North Carolina dairy farmers in accordance with the provisions of G.S. 106-814.

(3) At the end of any fiscal year in which the total payments to North Carolina dairy farmers under G.S. 106-814 are less than fifty percent (50%) of the amount appropriated by the General Assembly for the year, five percent (5%) of the unspent appropriation for the year may be set aside for use in that year and subsequent years for programs to support the development of the dairy industry. (2006-139, s. 1.)

§ 106-814. Dairy Stabilization and Growth Program.

(a) On July 1 of each year the Board of Agriculture shall set a milk support baseline price. The baseline price per hundredweight of milk shall be the average United States Department of Agriculture Federal Milk Market Order Class I price mover for the previous 10 years less fifty cents (50¢).

(b) The Board shall adopt rules implementing the provisions of this Article. The rules shall include criteria for eligibility for distributions from the Fund, procedures for applications for distributions from the Fund, the method by which the amount of a payment to a producer shall be calculated, and the manner of payment to producers.

(c) Each month the Board shall determine whether the monthly announced United States Department of Agriculture Federal Milk Market Order Class I price mover has dropped below the baseline price set for the year. If the monthly announced Class I price mover is lower than the baseline price, then each producer who meets the requirements of subsection (f) of this section shall become eligible for a distribution from the Fund in an amount equal to the difference between the baseline price and the monthly announced Class I price mover multiplied by the hundredweight of milk sold by the producer for the month.

(d) Under exceptional circumstances, and in the discretion of the Board, the amount of any monthly distribution as calculated by the formula set forth in subsection (c) of this section may be increased by an amount not to exceed one dollar ($1.00) per hundredweight of milk sold in that month.

(e) Distributions shall be made to eligible producers at least quarterly, unless in the judgment of the Board the payment amounts are trivial. All payments under the Program are subject to the availability of funds.

(f) To be eligible to receive assistance from the Dairy Stabilization and Growth Fund, a dairy farmer shall demonstrate to the satisfaction of the Board that they are in compliance with the following rules and regulations:

County Administration.

Part 1. County Boards of Social Services.

§ 108A-1. Creation.

Every county shall have a board of social services or a consolidated human services board created pursuant to G.S. 153A-77(b) which shall establish county policies for the programs established by this Chapter in conformity with the rules and regulations of the Social Services Commission and under the supervision of the Department of Health and Human Services. Provided, however, county policies for the program of medical assistance shall be established in conformity with the rules and regulations of the Department of

Health and Human Services. CASE NOTES

Personal Jurisdiction. — In a case alleging negligent placement of a foster child who sexually assaulted another child, where defendants raised the issues of failure to state a claim and lack of subject matter jurisdiction, but failed to raise the issue of personal jurisdiction, and stipulated in the record before the appellate court that they were properly before the trial court, the defendants could not argue that they were not subject to suit under Chapters 108A and 122C and under G.S. 153A-77. Hobbs v. North Carolina Dep't of Human Resources, 135 N.C. App. 412, 520 S.E.2d 595, 1999 N.C. App. LEXIS 1146 (1999).

Employees of Local Departments — Applicability of Eleventh Amendment. — After examining the characterization of the local departments of social service under state law, the relative extent of state control over the departments, the relative extent to which the departments depends on state funding, and the effect of a potential damage award on the state treasury, the departments were found to be an arm of the state and, therefore, the individual defendants, each of whom worked for a department, were state officials for Eleventh Amendment purposes. Shell v. Wall, 808 F. Supp. 481 (W.D.N.C. 1992).

The Commission misapplied the law by concluding that the Davie County Department of Social Services (DSS) was not an agent of the North Carolina Department of Human Resources (DHR) in its delivery of child protective services. OPINIONS OF ATTORNEY GENERAL

County Commissioner May Serve on Social Services Board. — There is nothing in this Chapter to suggest any impropriety with the "county commissioner member" also serving as chairman of the social services board. See opinion of Attorney General to C. Preston Cornelius, Senior Resident, Superior Court Judge, 60 N.C.A.G. 50 (1990).

§ 108A-2. Size.

The county board of social services of a county shall consist of three members, except that the board of commissioners of any county may increase such number to five members. The decision to increase the size to five members or to reduce a five-member board to three shall be reported immediately in writing by the chairman of the board of commissioners to the Department of Health and Human Services. (1917, c. 170, s. 1; 1919, c. 46, s. 3; C.S., s. 5014; 1937, c. 319, s. 3; 1941, c. 270, s. 2; 1945, c. 47; 1953, c. 132; 1955, c. 249; 1957,

§ 108A-3. Method of appointment; residential qualifications; fee or compensation for services; consolidated human services board appointments.

(a) Three-Member Board. — The board of commissioners shall appoint one member who may be a county commissioner or a citizen selected by the board; the Social Services Commission shall appoint one member; and the two members so appointed shall select the third member. In the event the two members so appointed are unable to agree upon selection of the third member, the senior regular resident superior court judge of the county shall make the selection.

(b) Five-Member Board. — The procedure set forth in subsection (a) shall be followed, except that both the board of commissioners and the Social Services Commission shall appoint two members each, and the four so appointed shall select the fifth member by majority vote of the membership. If a majority of the four are unable to agree upon the fifth member, the senior regular superior court judge of the county shall make the selection.

(c) Provided further that each member so appointed under subsection (a) and subsection (b) of this section by the Social Services Commission and by the county board of commissioners or the senior regular resident superior court judge of the county, shall be bona fide residents of the county from which they are appointed to serve, and will receive as their fee or compensation for their services rendered from the Department of Health and Human Services directly or indirectly only the fees and compensation as provided by G.S. 108A-8.

(d) Consolidated Human Services Board. — The board of county commissioners shall be the sole appointing authority for members of a consolidated human services board and shall appoint those members in accordance with G.S. 153A-77(c). (1917, c. 170, s. 1; 1919, c. 46, s. 3; C.S., s. 5014; 1937, c. 319, s. 3; 1941, c. 270, s. 2; 1945, c. 47; 1953, c. 132; 1955, c. 249; 1957, c. 100, s. 1; 1959, c. 1255, s. 1; 1961, c. 186; 1963, c. 139; c. 247, ss. 1, 2; 1969, c. 546, s. 1; 1971, c. 369; 1973, c. 476, s. 138; 1981, c. 275, s. 1; 1995 (Reg. OPINIONS OF ATTORNEY GENERAL

Subsection (b) does not require that all four members of a five member county board of social services be present when the board selects its fifth member. See opinion of Attorney General to Mr. Stephen M. Schoeberle, Burke County Staff Attorney, 58 N.C.A.G. 48 (1988).

Subsection (b) requires that the other four members of a county board of social services be unanimous in their selection of the fifth member. See opinion of the Attorney General to Mr. Stephen M. Schoeberle, Burke County Staff Attorney, 58 N.C.A.G. 48 (1988).

The legislature intended to permit a county commissioner to serve as a member of the county social services board. See opinion of Attorney General to C. Preston Cornelius, Senior Resident, Superior Court Judge, 60 N.C.A.G. 50 (1990).

§ 108A-4. Term of appointment.

Each member of a county board of social services shall serve for a term of three years. No member may serve more than two consecutive terms. Notwithstanding the previous sentence, the limitation on consecutive terms does not apply if the member of the social services board was a member of the board of county commissioners at any time during the first two consecutive terms, and is a member of the board of county commissioners at the time of reappointment. (1917, c. 170, s. 1; 1919, c. 46, s. 3; C.S., s. 5014; 1937, c. 319, s. 3; 1941, c. 270, s. 2; 1945, c. 47; 1953, c. 132; 1955, c. 249; 1957, c. 100, s. 1; 1959, c. 1255, s. 1; 1961, c. 186; 1963, c. 139; c. 247, ss. 1, 2; 1969, c. 546, s. 1; 1981, c. 275, s. 1; c. 770.)

§ 108A-5. Order of appointment.

(a) Three-Member Board: The term of the member appointed by the Social Services Commission shall expire on June 30, 1981, and every three years thereafter; the term of the member appointed by the board of commissioners shall expire on June 30, 1983, and every three years thereafter; and the term of the third member shall expire on June 30, 1982, and every three years thereafter.

(b) Five-Member Board: Whenever a board of commissioners of any county decides to expand a three-member board to a five-member board of social services, the Social Services Commission shall appoint an additional member for a term expiring at the same time as the term of the existing member appointed by the board of commissioners, and the board of commissioners shall appoint an additional member for a term expiring at the same time as the term of the existing member appointed by the Social Services Commission. The change to a five-member board shall become effective at the time when the additional members shall have been appointed by both the county board of commissioners and the Social Services Commission. Thereafter all appointments shall be for three-year terms.

(c) Change from Five-Member to Three-Member Board: The change shall become effective on the first day of July following the decision to change by the board of commissioners. On that day, the following two seats on the board of social services shall cease to exist:

(1) The seat held by the member appointed by the Social Services Commission whose term would have expired on June 30, 1983, or triennially thereafter; and

(2) The seat held by the member appointed by the board of commissioners whose term would have expired June 30, 1981, or triennially thereafter. (1917, c. 170, s. 1; 1919, c. 46, s. 3; C.S., s. 5014; 1937, c. 319, s. 3; 1941, c. 270, s. 2; 1945, c. 47; 1953, c. 132; 1955, c. 249; 1957, c. 100, s. 1; 1959, c. 1255, s. 1; 1961, c. 1986; 1963, c. 139; c. 247, ss. 1, 2; 1969, c. 546, s. 1; 1973, c. 476, s. 138; c. 724, s. 1; 1981, c. 275, s. 1.)

§ 108A-6. Vacancies.

Appointments to fill vacancies shall be made in the manner set out in G.S. 108A-3. All such appointments shall be for the remainder of the former member's term of office and shall not constitute a term for the purposes of G.S. 108A-4. (1917, c. 170, s. 1; 1919, c. 46, s. 3; C.S., s. 5014; 1937, c. 319, s. 3; 1941, c. 270, s. 2; 1945, c. 47; 1953, c. 132; 1955, c. 249; 1957, c. 100, s. 1; 1959, c. 1255, s. 1; 1961, c. 186; 1963, c. 139; c. 247, ss. 1, 2; 1969, c. 546, s. 1; 1981, c. 275, s. 1.)

The board of social services of a county shall meet at least once per month, or more often if a meeting is called by the chairman. Such board shall elect a chairman from its members at its July meeting each year, and the chairman shall serve a term of one year or until a new chairman is elected by the board. A consolidated county human services board shall meet in accordance with the provisions of G.S. 153A-77. (1917, c. 170, s. 1; 1919, c. 46, s. 4; C.S., s. 5015; 1937, c. 319, s. 4; 1941, c. 270, s. 3; 1947, c. 92; 1959, c. 320; 1961, c. 186; 1969, c. 546, s. 1; 1981, c. 275, s. 1; 1995 (Reg. Sess., 1996), c. 690, s. 8.)

§ 108A-8. Compensation of members.

Members of the county board of social services may receive a per diem in such amount as shall be established by the county board of commissioners. Reimbursement for subsistence and travel shall be in accordance with a policy set by the county board of commissioners. (1917, c. 170, s. 1; 1919, c. 46, s. 4; C.S., s. 5015; 1937, c. 319, s. 4; 1941, c. 270, s. 3; 1947, c. 92; 1959, c. 320; 1961, c. 186; 1969, c. 546, s. 1; 1971, c. 124; 1981, c. 275, s. 1; 1985, c. 418, s. 3.)

(1) To select the county director of social services according to the merit system rules of the State Personnel Commission;

(2) To advise county and municipal authorities in developing policies and plans to improve the social conditions of the community;

(3) To consult with the director of social services about problems relating to his office, and to assist him in planning budgets for the county department of social services;

(4) To transmit or present the budgets of the county department of social services for public assistance, social services, and administration to the board of county commissioners;

(5) To have such other duties and responsibilities as the General Assembly, the Department of Health and Human Services or the Social Services Commission or the board of county commissioners may assign to it. (1917, c. 170, s. 1; 1919, c. 46, s. 3; C.S., s. 5014; 1937, c. 319, s. 3; 1941, c. 270, s. 2; 1945, c. 47; 1953, c. 132; 1955, c. 249; 1957, c. 100, s. 1; 1959, c. 1255, s. 1; 1961, c. 186; 1963, c. 139; c. 247, ss. 1, 2; 1969, c. 546, s. 1; 1973, c. 476, s. 138; 1977, 2nd Sess., c. 1219, s. 7; 1981, c. 275, s. 1; 1997-443, s. 11A.118(a).)

CASE NOTES

The county department of social services is merely an extension of the county. Meares v. Brunswick County, 615 F. Supp. 14 (E.D.N.C. 1985).

And Has No Sovereign Immunity. — Because the Brunswick County Department of Social Services and the Brunswick County Board of Social Services are extensions of Brunswick County which does not enjoy sovereign immunity, neither do they have sovereign immunity. Meares v. Brunswick County, 615 F. Supp. 14 (E.D.N.C. 1985).

District court declined to grant a county department's Fed. R. Civ. P. 12(b)(1) motion to dismiss a former employee's disability discrimination claims on the ground that the department lacked the capacity to be sued where none of the provisions of G.S. 108A-9 nor any other authority supported the contention that the department was not a legal entity due to the North Carolina Board of Social Services's governing authority. Rivera v. Guilford County, 286 F. Supp. 2d 635, 2003 U.S. Dist. LEXIS 18214 (M.D.N.C. 2003).

The sole involvement of the county board of social services in personnel mat-

ters is to select the county director of social services. And the director derives his authority to appoint personnel directly from the General Assembly, not from the board. Thus the local board does not become the "local appointing authority" pursuant to G.S. 126-37 in the absence of a permanent full-time director. In re Brunswick County, 81 N.C. App. 391, 344 S.E.2d 584 (1986).

Extent of Authority Exercised by County over Director. — It is apparent that the county is at most only equal to the State in the authority it can exert over the director of social services. Fracaro v. Priddy, 514 F. Supp. 191 (M.D.N.C. 1981), decided under former Chapter 108.

In an action by eligibility supervisor of county department of social services alleging that her constitutional rights had been violated when her employment was terminated by the director of social services, the county could not be held liable to the plaintiff since the director was not acting for the county, but rather for the State, and since the county board of social services did not have the authority to dismiss the eligibility supervisor. Fracaro v. Priddy, 514 F. Supp. 191 (M.D.N.C. 1981), decided under former Chapter 108.

Local Appointing Agency. — Where an employer is a county department of social services, the local appointing agency is the director of the department. Enoch v. Alamance County Dep't of Soc. Servs., 164 N.C. App. 233, 595 S.E.2d 744, 2004 N.C. App. LEXIS 810 (2004).

Cited in Shell v. Wall, 808 F. Supp. 481 (W.D.N.C. 1992).

§ 108A-10. Fees.

The county board of social services is authorized to enter into contracts with any governmental or private agency, or with any person, whereby the board of social services agrees to render services to or for such agency or person in exchange for a fee to cover the cost of rendering such service. This authority is to be limited to services voluntarily rendered and voluntarily received, but shall not apply where the charging of a fee for a particular service is specifically prohibited by statute or regulation. The fees to be charged under the authority of this section are to be based upon a plan recommended by the county director of social services and approved by the local board of social services and the board of county commissioners. In no event is the fee charged to exceed the cost to the board of social services. Fee policies may not conflict with rules and regulations adopted by the Social Services Commission or Department of Health and Human Services regarding fees.

The fees collected under the authority of this section are to be deposited to the account of the social services department so that they may be expended for social services purposes in accordance with the provisions of Article 3 of Chapter 159, the Local Government Budget and Fiscal Control Act. No individual employee is to receive any compensation over and above his regular salary as a result of rendering services for which a fee is charged.

The county board of social services shall annually report to the county commissioners receipts received under this section. Fees collected under this section shall not be used to replace any other funds, either State or local, for the program for which the fees were collected. (1981, c. 275, s. 1; 1997-443, s. 11A.118(a).)

§ 108A-11. Inspection of records by members.

Every member of the county board of social services may inspect and examine any record on file in the office of the director relating in any manner to applications for and provision of public assistance and social services authorized by this Chapter. No member shall disclose or make public any information which he may acquire by examining such records. (1917, c. 170, s. 1; 1919, c. 46, s. 3; C.S., s. 5014; 1937, c. 319, s. 3; 1941, c. 270, s. 2; 1945, c. 47; 1953, c. 132; 1955, c. 249; 1957, c. 100, s. 1; 1959, c. 1255, s. 1; 1961, c. 186; 1963, c. 139; c. 247, ss. 1, 2; 1969, c. 546, s. 1; 1981, c. 275, s. 1.)

Part 2. County Director of Social Services.

§ 108A-12. Appointment.

(a) The board of social services of every county shall appoint a director of social services in accordance with the merit system rules of the State Personnel Commission. Any director dismissed by such board shall have the right of appeal under the same rules.

(b) Two or more boards of social services may jointly employ a director of social services to serve the appointing boards and such boards may also combine any other functions or activities as authorized by Part 1 of Article 20 of Chapter 160A. The boards shall agree on the portion of the director's salary and the portion of expenses for other joint functions and activities that each participating county shall pay. (1917, c. 170, s. 1; 1919, c. 46, ss. 3, 4; C.S., s. 5016; 1921, c. 128; 1929, c. 291, s. 1; 1931, c. 423; 1937, c. 319, s. 5; 1941, c. 270, s. 4; 1957, c. 100, s. 1; 1961, c. 186; 1969, c. 546, s. 1; 1981, c. 275, s. 1.)

CASE NOTES

Department of Human Resources Liable for Acts of County Director Negligently Placing Foster Child. — In an action alleging that a foster child was negligently placed in a home by the Durham County Department of Social Services, the Department of Human Resources would be liable for the negligent acts of its agents, the Durham County Director of Social Services and his subordinates, since the Department of Human Resources, through the Social Services Commission, has the right to control the manner in which the county director is to execute his obligation to place children in foster homes. Vaughn v. North Carolina Dep't of Human Resources, 296 N.C. 683, 252 S.E.2d 792 (1979), decided under former Chapter 108.

The director of the County Department of Social Services is a public officer for purposes of sovereign immunity. Meyer v. Walls, 122 N.C. App. 507, 471 S.E.2d 422 (1996), aff'd in part and rev'd in part, 347 N.C. 97, 489 S.E.2d 880 (1997).

§ 108A-13. Salary.

The board of social services of every county, with the approval of the board of county commissioners, shall determine the salary of the director in accordance with the classification plan of the State Personnel Commission, and such salary shall be paid by the county from the federal, State and county funds available for this purpose. (1917, c. 170, s. 1; 1919, c. 46, ss. 3, 4; C.S., s. 5016; 1921, c. 128; 1929, c. 291, s. 1; 1931, c. 423; 1937, c. 319, s. 5; 1941, c. 270, s. 4; 1957, c. 100, s. 1; 1961, c. 186; 1969, c. 546, s. 1; 1981, c. 275, s. 1.)

School-Based Child and Family Team Initiative. — Session Laws 2005-276, s. 6.24, provides for the development and implementation of a School-Based Child and Family Team Initiative. See note at G.S. 115C-105.20.

Editor's Note. — Session Laws 2005-55 s. 13, provides: "The Department of Health and Human Services shall continue to assess the alternative response system of child protection as to the impact the system has in child safety, timeliness of response, timeliness of service, and coordination of local human services. The Department shall report the status of its evaluation to the Legislative Study Commission on Children and Youth, the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division before the convening of the 2006 Regular Session of the 2005 General Assembly."

Session Laws 2005-276, s. 46.5 is a severability clause.

CASE NOTES

The sole involvement of the county board of social services in personnel matters is to select the county director of social services. And the director derives his authority

to appoint personnel directly from the General Assembly, not from the board. Thus the local board does not become the "local appointing authority" pursuant to G.S. 126-37 in the absence of a permanent full-time director. In re Brunswick County, 81 N.C. App. 391, 344 S.E.2d 584 (1986).

Director Has Exclusive Power to Hire and Fire Department Personnel. — Subdivision (a)(2) of this section gives the director of a county department of social services the exclusive power to hire and fire the department's personnel; the statute makes no distinction between "acting" and "permanent" directors. In re Brunswick County, 81 N.C. App. 391, 344 S.E.2d 584 (1986).

Chapter 126 establishes and provides for the administration of the state personnel system. Yow v. Alexander County Dep't of Social Servs., 70 N.C. App. 174, 319 S.E.2d 626, cert. denied, 312 N.C. 625, 323 S.E.2d 927 (1984).

Authority Exercised by County over Director. — It is apparent that the county is at most only equal to the State in the authority it can exert over the director of social services. Fracaro v. Priddy, 514 F. Supp. 191 (M.D.N.C. 1981), decided under former Chapter 108.

Trainee Has No Property Interest in Continued Employment. — An employee who is subject to the State Personnel Act and who holds a "trainee" appointment as defined by the North Carolina Administrative Code does not have a property interest in her continued employment which is protected by the due process clause of the Fourteenth Amendment. Yow v. Alexander County Dep't of Social Servs., 70 N.C. App. 174, 319 S.E.2d 626, cert. denied, 312 N.C. 625, 323 S.E.2d 927 (1984).

Department of Human Resources Liable for Acts of County Director Negligently Placing Foster Child. — In an action alleging that a foster child was negligently placed in a home by the Durham County Department of Social Services, the Department of Human Resources would be liable for the negligent acts of its agents, the Durham County Director of Social Services and his subordinates, since the Department of Human Resources, through the Social Services Commission has the right to control the manner in which the county director is to execute his obligation to place children in foster homes. Vaughn v. North Carolina Dep't of Human Resources, 296 N.C. 683, 252 S.E.2d 792 (1979), decided under former Chapter 108.

Liability of Social Workers Negligently Placing Foster Child. — The language of subsection (b) of this section and the holding of Meyer v. Walls, 347 N.C. at 111, 489 S.E.2d at 888, lead to the conclusion that defendants who were acting for and representing a director of social services were acting as public officials and could therefore not be held individually liable in a case alleging negligent placement of a foster child. Hobbs v. North Carolina Dep't of Human Resources, 135 N.C. App. 412, 520 S.E.2d 595, 1999 N.C. App. LEXIS 1146 (1999).

Discretion and Immunity of Social Workers. — Pursuant to G.S. 108A-14, a social worker for a county department of human services has the statutory authority to exercise discretion in that capacity, that is, in the capacity of a social worker; thus, where a social worker took various actions in the social worker's capacity as a social worker for a county human services agency that clearly required the exercise of discretion and were not simply ministerial, the social worker was considered a public official for purposes of public official immunity. Dalenko v. Wake County Dep't of Human Servs., 157 N.C. App. 49, 578 S.E.2d 599, 2003 N.C. App. LEXIS 371 (2003), cert. denied, 357 N.C. 458, 585 S.E.2d 386 (2003), cert. denied, 540 U.S. 1178, 124 S. Ct. 1411, 158 L. Ed. 2d 79 (2004).

The Commission misapplied the law by concluding that the Davie County Department of Social Services (DSS) was not an agent of the North Carolina Department of Human Resources (DHR) in its delivery of child protective services. Whitaker v. N.C. Dep't of Human Resources, Social Servs. Comm'n, 121 N.C. App. 602, 468 S.E.2d 404 (1996).

Investigation of Child Abuse and Neglect. — Under subdivision (a)(11), the General Assembly made clear its intent to include as work required of a county director of social services the investigation of reports of child abuse and neglect. Gammons v. North Carolina Dep't of Human Resources, 344 N.C. 51, 472 S.E.2d 722 (1996).

Juvenile Petition for Termination of Parental Rights. — Trial court had subject matter jurisdiction over the juvenile petition filed by the caseworker even though the caseworker did not sign it and, thus, the trial court could enter its termination of parental rights order regarding the father; while the caseworker did not specifically state in the petition that the caseworker was an authorized representative of the director of the Department of Social Services, the caseworker's verification of the petition was sufficient for the trial court to exercise jurisdiction over the case. In re D.D.F., 187 N.C. App. 388, 654 S.E.2d 1, 2007 N.C. App. LEXIS 2447 (2007).

§ 108A-15. Social services officials and employees as public guardians.

The director and assistant directors of social services of each county may serve as guardians for adults adjudicated incompetent under the provisions of Chapter 35A, and they shall do so if ordered to serve in that capacity by the clerk of superior court having jurisdiction of a guardianship proceeding brought under either Article. (1977, c. 725, s. 6; 1981, c. 275, s. 1; 1985, c. 361, s. 3; 1987, c. 550, s. 23.)

(2) Appoint staff of the consolidated human services agency only upon the approval of the county manager. (1995 (Reg. Sess., 1996), c. 690, s. 9; 1997-443, s. 11A.118(a).)

§§ 108A-15.2 through 108A-15.6: Reserved for future codification purposes.

§ 108A-17. Compensation.

The special county attorney for social service matters shall receive compensation for the performance of his duties and for his expenses in such amount as the board of commissioners may provide. CASE NOTES

Standing to Appeal Eligibility Decision. — Daughter of deceased Medicaid recipient had no right to appeal from Department of Human Resources decision regarding her father's eligibility, as she was neither an "applicant" nor a "recipient," nor the legal representative of her father's estate. Yates v. North Carolina Dep't of Human Resources, 98 N.C. App. 402, 390 S.E.2d 761 (1990).

Injured Party Was a Recipient Despite Being a Minor. — Where the North Carolina Department of Human Resources, Division of Medical Assistance, expended Medicaid funds to pay certain medical care providers for services that they had rendered to an injured party, the injured party qualified as a "recipient" of medical assistance benefits within the meaning of G.S. 108A-24(5) and G.S. 108A-59 even though the injured party was a minor at the time that the benefits were paid; there was no requirement that a "recipient" had to be one who had received a direct cash payment or relief from debt, or one who had the legal right to sue for medical benefits. Campbell v. N.C. Dep't of Human Res., 153 N.C. App. 305, 569 S.E.2d 670, 2002 N.C. App. LEXIS 1124 (2002).

CASE NOTES

State Participation Is Voluntary. — Participation by the State in aid to families with dependent children is not required, but is voluntary; implementation is left to the states. Gilliard v. Ed. 2d 704 (1973), decided under former Chapter 108.

Medicaid Has No Resource Spend-Down Provision. — The North Carolina Medicaid statute, like the federal statute, does not have a specific resource spend-down provision in its plan. Elliot ex rel. Casstevens v. Department of Human Resources, 115 N.C. App. 613, 446 S.E.2d 809, aff'd, 341 N.C. 191, 459 S.E.2d 273 (1995).

Use of Resource Spend-Down Not Required. — The North Carolina Medicaid plan, established in subsection (b), does not require the use of resource spend-down when evaluating Medicaid eligibility. Elliot ex rel. Casstevens v. Department of Human Resources, 115 N.C. App. 613, 446 S.E.2d 809, aff'd, 341 N.C. 191, 459 S.E.2d 273 (1995).

Recoupment of Overpayments. — Where North Carolina Department of Health and Human Services, Division of Medical Assistance (DMA) sought to recoup Medicaid overpayments made to a debtor hospital, in order to qualify for recoupment, the DMA's recoupment claim was required to have arisen from the "same transaction" as the overpayment; the bankruptcy court found that the ongoing stream of services, advances, and reconciliations that was unique to the Medicaid system constituted a single transaction for recoupment purposes, and although the relationship between the hospital and the DMA involved several transactions for the provision of services to several patients, this relationship was not analogous to multiple, separate equipment purchases from a single supplier, which would not have been part of the same transaction. (1) Six months after release from custody if no additional controlled substance felony offense is committed during that period and successful completion of or continuous active participation in a required substance abuse treatment program determined appropriate by the area mental health authority; or

(2) If not committed to custody, six months after the date of conviction if no additional controlled substance felony offense is committed during

that period and successful completion of or continuous active participation in a required substance abuse treatment program determined appropriate by the area mental health authority.

A county department of social services shall require individuals who are eligible for Work First Program assistance and electronic food and nutrition benefits pursuant to this section to undergo substance abuse treatment as a condition for receiving Work First Program or electronic food and nutrition benefits, if funds and programs are available and to the extent allowed by federal law. (1997-443, s. 12.4; 2007-97, s. 4; 2008-187, s. 17.)

Editor's Note. — This section was amended by Session Laws 2007-97, s. 4, in the coded bill drafting format provided by G.S. 120-20.1. The redlining in the act resulted in the word "and" being duplicated in the introductory paragraph. Session Laws 2008-187, s. 17, amended the section by deleting the extra "and."

Effect of Amendments. — Session Laws 2008-187, s. 17, effective August 7, 2008, deleted "and" following "Work First Program and" in the introductory paragraph.

Not more than twenty percent (20%) of the recipient's or former recipient's monthly disposable income may be garnished to recoup payment in cases of fraudulent payment. The order of garnishment shall be subject to all federal and State laws or regulations that may apply to recoupment of fraudulent payments. (c) A county department of social services or the Department of Health and Human Services may petition the court for an order of garnishment to recoup a fraudulent public assistance program payment. (d) Upon a hearing held pursuant to this section, the court may enter an order of garnishment. Provided, the court may not enter an order of garnishment if the court finds that the order jeopardizes the recipient's or former recipient's ability to become or remain financially self-sufficient and will result in the likelihood of an increased or recurring dependency on public assistance or an inability to secure basic necessities including, but not limited to, housing, food, health care, and utility costs. § 108A-26. Certain financial assistance and in-kind goods not considered in determining assistance paid under Chapters 108A and 111.

Financial assistance and in-kind goods or services received from a governmental agency, or from a civic or charitable organization, shall not be considered in determining the amount of assistance to be paid any person under Chapters 108A and 111 of the General Statutes provided that such financial assistance and in-kind goods and services are incorporated in the rehabilitation plan of such person being assisted by the Division of Vocational Rehabilitation Services or the Division of Services for the Blind of the Department of Health and Human Services, except where such goods and services are required to be considered by federal law or regulations. (1973, c. 716; 1981, c. 275, s. 1; 1997-443, s. 11A.118(a).)

Part 2. Work First Program.

§ 108A-27. (See editor's note) Authorization and description of Work First Program; Work First Program changes; designation of Electing and Standard Program Counties.

(a) The Department shall establish, supervise and monitor the Work First Program. The purpose of the Work First Program is to provide eligible families with short-term assistance to facilitate their movement to self-sufficiency through gainful employment, not the mere reduction of the welfare rolls. The Department shall ensure that the Work First Program focuses on this purpose of self-sufficiency. The ultimate goal of the Work First Program is the gradual elimination of generational poverty, and the Department shall ensure that all evaluations of the Work First Program, whether performed at the State or the county level, maintain this purpose and this goal of the Work First Program and effect an ongoing determination of whether the Work First Program is successful in facilitating families to move to self-sufficiency and in gradually eliminating generational poverty.

(b) The Work First Program in all counties shall include program administration and three categories of assistance to participants:

(1) Work First Diversion Assistance;

(2) Work First Family Assistance; and

(3) Work First Services.

(c) The Department may change the Work First Program when required to comply with federal law. Any changes in federal law that necessitate a change in the Work First Program shall be effected by temporary rule until the next State Plan is approved by the General Assembly. Any change effective by the Department to comply with federal law shall be reported to the Senate Appropriations Committee on Health and Human Services and the House of Representatives Appropriations Subcommittee on Health and Human Services and included in the State Plan submitted during the next session of the General Assembly following the change.

(d) The Department shall allow counties maximum flexibility in the Work First Program while ensuring that the counties comply with federal and State laws and regulations. Subject to any limitations imposed by law, the Department shall allow counties to request to be designated as either Electing Counties or Standard Program Counties in the Work First Program.

(e) All counties shall notify the Department in writing as to whether they desire to be designated as either Electing or Standard Program. A county shall submit in its notification to the Department documentation demonstrating that three-fifths of its county commissioners support its desired designation. Upon receipt of the notification from the county, the Department shall send to the county confirmation of the county's planning designation. A county that desires to be redesignated shall submit a request in writing to the Department at least six months prior to the effective date of the next State Plan. In its request for redesignation, the county shall submit documentation demonstrating that three-fifths of its county commissioners support the redesignation. Upon receipt of the notification from the county, the Department shall send to the county confirmation of the county's planning redesignation. A county's redesignation shall become effective on the effective date of the next State Plan following the redesignation. A county's designation or redesignation shall not be effected except as provided in this Article.

(f) The board of county commissioners in an Electing County shall be responsible for development, administration, and implementation of the Work First Program in that county.

(g) The county department of social services in a Standard Program County shall be responsible for administering and implementing the Standard Work First Program in that county.

(h) The Department and Electing Counties, in developing their respective plans, may distinguish among potential groups of recipients on whatever basis necessary to enhance program purposes and to maximize federal revenues, so long as the rights, including the constitutional rights of equal protection and due process, of individuals are protected. The Department and Electing Counties shall provide Work First Program assistance to qualified immigrants on the same basis as citizens to the extent permitted by federal law. (1981, c. 275, s. 1; 1997-443, s. 12.5; 1998-212, s. 12.27A(a1); 2001-424, s. 21.13(e); 2009-489, s. 2.)

Election of Fraud Control Program. — For provision that the Department of Human Resources is to elect the optional Aid to Families with Dependent Children Fraud Control Program pursuant to 45 C.F.R. 235.112, see editor's note under G.S. 105A-2.

Pilot Welfare Reform Program. — Session Laws 1995, c. 368, as amended by Session Laws 1996, Second Extra Session, c. 18, s. 24.16A, by Session Laws 1998-106, by Session Laws 2001-354, s. 1, by Session Laws 2001-487, s. 99, and by Session Laws 2003-188, s. 1, provides that, notwithstanding any law to the contrary, the Department of Health and Human Services shall designate Cabarrus County as a pilot county for the purpose of conducting a demonstration welfare reform program for certain Work First and Food Stamp recipients, that the Department shall ensure that all necessary federal waivers are obtained, and that to the extent that the act or the program conflicts with any State law, the program supersedes that law; further provides the tenets of the program and provides for funding, and for an evaluation of the program and report to the General Assembly on or before September 1, 2002. The act becomes effective July 1, 1995.

Editor's Note. — Session Laws 2008-107, s. 10.13(j) provides that "G.S. 108A-27(c) reads as rewritten" when in fact it is G.S. 108A-70.27(c) that is set out in the text of the amendment. At the direction of the Revisor of Statutes, the amendment has not been given effect.

Session Laws 2008-107, s. 1.2 provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2008.'"

Session Laws 2008-107, s. 30.3 provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2008-2009 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2008-2009 fiscal year."

Session Laws 2008-107, s. 30.5, is a severability clause.

Effect of Amendments. — Session Laws 2009-489, s. 2, effective August 26, 2009, substituted "focuses on this purpose" for "focus on this purpose" in the second sentence of subsection (a); in subsection (b), deleted "First Stop Employment Registration," following "program administration" in the introductory language, and deleted the former last two sentences at the end of the subsection, which read: "All counties shall utilize the registration process of the First Stop Employment Assistance Program. All other provisions of the First Stop Employment Assistance Program shall be optional to the counties."; and, in subsection (h), substituted "their respective plans" for "an Electing County Work First Program or the Standard Work First Program" in the first sentence, and substituted "shall provide Work First Program assistance to qualified immigrants" for "may provide Work First Program assistance to legal immigrants" in the second sentence.

CASE NOTES

Compliance with Federal Standards. — It is true that the State must administer its public assistance program in accordance with federal regulations. However, a state plan need not strictly follow the language of 42 U.S.C. § 602(a)(26)(A) in order to satisfy federal requirements, but may substitute an assignment by operation of law which is "substantially identical" to that described by the federal act. North Carolina's public assistance plan has been duly approved. State ex rel. Pender County Child Support Enforcement Agency ex rel. Crews v. Parker, 319 N.C. 354, 354 S.E.2d 501 (1987).

§ 108A-27.1. Time limitations on assistance.

(a) Under the Standard Work First Program, unless an extension or an exemption is provided pursuant to the provisions of the Part or the State Plan, any cash assistance provided to a person or family in the employment program shall only be provided for a cumulative total of 24 months. After having received cash assistance for 24 months, the person or the family may reapply for cash assistance, but not until after 36 months from the last month the person or the family received cash assistance. This subsection shall not apply to child-only cases.

(b) Electing Counties may set any time limitations on assistance it finds appropriate, so long as the time limitations do not conflict with or exceed any federal time limitations. (1997-443, s. 12.6; 1998-212, s. 12.27A(f).)

§ 108A-27.2. General duties of the Department.

The Department shall have the following general duties with respect to the Work First Program:

(1) Ensure that the specifications of the general provisions of the State Plan regarding the procedures required when recipients are sanctioned, prescribed in G.S. 108A-27.9(c), are uniformly developed and implemented across the State;

(1a) Provide technical assistance to Electing Counties developing and implementing and to Standard Counties implementing their County Plans, including providing information concerning applicable federal law and regulations and changes to federal law and regulations that affect the permissible use of federal funds and scope of the Work First Program in a county;

(1b) Reserved for future codification purposes.

(1c) Ensure that all families with work eligible parents and parents with children under the age of 12 months receive Work First benefits in the month after compliance with their Mutual Responsibility Agreement. Failure to comply with their Mutual Responsibility Agreement shall result in no Work First Benefits the following month, unless there is good cause.

(2) Describe authorized federal and State work activities. For up to twenty percent (20%) of Work First recipients, authorized State work activities shall include at least part-time enrollment in a postsecondary education program. In Standard Counties, recipients enrolled on at least a part-time basis in a postsecondary education program and maintaining a 2.5 grade point average or its equivalent shall have their two-year time limit suspended for up to three years.

(3) Define requirements for assignment of child support income and compliance with child support activities;

(4) Establish a schedule for Electing Counties to submit their County Plans to ensure that all Electing County Plans are adopted by Electing Counties by February 1 of each odd-numbered year and review and then recommend a State Plan to the General Assembly;

(5) Ensure that the Electing County Plans comply with federal and State laws, rules, and regulations, are consistent with the overall purposes and goals of the Work First Program, and maximize federal receipts for the Work First Program;

(6) Prepare the State Plan in accordance with G.S. 108A-27.9 and federal laws and regulations and submit it to the Budget Director for approval;

(7) Submit the State Plan, as approved by the Budget Director, to the General Assembly for approval;

(8) Repealed by Session Laws 2003-284, s. 10.57, effective July 1, 2003.
(9) Develop and implement a system to monitor and evaluate the impact of the Work First Program on children and families, including the impact of the Work First Program on job retention and advancement, child abuse and neglect, caseloads for child protective services and foster care, school attendance, academic and behavioral performance, and other measures of the economic security and health of children and families. The system should be developed to allow monitoring and evaluation of impact based on both aggregated and disaggregated data. State and county agencies shall cooperate in providing information needed to conduct these evaluations, sharing data and information except where prohibited specifically by federal law or regulation;
(10) Monitor the performance of Electing Counties relative to their respective Plans and the overall goals of the Work First Program. Monitor Standard Counties relative to the State Plan and the overall goals of the Standard Work First Program;

(12) Report to the Senate Appropriations Committee on Health and Human Services and the House of Representatives Appropriations Subcommittee on Health and Human Services the counties which have requested Electing status; provide copies of the proposed Electing County Plans to the Senate Appropriations Committee on Health and Human Services and the House of Representatives Appropriations Subcommittee on Health and Human Services, if requested; and make recommendations to the Senate Appropriations Committee on Health and Human Services and the House of Representatives Appropriations Subcommittee on Health and Human Services on which of the proposed Electing County Plans ensure compliance with federal and State laws, rules, and regulations and are consistent with the overall purposes and goals for the Work First Program; and
(13) Make recommendations to the General Assembly for approval of counties to become Electing Counties which represent, in aggregate, no more than fifteen and one-half percent (15.5%) of the total Work First caseload at September 1 of each year and, for each county submitting a plan, the reasons individual counties were or were not recommended.
(14) Review the county Work First Program of each Electing County and recommend whether the county should continue to be designated an Electing County or whether it should be redesignated as a standard county. In conducting its review and making its recommendation, the Department shall:
    a. Examine and consider the results of the Department's monitoring and evaluation of the impact of the Electing County's Work First Program as required under subdivision (9) of this section;
    b. Determine whether the Electing County's Work First Program's unique design requires implementation by an Electing County or whether the Work First Program could be implemented by a county designated as a standard county;
    c. Determine whether the Electing County's Work First Program and policies are unique and innovative in meeting the purpose of the Work First Program as stated under G.S. 108A-27, and State and federal laws, rules, and regulations, as compared to other standard and Electing County Work First programs.

The Department shall make its recommendation and the reasons therefor to the Senate Appropriations Committee on Health and Human Services and the House of Representatives Appropriations

Subcommittee on Health and Human Services not later than three months prior to submitting the State Plan to the Commission for review as required under G.S. 108A-27.9(a). (1997-443, s. 12.6; 1998-212, s. 12.27A(g); 1999-237, s. 7.10(b); 1999-359, ss. 1.2(a), 2(a), (b), 6; 2001-424, s. 21.13(b), (e); 2003-284, s. 10.57; 2009-489, s. 3.)

§ 108A-27.11. Work First Program funding.

(a) County block grants, except funds for Work First Family Assistance, shall be computed based on the percentage of each county's total AFDC (including AFDC-EA) and JOBS expenditures, except expenditures for cash assistance, to statewide actual expenditures for those programs in fiscal year 1995-96. § 108A-27.12. Maintenance of effort.

(a) The Department shall define in the State Plan the services that can be provided with TANF federal funds and with State and county maintenance of effort funds. The Department shall work with counties to allow flexibility in the spending of county, State, and federal funds so as to maximize the use of resources while assuring that federal maintenance of effort requirements are met.

(b) Counties that fail to meet maintenance of effort requirements and that fail to meet the performance indicators for reducing maintenance of effort shall submit a corrective action plan to the Department and shall be subject to G.S. 108A-27.14. The Department may reduce block grant allocations to counties that fail to meet maintenance of effort requirements and performance indicators or may use some of the county's block grant allocation to secure needed services for clients in that county. If a county fails to comply with maintenance of effort requirements, the Director of the Budget may also withhold State funds appropriated to the county pursuant to G.S. 108A-93.

(c) The Department shall maintain the State's maintenance of effort at one hundred percent (100%) of the State certified budget enacted by the General Assembly for programs under this Part during fiscal year 1996-97. A county may request to reduce its block grant and maintenance of effort if that county can demonstrate that it is meeting all the needs of its clients, as defined by the Department's performance indicators, without spending all of the block grant funds. The needs of clients include child protection, employment services, and related supportive services such as child care. The Department may reallocate any State or federal funds released from a county that reduced its maintenance of effort or from counties not spending their block grants. Funds reallocated to counties will require county match.

(e) During the first year a county operates as an Electing County, the county's maintenance of effort shall be no less than ninety percent (90%) of the amount the county budgeted for programs under this Part during fiscal year 1996-97. If during the first year of operation as Electing the Electing County achieves one hundred percent (100%) of its goals as set forth in its Electing County Plan, then the Electing County may reduce its maintenance of effort to eighty percent (80%) of the amount the county budgeted for programs under this Part during fiscal year 1996-97 for the second year of the Electing County's operation and for all years thereafter that the county maintains Electing Status.

(f) The Department may realign funds if the realignment will assure that maintenance of effort requirements are met while maximizing federal revenues.

(g) The Department of Health and Human Services shall report quarterly on the extent to which the State and counties are meeting federal maintenance of effort requirements under Temporary Assistance of Needy Families and on any realignment of funds. The Department and the counties shall work together to maximize full achievement of the State and county maintenance of effort. The Department shall make its report to members of the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Human Resources, and the Joint Legislative Public Assistance Committee, and to the Fiscal Research Division. (1997-443, s. 12.6; 1998-212, s. 12.27A(j); 1999-359, s. 4(a), (c).)

Session Laws 1999-359, s. 4(d) provides that the Department shall continue to work with counties, area mental health authorities, and other public and private entities or partnerships that provide services to Temporary Assistance for Needy Families recipients paid for with state and local funds to identify those services and activities that meet federal maintenance of effort requirements. The Department shall report the status of identifying services and activities in its quarterly report on meeting federal maintenance of effort requirements as required under s. 4(c) (codified as subsection (g) of G.S. 108A-27.12).

§ 108A-27.13. Performance standards.

(a) The Department, in consultation with the county department of social services and county board of commissioners, shall establish outcome and performance measures for all counties, both Electing and Standard. There exist two goals for the Work First Program: to meet or exceed the federal Work Participation rate of fifty percent (50%) for all Work Eligible families and ninety percent (90%) for all two-parent families. The two goals apply to both Standard and Electing Counties. The Department shall establish monitoring mechanisms and reporting requirements to assess progress toward the goals. The well-being of children and economic factors and conditions within the

counties, including the increased numbers of persons employed and increased numbers of hours worked by and wages earned by recipients, shall be considered by the Department.

(b) Repealed by Session Laws 2009-489, s. 11, effective August 26, 2009.

(c) All adult recipients of Work First Program assistance are expected to achieve full-time employment, subject to applicable exceptions. Adult recipients of Work First Program assistance shall comply with the provisions and requirements in their MRAs. (1997-443, s. 12.6; 2009-489, s. 11.)

Effect of Amendments. — Session Laws 2009-489, s. 11, effective August 26, 2009, in subsection (a), substituted "shall establish outcome and performance measures for all counties, both Electing and Standard" for "shall establish acceptable levels of performance for Standard Program Counties in meeting Work First expectations, measured by outcome and performance goals contained in the State Plan" at the end of the first sentence and added the present second and third sentences; and deleted subsection (b), which read: "Electing County performance shall be judged upon the county's ability to attain the outcomes and goals established in that county's County Plan."

§ 108A-27.14. Corrective action.

(a) When any county fails to meet acceptable levels of performance, the Department may take one or more of the following actions to assist the county in meeting its Work First goals:

(1) Notify the county of the deficiencies and add additional monitoring and reporting requirements.

(2) Require the county to develop and submit for approval by the Department a corrective action plan.

(b) If any Standard Program County fails to meet acceptable levels of performance for two consecutive years, or fails to comply with a corrective action plan developed pursuant to this section, the Department may assume control of the county's Work First Program, appoint an administrator to administer the county's Work First Program, and exercise the powers assumed to administer the Work First Program either directly or through contract with private or public agencies. County funding shall continue at levels established by the State Plan when the State has assumed control of a county Work First Program. At no time after the State has assumed control of a Work First Program shall a county withdraw funds previously obligated or appropriated to the Work First Program.

(c) If an Electing County fails to achieve its Work First Program goals for two consecutive years, or fails to comply with a corrective action plan developed pursuant to this section, and as a result the federal government imposes a penalty upon the State, then the county shall lose its Electing County status. (1997-443, s. 12.6.)

§ 108A-27.15. Assistance not an entitlement; appeals.

(a) Any assistance programs established under this Part, whether administered by the Department or the counties, are not entitlements, and nothing in this Part shall create any property right.

(b) The Standard Work First Program is a program of temporary public assistance for the purpose of an appeal under G.S. 108A-79. (1997-443, s. 12.6.)

The point of registration shall be at an office of the Employment Security Commission in the county in which the individual resides or at another location designated in a Memorandum of Understanding between the Employment Security Commission and the local department of social services.

(c) Individuals who are not otherwise exempt shall present verification of registration for Work First Program assistance. Unless exempt, the individual shall not be approved for Work First Program assistance until verification is received. Child-only cases are exempt from this requirement.

(d) Once an individual has registered as required in subsection (c) of this section and upon verification of the registration by the agency or contractor providing the Work First Program assistance, the individual's eligibility for Work First Program assistance may be evaluated and the application completed. Continued receipt of Work First Program benefits is contingent upon successful participation in employment services in the Mutual Responsibility Agreement, and lack of cooperation and participation in employment services may result in the termination of benefits to the individual.

(e) Repealed by Session Laws 2009-489, s. 12, effective August 26, 2009.

(f) Each county department of social services shall enter into a cooperative agreement with the local Employment Security Commission to operate the Job Search component on behalf of Work First Program registrants. The cooperative agreement shall include a provision for payment to the Employment Security Commission by the county department of social services for the cost of providing those services, not otherwise available to all clients of the Employment Security Commission, described in this subsection as the same are reflected as a component of the County Plan payable from fund allocations in the county block grant. The county department of social services may also enter into a cooperative agreement with the community college system or any other entity to operate the Job Preparedness component. This cooperative agreement shall include a provision for payment to that entity by the county department of social services for the cost of providing those services, not otherwise available to all clients of the Employment Security Commission, described in this subsection as the same are reflected as a component of the County Plan payable from fund allocations in the county block grant.

(*l*) The Employment Security Commission shall work with the Department of Labor to develop a relationship with these private employment agencies to utilize their services and make referrals of individuals registered with the Employment Security Commission.

(m) An individual who has not found a job within 12 weeks of being placed in the Job Search component of the Program may also be placed in the Community Service component at the county's option.

(n) If after evaluation of an individual the Employment Security Commission believes it necessary, the Employment Security Commission or the county department of social services also may refer an individual to a Job Preparedness provider. The local community college should include General Education Development, Adult Basic Education, or Human Resources Development programs that are already in existence as a part of the Job Preparedness component. Additionally, the Commission or the county department of social services may refer an individual to a literacy council. Through a Memorandum of Understanding between the Employment Security Commission, the local department of social services, and other contracted entities, a system shall be established to monitor an individual's progress through close communications with the agencies assisting the individual. The Employment Security Commission or Job Preparedness provider shall adopt rules to accomplish this subsection.

(o) The Job Preparedness component of the Program shall last a maximum of 12 weeks unless the recipient is registered and is satisfactorily progressing in a program that requires additional time to complete. Every reasonable effort shall be made to place the recipient in part-time employment or part-time community service if the time required exceeds the 12-week maximum. The county department of social services may contract with service providers to provide the services described in this section and shall monitor the provision of the services by the service providers. Registrants may participate in more than one component at a time.

(p) The Employment Security Commission shall expand its Labor Market Information System. The expansion shall at least include: statistical information on unemployment rates and other labor trends by county; and publications dealing with licensing requirements, economic development, and career projections, and information technology systems which can be used to track participants through the employment and training process.

Part 3. State-County Special Assistance for Adults.

§ 108A-40. Authorization of State-County Special Assistance for Adults Program.

The Department is authorized to establish and supervise a State-County Special Assistance for Adults Program. This program is to be administered by

county departments of social services under rules and regulations of the Social Services Commission. (1981, c. 275, s. 1.)

State-County Special Assistance. — Session Laws 2009-451, s. 10.57(a)-(e), provides: "The eligibility of Special Assistance recipients residing in adult care homes on August 1, 1995, shall not be affected by an income reduction in the Special Assistance eligibility criteria resulting from adoption of the Rate Setting Methodology Report and Related Services, providing these recipients are otherwise eligible. The maximum monthly rate for these residents in adult care home facilities shall be one thousand two hundred thirty-one dollars ($1,231) per month per resident.

"Effective October 1, 2009, the maximum monthly rate for residents in adult care home facilities shall be one thousand one hundred eighty-two dollars ($1,182) per month per resident unless adjusted by the Department in accordance with subsection (d) of this section. The eligibility of Special Assistance recipients residing in adult care homes on September 30, 2009, shall not be affected by an income reduction in the Special Assistance eligibility criteria resulting from the adoption of this maximum monthly rate, provided these recipients are otherwise eligible.

"The maximum monthly rate for residents in Alzheimer/Dementia special care units shall be one thousand five hundred fifteen dollars ($1,515) per month per resident unless adjusted by the Department in accordance with subsection (d) of this section.

"Notwithstanding any other provision of this section, the Department of Health and Human Services shall review activities and costs related to the provision of care in adult care homes and shall determine what costs may be considered to properly maximize allowable reimbursement available through Medicaid personal care services for adult care homes (ACH-PCS) under federal law. As determined, and with any necessary approval from the Centers for Medicare and Medicaid Services (CMS), and the approval of the Office of State Budget and Management, the Department may transfer necessary funds from the State-County Special Assistance program within the Division of Social Services to the Division of Medical Assistance and may use those funds as State match to draw down federal matching funds to pay for such activities and costs under Medicaid's personal care services for adult care homes (ACH-PCS), thus maximizing available federal funds. The established rate for State-County Special Assistance set forth in subsections (b) and (c) of this section shall be adjusted by the Department to reflect any transfer of funds from the Division of Social Services to the Division of Medical Assistance and related transfer costs and responsibilities from State-County Special Assistance to the Medicaid personal care services for adult care homes (ACH-PCS). Subject to approval by the Centers for Medicare and Medicaid Services (CMS) and prior to implementing this section, the Department may disregard a limited amount of income for individuals whose countable income exceeds the adjusted State-County Special Assistance rate. The amount of the disregard shall not exceed the difference between the Special Assistance rate prior to the adjustment and the Special Assistance rate after the adjustment and shall be used to pay a portion of the cost of the ACH-PCS and reduce the Medicaid payment for the individual's personal care services provided in an adult care home. In no event shall the reimbursement for services through the ACH-PCS exceed the average cost of the services as determined by the Department from review of cost reports as required and submitted by adult care homes. The Department shall report any transfers of funds and modifications of rates to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

"The Department of Health and Human Services shall recommend rates for State-County Special Assistance and for Adult Care Home Personal Care Services. The Department may recommend rates based on appropriate cost methodology and cost reports submitted by adult care homes that receive State-County Special Assistance funds and shall ensure that cost reporting is done for State-County Special Assistance and Adult Care Home Personal Care Services to the same standards as apply to other residential service providers."

For prior similar provisions, see Session Laws 2007-323, s. 10.13(a)-(f), as amended by Session Laws 2008-107, s. 10.2.

Editor's Note. — Session Laws 2008-161, s. 1, provides: "(a) The Department of Health and Human Services, Division of Aging and Adult Services, and Division of Medical Assistance shall study implementation of an income disregard policy for current State/County Special Assistance and Medicaid residents who are adversely impacted due to cost of living or other income increases.

"(b) The Department of Health and Human Services, Division of Aging and Adult Services, and Division of Medical Assistance shall report the findings and recommendations of the study contained in this section to the Study Commission on Aging, the Senate Appropriations Committee on Health and Human Services, and the

House of Representatives Appropriations Subcommittee on Health and Human Services, on or before October 1, 2009."

Session Laws 2009-451, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2009'."

Session Laws 2009-451, s. 28.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2009-2011 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2009-2011 fiscal biennium."

Session Laws 2009-451, s. 28.5 is a severability clause.

§ 108A-41. (See editor's note) Authorization of State-County Special Assistance for Adults Program.

(a) Assistance shall be granted under this Part to all persons in adult care homes for care found to be essential in accordance with the rules and regulations adopted by the Social Services Commission and prescribed by G.S. 108A-42(b). As used in this Part, the term "adult care home" includes a supervised living facility for developmentally disabled adults licensed under Article 2 of Chapter 122C of the General Statutes.

(b) Assistance shall be granted to any person who:

(1) Is 65 years of age and older, or is between the ages of 18 and 65 and is permanently and totally disabled; and

(2) Has insufficient income or other resources to provide a reasonable subsistence compatible with decency and health as determined by the rules and regulations of the Social Services Commission; and

(3) Is one of the following:

a. A resident of North Carolina for at least 90 days immediately prior to receiving this assistance;

b. A person coming to North Carolina to join a close relative who has resided in North Carolina for at least 180 consecutive days immediately prior to the person's application. The close relative shall furnish verification of his or her residency to the local department of social services at the time the applicant applies for special assistance. As used in this sub-subdivision, a close relative is the person's parent, grandparent, brother, sister, spouse, or child; or

c. A person discharged from a State facility who was a patient in the facility as a result of an interstate mental health compact. As used in this sub-subdivision the term State facility is a facility listed under G.S. 122C-181.

(c) When determining whether a person has insufficient resources to provide a reasonable subsistence compatible with decency and health, there shall be excluded from consideration the person's primary place of residence and the land on which it is situated, and in addition there shall be excluded real property contiguous with the person's primary place of residence in which the property tax value is less than twelve thousand dollars ($12,000).

(d) The county shall also have the option of granting assistance to Certain Disabled persons as defined in the rules and regulations adopted by the Social Services Commission. Nothing in this Part should be interpreted so as to preclude any individual county from operating any program of financial assistance using only county funds. (1949, s. 1038, s. 2; 1961, c. 186; 1969, c. 546, s. 1; 1973, c. 717, s. 1; 1977, 2nd Sess., c. 1252, s. 1; 1979, c. 702, s. 8; 1981, c. 275, s. 1; c. 849, s. 1; 1983, c. 14, s. 2; 1995, c. 535, s. 5; 1997-210, s. 1; 2001-209, s. 3.)

Editor's Note. — Session Laws 2008-184, s. 1, and Session Laws 2008-161, s. 1, each enacted provisions pertaining to an income disregard policy for those on special assistance. Session Laws 2008-184, s. 1, provides: "The eligibility of Special Assistance residents resid-

ing in adult care homes on and after July 1, 2009, shall not be affected because of annual Social Security, SSI, Veteran, and Railroad Retirement Cost of Living Adjustments (COLAs). This policy shall apply only in cases where Special Assistance income eligibility is affected only by Social Security, SSI, Veteran, and Railroad Retirement COLAs and shall not render a Special Assistance recipient eligible if all other eligibility requirements are not met. The maximum monthly rate for these residents shall be the same as for all other residents according to the provisions as set in the Current Operations Appropriations Act, as amended. The Department of Health and Human Services shall apply for the approvals, if any, which are necessary to implement the policy change directed by this section." As of the date of publication, the approvals referred to in Session laws 2008-184, s. 1, have not been received.

Session Laws 2008-161, s. 1, provides: "(a) The Department of Health and Human Services, Division of Aging and Adult Services, and Division of Medical Assistance shall study implementation of an income disregard policy for current State/County Special Assistance and Medicaid residents who are adversely impacted due to cost of living or other income increases.

"(b) The Department of Health and Human Services, Division of Aging and Adult Services, and Division of Medical Assistance shall report the findings and recommendations of the study contained in this section to the Study Commission on Aging, the Senate Appropriations Committee on Health and Human Services, and the House of Representatives Appropriations Subcommittee on Health and Human Services, on or before October 1, 2009."

Session Laws 2008-107, s. 10.15A(h2)-(h6), as added by Session Laws 2008-118, s. 3.13(b), and amended by Session Laws 2009-526, s. 2(b), and Session Laws 2009-550, s. 1.1(b) provides: "(h2)(1) Application. — This subsection applies only to contested Medicaid cases commenced by Medicaid applicants or recipients under subsection 10.15A(h1) of this act. Except as otherwise provided by subsection 10.15A(h1) and this subsection governing time lines and procedural steps, a contested Medicaid case commenced by a Medicaid applicant or recipient is subject to the provisions of Article 3 of Chapter 150B. To the extent any provision in this subsection or subsection 10.15A(h1) of this act conflicts with another provision in Article 3 of Chapter 150B, this subsection and subsection 10.15A(h1) controls.

"(2) Simple Procedures. — Notwithstanding any other provision of Article 3 of Chapter 150B of the General Statutes, the chief administrative law judge may limit and simplify the procedures that apply to a contested Medicaid case involving a Medicaid applicant or recipient in order to complete the case as quickly as possible. To the extent possible, the Office of Administrative Hearings shall schedule and hear all contested Medicaid cases within 55 days of submission of a request for appeal. Hearings shall be conducted telephonically or by video

technology, however the recipient or applicant, or the recipient's or applicant's representative may request that the hearing be conducted before the administrative law judge in person. An in-person hearing shall be conducted in Wake County, however for good cause shown, the in-person hearing may be conducted in the county of residence of the recipient or applicant. Good cause shall include but is not limited to the applicant's or recipient's impairments limiting travel or the unavailability of the applicant's or recipient's treating professional witnesses. The Department shall provide written notice to the recipient or applicant of the use of telephonic hearings, hearings by video conference, and in-person hearings before the administrative law judge, and how to request a hearing in the recipient's or applicant's county of residence. The simplified procedure may include requiring that all prehearing motions be considered and ruled on by the administrative law judge in the course of the hearing of the case on the merits. An administrative law judge assigned to a contested Medicaid case shall make reasonable efforts in a case involving a Medicaid applicant or recipient who is not represented by an attorney to assure a fair hearing and to maintain a complete record of the hearing. The administrative law judge may allow brief extensions of the time limits contained in this section for good cause and to ensure that the record is complete. Good cause includes delays resulting from untimely receipt of documentation needed to render a decision and other unavoidable and unforeseen circumstances. Continuances shall only be granted in accordance with rules adopted by the Office of Administrative Hearings, and shall not be granted on the day of the hearing, except for good cause shown. If a petitioner fails to make an appearance at a hearing that has been properly noticed via certified mail by the Office of Administrative Hearings, the Office of Administrative Hearings shall immediately dismiss the contested case provision.

"(3) Mediation. — Upon receipt of an appeal request form as provided by subdivision 10.15A(h1)(4) of this act or other clear request for a hearing by a Medicaid applicant or recipient, the Office of Administrative Hearings shall immediately notify the Mediation Network of North Carolina which shall within five days contact the petitioner to offer mediation in an attempt to resolve the dispute. If mediation is accepted, the mediation must be completed within 25 days of submission of the request for appeal. Upon completion of the mediation, the mediator shall inform the Office of Administrative Hearings and the Department within 24 hours of the resolution by facsimile or electronic messaging. If the parties have resolved matters in the mediation, the case shall be dismissed by the Office of Administrative Hearings. The Office of Administrative Hearings shall not conduct any contested Medicaid cases hearings until it has received notice from the mediator assigned that either: (i) the mediation was unsuccessful, or (ii) the petitioner has rejected the offer of mediation, or (iii) the petitioner has failed to appear at a scheduled mediation. Nothing in this subdivision shall restrict the right to a contested case hearing.

"(4) Burden of Proof. — The petitioner has the burden of proof to show entitlement to a requested benefit or the propriety of requested agency action when the agency has denied the benefit or refused to take the particular action. The agency has the burden of proof when the appeal is from an agency determination to impose a penalty or reduce, terminate, or suspend a benefit previously granted. The party with the burden of proof on any issue has the burden of going forward, and the administrative law judge shall not make any ruling on the preponderance of evidence until the close of all evidence.

"(4a) New Evidence. — The petitioner shall be permitted to submit evidence regardless of whether obtained prior to or subsequent to the Department's actions and regardless of whether the Department had an opportunity to consider the evidence in making its determination to deny, reduce, terminate or suspend a benefit. When such evidence is received, at the request of the Department, the administrative law judge shall continue the hearing for a minimum of 15 days and a maximum of 30 days to allow for the Department's review of the evidence. Subsequent to review of the evidence, if the Department reverses its original decision, it shall immediately inform the administrative law judge.

"(4b) Issue for Hearing. — For each penalty imposed or benefit reduced, terminated, or suspended, the hearing shall determine whether the Department substantially prejudiced the rights of the petitioner and if the Department, based upon evidence at the hearing:

"a. Exceeded its authority or jurisdiction;

"b. Acted erroneously;

"c. Failed to use proper procedure;

"d. Acted arbitrarily or capriciously; or

"e. Failed to act as required by law or rule.

"(5) Decision. — The administrative law judge assigned to a contested Medicaid case shall hear and decide the case without unnecessary delay. The Office of Administrative Hearings shall send a copy of the audiotape or diskette of the hearing to the agency within five days of completion of the hearing. The judge shall prepare a written decision and send it to the parties. The decision must be sent together with the record to the agency within 20 days of the conclusion of the hearing.

"(h3) From funds available to the Department of Health and Human Services for the

2008-2009 fiscal year, the sum of two million dollars ($2,000,000) shall be transferred by the Department of Health and Human Services to the Office of Administrative Hearings. These funds shall be allocated by the Office of Administrative Hearings for mediation services provided for Medicaid applicant and recipient appeals and to contract for other services necessary to conduct the appeals process.

"(h4) Effective October 1, 2008, the Department of Health and Human Services shall discontinue its current informal appeals process for Medicaid applicants and recipients appealing a determination made by the Department to deny, terminate, suspend, or reduce Medicaid covered services. All such informal appeals by Medicaid applicants or recipients under the current system which are pending on that date and for which a hearing has not been held shall be discontinued and the applicant or recipient offered an opportunity to appeal to the Office of Administrative Hearings in accordance with the provisions of subsection 10.15A(h1) of this act. The Department shall make every effort to resolve or settle all of the backlogged cases prior to the effective date of this act.

"(h5) Nothing in this act shall prevent the Department of Health and Human Services from engaging in an informal review of the case with the applicant or recipient prior to issuing a notice of adverse determination as provided by subsection 10.15A(h1) of this act.

"(h6) The appeals process for Medicaid applicants and recipients established under this section shall expire July 1, 2010. The Department of Health and Human Services and the Office of Administrative Hearings shall each report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Subcommittee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division on March 1, 2009, October 1, 2009, and March 1, 2010, on the costs, effectiveness, and efficiency of the appeals process for Medicaid applicants and recipients and make recommendations regarding the continuation of the process."

(3) The individual's unearned income does not exceed one hundred fifty percent (150%) of FPG, and countable resources for the individual do not exceed the resource limit for the minimum community spouse resource standard under 42 U.S.C. § 1396r, and as further determined by the Department. In determining an individual's countable income and resources, the Department may not consider income or resources that are disregarded under the State Medical Assistance Plan's financial methodology, including the sixty-five-dollar ($65.00) disregard, impairment-related work expenses, student earned-income exclusions, and other SSI program work incentive income disregards; and

(4) The individual is engaged in a substantial and reasonable work effort (employed) as provided in this subdivision and as further defined by the Department and allowable under federal law. For purposes of this subsection, "engaged in substantial and reasonable work effort" means all of the following:

a. Working in a competitive, inclusive work setting, or self-employed.
b. Earning at least the applicable minimum wage.
c. Having monthly earnings above the SSI basic sixty-five-dollar ($65.00) earned-income disregard.
d. Being able to provide evidence of paying applicable Medicare, Social Security, and State and federal income taxes.

The Department may impose additional earnings requirements in defining "engaged in substantial and reasonable work effort" for individuals who are eligible for HCWD based on medical improvement.

Individuals who participate in HCWD but thereafter become unemployed for involuntary reasons, including health reasons, shall have continued eligibility in HCWD for up to 12 months from the time of involuntary unemployment, so long as the individual (i) maintains a connection with the workforce, as determined by the Department, (ii) meets all other eligibility criteria for HCWD during the period, and (iii) pays applicable fees, premiums, and co-payments.

(d) Fees, Premiums, and Co-Payments. — Individuals who participate in HCWD and have countable income greater than one hundred fifty percent (150%) of FPG shall pay an annual enrollment fee of fifty dollars ($50.00) to their county department of social services. Individuals who participate in HCWD and have countable income greater than or equal to two hundred percent (200%) of FPG shall pay a monthly premium in addition to the annual fee. The Department shall set a sliding scale for premiums, which is consistent with applicable federal law. An individual with countable income equal to or greater than four hundred fifty percent (450%) of FPG shall pay not less than one hundred percent (100%) of the cost of the premium, as determined by the Department. The premium shall be based on the experience of all individuals participating in the Medical Assistance Program. Individuals who participate in HCWD are subject to co-payments equal to those required under the Medical Assistance Program. CASE NOTES

Medicaid Has No Resource Spend-Down Provision. — The North Carolina Medicaid statute, like the federal statute, does not have a specific resource spend-down provision in its plan. Elliot ex rel. Casstevens v. Department of Human Resources, 115 N.C. App. 613, 446 S.E.2d 809, aff'd, 341 N.C. 191, 459 S.E.2d 273 (1995).

Use of Resource Spend-Down Not Required. — The North Carolina Medicaid plan does not require the use of resource spend-down when evaluating Medicaid eligibility. Elliot ex rel. Casstevens v. Department of Human Resources, 115 N.C. App. 613, 446 S.E.2d 809, aff'd, 341 N.C. 191, 459 S.E.2d 273 (1995).

This section does not require that Medicaid applicants own their primary place of residence in order to exclude property they own contiguous to their residence from their assets for purposes of determining their eligibility for Medicaid benefits. Correll v. Division of Social Servs., 332 N.C. 141, 418 S.E.2d 232 (1992).

Medicaid applicants are not required to own their primary places of residence before being entitled to the benefit of the contiguous property exclusion. Correll v. Division of Social Servs., 332 N.C. 141, 418 S.E.2d 232 (1992).

Medically Unnecessary Abortions. — By no stretch of the imagination can medically unnecessary abortions be considered as "essential to the health and welfare" of the recipients. Stam v. State, 302 N.C. 357, 275 S.E.2d 439 (1981), decided under former Chapter 108.

The action of the General Assembly in placing severe restrictions on the funding of medically necessary abortions for indigent women is valid and does not violate Article I, Section 1; Article 1, Section 19; or Article XI, Section 4 of the Constitution of North Carolina. Rosie J. v. North Carolina Dep't of Human Resources, 347 N.C. 247, 491 S.E.2d 535 (1997).

Payment by tort-feasor of injured party's claim without notice of subrogee's interest is a complete defense to a subrogee's claim against the tort-feasor. Johnston County v. McCormick, 65 N.C. App. 63, 308 S.E.2d 872 (1983).

Applied in Kempson v. North Carolina Dep't of Human Resources, 100 N.C. App. 482, 397 S.E.2d 314 (1990).

§ 108A-55.1. Medicare enrollment required.

The Department shall require State Medical Assistance Program recipients who qualify for Medicare to enroll in Medicare, in accordance with Title XIX of the Social Security Act, in order to pay medical expenditures that qualify for payment under Medicare Parts B and D, except that enrollment in Part D is

not required if the recipient has creditable prescription drug coverage as defined by federal law.

Failure to enroll in Medicare shall result in nonpayment of these expenditures under the State Medical Assistance Program. A provider may seek payment for services from Medicaid enrollees who are eligible for but not enrolled in Medicare Parts B and D. (2003-284, s. 10.27; 2006-66, s. 10.6.)

§ 108A-55.2. Collaboration among agencies to ensure Medicaid-related services payments to eligible students with disabilities in public schools.

The Department shall work with the Department of Public Instruction and local education agencies to develop efficient, effective, and appropriate administrative procedures and guidelines to provide maximum funding for Medicaid-related services for Medicaid-eligible students with disabilities. The procedures and guidelines shall be streamlined to ensure that local education agencies receive Medicaid reimbursement in a timely manner for Medicaid-related services and administrative outreach to Medicaid-eligible students with disabilities. (2003-284, s. 10.29A.)

Editor's Note. — This section was enacted as G.S. 108A-55.1 and was redesignated as G.S. 108A-55.2 at the direction of the Revisor of Statutes.

(a) At the time of application for medical assistance benefits, the applicant shall provide satisfactory proof that the applicant is a resident of North Carolina and that the applicant is not maintaining a temporary residence or abode incident to receiving medical assistance under this Part.

(b) An applicant may meet the requirements of subsection (a) of this section by providing at least two of the following documents:

(1) A valid North Carolina drivers license or other identification card issued by the North Carolina Division of Motor Vehicles.

(2) A current North Carolina rent or mortgage payment receipt, or current utility bill in the name of the applicant or the applicant's legal spouse showing a North Carolina address.

(3) A valid North Carolina motor vehicle registration in the applicant's name and showing the applicant's current address.

(4) A document showing that the applicant is employed in this State.

(5) One or more documents proving that the applicant's domicile in the applicant's prior state of domicile has ended, such as closing of a bank account, termination of employment, or sale of a home.

(6) The tax records of the applicant or the applicant's legal spouse, showing a current North Carolina address.

(7) A document showing that the applicant has registered with a public or private employment service in this State.

(8) A document showing that the applicant has enrolled the applicant's children in a public or private school or child care facility located in this State.

(9) A document showing that the applicant is receiving public assistance or other services requiring proof of domicile, other than medical assistance, in this State.

(10) Records from a health department or other health care provider located in this State showing the applicant's current North Carolina address.

(11) A written declaration made under penalty of perjury from a person who has a social, family, or economic relationship with the applicant and who has personal knowledge of the applicant's intent to live in North Carolina permanently or for an indefinite period of time or that the applicant is residing in North Carolina to seek employment or with a job commitment.

(12) Current North Carolina voter registration card.

(13) A document from the U.S. Department of Veterans Affairs, U.S. Military, or the U.S. Department of Homeland Security verifying the applicant's intent to live in North Carolina permanently or for an indefinite period of time or that the applicant is residing in North Carolina to seek employment or with a job commitment.

(14) Official North Carolina school records, signed by school officials, or diplomas issued by North Carolina schools, including secondary schools, community colleges, colleges, and universities verifying the applicant's intent to live in North Carolina permanently or for an indefinite period of time or that the applicant is residing in North Carolina to seek employment or with a job commitment.

(15) A document issued by the Mexican consular or other foreign consulate verifying the applicant's intent to live in North Carolina permanently or for an indefinite period of time or that the applicant is residing in North Carolina to seek employment or with a job commitment.

(c) For applicants, including those who are homeless or migrant laborers, who declare under penalty of perjury that they do not have two of the verifying documents in subsection (b) of this section, any other evidence that verifies residence may be considered. However, except for applicants of emergency Medicaid, a declaration, affidavit, or other statement from the applicant or another person that the applicant meets the requirements of G.S. 108A-24(6) is insufficient in the absence of other credible evidence. For applicants of emergency Medicaid, a declaration, affidavit, or other statement from the applicant's employer, clergy, or other person with personal knowledge of the applicant's intent to live in North Carolina permanently or for an indefinite period of time or that the applicant is residing in North Carolina to seek employment or with a job commitment satisfies the requirements of this subsection.

(e) Unless otherwise provided for under Title 19 of the Social Security Act, a child under age 18 is a resident of the state where the child's parent or legal guardian is domiciled.

(f) This section does not apply to an applicant whose eligibility for medical assistance is excepted from State residency requirements under federal law.

(g) Nothing in this section shall be construed to establish North Carolina residency for a nonqualified alien who is present in North Carolina for a temporary or unspecified period of time unless the applicant is legally admitted for employment purposes. (2005-276, s. 10.21A(a).)

CASE NOTES

Compliance with Statutes and Regulations in Determining Eligibility Required. — A state agency designated by the legislature as being responsible for determining eligibility for medical assistance must comply with state and federal statutes and regulations in making such determinations. Lowe v. North Carolina Dep't of Human Resources, 72 N.C. App. 44, 323 S.E.2d 454 (1984).

North Carolina agencies making disability benefit determinations are required to comply with federal Medicaid statutes and regulations.

§ 108A-57. Subrogation rights; withholding of information a misdemeanor.

(a) Notwithstanding any other provisions of the law, to the extent of payments under this Part, the State, or the county providing medical assistance benefits, shall be subrogated to all rights of recovery, contractual or otherwise, of the beneficiary of this assistance, or of the beneficiary's personal representative, heirs, or the administrator or executor of the estate, against any person. The county attorney, or an attorney retained by the county or the State or both, or an attorney retained by the beneficiary of the assistance if this attorney has actual notice of payments made under this Part shall enforce this section. Any attorney retained by the beneficiary of the assistance shall, out of the proceeds obtained on behalf of the beneficiary by settlement with, judgment against, or otherwise from a third party by reason of injury or death, distribute to the Department the amount of assistance paid by the Department on behalf of or to the beneficiary, as prorated with the claims of all others having medical subrogation rights or medical liens against the amount received or recovered, but the amount paid to the Department shall not exceed one-third of the gross amount obtained or recovered.

The United States and the State of North Carolina shall be entitled to shares in each net recovery under this section. Their shares shall be promptly paid under this section and their proportionate parts of such sum shall be determined in accordance with the matching formulas in use during the period for which assistance was paid to the recipient.

(b) It is a Class 1 misdemeanor for any person seeking or having obtained assistance under this Part for himself or another to willfully fail to disclose to the county department of social services or its attorney the identity of any person or organization against whom the recipient of assistance has a right of recovery, contractual or otherwise.

(c) This section applies to the administration of and claims payments made by the Department of Health and Human Services under the NC Health Choice Program established under Part 8 of this Article. (1973, c. 476, s. 138; c. 1031, s. 1; 1979, 2nd Sess., c. 1312, ss. 1, 2; 1981, c. 275, s. 1; 1987 (Reg. Sess., 1988), c. 1022; 1993, c. 539, s. 815; 1994, Ex. Sess., c. 24, s. 14(c); 1996, 2nd Ex. Sess., c. 18, s. 24.2(a); 2009-16, s. 4(c).)

Editor's Note. — Session Laws 2009-16, s. 4(a), (b) provides: "Over-the-Counter Medications. — Coverage of over-the-counter medication authorized under G.S. 108A-70.21(d) for the NC Health Choice Program shall become effective on the later of July 1, 2010, or the date upon which the Department of Health and Human Services assumes full responsibility for administration and processing of claims under the NC Health Choice Program.

"Subrogation. — For the period authorized under subsection (a) of this section, the right of subrogation under G.S. 108A-57 applies to the State Health Plan for payments made by the Plan under the NC Health Choice Program. This subsection expires on the later of July 1, 2010, or the date upon which the Department of Health and Human Services assumes full responsibility for administration, processing, and payment of claims under the NC Health Choice Program."

Effect of Amendments. — Session Laws 2009-16, s. 4(c), effective April 23, 2009, added subsection (c).

CASE NOTES

Who May Bring Action. — Where a cause of action is created by statute and the statute also provides who is to bring the action, the person or persons so designated, and, ordinarily, only such persons, may sue. Malloy v. Durham County Dep't of Social Servs., 58 N.C. App. 61, 293 S.E.2d 285 (1982), decided under former § 108-61.2.

Subdivision of County May Not Be Subrogated to Its Rights. — A county department of social services may not recover by subrogation under this section, since that right inheres only in the county involved, not such county department. Malloy v. Durham County Dep't of Social Servs., 58 N.C. App. 61, 293 S.E.2d 285 (1982), decided under former § 108-61.2.

Payment by tort-feasor of injured party's claim without notice of subrogee's interest is a complete defense to a subrogee's claim against the tort-feasor. Johnston County v. McCormick, 65 N.C. App. 63, 308 S.E.2d 872 (1983).

Evidence of a Collateral Benefit. — In tort actions, evidence of a collateral benefit is improper when the plaintiff will not receive a double recovery. Because Medicaid provides for a right of subrogation in the State to recover sums paid to plaintiffs, this principle is applicable thereto. Cates v. Wilson, 321 N.C. 1, 361 S.E.2d 734 (1987).

Subrogation Rights. — The plain language of this section does not provide that the state is subrogated to all rights of recovery to the extent of all money a medical assistance beneficiary receives, only that the state is subrogated to all rights of recovery of the beneficiary of medical assistance to the extent of payments under the entitled Medical Assistance Program. North Carolina Dep't of Human Resources v. Weaver, 121 N.C. App. 517, 466 S.E.2d 717, cert. denied, 342 N.C. 896, 467 S.E.2d 905 (1996).

When a minor recipient of Medicaid benefits settled medical negligence claims with health care providers, equitable subrogation principles did not apply to the right of the Department of Health and Human Services, Division of Medical Assistance, to a share of the settlement, because G.S. 108A-57(a) specifically provided that the State "shall be subrogated to all rights of recovery," "notwithstanding any other provisions of the law." Ezell v. Grace Hosp., Inc., 175 N.C. App. 56, 623 S.E.2d 79, 2005 N.C. App. LEXIS 2713 (2005), rev'd, remanded, 360 N.C. 529,631 S.E.2d 131 (2006).

Trial court properly granted reimbursement to a payor who paid a Medicaid recipient's medical expenses, pursuant to G.S. 108A-57, and did not err in subrogating the settlements subject to the one-third limitation outlined within the statute; moreover, the payor's claim was properly characterized as a lien, and although the trial court improperly labelled the payor as a "beneficiary," that was harmless error. Andrews v. Haygood, 188 N.C. App. 244, 655 S.E.2d 440, 2008 N.C. App. LEXIS 91 (2008).

North Carolina Division of Medical Assistance had subrogation rights to the entire amount of a settlement, limited by the statutory provision of G.S. 108A-57(a) that only one-third of a recovery was subject to subrogation, because G.S. 108A-57(a) was a reasonable framework that comported with the requirements of federal Medicaid law under 42 U.S.C.S. § 1396a(a)(25). Andrews v. Haygood, 362 N.C. 599, 669 S.E.2d 310, 2008 N.C. LEXIS 984 (2008).

Subrogation Rights — Similarities Between This Section And the FMCRA. — The Federal Medical Care Recovery Act (FMCRA), 42 U.S.C.A. § 2651-2653, like this section, provides for a right of subrogation by the United States, which right the government may abandon, although not to the benefit of the defendant tortfeasor. Kaminsky v. Sebile, 140 N.C. App. 71, 535 S.E.2d 109, 2000 N.C. App. LEXIS 1040 (2000).

Minor Qualified As "Beneficiary." — Where the North Carolina Department of Human Resources, Division of Medical Assistance (DMA), expended Medicaid funds to pay medical care providers for services to an injured party, the injured party qualified as a "beneficiary" of medical assistance benefits within the meaning of G.S. 108A-57 for purposes of the DMA's right of subrogation to the injured party's settlement from a tortfeasor even though the injured party was a minor at the time that the benefits were paid; under the statute's plain meaning, a "beneficiary" includes one who receives benefits and there is no requirement that a "beneficiary" has to be one who has received a direct cash payment or relief from debt, or one who has the legal right to sue for medical benefits. Campbell v. N.C. Dep't of Human Res., 153 N.C. App. 305, 569 S.E.2d 670, 2002 N.C. App. LEXIS 1124 (2002).

Attorney's Fees. — This section does not govern a private attorney's fee arrangement with his client. The section regulates the amount of the attorney's fee only as it relates to the amount of the "medicaid lien" payable to plaintiff. North Carolina Dep't of Human Resources v. Weaver, 121 N.C. App. 517, 466 S.E.2d 717, cert. denied, 342 N.C. 896, 467 S.E.2d 905 (1996).

§ 108A-57.1. Rules governing transfer of medical assistance benefits between counties.

Any recipient of medical assistance who moves from one county to another county of this State shall continue to receive medical assistance if eligible. The county director of social services of the county from which the recipient has moved shall transfer all necessary records relating to the recipient to the county director of social services of the county to which the recipient has moved. The county from which the recipient has moved shall pay the county portion of the nonfederal share of medical assistance payments paid for services provided to the recipient during the month following the recipient's move. Thereafter, the county to which the recipient has moved shall pay the county portion of the nonfederal share of medical assistance payments paid for the services provided to the recipient. (1998-212, s. 12.6.)

§ 108A-58: Repealed by Session Laws 2006-66, s. 10.5(a), effective July 1, 2006.

§ 108A-58.1. Ineligibility for medical assistance based on transferring assets for less than fair market value.

(a) General Rule. — Except as otherwise provided herein, an individual who is otherwise eligible to receive medical assistance under this Part is ineligible for Medicaid coverage and payment for the services specified in subsection (d) during the period specified in subsection (c) if the individual or the individual's spouse transfers an asset for less than fair market value on or after the "lookback date" specified in subsection (b).

(b) Lookback Date. —

(1) Except as otherwise provided herein, the lookback date is the date specified in 42 U.S.C. § 1396p(c)(1)(B).

(2) Notwithstanding subdivision (1), the lookback date with respect to the medical services specified in subdivision (d)(2) is the date specified in 42 U.S.C. § 1396p(c)(1)(B) or February 1, 2003, whichever is later.

(c) Penalty Period. — The penalty period for the transfer of assets for less than fair market value is the period specified in 42 U.S.C. § 1396p(c)(1)(D), (E), and (H).

(d) Medical Services. —

(1) In the case of an institutionalized individual, the transfer of assets penalty applies with respect to nursing facility services, a level of care in any institution equivalent to that of nursing facility services, and to home- or community-based services furnished under the State's Community Alternatives Program waiver pursuant to 42 U.S.C. § 1396n(c) or (d), and pursuant to the hardship waiver under subsection (k) of this section.

(2) In the case of a noninstitutionalized individual, the transfer of assets penalty applies with respect to home health services and personal care services as defined in 42 U.S.C. § 1396d(a)(7) and (24) and, to the extent permitted by federal law, such other long-term care services specified by rules adopted by the Department of Health and Human Services pursuant to subsection (k) of this section.

(e) Assets. — Assets are the income and resources of an individual or the individual's spouse (including the individual's or spouse's home) as defined in 42 U.S.C. § 1396p(h) and 42 U.S.C. § 1396p(c)(1)(G), (I), and (J).

(f) Fair Market Value and Uncompensated Value. —

(1) The fair market value of an asset is the value (minus any valid and legally enforceable liens, mortgages, and encumbrances against the asset) that would have been received if the asset had been sold for good and valuable consideration at the prevailing market price at the time the asset was transferred. In the case of real or personal property that is taxable under Subchapter II of Chapter 105 of the General Statutes, there is a rebuttable presumption that the fair market value of the property is its most recent value as ascertained under Subchapter II of Chapter 105 of the General Statutes (minus any valid and legally enforceable liens, mortgages, and encumbrances against the property).

(2) The uncompensated value of an asset is its fair market value minus the amount of good and valuable consideration received in exchange for the asset's transfer.

(g) Individual. — An individual is a person who applies for or is receiving medical assistance under this Part regardless of whether the person was, at the time an asset was transferred, a Medicaid applicant or recipient. The term "individual" also includes an individual's legal representative, anyone acting at the individual's direction or request, and any person, agency, or court acting lawfully on behalf of the individual.

(h) Institutionalized and Noninstitutionalized Individuals. —

(1) An institutionalized individual is an individual who meets the criteria set forth in 42 U.S.C. § 1396p(h)(3), regardless of whether the individual was institutionalized at the time an asset was transferred.

(2) A noninstitutionalized individual is any individual who (i) is not an institutionalized individual, (ii) is an aged, blind, or disabled person who is categorically or medically needy pursuant to 42 C.F.R. § 120 Subpart B, C, or D or a qualified Medicare beneficiary as defined in 42 U.S.C. § 1396d(p)(1), and (iii) is not eligible for medical assistance under this Part based on his or her eligibility for an optional State supplement pursuant to 42 C.F.R. § 435.232.

(i) Exceptions. —

(1) This section does not apply if an individual establishes by the greater weight of the evidence that the transfer was exclusively for some purpose other than establishing or retaining eligibility for medical assistance under this Part.

(2) This section does not apply to any transfer specified in 42 U.S.C. § 1396p(c)(2)(A), (B), (C)(i), or (C)(iii).

(j) Application to Life Estates and Income Producing Real Property. — The Department of Health and Human Services may apply federal transfer of assets policies in accordance with this section to (i) life estates purchased by or on behalf of the recipient, and (ii) to real property excluded as "income producing", tenancy-in-common, or as nonhomesite property made "income producing." The Department shall exclude from countable resources any life estate in real property that is in the recipient's home and is measured by the recipient's life. Federal transfer of assets policies applied to income producing real property shall become effective not earlier than October 1, 2001. Federal transfer of assets policies applied to real property excluded as tenancy-in-common, or as nonhomesite property made income producing in accordance with this subsection, shall become effective not earlier than October 1, 2005.

(k) Hardship Waiver. — The Department of Health and Human Services shall waive a transfer of assets penalty that has been imposed or is imposable under this section if the Department determines that imposition of the penalty would create an undue hardship.

(*l*) Rules and Compliance with Federal Law. —

(1) This section shall be interpreted and administered consistently with governing federal law, including 42 U.S.C. § 1396p(c).

(2) The Department of Health and Human Services shall determine and publish at least annually the average monthly cost of nursing facility services for private patients that will be used in determining the length of a penalty period under this section.
(3) The Department of Health and Human Services shall provide for a hardship waiver process in accordance with 42 U.S.C. § 1396p(c)(2)(D).
(4) The Department of Health and Human Services may adopt administrative rules that are necessary and appropriate to implement this section or the requirements of 42 U.S.C. § 1396p(c) or other federal laws governing the transfer of assets and Medicaid eligibility. (2006-66, s. 10.5(b); 2006-221, ss. 8(a)-(c).)

Editor's Note. — Session Laws 2006-66, s. 28.7, made this section effective July 1, 2006.

Session Laws 2006-66, s. 1.2, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2006'."

Session Laws 2006-66, s. 28.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2006-2007 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2006-2007 fiscal year."

Session Laws 2006-66, s. 28.6 is a severability clause.

§ 108A-58.2. Waiver of transfer of assets penalty due to undue hardship.

(a) Prior to imposition of a period of ineligibility for long-term care services because of an asset transfer, also known as a penalty period, the county department of social services shall notify the individual of the individual's right to request a waiver of the penalty period because it will cause an undue hardship to the individual. The director of the county department of social services, or the director's designee shall grant a waiver of the penalty period due to undue hardship if the individual meets the conditions set forth in subsection (e) of this section. As used in this section, "long term care services" are those services described in 42 U.S.C. § 1396p(c)(1)(C)(i) and (ii).

(b) When a Medicaid applicant who is requesting Medicaid to pay for institutional care requests a waiver of a penalty period due to undue hardship, the determination of whether to waive the penalty period shall be processed as part of the Medicaid application and is subject to the application processing standards set forth in 10A NCAC 21B.0203.

(c) When an ongoing Medicaid recipient applies for institutional care or is receiving Medicaid payment for institutional care receives the notice described in subsection (a) of this section, the recipient has 12 calendar days from the date of the notice to request a waiver of the penalty due to undue hardship. The following are the procedures for processing the waiver request:

(1) Within five work days of receipt of a request for a waiver of the transfer of assets penalty, the county department of social services shall notify the individual in writing of the information and documentation necessary to determine if the requirements for approving the undue hardship waiver are met.
(2) The individual shall have 12 calendar days from the date of the notice specified in subdivision (1) of this subsection to provide the necessary information and documentation to establish the undue hardship.
(3) If at the end of the first 12 calendar day period the necessary information and documentation has not been received by the county department of social services, the county department of social services shall again notify the individual of the necessary information and

documentation. The individual shall be given an additional 12 calendar days to provide the information and documentation.

(4) If the individual fails to request the undue hardship waiver within 12 calendar days from the date of the notice described in subsection (a) of this section, the county department of social services shall impose the transfer of assets penalty in accordance with notice requirements in G.S. 108A-79.

(5) If by the end of the 12 calendar days from the notice described in subdivision (3) of this subsection, the necessary information and documentation has not been received by the county department of social services, the county department of social services shall deny the request for waiver of the penalty for undue hardship and notify the individual of the denial in accordance with G.S. 108A-79.

(6) If by the end of the time allowed under subdivisions (2) and (3) of this subsection the county department of social services has received the necessary information and documentation, the county department of social services shall make a determination of whether the imposition of the penalty period would cause an undue hardship to the individual. The county department of social services shall complete the determination and notify the individual, pursuant to subsection (g) of this section, of whether the imposition of the penalty period will be waived due to undue hardship within 12 calendar days of the receipt of the necessary information and documentation.

(7) If as part of the determination described in subdivision (6) of this subsection the county department of social services identifies the need for additional information and documentation, it shall notify the individual in writing of that information and documentation. This notice shall initiate a new period of time for the individual to provide the information and documentation as set forth in subdivisions (2) and (3) of this subsection. Within 12 calendar days of the receipt of the additional information and documentation, the county department of social services shall complete the determination and notify the individual, pursuant to subsection (g) of this section, of whether the imposition of the penalty period will be waived due to undue hardship.

(d) As required by 42 U.S.C. § 1396p(c)(2)(D), the facility in which an institutionalized individual is residing may request an undue hardship waiver on behalf of the institutionalized individual with the written consent of the individual or the personal representative of the individual. A facility applying for a waiver for an individual residing in the facility shall adhere to the requirements of this section but shall not be required to advance the costs of acquiring an attorney to aid the institutionalized individual.

(e) Except as provided for in subsection (f) of this section, undue hardship exists if the imposition of the penalty period would deprive the individual of medical care, such that the individual's health or life would be endangered; or of food, clothing, shelter, or other necessities of life. The individual must provide the information and documentation necessary to demonstrate to the director of the county department of social services or the director's designee that:

(1) The individual currently has no alternative income or resources available to provide the medical care or food, clothing, shelter, or other necessities of life that the individual would be deprived of due to the imposition of the penalty; and

(2) The individual or some other person acting on the individual's behalf is making a good faith effort to pursue all reasonable means to recover the transferred asset or the fair market value of the transferred asset, which may include:

a. Seeking the advice of an attorney and pursuing legal or equitable remedies such as asset freezing, assignment, or injunction; or seeking modification, avoidance, or nullification of a financial instrument, promissory note, loan, mortgage or other property agreement, or other similar transfer agreement; and

b. Cooperating with any attempt to recover the transferred asset or the fair market value of the transferred asset.

(3) The following definitions shall apply to this subsection.

a. "Health or life would be endangered" means a medical doctor with knowledge of the individual's medical condition certifies in writing that in his or her professional opinion, the individual will be in danger of death or the individual's health will suffer irreparable harm if a penalty period is imposed.

b. "Other necessities of life" includes basic, life sustaining utilities, including water, heat, electricity, phone, and other items or activities that without which the individual's health or life would be endangered.

c. "Income" means all income of the individual and the community spouse less a protected amount for the community spouse equal to the minimum monthly maintenance needs allowance as determined under 42 U.S.C. § 1396r-5(d), including in all circumstances the excess shelter allowance described under 42 U.S.C. § 1396r-5(d)(3)(A)(ii), without regard to any adjustment that would be made under 42 U.S.C. § 1396r-5(e), plus fifty percent (50%) of such income in excess of the protected amount.

d. "Resources" means all resources of the individual and of the community spouse except the homesite in which the individual or community spouse has an equity interest not exceeding five hundred thousand dollars ($500,000), a motor vehicle in which the individual or community spouse has an equity interest not exceeding thirty thousand dollars ($30,000), personal property, and, in the case of a community spouse, a portion of such other resources in an amount equal to the community spouse resource allowance as defined by 42 U.S.C. § 1396r-5(f)(2), provided that such amount shall not exceed sixty percent (60%) of the maximum community spouse resource allowance as defined by 42 U.S.C. § 1396r-5(f)(2)(A)(ii). For purposes of this sub-subdivision, "homesite" means the principal place of residence of the individual or the community spouse in which the individual or community spouse has an equity interest.

(f) An undue hardship shall not exist when the application of a transfer of assets penalty merely causes the individual an inconvenience or restricts the individual's lifestyle.

(g) If the director of the county department of social services or the director's designee determines that:

(1) An undue hardship exists, the county department of social services shall waive the penalty period and notify the individual of approval of the waiver of the penalty in accordance with G.S. 108A-79.

(2) An undue hardship does not exist, the county department of social services shall deny the request for the waiver of the penalty and notify the individual of denial of the waiver request in accordance with G.S. 108A-79.

(h) During a penalty period that has been waived because of undue hardship, acquisition by the individual of new or increased income or resources shall be treated as a change in situation and evaluated pursuant to the rules adopted by the Department of Health and Human Services.

(i) While the determination on a request for a waiver of the penalty period due to undue hardship is pending, Medicaid shall not make payments for nursing facility services or intermediate care facility for the mentally retarded services to hold a bed for the individual, as described in 42 U.S.C. § 1396p(c)(2)(D). However, if the individual is institutionalized and receiving Medicaid payment for services, Medicaid will maintain the same level of services until the last day of the month after the latter of the following:

(1) Expiration of the 10 workday period following the notice required by G.S. 108A-79, or

(2) The date of the decision of a local appeal hearing described in G.S. 108A-79 is issued if the individual requests an appeal of the imposition of a transfer of assets penalty period within the 10 workday period described in subdivision (1) of subsection (i) of this section. (2007-442, s. 3(a).)

Editor's Note. — Session Laws 2007-442, s. 3.6, provides: "Unless required by federal law, the Department of Health and Human Services, Division of Medical Assistance shall limit notification of estate recovery to the application process for Medicaid and to following the death of the recipient."

Session Laws 2007-442, s. 4, made this section effective August 23, 2007.

§ 108A-59. Acceptance of medical assistance constitutes assignment to the State of right to third party benefits; recovery procedure.

(a) Notwithstanding any other provisions of the law, by accepting medical assistance, the recipient shall be deemed to have made an assignment to the State of the right to third party benefits, contractual or otherwise, to which he may be entitled.

It shall be the responsibility of the county attorney of the county from which the medical assistance benefits are received or an attorney retained by that county and/or the State to enforce this subsection, and said attorney shall be compensated for his services in accordance with the attorneys' fee arrangements approved by the Department of Health and Human Services.

(b) The responsible State agency will establish a third party resources collection unit that is adequate to assure maximum collection of third party resources.

(c) Notwithstanding any other law to the contrary, in all actions brought pursuant to subsection (a) of this section to obtain reimbursement for payments for medical services, liability shall be determined on the basis of the same laws and standards, including bases for liability and applicable defenses, as would be applicable if the action were brought by the individual on whose behalf the medical services were rendered. (1977, c. 664; 1979, 2nd Sess., c. 1312, ss. 3-5; 1981, c. 275, s. 1; 1995, c. 508, s. 2; 1997-443, s. 11A.118(a).)

CASE NOTES

Medicaid Benefits Protected. — Subsection (a) of this section does not remove Medicaid benefits from the protection of the collateral source rule. Availability of public assistance should not operate to reduce a tortfeasor's legal liability. Cates v. Wilson, 83 N.C. App. 448, 350 S.E.2d 898 (1986), modified, 321 N.C. 1, 361 S.E.2d 734 (1987).

Payment by tort-feasor of injured party's claim without notice of subrogee's interest is a complete defense to a subrogee's claim against the tort-feasor. Johnston County v. McCormick, 65 N.C. App. 63, 308 S.E.2d 872 (1983).

Injured Party Was a "Recipient" of Medical Assistance Despite Being a Minor When Benefits Were Paid. — Where the North Carolina Department of Human Resources, Division of Medical Assistance, expended Medicaid funds to pay certain medical

care providers for services that they had rendered to an injured party, the injured party qualified as a "recipient" of medical assistance benefits within the meaning of G.S. 108A-24(5) and G.S. 108A-59 even though the injured party was a minor at the time that the benefits were paid; there was no requirement that a "recipient" had to be one who had received a direct cash payment or relief from debt, or one who had the legal right to sue for medical benefits. Campbell v. N.C. Dep't of Human Res., 153 N.C. App. 305, 569 S.E.2d 670, 2002 N.C. App. LEXIS 1124 (2002).

Subrogation Rights in State's Favor Properly Recognized. — Trial court properly granted reimbursement to a payor who paid a Medicaid recipient's medical expenses, pursuant to G.S. 108A-57, and did not err in subrogating the settlements subject to the one-third limitation outlined within the statute; moreover, the payor's claim was properly characterized as a lien, and although the trial court improperly labelled the payor as a "beneficiary," that was harmless error. Andrews v. Haygood, 188 N.C. App. 244, 655 S.E.2d 440, 2008 N.C. App. LEXIS 91 (2008).

ning of subsection (c); and added subsections (e) and (f).

CASE NOTES

Pharmacist who actually furnished and provided medical assistance to Medicaid patients is a "provider" under the statute, unless some other provision of law gives the word a different meaning from the one commonly understood. None does. State v. Beatty, 64 N.C. App. 511, 308 S.E.2d 65, cert. denied, 309 N.C. 823, 310 S.E.2d 354 (1983).

Definition of "Provider" in Federal Medicaid Regulations. — Under Title XIX of the Social Security Act 42 U.S.C. § 1396, et seq., drugs prescribed for and dispensed to eligible patients are part of the medical care, and services covered by Medicaid and regulations governing all aspects of Medicaid were adopted. These regulations may be found in the Code of Federal Regulations. One of them defines a Medicaid "provider" as "any individual or entity furnishing Medicaid services under a provider agreement with the [state] Medicaid agency." 42 C.F.R. G.S. 430.1 (1982). Another refers to a "provider" as "an individual or entity which furnishes items or services for which payment is claimed under Medicaid." 42 C.F.R. G.S. 455.300(a) (1982). These regulations are as much a part of the law as they would be if they had been read three times and adopted by the General Assembly and explicitly set forth in the General Statutes. State v. Beatty, 64 N.C. App. 511, 308 S.E.2d 65, cert. denied, 309 N.C. 823, 310 S.E.2d 354 (1983).

(b) A subpoena under this section may require the custodian of records of the corporation or governmental entity to produce an affidavit certifying that the custodian made a thorough and diligent search for the documents requested and that the documents produced constitute all the records requested to the best of the custodian's knowledge, information, and belief.

(c) A subpoena under this section shall describe the documents required to be produced and prescribe a return date within a reasonable period of time, of no less than 20 days from the date of service, within which the documents can be assembled and made available.

(d) A corporation or governmental entity may comply with a subpoena issued under this section by delivering the documents to the Medicaid Investigations Unit by any of the following methods:

(1) By hand delivery.
(2) By mailing the documents by certified mail.
(3) By making the documents reasonably available for transfer to an agent of the Medicaid Investigations Unit at a place of business of the corporation or governmental entity.
(4) If agreed to by the Medicaid Investigations Unit and the corporation or governmental entity, by any other means.

(e) A corporation or governmental entity may move to quash or modify a subpoena issued under this section if it is oppressive or unreasonable or does not comply with the requirements of this section. The motion must be made before the time specified in the subpoena for production and may be made before a judge of the superior court.

(f) In the case of failure by any corporation or governmental entity without adequate excuse to obey a subpoena issued under this section, the Attorney

General may invoke the aid of a judge of the superior court. The court may issue an order requiring the subpoenaed corporation or governmental entity to appear before the Attorney General to produce records. Failure to obey the order of the court may be punished as contempt of court. (2009-554, s. 2.)

This misuse includes the sale, alteration, or lending of the Medicaid identification card to others for services and the use of the card by someone other than the recipient to receive or attempt to receive Medicaid program coverage for services rendered to that individual.

a multiple employee welfare arrangement, and any corporation subject to Articles 65 and 67 of Chapter 58 of the General Statutes; a group health plan, as defined in Section 607(1) of the Employee Retirement Income Security Act of 1974; and the State Health Plan for Teachers and State Employees under Chapter 135 of the General Statutes.

(b) If a parent is required by a court or administrative order to provide health benefit plan coverage for a child, and the parent is eligible for family health benefit plan coverage through an employer, the employer:

(1) Must allow the parent to enroll, under family coverage, the child if the child would be otherwise eligible for coverage without regard to any enrollment season restrictions.

(2) Must enroll the child under family coverage upon application of the child's other parent or upon receipt of notice from the Department of Health and Human Services in connection with its administration of the Medical Assistance or Child Support Enforcement Program if the parent is enrolled but fails to make application to obtain coverage for the child.

(3) May not disenroll or eliminate coverage of the child unless:

a. The employer is provided satisfactory written evidence that:

1. The court or administrative order is no longer in effect; or

2. The child is or will be enrolled in comparable health benefit plan coverage that will take effect not later than the effective date of disenrollment; or

b. The employer has eliminated family health benefit plan coverage for all of its employees.

(4) Must withhold from the employee's compensation the employee's share, if any, of premiums for health benefit plan coverage, not to exceed the maximum amount permitted to be withheld under section 303(b) of the federal Consumer Credit Protection Act, as amended; and must pay this amount to the health insurer; subject to regulations, if any, adopted by the Secretary of the U.S. Department of Health and Human Services. (1993 (Reg. Sess., 1994), c. 644, s. 3; 1995, c. 193, s. 44; 1997-433, s. 3.2; 1997-443, s. 11A.118(a); 1998-17, s. 1; 1999-293, s. 8; 2007-323, s. 28.22A(o); 2007-345, s. 12.)

Session Laws 2007-323, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2007'."

Session Laws 2007-323, s. 32.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2007-2009 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2007-2009 fiscal biennium."

Session Laws 2007-323, s. 32.5 is a severability clause.

Effect of Amendments. — Session Laws 2007-323, s. 28.22A(o), as amended by Session Laws 2007-345, s. 12, effective July 1, 2008, substituted "State Health Plan for Teachers and State Employees" for "Teachers' and State Employees' Comprehensive Major Medical Plan" in subdivisions (a)(1) and (a)(2).

OPINIONS OF ATTORNEY GENERAL

Medical Child Support Enforcement Provisions. — The medical child support enforcement provisions of House Bill 1563, 1993 (Reg. Sess., 1994) N.C. Session Laws c. 644, are inapplicable to the North Carolina Teachers' and State Employees' Comprehensive Major

Medical Plan (now State Health Plan for Teachers and State Employees) and the governmental entities whose employees and retirees, along with their dependents, are eligible for coverage under the Plan or its HMO option. Medical child support orders nonetheless may be enforced directly against State employees and retirees who fail to enroll, or maintain coverage for, their eligible dependent children under the State Health Plan in accordance with the provisions of G.S. 50-13.4(f), 50-13.9 and 50-13.11. See opinion of Attorney General to Patricia Crawford, Associate General Counsel, University of North Carolina at Chapel Hill, — N.C.A.G. — (August 10, 1995).

§ 108A-70. Recoupment of amounts spent on medical care.

(a) The Department may garnish the wages, salary, or other employment income of, and the Secretary of Revenue shall withhold amounts from State tax refunds to, any person who:

(1) Is required by court or administrative order to provide health benefit plan coverage for the cost of health care services to a child eligible for medical assistance under Medicaid; and

(2) Has received payment from a third party for the costs of such services; but

(3) Has not used such payments to reimburse, as appropriate, either the other parent or guardian of the child or the provider of the services;

to the extent necessary to reimburse the Department for expenditures for such costs under this Part; provided, however, claims for current and past due child support shall take priority over any such claims for the costs of such services.

(b) To the extent that payment for covered services has been made under G.S. 108A-55 for health care items or services furnished to an individual, in any case where a third party has a legal liability to make payments, the Department of Health and Human Services is considered to have acquired the rights of the individual to payment by any other party for those health care items or services. (1993 (Reg. Sess., 1994), c. 644, s. 3; 1997-443, s. 11A.118(a).)

§ 108A-70.5. Medicaid Estate Recovery Plan.

(a) There is established in the Department of Health and Human Services, the Medicaid Estate Recovery Plan, as required by the Omnibus Budget Reconciliation Act of 1993, to recover from the estates of recipients of medical assistance an equitable amount of the State and federal shares of the cost paid for the recipient. The Department shall administer the program in accordance with applicable federal law and regulations, including those under Title XIX of the Social Security Act, 42 U.S.C. § 1396(p).

(b) As used in this section:

(1) "Medical assistance" means medical care services paid for by the North Carolina Medicaid Program on behalf of the recipient:

a. If the recipient of any age is receiving medical care services as an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, and cannot reasonably be expected to be discharged to return home; or

b. If the recipient is 55 years of age or older and is receiving one or more of the following medical care services:

1. Nursing facility services.
2. Home and community-based services.
3. Hospital care.
3a. Prescription drugs.

(3) Repealed by Session Laws 2007-442, s. 1, effective August 23, 2007.

(c) The amount the Department recovers from the estate of any recipient shall not exceed the amount of medical assistance made on behalf of the recipient and shall be recoverable only for medical care services prescribed in subsection (b) of this section. The Department is a fifth-class creditor, as prescribed in G.S. 28A-19-6, for purposes of determining the order of claims against an estate; provided, however, that judgments in favor of other fifth-class creditors docketed and in force before the Department seeks recovery for medical assistance shall be paid prior to recovery by the Department.

(d) The Department of Health and Human Services shall adopt rules pursuant to Chapter 150B of the General Statutes to implement the Plan, including rules to waive whole or partial recovery when this recovery would be inequitable because it would work an undue hardship or because it would not be administratively cost-effective and rules to ensure that all recipients are notified that their estates are subject to recovery at the time they become eligible to receive medical assistance.

(e) Repealed by Session Laws 2007-442, s. 1, effective August 23, 2007.

(1) "Attorney General" means the Attorney General or any Deputy, Assistant, or Associate Attorney General.
(2) "Claim" means an application for payment or approval or for use in determining entitlement to payment presented to the Medical Assistance Program in any form, including written, electronic, or magnetic, which identifies a service, good, or accommodation as reimbursable under the Medical Assistance Program.
(3) "Damages" means the difference between what the Medical Assistance Program paid a provider and the amount it would have paid the provider in the absence of a violation of this section and may be established by statistical sampling methods.
(4) "Knowingly" means that a provider, with respect to the information:
a. Has actual knowledge of the information;
b. Acts in deliberate ignorance of the truth or falsity of the information; or
c. Acts in reckless disregard of the truth or falsity of the information. No proof of specific intent to defraud is required.

§ 108A-70.12. Liability for certain acts; damages; effect of repayment.

(a) Liability for Certain Acts. — It shall be unlawful for any provider of medical assistance under the Medical Assistance Program to:
(1) Knowingly present, or cause to be presented to the Medical Assistance Program a false or fraudulent claim for payment or approval; or
(2) Knowingly make, use, or cause to be made or used a false record or statement to get a false or fraudulent claim paid or approved by the Medical Assistance Program.

Each claim presented or caused to be presented in violation of this section is a separate violation.

(b) Damages. —
(1) Except as provided in subdivision (2) of this subsection, a court shall assess against any provider of medical assistance under the Medical Assistance Program who violates this section a civil penalty of not less than five thousand dollars ($5,000) and not more than ten thousand dollars ($10,000) plus three times the amount of damages which the Medicaid Assistance Program sustained because of the act of the provider.
(2) A court may assess a penalty of not less than two times the amount of damages which the Medical Assistance Program sustains because of the act of the provider if a court finds that:
a. The provider committing a violation of this section furnished officials of the State responsible for investigating false claims violations with all information known to the provider about the violation within 30 days after the date the provider first obtained the information;
b. The provider fully cooperated with any State investigation of the violation; and
c. At the time the provider furnished the State with the information about the violation, no criminal prosecution, civil action, or administrative action had commenced with respect to the violation, and the provider did not have actual knowledge of the existence of an investigation into the violation.
(3) In addition to the damages and penalty assessed by the court pursuant to subdivision (1) or (2) of this subsection, a provider violating this

section shall also be liable for the costs of a civil action brought to recover any penalty or damages, interest on the damages at the maximum legal rate in effect on the date the payment was made to the provider for the period from the date upon which payment was made to the provider to the date upon which repayment is made by the provider to the Medical Assistance Program, and the costs of the investigation.

(4) As applied to providers that are subject to certification review by the Division of Health Service Regulation, a violation of Medicaid provider certification standards in providing a service, good, or accommodation shall not be considered an independent basis for liability under this Act. However, liability may be imposed if a false or fraudulent claim is presented as set forth in subsection (a) of this section in connection with that service, good, or accommodation.

(c) Effect of Repayment. — Intent to repay or repayment of any amounts obtained by a provider as a result of any acts described in subsection (a) of this section shall not be a defense to or grounds for dismissal of an action brought pursuant to this section. However, a court may consider any repayment in mitigation of the amount of any penalties assessed. (1997-338, s. 1; 2007-182, s. 1.)

§ 108A-70.13. False claims procedure.

(a) The Attorney General shall have the authority to investigate, institute proceedings, compromise and settle any investigation or action, and perform all duties in connection with any civil action to enforce G.S. 108A-70.12.

(b) A civil action under G.S. 108A-70.12 may not be brought more than six years after the date the violation of G.S. 108A-70.12 is committed, or more than three years after the date when facts material to the right of action are known or reasonably should have been known by the official of the State of North Carolina charged with responsibility to act in the circumstances, but in no event more than 10 years after the date on which the violation is committed, whichever occurs last.

(c) In any action brought under G.S. 108A-70.12, the State shall be required to prove all essential elements of the cause of action, including damages, by the greater weight of the evidence.

(d) Notwithstanding any other provision of law or rule, a final judgment rendered in favor of the State in any criminal proceeding charging fraud or false statements, whether upon a verdict after trial or upon a plea of guilty or nolo contendere, shall estop the defendant from denying the essential elements of the offense in any action which involves the same transaction as in the criminal proceeding and which is brought under G.S. 108A-70.12.

(e) No criminal or administrative action need be brought against any provider as a condition for establishing civil liability under G.S. 108A-70.12. The civil liability under G.S. 108A-70.12 is in addition to any other criminal, civil, and administrative liabilities or penalties that may be prescribed by law. However, treble and double damages and civil penalties provided by G.S. 108A-70.12 shall not be assessed against a provider if treble or double damages or civil penalties have been previously assessed against the provider for the same claims under the federal False Claims Act, 31 U.S.C. § 3729, et seq., or the federal Civil Monetary Penalty Law, 42 U.S.C. § 1320a-7a. In the event that any provider is found liable under the provisions of this Act and is subsequently found liable for the same claim under the federal False Claims Act, or the appropriate sections of the federal Civil Monetary Penalty Law, the State and the Medical Assistance Program shall pay to the federal government on behalf of the provider any amounts, other than restitution, recovered or

otherwise obtained by the State under this Act, not to exceed the amount of the federal damages and penalties.

(f) The amount of damages and number of violations of G.S. 108A-70.12 shall be established by the trial judge or, in the event of a jury trial, by jury verdict. The amount of penalties, treble or double damages, interest, cost of the investigation, and cost of the civil action shall be determined by the trial judge as prescribed in G.S. 108A-70.12(b).

(g) Venue for any action brought pursuant to G.S. 108A-70.12 shall be in either Wake County or in any county in which claim originated, or in which any statement or record was made, or acts done, or services, goods, or accommodations rendered in connection with any act constituting part of the violation of G.S. 108A-70.12. (1997-338, s. 1.)

Editor's Note. — Session Laws 2009-554, s. 4, provides, in part, that: "A civil action may be filed after January 1, 2010, under Section 1 of this act based on acts committed prior to that date if the activity would also be covered under Part 7 of Article 2 of Chapter 108A of the General Statutes and if the limitation period set forth in G.S. 1-615(a) and G.S. 108A-70.14 has not lapsed."

§ 108A-70.14. Civil investigative demand.

(a) If the Attorney General has reasonable cause to believe that a person has information or is in possession, custody, or control of any document or other tangible object relevant to an investigation or that would lead to the discovery of relevant information in an investigation of a violation of G.S. 108A-70.12, the Attorney General may serve upon the person, before bringing an action under G.S. 108A-70.12 or other false claims law, a civil investigative demand to appear and be examined under oath, to answer written interrogatories under oath, and to produce any documents or objects for their inspection and copying.

(b) The civil investigative demand shall:

(1) Be served upon the person in the manner required for service of process in civil actions and may be served by the Attorney General or investigator assigned to the North Carolina Department of Justice;

(2) Describe the nature of the conduct constituting the violation under investigation;

(3) Describe the class or classes of any documents or objects to be produced with sufficient definiteness to permit them to be fairly identified;

(4) Contain a copy of any written interrogatories to be answered;

(5) Prescribe a reasonable date and time at which the person shall appear to testify, answer any written interrogatories, or produce any document or object;

(6) Advise the person that objections to or reasons for not complying with the demand may be filed with the Attorney General on or before that date and time;

(7) Specify a place for the taking of testimony;

(8) Designate a person to whom answers to written interrogatories shall be submitted and to whom any document or object shall be produced; and

(9) Contain a copy of subsections (b) and (c) of this section.

(c) The date within which to answer any written interrogatories and within which any document or object must be produced shall be more than 30 days after the civil investigative demand has been served upon the person. The date within which a person must appear to testify shall be more than 15 days after the demand has been served upon a person who resides out-of-state or more

than 10 days after the demand has been served upon a person who resides in-state.

(d) The person before whom the oral examination is to be taken shall put the person to be examined on oath and shall personally, or by someone acting under the person's direction and in the person's presence, record the testimony of the person to be examined. The Attorney General may exclude from the place where the examination is held all persons except the person giving the testimony, the attorney or other representative of the person giving the testimony, the Attorney General conducting the examination, the investigator assisting the Attorney General, the stenographer, and any other person agreed upon by the Attorney General and the person giving the testimony. When the testimony is transcribed, the person shall have a reasonable opportunity to examine and read the transcript, unless an examination and reading are waived by the person. Any changes in form or substance which the person desires to make shall be entered and identified upon the transcript by the person. The transcript shall then be signed by the person, unless the person in writing waives the signing, is ill, cannot be found, or refuses to sign.

(e) Each interrogatory in a civil investigative demand served under this section shall be answered separately and fully in writing under oath and shall be submitted under sworn certificate by the person to whom the demand is directed, or in the case of a person other than a natural person, a person having knowledge of the facts and circumstances relating to the production and authorized to act on behalf of the person. If a person objects to any interrogatory, the reasons for the objection shall be stated in the certificate instead of an answer. The certificate shall state that all information required by the demand and in the possession, custody, control, or knowledge of the person to whom the demand is directed has been submitted. To the extent that any information is not furnished, the information shall be identified and reasons set forth with particularity regarding the reasons why the information was not furnished.

(f) The production of documents and objects in response to a civil investigative demand served under this section shall be made under a sworn certificate by the person to whom the demand is directed, or in the case of a person other than a natural person, a person having knowledge of the facts and circumstances relating to the production and authorized to act on behalf of the person. The certificate shall state that all of the documentary material required by the demand and in the possession, custody, or control of the person to whom the demand is directed has been produced and made available. Upon written agreement between the person served with the civil investigative demand and the Attorney General, the person may substitute copies for originals of all or any part of the documents requested.

(g) No person shall be excused from testifying, answering interrogatories, or producing documents or objects in response to a civil investigative demand on the ground that the testimony, answers, documents, or objects required of the person may tend to incriminate the person. However, no testimony, answers, documents, or objects compelled pursuant to G.S. 108A-70.14 may be used against the person in a criminal action, except a prosecution for perjury or for contempt arising from a failure to comply with an order of the court.

(h) Any person appearing for oral testimony under a civil investigative demand issued pursuant to this section shall be entitled to the same fees and allowances paid to witnesses in the General Court of Justice of the State of North Carolina.

(i) If a person objects to or otherwise fails to comply with a civil investigative demand served upon the person under subsection (a) of this section, the Attorney General may file an action in superior court for an order to enforce the demand. Venue for the action to enforce the demand shall be in either Wake

County or the county in which the person resides. Notice of a hearing on the action to enforce the demand and a copy of the action shall be served upon the person in the same manner as prescribed in the Rules for Civil Procedure. If the court finds that the demand is proper, that there is reasonable cause to believe that there may have been a violation of G.S. 108A-70.12, and that the information sought or document or object demanded is relevant to the violation, the court shall order the person to comply with the demand, subject to modifications the court may prescribe.

(j) If the person fails to comply with an order entered pursuant to subsection (i) of this section, the court may:

(1) Adjudge the person to be in contempt of court;

(2) Grant injunctive relief against the person to whom the demand is issued to restrain the conduct which is the subject of the investigation; or

(3) Grant any other relief as the court may deem proper.

(k) Any transcript of oral testimony, answers to written interrogatories, and documents and objects produced pursuant to this section may be used in connection with any civil action brought under G.S. 108A-70.12.

(*l*) The North Carolina Rules of Civil Procedure shall apply to this section to the extent that the rules are not inconsistent with the provisions of this section. (1997-338, s. 1.)

§ 108A-70.15. Employee remedies.

(a) In the absence of fraud or malice, no person who furnishes information to officials of the State responsible for investigating false claims violations shall be liable for damages in a civil action for any oral or written statement made or any other action that is necessary to supply information required pursuant to this Part.

(b) Any employee of a provider who is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment by the employee's employer because of lawful acts done by the employee on behalf of the employee or others in furtherance of an action under G.S. 108A-70.12, including investigation for, initiation of, testimony for, or assistance in an action filed or to be filed under G.S. 108A-70.12, shall be entitled to all relief necessary to make the employee whole. Relief shall include reinstatement with the same seniority status as the employee would have had but for the discrimination, two times the amount of back pay, interest on the back pay, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorney's fees. An employee may bring an action in the appropriate court for the relief provided in this section. (1997-338, s. 1.)

§ 108A-70.16. Uniformity of interpretation.

This Part shall be so interpreted and construed as to be consistent with the federal False Claims Act, 31 U.S.C. § 3729, et seq., and any subsequent amendments to that act. (1997-338, s. 1.)

§ 108A-70.21. Program eligibility; benefits; enrollment fee and other cost-sharing; coverage from private plans; purchase of extended coverage.

(a) Eligibility. — The Department may enroll eligible children based on availability of funds. Following are eligibility and other requirements for participation in the Program:

(1) Children must:
   a. Be between the ages of 6 through 18;
   b. Be ineligible for Medicaid, Medicare, or other federal government-sponsored health insurance;
   c. Be uninsured;
   d. Be in a family whose family income is above one hundred percent (100%) through two hundred percent (200%) of the federal poverty level;
   e. Be a resident of this State and eligible under federal law; and
   f. Have paid the Program enrollment fee required under this Part.

(2) Proof of family income and residency and declaration of uninsured status shall be provided by the applicant at the time of application for Program coverage. The family member who is legally responsible for the children enrolled in the Program has a duty to report any change in the enrollee's status within 60 days of the change of status.

(3) If a responsible parent is under a court order to provide or maintain health insurance for a child and has failed to comply with the court

order, then the child is deemed uninsured for purposes of determining eligibility for Program benefits if at the time of application the custodial parent shows proof of agreement to notify and cooperate with the child support enforcement agency in enforcing the order.

If health insurance other than under the Program is provided to the child after enrollment and prior to the expiration of the eligibility period for which the child is enrolled in the Program, then the child is deemed to be insured and ineligible for continued coverage under the Program. The custodial parent has a duty to notify the Department within 10 days of receipt of the other health insurance, and the Department, upon receipt of notice, shall disenroll the child from the Program. As used in this paragraph, the term "responsible parent" means a person who is under a court order to pay child support.

(4) Except as otherwise provided in this section, enrollment shall be continuous for one year. At the end of each year, applicants may reapply for Program benefits.

(b) Benefits. — Except as otherwise provided for eligibility, fees, deductibles, copayments, and other cost sharing charges, health benefits coverage provided to children eligible under the Program shall be equivalent to coverage provided for dependents under the Predecessor Plan.

In addition to the benefits provided under the Predecessor Plan, the following services and supplies are covered under the Health Insurance Program for Children established under this Part:

(1) Oral examinations, teeth cleaning, and topical fluoride treatments twice during a 12-month period, full mouth X-rays once every 60 months, supplemental bitewing X-rays showing the back of the teeth once during a 12-month period, sealants, extractions, other than impacted teeth or wisdom teeth, therapeutic pulpotomies, space maintainers, root canal therapy for permanent anterior teeth and permanent first molars, prefabricated stainless steel crowns, and routine fillings of amalgam or other tooth colored filling material to restore diseased teeth.

(1a) Orthognathic surgery to correct functionally impairing malocclusions when orthodontics was approved and initiated while the child was covered by Medicaid and the need for orthognathic surgery was documented in the orthodontic treatment plan.

(2) Vision: Scheduled routine eye examinations once every 12 months, eyeglass lenses or contact lenses once every 12 months, routine replacement of eyeglass frames once every 24 months, and optical supplies and solutions when needed. Optical services, supplies, and solutions must be obtained from licensed or certified ophthalmologists, optometrists, or optical dispensing laboratories. Eyeglass lenses are limited to single vision, bifocal, trifocal, or other complex lenses necessary for a Plan enrollee's visual welfare. Coverage for oversized lenses and frames, designer frames, photosensitive lenses, tinted contact lenses, blended lenses, progressive multifocal lenses, coated lenses, and laminated lenses is limited to the coverage for single vision, bifocal, trifocal, or other complex lenses provided by this subsection. Eyeglass frames are limited to those made of zylonite, metal, or a combination of zylonite and metal. All visual aids covered by this subsection require prior approval. Upon prior approval refractions may be covered more often than once every 12 months.

(3) Hearing: Auditory diagnostic testing services and hearing aids and accessories when provided by a licensed or certified audiologist, otolaryngologist, or other approved hearing aid specialist. Prior approval is required for hearing aids, accessories, earmolds, repairs, loaners, and rental aids.

(4) Over the counter medications: Selected over the counter medications provided the medication is covered under the State Medical Assistance Plan. Coverage shall be subject to the same policies and approvals as required under the Medicaid program.

(5) Routine diagnostic examinations and tests: annual routine diagnostic examinations and tests, including x-rays, blood and blood pressure checks, urine tests, tuberculosis tests, and general health check-ups that are medically necessary for the maintenance and improvement of individual health are covered.

No benefits are to be provided for services and materials under this subsection that do not meet the standards accepted by the American Dental Association.

The Department shall provide services to children enrolled in the NC Health Choice Program through Community Care of North Carolina (CCNC) and shall pay Community Care of North Carolina providers for these services as allowed under Medicaid. The Department shall pay for these services only if sufficient information is available to the Department for utilization management of the services provided through CCNC.

(b1) Payments. — Prescription drug providers shall accept as payment in full, for outpatient prescriptions filled, amounts allowable for prescription drugs under Medicaid. For all other providers, services provided to children enrolled in the Program shall be provided at rates equivalent to one hundred percent (100%) of Medicaid rates, less any co-payments assessed to enrollees under this Part.

(c) Annual Enrollment Fee. — There shall be no enrollment fee for Program coverage for enrollees whose family income is at or below one hundred fifty percent (150%) of the federal poverty level. The enrollment fee for Program coverage for enrollees whose family income is above one hundred fifty percent (150%) through two hundred percent (200%) of the federal poverty level shall be fifty dollars ($50.00) per year per child with a maximum annual enrollment fee of one hundred dollars ($100.00) for two or more children. The enrollment fee shall be collected by the county department of social services and retained to cover the cost of determining eligibility for services under the Program. County departments of social services shall establish procedures for the collection of enrollment fees.

(d) (See note) Cost-Sharing. — There shall be no deductibles, copayments, or other cost-sharing charges for families covered under the Program whose family income is at or below one hundred fifty percent (150%) of the federal poverty level, except that fees for outpatient prescription drugs are applicable and shall be one dollar ($1.00) for each outpatient generic prescription drug, for each outpatient brand-name prescription drug for which there is no generic substitution available, and for each covered over-the-counter medication. The fee for each outpatient brand-name prescription drug for which there is a generic substitution available is three dollars ($3.00). Families covered under the Program whose family income is above one hundred fifty percent (150%) of the federal poverty level shall be responsible for copayments to providers as follows:

(1) Five dollars ($5.00) per child for each visit to a provider, except that there shall be no copayment required for well-baby, well-child, or age-appropriate immunization services;

(2) Five dollars ($5.00) per child for each outpatient hospital visit;

(3) A one dollar ($1.00) fee for each outpatient generic prescription drug, for each outpatient brand-name prescription drug for which there is no generic substitution available, and for each covered over-the-counter medication. The fee for each outpatient brand-name prescription drug for which there is a generic substitution available is ten dollars ($10.00).

(4) Twenty dollars ($20.00) for each emergency room visit unless:
a. The child is admitted to the hospital, or
b. No other reasonable care was available as determined by the Department.

Copayments required under this subsection for prescription drugs apply only to prescription drugs prescribed on an outpatient basis.

(e) Cost-Sharing Limitations. — The department shall establish maximum annual cost-sharing limits per individual or family, provided that the total annual aggregate cost-sharing, including enrollment fees, with respect to all children in a family receiving benefits under this section shall not exceed five percent (5%) of the family's income for the year involved.

(f) Coverage From Private Plans. — The Department shall, from funds available for the Program, pay the cost for dependent coverage provided under a private insurance plan for persons eligible for coverage under the Program if all of the following conditions are met:

(1) The person eligible for Program coverage requests to obtain dependent coverage from a private insurer in lieu of coverage under the Program and shows proof that coverage under the private plan selected meets the requirements of this subsection;
(2) The dependent coverage under the private plan is actuarially equivalent to the coverage provided under the Program and the private plan does not engage in the exclusive enrollment of children with favorable health care risks;
(3) The cost of dependent coverage under the private plan is the same as or less than the cost of coverage under the Program; and
(4) The total annual aggregate cost-sharing, including fees, paid by the enrollee under the private plan for all dependents covered by the plan, do not exceed five percent (5%) of the enrollee's family income for the year involved.

The Department may reimburse an enrollee for private coverage under this subsection upon a showing of proof that the dependent coverage is in effect for the period for which the enrollee is eligible for the Program.

(g) Purchase of Extended Coverage. — An enrollee in the Program who loses eligibility due to an increase in family income above two hundred percent (200%) of the federal poverty level and up to and including two hundred twenty-five percent (225%) of the federal poverty level may purchase at full premium cost continued coverage under the Program for a period not to exceed one year beginning on the date the enrollee becomes ineligible under the income requirements for the Program. The benefits, copayments, and other conditions of enrollment under the Program applicable to extended coverage purchased under this subsection shall be the same as those applicable to an NC Kids' Care enrollee whose family income equals two hundred percent (200%) of the federal poverty level.

(h) No State Funds for Voluntary Participation. — No State or federal funds shall be used to cover, subsidize, or otherwise offset the cost of coverage obtained under subsection (g) of this section.

(i) No Lifetime Maximum Benefit Limit. — Benefits provided to an enrollee in the Program shall not be subject to a maximum lifetime limit. (1998-1, s. 1; 1999-237, s. 11.9; 2002-126, s. 10.20(a); 2003-284, s. 10.29(a); 2005-276, ss. 10.22(b), 10.22(c), 10.22(d); 2007-323, s. 28.22A(o); 2007-345, s. 12; 2008-107, ss. 10.12(b), (c), 10.13(f), (k); 2008-118, s. 1.6(b), (c); 2009-16, s. 4(d); 2009-451, s. 10.35(a).)

"(c) On January 15, 2009, or upon the convening of the 2009 General Assembly, whichever occurs later, the Department of Health and Human Services shall report to the 2009 General Assembly. The report shall provide the following information:

The Department will continue to provide monthly reports to the chairs of the House of Representatives Committee on Appropriations, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, the Office of State Budget and Management, and the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division. (f) Recommendations by Commission on Children With Special Health Care Needs. — In implementing this section the Department shall consider the recommendations of the Commission on Children With Special Health Care Needs established under Article 72 of Chapter 143 of the General Statutes. The Department, in consultation with the Commission on Children With Special Health Care Needs shall develop procedures for providing respite care services under emergency circumstances.

(g) No Entitlement. — Nothing in this section shall be construed as entitling any person to services under this section. (1998-1, s. 1; 2003-284, s. 10.29(b); 2008-107, s. 10.13(h).)

Editor's Note. — The bracketed subsection (a) catchline was inserted at the direction of the Revisor of Statutes.

Session Laws 2002-126, s. 6.13, effective July 1, 2002, provides: "Whereas, Representative Ruth M. § 108A-70.25. State Plan for Health Insurance Program for Children.

The Department shall develop and submit a State Plan to implement "The Health Insurance Program for Children" authorized under this Part to the federal government as application for federal funds under Title XXI. The State Plan submitted under this Part shall be developed by the Department only as authorized by and in accordance with this Part. No provision in the State Plan submitted under this Part may expand or otherwise alter the scope or purpose of the Program from that authorized under this Part. The Department shall include in the State Plan submitted only those items required by this Part and required by the federal government to qualify for federal funds under Title XXI and necessary to secure the State's federal fund allotment for the applicable fiscal period. Except as otherwise provided in this section, the Department shall not amend the State Plan nor submit any amendments thereto to the federal government for review or approval without the specific approval of the General Assembly. In the event federal law requires that an amendment be made to the State Plan and further requires that the amendment be submitted or implemented within a time period when the General Assembly is not and will not be in session to approve the amendment, then the Department may submit the amendment to the federal government for review and approval without the approval of the General Assembly. Prior to submitting an amendment to the federal government without General Assembly approval as authorized in this section, the Department shall report the proposed amendment to the Joint Legislative Health Care Oversight Committee and to members of the Joint Appropriations Subcommittee on Health and Human

Services. The report shall include an explanation of the amendment, the necessity therefor, and the federal time limits required for implementation of the amendment. (1998-1, s. 1.)

§ 108A-70.26. Application process; outreach efforts; appeals.

(a) Application. — The Department shall use an application form for the Program that is concise, relatively easy for the applicant to comprehend and complete, and only as lengthy as necessary for identifying applicants, determining eligibility for the Program or Medicaid, and providing information to applicants on requirements for application submission and proof of eligibility. Application forms shall be obtainable from public health departments and county departments of social services. Applications shall be processed by the county department of social services and may be submitted by mail. The Department may adopt rules for the submission and processing of applications and for securing the proof of eligibility for benefits under this Part.

The application form for the Program shall have printed on it or attached to it a notice stating substantially: "The Health Insurance Program for Children is a federally and State funded program that may be discontinued if federal funds are not provided for its continuation."

(b) Outreach Efforts. — The Department shall adopt procedures to ensure that the Program is adequately publicized statewide and to comply with federal outreach requirements. The Department shall make information about the Program available through the Internet and shall explore the feasibility of securing a 24-hour toll-free telephone number to facilitate access to Program information. In order to avoid duplication of efforts, in developing outreach procedures the Department shall establish system linkages to ensure the collaboration and coordination of information between and among the Program and such ongoing programs and efforts as:

WIC Program.
Maternal and Child Health Block Grant.
Children's Special Health Services.
Smart Start.
Head Start.

The Department shall seek private and federal grant funds for outreach activities. The Department shall also seek the participation of the private sector in providing no-cost or low-cost avenues for publicizing the Program in local communities and statewide. The Department may work with the State Health Plan Purchasing Alliance Board to develop programs that utilize the expertise and resources of the Alliances in outreach activities to employees of small businesses.

(c) Appeals. — A person who is dissatisfied with the action of a county department of social services with respect to the determination of eligibility for benefits under the Program may appeal the action in accordance with G.S. 108A-79. (1998-1, s. 1.)

§ 108A-70.27. (See editor's note) Data collection; reporting.

(a) The Department shall ensure that the following data are collected, analyzed, and reported in a manner that will most effectively and expeditiously enable the State to evaluate Program goals, objectives, operations, and health outcomes for children:

(1) Number of applicants for coverage under the Program;
(2) Number of Program applicants deemed eligible for Medicaid;

(3) Number of applicants deemed eligible for the Program, by income level, age, and family size;
(4) Number of applicants deemed ineligible for the Program and the basis for ineligibility;
(5) Number of applications made at county departments of social services, public health departments, and by mail;
(6) Total number of children enrolled in the Program to date and for the immediately preceding fiscal year;
(7) Total number of children enrolled in Medicaid through the Program application process;
(8) Trends showing the Program's impact on hospital utilization, immunization rates, and other indicators of quality of care, and cost-effectiveness and efficiency;
(9) Trends relating to the health status of children;
(10) Other data that would be useful in carrying out the purposes of this Part.

(b) The Department shall report annually to the Joint Legislative Health Care Oversight Committee and shall provide a copy of the report to the Joint Appropriations Subcommittees on Health and Human Services. The report shall include:

(1) Data collected as required under subsection (a) of this section and an analysis thereof giving trends and projections for continued Program funding;
(2) Program areas working most effectively and least effectively;
(3) Performance measures used to ensure Program quality, fiscal integrity, ease of access, and appropriate utilization of preventive and medical care;
(4) Effectiveness of system linkages in addressing access, quality of care, and Program efficiency;
(5) Recommended changes in the Program necessary to improve Program efficiency and effectiveness;
(6) Any other information requested by the Committee pertinent to the provision of health insurance for children and the implementation of the Program.

(c) The Executive Administrator and Board of Trustees of the North Carolina Teachers' and State Employees' Major Medical Plan ("Plan") shall provide to the Department data required under this section that are collected by the Plan. Data shall be reported by the Plan in sufficient detail to meet federal reporting requirements under Title XXI. The Plan shall report periodically to the Joint Legislative Health Care Oversight Committee claims processing data for the Program and any other information the Plan or the Committee deems appropriate and relevant to assist the Committee in its review of the Program. (1998-1, s. 1.)

Editor's Note. — Session Laws 2008-107, s. 10.13(j), provides that "G.S. 108A-27 reads as rewritten" when in fact it is G.S. 108A-70.27(c) that is set out. At the direction of the Revisor of Statutes, the amendment has not been given effect. If the amendment had taken effect, subsection (c) would read: "(c) The Department shall report periodically to the Joint Legislative Health Care Oversight Committee claims processing data for the Program and any other information the Department or the Committee deems appropriate and relevant to assist the Committee in its review of the Program."

Session Laws 2008-107, s. 1.2 provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2008'."

Session Laws 2008-107, s. 30.3 provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2008-2009 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2008-2009 fiscal year."

Session Laws 2008-107, s. 30.5 is a severability clause.

§ 108A-70.28. Fraudulent misrepresentation.

(a) It shall be unlawful for any person to knowingly and willfully, and with intent to defraud, make or cause to be made a false statement or representation of a material fact in an application for coverage under this Part or intended for use in determining eligibility for coverage.

(b) It shall be unlawful for any applicant, recipient, or person acting on behalf of the applicant or recipient to knowingly and willfully, and with intent to defraud, conceal, or fail to disclose any condition, fact, or event affecting the applicant's or recipient's initial or continued eligibility to receive coverage or benefits under this Part.

(c) It is unlawful for any person knowingly, willingly, and with intent to defraud, to obtain or attempt to obtain, or to assist, aid, or abet another person, either directly or indirectly, to obtain money, services, or any other thing of value to which the person is not entitled as a recipient under this Part, or otherwise to deliberately misuse a Program identification card. This misuse includes the sale, alteration, or lending of the Program identification card to others for services and the use of the card by someone other than the recipient to receive or attempt to receive Program coverage for services rendered to that individual.

Proof of intent to defraud does not require proof of intent to defraud any particular person.

(d) A person who violates a provision of this section shall be guilty of a Class I felony.

(e) For purposes of this section the word "person" includes any natural person, association, consortium, corporation, body politic, partnership, or other group, entity, or organization. (1998-1, s. 1.)

Part 9. Weatherization Assistance Program and Heating/Air Repair and Replacement Program.

§ 108A-70.30. Weatherization Assistance Program and Heating/Air Repair and Replacement Program.

The Department may administer the Weatherization Assistance Program for Low-Income Families and the Heating/Air Repair and Replacement Program functions. Nothing in this Part shall be construed as obligating the General Assembly to appropriate funds for the Program or as entitling any person to services under the Program. (2003-284, s. 10.3.)

Article 3.

Social Services Programs.

§ 108A-71. Authorization of social services programs.

The Department is hereby authorized to accept all grants-in-aid available for programs of social services under the Social Security Act, other federal laws or regulations, State appropriations and other non-federal sources. The Department is designated as the single State agency responsible for administering or supervising the administration of such programs. It is the intent of this Article that programs of social services be administered so that the State and its citizens may benefit fully from any grants-in-aid. (1981, c. 275, s. 1.)

CASE NOTES

Limitations on Rule Making Authority of Social Services Commission. — The Social Services Commission has and continues to have general rule making authority under its grant in G.S. 143B-153 and by the provision of this section which authorizes the Department of Human Resources to accept all "State appropriations" for programs of social services. That grant became limited, however, by Chapter 150B upon its enactment, thereby requiring the Commission to comply with certain procedural requirements in adopting rules if specifically authorized by legislative enactment to adopt rules. Whittington v. North Carolina Dep't of Human Resources, 100 N.C. App. 603, 398 S.E.2d 40 (1990).

Administration of State Abortion Fund. — Since the State Abortion Fund prior to the enactment of Session Laws 1985, c. 479, s. 93 was merely a "state appropriation," the Department of Human Resources, through its Social Services Commission, could and did enact rules and regulations pertaining to the program. However, by the passage of Section 93, which specifically limits by legislative enactment how the Fund is to be administered, the Department of Human Resources and the Commission's rule making authority must comply with the requirements of Chapter 150B. Whittington v. North Carolina Dep't of Human Resources, 100 N.C. App. 603, 398 S.E.2d 40 (1990).

§ 108A-72. Social services checks payable to decedents.

In the event of the death of a recipient of a cash payment service, any check or checks payable to such recipient but not endorsed prior to such recipient's death shall be returned to the issuing agency, made void, and reissued to the provider of the service. (1981, c. 275, s. 1.)

§ 108A-73. Services appeals and confidentiality of records.

The provisions of Article 4 on public assistance and social services appeals and confidentiality of records shall be applicable to social services programs authorized under this Article. (1981, c. 275, s. 1.)

§ 108A-74. County department failure to provide services; State intervention in or control of service delivery.

(a) Notwithstanding any other provision of law to the contrary, the Secretary of Health and Human Services may take action in accordance with this section to ensure the delivery of child welfare services in accordance with State laws and applicable rules. As used in this section, the terms:

(1) "County department of social services" also means the consolidated human services agency, whichever applies;

(2) "County director of social services" also means the human services director, whichever applies; and

(3) "County board of social services" also means the consolidated human services board, whichever applies.

(b) If the Secretary of Health and Human Services determines that a county department of social services is not providing child protective services, foster care services, or adoption services in accordance with State law and with applicable rules adopted by the Social Services Commission, or fails to demonstrate reasonable efforts to do so, then the Secretary, after providing

written notification of intent to the county director of social services, to the chair of the county board of commissioners, and to the chair of the county board of social services, and after providing them with an opportunity to be heard, may intervene in the particular service or services in question. Intervention includes, but is not limited to, the following activities:

(1) Sending staff of the Department of Health and Human Services to the county department of social services to provide technical assistance and to monitor the services being provided;

(2) Establishing a corrective plan of action to correct inappropriate policies and procedures; and

(3) Advising county personnel as to appropriate policies and procedures.

If within 60 days of completion of the intervention activities, the Secretary finds that the county department of social services is not providing in accordance with State laws and applicable rules the particular service or services for which intervention was initiated, or has not demonstrated reasonable efforts to do so, the Secretary shall withhold State and federal child welfare services administrative funds until the particular service or services are provided in accordance with State laws and applicable rules.

(c) If the Secretary determines that a county department of social services is not providing child protective, foster care, or adoption services in accordance with State law and with applicable rules adopted by the Social Services Commission, or fails to demonstrate reasonable efforts to do so, and the failure to provide the services poses a substantial threat to the safety and welfare of children in the county who receive or are eligible to receive the services, then the Secretary, after providing written notification of intent to the chair of the county board of commissioners, to the chair of the county board of social services, and to the county director of social services, and after providing them with an opportunity to be heard, shall withhold funding for the particular service or services in question and shall ensure the provision of these services through contracts with public or private agencies or by direct operation by the Department of Health and Human Services.

(d) In the event that the Secretary assumes control of service delivery pursuant to subsection (c) of this section, the county director of social services shall be divested of all service delivery powers conferred upon the director by G.S. 108A-14 and other applicable State law as the powers pertain to the services in question. Upon assumption of control of service delivery, the Secretary may assign any of the powers and duties of the county director of social services to the Director of the Division of Social Services of the Department of Health and Human Services or to a contractor as the Secretary deems necessary and appropriate to continue the provision of the services in the county.

(e) In the event the Secretary takes action under this section, the Department of Health and Human Services shall, in conjunction with the county board of commissioners, the county board of social services, and the county director of social services develop and implement a corrective plan of action. The Department of Health and Human Services shall also keep the chair of the county board of commissioners, the chair of the county board of social services, and the county director of social services informed of any ongoing concerns or problems with the delivery of the services in question.

(f) Upon the Secretary taking action pursuant to subsection (c) of this section, county funding of the services in question shall continue and at no time during the period of time that the Secretary is taking action shall a county withdraw funds previously obligated or appropriated for the services. Upon the Secretary's assumption of the control of service delivery, the county shall also pay the nonfederal share of any additional cost that may be incurred to operate the services in question at the level necessary to comply fully with State law and Social Services Commission rules.

(g) During the period of time that the Secretary is taking action pursuant to subsection (c) of this section, the Department of Health and Human Services shall work with the county board of commissioners, the county board of social services, and the county director of social services, to enable service delivery to be returned to the county if and when the Secretary has determined that services can be provided by the county in accordance with State law and applicable rules. (1997-390, s. 10; 1997-443, s. 11A.118(a).)

Article 4.

Public Assistance and Social Services Appeals and Access to Records.

§ 108A-79. Appeals.

(a) A public assistance applicant or recipient shall have a right to appeal the decision of the county board of social services, county department of social services, or the board of county commissioners granting, denying, terminating, or modifying assistance, or the failure of the county board of social services or county department of social services to act within a reasonable time under the rules and regulations of the Social Services Commission or the Department. Each applicant or recipient shall be notified in writing of his right to appeal upon denial of his application for assistance and at the time of any subsequent action on his case.

(b) In cases involving termination or modification of assistance, no action shall become effective until 10 workdays after notice of this action and of the right to appeal is mailed or delivered by hand to the recipient; provided, however, termination or modification of assistance may be effective immediately upon the mailing or delivery of notice in the following circumstances:

(1) When the modification is beneficial to the recipient; or

(2) When federal regulations permit immediate termination or modification upon mailing or delivery of notice and the Social Services Commission or the Department of Health and Human Services promulgates regulations adopting said federal law or regulations. When federal and State regulations permit immediate termination or modification, the recipient shall have no right to continued assistance at the present level pending a hearing, as would otherwise be provided by subsection (d) of this section.

(c) The notice of action and the right to appeal shall comply with all applicable federal and State law and regulations; provided, such notice shall, at a minimum contain a clear statement of:

(1) The action which was or is to be taken;

(2) The reasons for which this action was or is to be taken;

(3) The regulations supporting this action;

(4) The applicant's or recipient's right to both a local and State level hearing, or to a State level hearing in the case of the food and nutrition services program, on the decision to take this action and the method for obtaining these hearings;

(5) The right to be represented at the hearings by a personal representative, including an attorney obtained at the applicant's or recipient's expense;

(6) In cases involving termination or modification of assistance, the recipient's right upon timely request to continue receiving assistance at the present level pending an appeal hearing and decision on that hearing.

An applicant or recipient may give notice of appeal by written or oral statement to the county department of social services, which shall record such notice by completing a form developed by the Department.

Such notice of appeal must be given within 60 days from the date of the action, or 90 days from the date of notification in the case of the food and nutrition services program. Failure to give timely notice of appeal constitutes a waiver of the right to a hearing except that, for good cause shown, the county department of social services may permit an appeal notwithstanding the waiver. The waiver shall not affect the right to reapply for benefits.

(d) If there is such timely appeal in cases not involving disability, in the first instance the hearing shall consist of a local appeal hearing before the county director or a designated representative of the county director, provided whoever hears the local appeal shall not have been involved directly in the initial decision giving rise to the appeal. If there is such timely appeal in cases involving disability, the county director or a designated representative of the county director shall within five days of the request for an appeal forward the request to the Department of Health and Human Services, and the Department shall designate a hearing officer who shall promptly hold a hearing in the county according to the provisions of subsections (i) and (j) of this section. In cases involving termination or modification of assistance (other than cases of immediate termination or modification of assistance pursuant to subsection (b) (2) of this section), the recipient shall continue to receive assistance at the present level pending the decision at the initial hearing, whether that be the local appeal hearing decision or, in cases involving questions of disability, the Department of Health and Human Services hearing decision, provided that in order to continue receiving assistance pending the initial hearing decision the recipient must request a hearing on or before the effective date of the termination or modification of assistance.

(e) The local appeal hearing shall be held not more than five days after the request for it is received. The recipient may, for good cause shown as defined by rule or regulation of the Social Services Commission or the Department, petition the county department of social services, in writing, for a delay, but in no event shall the local appeal hearing be held more than 15 days after the receipt of the request for hearing. At the local appeal hearing:

(1) The appellant and the county department may be represented by personal representatives, including attorneys, obtained at their expense.

(2) The appellant or his personal representative and the county department shall present such sworn evidence and law or regulations as bear upon the case. The hearing need not be recorded or transcribed, but the director or his representative shall summarize in writing the substance of the hearing.

(3) The appellant or his personal representative and the county department may cross-examine witnesses and present closing arguments summarizing their views of the case and the law.

(4) Prior to and during the hearing, the appellant or his personal representative shall have adequate opportunity to examine the contents of his case file for the matter pending together with those portions of other public assistance or social services case files which

pertain to the appeal, and all documents and records which the county department of social services intends to use at the hearing. Those portions of the public assistance or social services case file which do not pertain to the appeal or which are required by federal statutes or regulations or by State statutes or regulations to be held confidential shall not be released to the appellant or his personal representative. In cases where the appellant has been denied access to the public assistance or social services case file the hearing officer shall certify as part of the official record that the hearing officer has examined the case files and that no portion of those files pertain to the appeal. Such certification may be subject to judicial review as provided in subsection (k) of this section. Nothing in this section is intended to restrict an applicant or recipient access to information if that access is allowed by rules and regulations promulgated pursuant to G.S. 108A-80.

(f) The director or his designated representative shall make the decision based upon the evidence presented at the hearing and all applicable regulations, and shall prepare a written statement of his decision citing the regulations and evidence to support it. This written statement of the decision will be served by certified mail on the appellant within five days of the local appeal hearing. If the decision terminating or modifying the appellant's benefits is affirmed, the assistance shall be terminated or modified, not earlier than the date the decision is mailed, and any assistance received during the time of the appeal is subject to recovery.

(g) If the appellant is dissatisfied with the decision of the local appeal hearing, he may within 15 days of the mailing notification of the decision take a further appeal to the Department. However, assistance may not be received pending this further appeal. Failure to give timely notice of further appeal constitutes a waiver of the right to a hearing before an official of the Department except that, for good cause shown, the Department may issue an order permitting a review of the local appeal hearing notwithstanding the waiver. The waiver shall not affect the right to reapply for benefits.

(h) Subsections (d)-(g) of this section shall not apply to the food and nutrition services program. The first appeal for an electronic food and nutrition benefit recipient or his representative shall be to the Department. Pending hearing, the recipient's assistance shall be continued at the present level upon timely request.

(i) If there is an appeal from the local appeal hearing decision, or from an electronic food and nutrition benefit recipient or his representative where there is no local hearing, or if there is an appeal of a case involving questions of disability the county director shall notify the Department according to its rules and regulations. The Department shall designate a hearing officer who shall promptly hold a de novo administrative hearing in the county after giving reasonable notice of the time and place of such hearing to the appellant and the county department of social services. Such hearing shall be conducted according to applicable federal law and regulations and Article 3, Chapter 150B, of the General Statutes of North Carolina; provided the Department shall adopt rules and regulations to ensure the following:

(1) Prior to and during the hearing, the appellant or his personal representative shall have adequate opportunity to examine his case file and all documents and records which the county department of social services intends to use at the hearing together with those portions of other public assistance or social services case files which pertain to the appeal. Those portions of the public assistance or social services case files which do not pertain to the appeal or which are required by federal statutes or regulations or by State statutes or regulations to be held confidential shall not be released to the

appellant or his personal representative. In cases where the appellant has been denied access to portions of the public assistance or social services case file, the hearing officer shall certify as part of the official record that the hearing officer has examined the case files and that no portion of those files pertain to the appeal. Such certification may be subject to judicial review as provided in subsection (k) of this section. Nothing in this section is intended to restrict an applicant or recipient access to information if that access is allowed by rules or regulations promulgated pursuant to G.S. 108A-80.

(2) At the appeal hearing, the appellant and personnel of the county department of social services may present such sworn evidence, law and regulations as bear upon the case.

(3) The appellant and county department shall have the right to be represented by the person of his choice, including an attorney obtained at his own expense.

(4) The appellant and county department shall have the right to cross-examine the other party as well as make a closing argument summarizing his view of the case and the law.

(5) The appeal hearing shall be recorded; however, no transcript will be prepared unless a petition for judicial review is filed pursuant to subsection (k) herein, in which case, the transcript will be made a part of the official record. In the absence of the filing of a petition for a judicial review, the recording of the appeal hearing may be erased or otherwise destroyed 180 days after the final decision is mailed.

(6) Notwithstanding G.S. 150B-28 or any other provision of State law, discovery shall be no more extensive or formal than that required by federal law and regulations applicable to such hearings.

(j) After the administrative hearing, the hearing officer shall prepare a proposal for decision, citing pertinent law, regulations, and evidence, which shall be served upon the appellant and the county department of social services or their personal representatives. The appellant and the county department of social services shall have the opportunity to present oral and written arguments in opposition to or in support of the proposal for decision to the designated official of the Department who is to make the final decision. The final decision shall be based on, conform to, and set forth in detail the relevant evidence, pertinent State and federal law and regulations, and matters officially noticed. The decision shall be rendered not more than 90 days, or 45 days in the case of the food and nutrition services program, from the date of request for the hearing, unless the hearing was delayed at the request of the appellant. If the hearing was delayed at the appellant's request, the decision may only be delayed for the length of time the appellant requested a delay. The final decision shall be served upon the appellant and upon the county department of social services by certified mail, with a copy furnished to either party's attorney of record. In the absence of a petition for judicial review filed pursuant to subsection (k) herein, the final decision shall be binding upon the appellant, the county department of social services, the county board of social services, and the board of county commissioners.

(k) Any applicant or recipient who is dissatisfied with the final decision of the Department may file, within 30 days of the receipt of notice of such decision, a petition for judicial review in superior court of the county from which the case arose. Failure to file a petition within the time stated shall operate as a waiver of the right of such party to review, except that, for good cause shown, a judge of the superior court resident in the district or holding court in the county from which the case arose may issue an order permitting a review of the agency decision under this Chapter notwithstanding such waiver. The hearing shall be conducted according to the provisions of Article 4,

Chapter 150B, of the North Carolina General Statutes. The court shall, on request, examine the evidence excluded at the hearing under G.S. 108A-79(e)(4) or G.S. 108A-79(i)(1) and if the evidence was improperly excluded, the court shall consider it. Notwithstanding the foregoing provisions, the court may take testimony and examine into the facts of the case, including excluded evidence, to determine whether the final decision is in error under federal and State law, and under the rules and regulations of the Social Services Commission or the Department of Health and Human Services. Furthermore, the court shall set the matter for hearing within 15 days from the filing of the record under G.S. 150B-47 and after reasonable written notice to the Department of Health and Human Services and the applicant or recipient. Nothing in this subsection shall be construed to abrogate any rights that the county may have under Article 4 of Chapter 150B.

(*l*) In the event of conflict between federal law or regulations and State law or regulations, the federal law or regulations shall control. (1937, c. 288, ss. 18, 48; 1939, c. 395, s. 1; 1957, c. 100, s. 1; 1969, c. 546, s. 1; cc. 735, 754; 1973, c. 476, s. 138; 1977, 2nd Sess., c. 1219, ss. 14-18; 1979, c. 691; 1981, c. 275, s. 1; c. 419, ss. 1-3; c. 420, ss. 1-3; 1987, c. 599, ss. 1-3; c. 827, s. 1; 1997-443, s. 11A.118(a); 2007-97, s. 13.)

Procedural Matters Governing Appeals from Determinations to Deny, Terminate, Suspend, or Reduce Covered Services. — Session Laws 2008-107, s. 10.15A(h1), as amended by Session Laws 2008-118, s. 3.13(a), Session Laws 2009-526, s. 2(a), and Session Laws 2009-550, s. 1.1(a), provides: "(h1)(1) General Rule. — Notwithstanding any provision of State law or rules to the contrary, this subsection shall govern the process used by a Medicaid applicant or recipient to appeal a determination made by the Department of Health and Human Services to deny, terminate, suspend, or reduce Medicaid covered services. For purposes of this subsection, the phrase 'adverse determination' means a determination by the Department to deny, terminate, suspend, or reduce Medicaid covered services. For purposes of this subsection, all references to an applicant or recipient include the applicant or recipient's parent, guardian, or legal representative; however, notice need only be given to a parent, guardian, or legal representative who has requested in writing to receive the notice.

"(2) Notice. — Except as otherwise provided by federal law or regulation, at least 10 days before the effective date of an adverse determination, the Department shall notify the applicant or recipient, and the provider, if applicable, in writing of the determination and of the applicant's or recipient's right to appeal the determination. The notice shall be mailed on the date indicated on the notice as the date of the determination. The notice shall include:

"a. An identification of the applicant or recipient whose services are being affected by the adverse determination, including full name and Medicaid identification number.

"b. An explanation of what service is being denied, terminated, suspended, or reduced and the reason for the determination.

"c. The specific regulation, statute, or medical policy that supports or requires the adverse determination.

"d. The effective date of the adverse determination.

"e. An explanation of the applicant's or recipient's right to appeal the Department's adverse determination in an evidentiary hearing before an administrative law judge.

"f. An explanation of how the applicant or recipient can request a hearing and a statement that the applicant or recipient may represent himself or use legal counsel, a relative, or other spokesperson.

"g. A statement that the applicant or recipient will continue to receive Medicaid services at the level provided on the day immediately preceding the Department's adverse determination or the amount requested by the applicant or recipient, whichever is less, if the applicant or recipient requests a hearing before the effective date of the adverse determination. The services shall continue until the hearing is completed and a final decision is rendered.

"h. The name and telephone number of a contact person at the Department to respond in a timely fashion to the applicant's or recipient's questions.

"i. The telephone number by which the applicant or recipient may contact a Legal Aid/Legal Services office.

"j. The appeal request form described in subdivision (4) of this subsection that the applicant or recipient may use to request a hearing.

"(3) Appeals. — Except as provided by this subsection and subsection 10.15A(h2) of this act, a request for a hearing to appeal an adverse determination of the Department under this section is a contested case subject to the

provisions of Article 3 of Chapter 150B of the General Statutes. The applicant or recipient must request a hearing within 30 days of the mailing of the notice required by subdivision (2) of this subsection by sending an appeal request form to the Office of Administrative Hearings and the Department. Where a request for hearing concerns the reduction, modification, or termination of Medicaid services, upon the receipt of timely appeal, the Department shall reinstate the services to the level or manner prior to action by the Department as permitted by federal law or regulation. The Department shall immediately forward a copy of the notice to the Office of Administrative Hearings electronically. The information contained in the notice is confidential unless the recipient appeals. The Office of Administrative Hearings may dispose of the records after one year. The Department may not influence, limit, or interfere with the applicant's or recipient's decision to request a hearing.

"(4) Appeal Request Form. — Along with the notice required by subdivision (2) of this subsection, the Department shall also provide the applicant or recipient with an appeal request form which shall be no more than one side of one page. The form shall include the following:

"a. A statement that in order to request an appeal, the applicant or recipient must send the form by mail or fax to the address or fax number listed on the form within 30 days of mailing of the notice.

"b. The applicant's or recipient's name, address, telephone number, and Medicaid identification number.

"c. A preprinted statement that indicates that the applicant or recipient would like to appeal the specific adverse determination of which the applicant or recipient was notified in the notice.

"d. A statement informing the applicant or recipient that he or she may choose to be represented by a lawyer, a relative, a friend, or other spokesperson.

"e. A space for the applicant's or recipient's signature and date.

"(5) Final Decision. — After a hearing before an administrative law judge, the judge shall return the decision and record to the Department in accordance with subsection 10.15A(h2) of this act. The Department shall make a final decision in the case within 20 days of receipt of the decision and record from the administrative law judge and promptly notify the applicant or recipient of the final decision and of the right to judicial review of the decision pursuant to Article 4 of Chapter 150B of the General Statutes."

Session Laws 2008-107, s. 10.15A(h2)-(h6), as added by Session Laws 2008-118, s. 313(b), Session Laws 2009-526, s. 2(b), and Session Laws 2009-550, s. 1.1(b), provides: "(h2)(1) Application. — This subsection applies only to contested Medicaid cases commenced by Medicaid applicants or recipients under subsection 10.15A(h1) of this act. Except as otherwise provided by subsection 10.15A(h1) and this subsection governing time lines and procedural steps, a contested Medicaid case commenced by a Medicaid applicant or recipient is subject to the provisions of Article 3 of Chapter 150B. To the extent any provision in this subsection or subsection 10.15A(h1) of this act conflicts with another provision in Article 3 of Chapter 150B, this subsection and subsection 10.15A(h1) controls.

"(2) Simple Procedures. — Notwithstanding any other provision of Article 3 of Chapter 150B of the General Statutes, the chief administrative law judge may limit and simplify the procedures that apply to a contested Medicaid case involving a Medicaid applicant or recipient in order to complete the case as quickly as possible. To the extent possible, the Office of Administrative Hearings shall schedule and hear all contested Medicaid cases within 55 days of submission of a request for appeal. Hearings shall be conducted telephonically or by video technology, however the recipient or applicant, or the recipient's or applicant's representative may request that the hearing be conducted before the administrative law judge in person. An in-person hearing shall be conducted in Wake County, however for good cause shown, the in-person hearing may be conducted in the county of residence of the recipient or applicant. Good cause shall include but is not limited to the applicant's or recipient's impairments limiting travel or the unavailability of the applicant's or recipient's treating professional witnesses. The Department shall provide written notice to the recipient or applicant of the use of telephonic hearings, hearings by video conference, and in-person hearings before the administrative law judge, and how to request a hearing in the recipient's or applicant's county of residence. The simplified procedure may include requiring that all prehearing motions be considered and ruled on by the administrative law judge in the course of the hearing of the case on the merits. An administrative law judge assigned to a contested Medicaid case shall make reasonable efforts in a case involving a Medicaid applicant or recipient who is not represented by an attorney to assure a fair hearing and to maintain a complete record of the hearing. The administrative law judge may allow brief extensions of the time limits contained in this section for good cause and to ensure that the record is complete. Good cause includes delays resulting from untimely receipt of documentation needed to render a decision and other unavoidable and unforeseen circumstances. Continuances shall only be granted in accordance with rules adopted by the Office of Administrative Hearings, and shall not be

granted on the day of the hearing, except for good cause shown. If a petitioner fails to make an appearance at a hearing that has been properly noticed via certified mail by the Office of Administrative Hearings, the Office of Administrative Hearings shall immediately dismiss the contested case provision.

"(3) Mediation. — Upon receipt of an appeal request form as provided by subdivision 10.15A(h1)(4) of this act or other clear request for a hearing by a Medicaid applicant or recipient, the Office of Administrative Hearings shall immediately notify the Mediation Network of North Carolina which shall within five days contact the petitioner to offer mediation in an attempt to resolve the dispute. If mediation is accepted, the mediation must be completed within 25 days of submission of the request for appeal. Upon completion of the mediation, the mediator shall inform the Office of Administrative Hearings and the Department within 24 hours of the resolution by facsimile or electronic messaging. If the parties have resolved matters in the mediation, the case shall be dismissed by the Office of Administrative Hearings. The Office of Administrative Hearings shall not conduct any contested Medicaid cases hearings until it has received notice from the mediator assigned that either: (i) the mediation was unsuccessful, or (ii) the petitioner has rejected the offer of mediation, or (iii) the petitioner has failed to appear at a scheduled mediation. Nothing in this subdivision shall restrict the right to a contested case hearing.

"(4) Burden of Proof. — The petitioner has the burden of proof to show entitlement to a requested benefit or the propriety of requested agency action when the agency has denied the benefit or refused to take the particular action. The agency has the burden of proof when the appeal is from an agency determination to impose a penalty or reduce, terminate, or suspend a benefit previously granted. The party with the burden of proof on any issue has the burden of going forward, and the administrative law judge shall not make any ruling on the preponderance of evidence until the close of all evidence.

"(4a) New Evidence.— The petitioner shall be permitted to submit evidence regardless of whether obtained prior to or subsequent to the Department's actions and regardless of whether the Department had an opportunity to consider the evidence in making its determination to deny, reduce, terminate or suspend a benefit. When such evidence is received, at the request of the Department, the administrative law judge shall continue the hearing for a minimum of 15 days and a maximum of 30 days to allow for the Department's review of the evidence. Subsequent to review of the evidence, if the Department reverses its original decision, it shall immediately inform the administrative law judge.

"(4b) Issue for Hearing.— For each penalty imposed or benefit reduced, terminated, or suspended, the hearing shall determine whether the Department substantially prejudiced the rights of the petitioner and if the Department, based upon evidence at the hearing:

"a. Exceeded its authority or jurisdiction;

"b. Acted erroneously;

"c. Failed to use proper procedure;

"d. Acted arbitrarily or capriciously; or

"e. Failed to act as required by law or rule.

"(5) Decision. — The administrative law judge assigned to a contested Medicaid case shall hear and decide the case without unnecessary delay. The Office of Administrative Hearings shall send a copy of the audiotape or diskette of the hearing to the agency within five days of completion of the hearing. The judge shall prepare a written decision and send it to the parties. The decision must be sent together with the record to the agency within 20 days of the conclusion of the hearing.

"(h3) From funds available to the Department of Health and Human Services for the 2008-2009 fiscal year, the sum of two million dollars ($2,000,000) shall be transferred by the Department of Health and Human Services to the Office of Administrative Hearings. These funds shall be allocated by the Office of Administrative Hearings for mediation services provided for Medicaid applicant and recipient appeals and to contract for other services necessary to conduct the appeals process.

"(h4) Effective October 1, 2008, the Department of Health and Human Services shall discontinue its current informal appeals process for Medicaid applicants and recipients appealing a determination made by the Department to deny, terminate, suspend, or reduce Medicaid covered services. All such informal appeals by Medicaid applicants or recipients under the current system which are pending on that date and for which a hearing has not been held shall be discontinued and the applicant or recipient offered an opportunity to appeal to the Office of Administrative Hearings in accordance with the provisions of subsection 10.15A(h1) of this act. The Department shall make every effort to resolve or settle all of the backlogged cases prior to the effective date of this act.

"(h5) Nothing in this act shall prevent the Department of Health and Human Services from engaging in an informal review of the case with the applicant or recipient prior to issuing a notice of adverse determination as provided by subsection 10.15A(h1) of this act.

"(h6) The appeals process for Medicaid applicants and recipients established under this section shall expire July 1, 2010. The Department of Health and Human Services and the Office of Administrative Hearings shall each

report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Subcommittee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division on March 1, 2009, October 1, 2009, and March 1, 2010, on the costs, effectiveness, and efficiency of the appeals process for Medicaid applicants and recipients and make recommendations regarding the continuation of the process."

Editor's Note. — Session Laws 2008-107, s. 1.2. provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2008'."

Session Laws 2008-107, s. 30.3 provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2008-2009 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2008-2009 fiscal year."

Session Laws 2008-107, s. 30.5 is a severability clause.

CASE NOTES

Failure to Give Notice of Right to Counsel. — The omission of information concerning the right to counsel in the notice of termination of services under subsection (c) was a serious error; lack of assistance of counsel could have a major impact on the proceedings, and the notice fell short of the necessary specificity regarding the reasons for termination. King v. North Carolina Dep't of Human Resources, 93 N.C. App. 89, 376 S.E.2d 245 (1989).

Failure to Apprise Petitioner of Basis for Decision. — Use of the general language "continuing refusal to cooperate" did not sufficiently apprise the petitioner of the basis for the decision and seriously impaired his ability to rebut those grounds at the subsequent hearing. King v. North Carolina Dep't of Human Resources, 93 N.C. App. 89, 376 S.E.2d 245 (1989).

Standing to Appeal Eligibility Decision. — Daughter of deceased Medicaid recipient had no right to appeal from Department of Human Resources decision regarding her father's eligibility, as she was neither an "applicant" nor a "recipient," nor the legal representative of her father's estate. Yates v. North Carolina Dep't of Human Resources, 98 N.C. App. 402, 390 S.E.2d 761 (1990).

Standard of Review. — While G.S. 108A-79(k) authorizes a trial court to take testimony and reexamine the facts, this authorization is only to determine whether a final decision of the North Carolina Department of Health and Human Services (DHHS) is in error; G.S. 108A-79(k) requires the trial court to sit as both a trial and appellate court and in order to give meaning to both functions, the trial court is limited to determining whether the reason offered for the DHHS's decision to sanction a benefits recipient was factually and legally correct; G.S. 108A-79(k) should not be read to authorize the trial court to rehear a case, to make wholly new factual findings, and to determine that alternative grounds not relied upon by the DHHS would also justify a sanction. Chatmon v. N.C. HHS, 175 N.C. App. 85, 622 S.E.2d 684, 2005 N.C. App. LEXIS 2711 (2005).

Superior court was required under G.S. 108A-79(k) to determine whether decisions by a hearing officer for the North Carolina Department of Health and Human Services, regarding the denial of Medicaid emergency medical benefits for a claimant's hospitalizations, were factually and legally correct. Thus, the superior court properly made its own findings of fact, and conducted a de novo review to the extent it was functioning as an appellate court. Meza v. Div. of Soc. Servs., — N.C. App. —, 668 S.E.2d 571, 2008 N.C. App. LEXIS 1814 (2008).

Omission of Information Concerning Right to Counsel Was Error. — The omission of information concerning the right to counsel in the notice of termination of services under subsection (c) was a serious error; lack of assistance of counsel could have a major impact on the proceedings, and the notice fell short of the necessary specificity regarding the reasons for termination; the general "continuing refusal to cooperate" does not sufficiently apprise the petitioner of the basis for the decision and seriously impairs his ability to rebut those grounds at the subsequent hearing; therefore, plaintiff's benefits were improperly terminated by the failure to follow prescribed statutory requirements for notice. King v. North Carolina Dep't of Human Resources, 93 N.C. App. 89, 376 S.E.2d 245 (1989).

Findings of Fact Inadequate. — Work First benefits recipient's appeal of the affirmance of a reduction of her benefits was remanded to the trial court as the trial court's findings of fact related to the recipient's diabetic condition and her ability to work merely recited the evidence, did not articulate what the trial court considered to be the definition of disability in the Americans With Disabilities Act (ADA), specifically 42 U.S.C.S. § 12102(2), and were inadequate for the appellate court to

review de novo whether the trial court properly affirmed the North Carolina Department of Health and Human Services' decision that the sanctions did not violate the ADA. Chatmon v. N.C. HHS, 175 N.C. App. 85, 622 S.E.2d 684, 2005 N.C. App. LEXIS 2711 (2005).

OPINIONS OF ATTORNEY GENERAL

Provisions Governing Appeals. — Appeals by applicants and recipients of public assistance or social services from adverse decisions of county agencies or boards are governed by the substantive provisions and procedural requirements of this section, including the procedural provisions of the Administrative Procedure Act (G.S. 150B-1 et seq.), consistent with the statute, to the extent that substance and procedure are not in conflict with applicable federal law and regulations. See opinion of Attorney General to Mr. Phillip J. Kirk, Jr., Secretary, Department of Human Resources, 55 N.C.A.G. 91 (1986).

Electing County Appeals. — An Electing County cannot utilize the hearing officers provided by the State to Standard Counties and have them resolve Electing County appeals pursuant to this section. See opinion of Attorney General to Kevin M. FitzGerald, Director, Division of Social Services. N.C. Dept. of Health and Human Services, N.C. General Assembly, 1999 N.C.A.G. 12 (4/9/99).

Substantive Provisions of Section Govern over Administrative Procedure Act. — Given the detailed substantive provisions of this section, designed specifically to apply to appeals of county agency decisions, and the fact that the Administrative Procedure Act, by its terms, does not apply to such appeals, the legislature, by reference to such act, did not intend to substitute the act's substantive requirements for those of this section. The citation to the act simply indicated a legislative intent to incorporate the powers of hearing officers and the hearing procedures detailed in the act into subsection (i) of this section by reference. See opinion of Attorney General to Mr. Phillip J. Kirk, Jr., Secretary, Department of Human Resources, 55 N.C.A.G. 91 (1986).

Secretary May Delegate Decision-Making Authority Regarding Appeals. — See opinion of Attorney General to Mr. David T. Flaherty, N.C. Department of Human Resources, 42 N.C.A.G. 313 (1973), issued under former Chapter 108.

§ 108A-80. Confidentiality of records.

(a) Except as provided in (b) below, it shall be unlawful for any person to obtain, disclose or use, or to authorize, permit, or acquiesce in the use of any list of names or other information concerning persons applying for or receiving public assistance or social services that may be directly or indirectly derived from the records, files or communications of the Department or the county boards of social services, or county departments of social services or acquired in the course of performing official duties except for the purposes directly connected with the administration of the programs of public assistance and social services in accordance with federal law, rules and regulations, and the rules of the Social Services Commission or the Department.

(b) The Department shall furnish a copy of the recipient check register monthly to each county auditor showing a complete list of all recipients of Work First Family Assistance in Standard Program Counties and State-County Special Assistance for Adults, their addresses, and the amounts of the monthly grants. An Electing County whose checks are not being issued by the State shall furnish a copy of the recipient check register monthly to its county auditor showing a complete list of all recipients of Work First Family

Assistance in the Electing County, their addresses, and the amounts of the monthly payments. These registers shall be public records open to public inspection during the regular office hours of the county auditor, but the registers or the information contained therein may not be used for any commercial or political purpose. Any violation of this section shall constitute a Class 1 misdemeanor.

(c) Any listing of recipients of benefits under any public assistance or social services program compiled by or used for official purposes by a county board of social services or a county department of social services shall not be used as a mailing list for political purposes. This prohibition shall apply to any list of recipients of benefits of any federal, State, county or mixed public assistance or social services program. Further, this prohibition shall apply to the use of such listing by any person, organization, corporation, or business, including but not limited to public officers or employees of federal, State, county, or other local governments, as a mailing list for political purposes. Any violation of this section shall be punishable as a Class 1 misdemeanor.

(d) The Social Services Commission may adopt rules governing access to case files for social services and public assistance programs, except the Medical Assistance Program. The Secretary of the Department of Health and Human Services shall have the authority to adopt rules governing access to medical assistance case files. (1937, c. 288, ss. 18, 48; 1939, c. 395, s. 1; 1957, c. 100, s. 1; 1969, c. 546, s. 1; cc. 735, 754; 1973, c. 476, s. 138; 1977, 2nd Sess., c. 1219, s. 19; 1981, c. 275, s. 1; c. 419, s. 4; 1993, c. 539, ss. 819, 820; 1994, Ex. Sess., c. 24, s. 14(c); 1997-443, ss. 11A.118(a), 12.12.)

CASE NOTES

Test for State Interest Justifying Confidentiality. — In order to justify the application of a confidentiality rule, there must be shown a state interest in confidentiality applicable on the facts which outweighs the public and individual interests in the particular statements made. Fracaro v. Priddy, 514 F. Supp. 191 (M.D.N.C. 1981), decided under former Chapter 108.

OPINIONS OF ATTORNEY GENERAL

Although the public assistance recipient check register is a public record, it may not be used for any commercial or political reason, including publication by the media. OPINIONS OF ATTORNEY GENERAL

State Must Pay All Nonfederal Share of Medicaid Benefits for Indians Living on Federal Reservation. — See opinion of Attorney General to Mr. Clifton M. Craig, Commissioner, Department of Social Services, 41 N.C.A.G. 140 (1970), issued under former Chapter 108.

§ 108A-88. Determination of State and county financial participation.

Before February 15 of each year, the Secretary shall notify the county board of commissioners, the county manager, the director of social services, and the director of public health of each county of the amount of State and federal moneys estimated to be available, as best can be determined, to that county for programs of public assistance, social services, public health, and related administrative costs, as well as the percentage of county participation expected to be required for the budget for the succeeding fiscal year. In odd-numbered years, in making such notification, the Secretary shall notify the counties of any changes in funding levels, formulas, or programs relating

to public assistance and public health proposed by the Governor to the General Assembly in the proposed budget and budget report submitted under the State Budget Act. (b) When a caretaker of a disabled adult who consents to the receipt of protective services refuses to allow the provision of such services to the disabled adult, the director may petition the district court for an order enjoining the caretaker from interfering with the provision of protective services to the disabled adult. The petition must allege specific facts sufficient to show that the disabled adult is in need of protective services and consents to the receipt of protective services and that the caretaker refuses to allow the provision of such services. If the judge finds by clear, cogent, and convincing evidence that the disabled adult is in need of protective services and consents to the receipt of protective services and that the caretaker refuses to allow the provision of such services, he may issue an order enjoining the caretaker from interfering with the provision of protective services to the disabled adult.

(c) If a disabled adult does not consent to the receipt of protective services, or if he withdraws his consent, the services shall not be provided. (1973, c. 1378, s. 1; 1975, c. 797; 1981, c. 275, s. 1.)

If the person is indigent, the cost of representation shall be borne by the State.

(c) If, at the hearing, the judge finds by clear, cogent, and convincing evidence that the disabled adult is in need of protective services and lacks capacity to consent to protective services, he may issue an order authorizing the provision of protective services. This order may include the designation of an individual or organization to be responsible for the performing or obtaining of essential services on behalf of the disabled adult or otherwise consenting to protective services in his behalf. Within 60 days from the appointment of such an individual or organization, the court will conduct a review to determine if a petition should be initiated in accordance with Chapter 35A; for good cause shown, the court may extend the 60 day period for an additional 60 days, at the

end of which it shall conduct a review to determine if a petition should be initiated in accordance with Chapter 35A. No disabled adult may be committed to a mental health facility under this Article.

(d) A determination by the court that a person lacks the capacity to consent to protective services under the provisions of this Chapter shall in no way affect incompetency proceedings as set forth in Chapters 33, 35 or 122 of the General Statutes of North Carolina, or any other proceedings, and incompetency proceedings as set forth in Chapters 33, 35, or 122 shall have no conclusive effect upon the question of capacity to consent to protective services as set forth in this Chapter. CASE NOTES

After-School Program Not a Day-Care Facility. — Court disagreed with the plaintiff's contention that after-school program was a day-care facility and a non-traditional governmental activity not entitled to governmental immunity under G.S. 115C-42, because the program did not meet the statutory definition of "day-care facility" under this section, the record revealed no evidence of profits, and the fees were insubstantial. Such crimes include the following North Carolina crimes contained in any of the following Articles of Chapter 14 of the General Statutes: Article 6, Homicide; Article 7A, Rape and Kindred Offenses; Article 8, Assaults; Article 10, Kidnapping and Abduction; Article 13, Malicious Injury or Damage by Use of Explosive or Incendiary Device or Material; Article 26, Offenses Against Public Morality and Decency; Article 27, Prostitution; Article 39, Protection of Minors; Article 40, Protection of the Family; and Article 59, Public Intoxication. In addition to the North Carolina crimes listed in this subdivision, such crimes also include similar crimes under federal law or under the laws of other states.

(b) Effective January 1, 1996, the Department shall ensure that the criminal history of all child care providers is checked and a determination is made of the child care provider's fitness to have responsibility for the safety and well-being of children based on the criminal history. The Department shall ensure that child care providers who have lived in North Carolina continuously for the previous five years are checked for county and State criminal histories. The Department shall ensure that all other child care providers are checked for county, State, and national criminal histories. The Department may prohibit a child care provider from providing child care if the Department determines that the child care provider is unfit to have responsibility for the safety and well-being of children based on the criminal history, in accordance with G.S. 110-91(8).

(c) The Department of Justice shall provide to the Division of Child Development, Department of Health and Human Services, the criminal history from the State and National Repositories of Criminal Histories of any child care provider as requested by the Division.

The Division shall provide to the Department of Justice, along with the request, the fingerprints of the provider to be checked, any additional information required by the Department of Justice, and a form consenting to the check of the criminal record and to the use of fingerprints and other identifying information required by the repositories signed by the child care provider to be checked. The fingerprints of the provider shall be forwarded to the State Bureau of Investigation for a search of their criminal history record file and the State Bureau of Investigation shall forward a set of fingerprints to the Federal Bureau of Investigation for a national criminal history record check.

At the time of application the child care provider whose criminal history is to be checked shall be furnished with a statement substantially similar to the following:

"NOTICE

CHILD CARE PROVIDER
MANDATORY CRIMINAL HISTORY CHECK

NORTH CAROLINA LAW REQUIRES THAT A CRIMINAL HISTORY CHECK BE CONDUCTED ON ALL PERSONS WHO PROVIDE CHILD CARE IN A LICENSED CHILD CARE FACILITY, AND ALL PERSONS PROVIDING CHILD CARE IN NONLICENSED CHILD CARE HOMES THAT RECEIVE STATE OR FEDERAL FUNDS.

"Criminal history" includes county, state, and federal convictions or pending indictments of any of the following crimes: the following Articles of Chapter 14 of the General Statutes: Article 6, Homicide; Article 7A, Rape and Kindred Offenses; Article 8, Assaults; Article 10, Kidnapping and Abduction; Article 13, Malicious Injury or Damage by Use of Explosive or Incendiary Device or Material; Article 26, Offenses Against Public Morality and Decency; Article 27, Prostitution; Article 39, Protection of Minors; Article 40, Protection of the Family; and Article 59, Public Intoxication; violation of the North Carolina Controlled Substances Act, Article 5 of Chapter 90 of the General Statutes, and alcohol-related offenses such as sale to underage persons in violation of G.S. 18B-302 or driving while impaired in violation of G.S. 20-138.1 through G.S. 20-138.5; or similar crimes under federal law or under the laws of other states. Your fingerprints will be used to check the criminal history records of the State Bureau of Investigation (SBI) and the Federal Bureau of Investigation (FBI).

If it is determined, based on your criminal history, that you are unfit to have responsibility for the safety and well-being of children, you shall have the opportunity to complete, or challenge the accuracy of, the information contained in the SBI or FBI identification records.

If you disagree with the determination of the North Carolina Department of Health and Human Services on your fitness to provide child care, you may file a civil lawsuit within 60 days after receiving written notification of disqualification in the district court in the county where you live.

Any child care provider who intentionally falsifies any information required to be furnished to conduct the criminal history shall be guilty of a Class 2 misdemeanor."

Refusal to consent to a criminal history check is grounds for the Department to prohibit the child care provider from providing child care. Any child care provider who intentionally falsifies any information required to be furnished to conduct the criminal history shall be guilty of a Class 2 misdemeanor.

(d) The Department shall notify in writing the child care provider, and the child care provider's employer, if any, or for nonlicensed child care homes the local purchasing agency, of the determination by the Department whether the child care provider is qualified to provide child care based on the child care provider's criminal history. In accordance with the law regulating the dissemination of the contents of the criminal history file furnished by the Federal Bureau of Investigation, the Department shall not release nor disclose any portion of the child care provider's criminal history to the child care provider or the child care provider's employer or local purchasing agency. The Department shall also notify the child care provider of the procedure for completing

or challenging the accuracy of the criminal history and the child care provider's right to contest the Department's determination in court.

A child care provider who disagrees with the Department's decision may file a civil action in the district court of the county of residence of the child care provider within 60 days after receiving written notification of disqualification.

(e) All the information that the Department receives through the checking of the criminal history is privileged information and is not a public record but is for the exclusive use of the Department and those persons authorized under this section to receive the information. The Department may destroy the information after it is used for the purposes authorized by this section after one calendar year.

(f) There shall be no liability for negligence on the part of an employer of a child care provider, an owner or operator of a child care facility, a State or local agency, or the employees of a State or local agency, arising from any action taken or omission by any of them in carrying out the provisions of this section. The immunity established by this subsection shall not extend to gross negligence, wanton conduct, or intentional wrongdoing that would otherwise be actionable. The immunity established by this subsection is waived to the extent of indemnification by insurance, indemnification under Article 31A of Chapter 143 of the General Statutes, and to the extent sovereign immunity is waived under the Torts Claim Act, as set forth in Article 31 of Chapter 143 of the General Statutes.

(g) The child care provider shall pay the cost of the fingerprinting and the local check. The Department of Justice shall perform the State criminal history check. If the Department determines that a child care provider who has lived continuously in the State less than five years is not disqualified based on the local and State criminal history record check, the Department shall request a criminal history check from the National Repository of Criminal History from the Department of Justice. The Department of Health and Human Services shall pay the cost for the national criminal history record check. (1995, c. 507, s. 23.25(a); c. 542, s. 25.2; 1997-443, s. 11A.118(a); 1997-506, s. 7.)

CASE NOTES

Jurisdiction. — District court did not have the authority to delegate or transfer its jurisdiction over matter in which petitioner had challenged petitioner's disqualification as a child care provider because of a previous conviction; the district court was the legislature's choice of forum to hear such matters. Long v. State Dep't of Human Resources, 145 N.C. App. 186, 548 S.E.2d 832, 2001 N.C. App. LEXIS 571 (2001).

§ 110-91. Mandatory standards for a license.

All child care facilities shall comply with all State laws and federal laws and local ordinances that pertain to child health, safety, and welfare. Except as otherwise provided in this Article, the standards in this section shall be complied with by all child care facilities. However, none of the standards in this section apply to the school-age children of the operator of a child care facility but do apply to the preschool-age children of the operator. Children 13 years of age or older may receive child care on a voluntary basis provided all applicable required standards are met. The standards in this section, along with any other applicable State laws and federal laws or local ordinances, shall be the required standards for the issuance of a license by the Secretary under the policies and procedures of the Commission except that the Commission may, in

its discretion, adopt less stringent standards for the licensing of facilities which provide care on a temporary, part-time, drop-in, seasonal, after-school or other than a full-time basis.

(1) Medical Care and Sanitation. — The Commission for Public Health shall adopt rules which establish minimum sanitation standards for child care centers and their personnel. The sanitation rules adopted by the Commission for Public Health shall cover such matters as the cleanliness of floors, walls, ceilings, storage spaces, utensils, and other facilities; adequacy of ventilation; sanitation of water supply, lavatory facilities, toilet facilities, sewage disposal, food protection facilities, bactericidal treatment of eating and drinking utensils, and solid-waste storage and disposal; methods of food preparation and serving; infectious disease control; sleeping facilities; and other items and facilities as are necessary in the interest of the public health. The Commission for Public Health shall allow child care centers to use domestic kitchen equipment, provided appropriate temperature levels for heating, cooling, and storing are maintained. Child care centers that fry foods shall use commercial hoods. These rules shall be developed in consultation with the Department.

The Commission shall adopt rules for child care facilities to establish minimum requirements for child and staff health assessments and medical care procedures. These rules shall be developed in consultation with the Department. Each child shall have a health assessment before being admitted or within 30 days following admission to a child care facility. The assessment shall be done by: (i) a licensed physician, (ii) the physician's authorized agent who is currently approved by the North Carolina Medical Board, or comparable certifying board in any state contiguous to North Carolina, (iii) a certified nurse practitioner, or (iv) a public health nurse meeting the Departments Standards for Early Periodic Screening, Diagnosis, and Treatment Program. However, no health assessment shall be required of any staff or child who is and has been in normal health when the staff, or the child's parent, guardian, or full-time custodian objects in writing to a health assessment on religious grounds which conform to the teachings and practice of any recognized church or religious denomination.

Organizations that provide prepared meals to child care centers only are considered child care centers for purposes of compliance with appropriate sanitation standards.

(2) Health-Related Activities. — The Commission shall adopt rules for child care facilities to ensure that all children receive nutritious food and beverages according to their developmental needs. After consultation with the State Health Director, nutrition standards shall provide for requirements appropriate for children of different ages.

Each child care facility shall have a rest period for each child in care after lunch or at some other appropriate time and arrange for each child in care to be out-of-doors each day if weather conditions permit.

(3) Location. — Each child care facility shall be located in an area which is free from conditions which are considered hazardous to the physical and moral welfare of the children in care in the opinion of the Secretary.

(4) Building. — Each child care facility shall be located in a building which meets the appropriate requirements of the North Carolina Building Code under standards which shall be developed by the Building Code Council, subject to adoption by the Commission specifically for child care facilities, including facilities operated in a private

residence. These standards shall be consistent with the provisions of this Article. A local building code enforcement officer shall approve any proposed alternate material, design, or method of construction, provided the building code enforcement officer finds that the alternate, for the purpose intended, is at least the equivalent of that prescribed in the technical building codes in quality, strength, effectiveness, fire resistance, durability, or safety. A local building code enforcement officer shall require that sufficient evidence or proof be submitted to substantiate any claim made regarding the alternate. The Child Care Commission may request changes to the Building Code to suit the special needs of preschool children. Satisfactorily written reports from representatives of building inspection agencies shall be required prior to the issuance of a license and whenever renovations are made to a child care center, or when the operator requests licensure of space not previously approved for child care.

(5) Fire Prevention. — Each child care facility shall be located in a building that meets appropriate requirements for fire prevention and safe evacuation that apply to child care facilities as established by the Department of Insurance in consultation with the Department. Except for child care centers located on State property, each child care center shall be inspected at least annually by a local fire department or volunteer fire department for compliance with these requirements. Child care centers located on State property shall be inspected at least annually by an official designated by the Department of Insurance.

(6) Space and Equipment Requirements. — There shall be no less than 25 square feet of indoor space for each child for which a child care center is licensed, exclusive of closets, passageways, kitchens, and bathrooms, and this floor space shall provide during rest periods 200 cubic feet of airspace per child for which the center is licensed. There shall be adequate outdoor play area for each child under rules adopted by the Commission which shall be related to the size of center and the availability and location of outside land area. In no event shall the minimum required exceed 75 square feet per child. The outdoor area shall be protected to assure the safety of the children receiving child care by an adequate fence or other protection. A center operated in a public school shall be deemed to have adequate fencing protection. A center operating exclusively during the evening and early morning hours, between 6:00 P.M. and 6:00 A.M., need not meet the outdoor play area requirements mandated by this subdivision.

Each child care facility shall provide indoor area equipment and furnishings that are child size, sturdy, safe, and in good repair. Each child care facility that provides outdoor area equipment and furnishings shall provide outdoor area equipment and furnishings that are child size, sturdy, free of hazards that pose a threat of serious injury to children while engaged in normal play activities, and in good repair. The Commission shall adopt standards to establish minimum requirements for equipment appropriate for the size of child care facility. Space shall be available for proper storage of beds, cribs, mats, cots, sleeping garments, and linens as well as designated space for each child's personal belongings.

The Division of Child Development of the Department of Health and Human Services shall establish and implement a policy that defines any building which is currently approved for school occupancy and which houses a public or private elementary school to include the playgrounds and athletic fields as part of the school building when that building is used to serve school-age children in after-school child

care programs. Playgrounds and athletic fields referenced in this section that do not meet licensure standards promulgated by the North Carolina Child Care Commission shall be noted on the program's licensure and rating information.

(7) Staff-Child Ratio and Capacity for Child Care Facilities. — In determining the staff-child ratio in child care facilities, all children younger than 13 years old shall be counted.

a. The Commission shall adopt rules for child care centers regarding staff-child ratios, group sizes and multi-age groupings other than for infants and toddlers, provided that these rules shall be no less stringent than those currently required for staff-child ratios as enacted in Section 156(e) of Chapter 757 of the 1985 Session Laws.

1. Except as otherwise provided in this subdivision, the staff-child ratios and group sizes for infants and toddlers in child care centers shall be no less stringent than as follows:

Age	Ratio Staff/Children	Group Size
0 to 12 months	1/5	10
12 to 24 months	1/6	12
2 to 3 years	1/10	20.

No child care center shall care for more than 25 children in one group. Child care centers providing care for 26 or more children shall provide for two or more groups according to the ages of children and shall provide separate supervisory personnel and separate identifiable space for each group.

2. When any preschool-aged child is enrolled in a child care center and the licensed capacity of the center is six through 12 children, the staff-child ratios shall be no less stringent than as follows:

Age	Ratio Staff/Children
0 to 12 months	1/5 preschool children plus 3 additional school-aged children
12 to 24 months	1/6 preschool children plus 2 additional school-aged children.

The following shall also apply:

I. There is no specific group size.

II. When only one caregiver is required to meet the staff-child ratio, the operator shall make available to parents the name, address, and phone number of an adult who is nearby and available for emergency relief.

III. Children shall be supervised at all times. All children who are not asleep or resting shall be visually supervised. Children may sleep or rest in another room as long as a caregiver can hear them and respond immediately.

b. Family Child Care Home Capacity. — Of the children present at any one time in a family child care home, no more than five children shall be preschool-aged, including the operator's own preschool-age children.

(8) Qualifications for Staff. — All child care center administrators shall be at least 21 years of age. All child care center administrators shall have the North Carolina Early Childhood Administration Credential or its equivalent as determined by the Department. All child care administrators performing administrative duties as of the date this act

becomes law and child care administrators who assume administrative duties at any time after this act becomes law and until September 1, 1998, shall obtain the required credential by September 1, 2000. Child care administrators who assume administrative duties after September 1, 1998, shall begin working toward the completion of the North Carolina Early Childhood Administration Credential or its equivalent within six months after assuming administrative duties and shall complete the credential or its equivalent within two years after beginning work to complete the credential. Each child care center shall be under the direction or supervision of a person meeting these requirements. All staff counted toward meeting the required staff-child ratio shall be at least 16 years of age, provided that persons younger than 18 years of age work under the direct supervision of a credentialed staff person who is at least 21 years of age. All lead teachers in a child care center shall have at least a North Carolina Early Childhood Credential or its equivalent as determined by the Department. Lead teachers shall be enrolled in the North Carolina Early Childhood Credential coursework or its equivalent as determined by the Department within six months after becoming employed as a lead teacher or within six months after this act becomes law, whichever is later, and shall complete the credential or its equivalent within 18 months after enrollment.

For child care centers licensed to care for 200 or more children, the Department, in collaboration with the North Carolina Institute for Early Childhood Professional Development, shall establish categories to recognize the levels of education achieved by child care center administrators and teachers who perform administrative functions. The Department shall use these categories to establish appropriate staffing based on the size of the center and the individual staff responsibilities.

Effective January 1, 1998, an operator of a licensed family child care home shall be at least 21 years old and have a high school diploma or its equivalent. Operators of a family child care home licensed prior to January 1, 1998, shall be at least 18 years of age and literate. Literate is defined as understanding licensing requirements and having the ability to communicate with the family and relevant emergency personnel. Any operator of a licensed family child care home shall be the person on-site providing child care.

No person shall be an operator of nor be employed in a child care facility who has been convicted of a crime involving child neglect, child abuse, or moral turpitude, or who is an habitually excessive user of alcohol or who illegally uses narcotic or other impairing drugs, or who is mentally or emotionally impaired to an extent that may be injurious to children.

The Commission shall adopt standards to establish appropriate qualifications for all staff in child care centers. These standards shall reflect training, experience, education and credentialing and shall be appropriate for the size center and the level of individual staff responsibilities. It is the intent of this provision to guarantee that all children in child care are cared for by qualified people. Pursuant to G.S. 110-106, no requirements may interfere with the teachings or doctrine of any established religious organization. The staff qualification requirements of this subdivision do not apply to religious-sponsored child care facilities pursuant to G.S. 110-106.

(9) Records. — Each child care facility shall keep accurate records on each child receiving care in the child care facility and on each staff member

or other person delegated responsibility for the care of children in accordance with a form furnished or approved by the Commission, and shall submit records as required by the Department.

All records of any child care facility, except financial records, shall be available for review by the Secretary or by duly authorized representatives of the Department or a cooperating agency who shall be designated by the Secretary and shall be submitted as required by the Department.

(10) Each operator or staff member shall attend to any child in a nurturing and appropriate manner, and in keeping with the child's developmental needs.

Each child care facility shall have a written policy on discipline, describing the methods and practices used to discipline children enrolled in that facility. This written policy shall be discussed with, and a copy given to, each child's parent prior to the first time the child attends the facility. Subsequently, any change in discipline methods or practices shall be communicated in writing to the parents prior to the effective date of the change.

The use of corporal punishment as a form of discipline is prohibited in child care facilities and may not be used by any operator or staff member of any child care facility, except that corporal punishment may be used in religious sponsored child care facilities as defined in G.S. 110-106, only if (i) the religious sponsored child care facility files with the Department a notice stating that corporal punishment is part of the religious training of its program, and (ii) the religious sponsored child care facility clearly states in its written policy of discipline that corporal punishment is part of the religious training of its program. The written policy on discipline of nonreligious sponsored child care facilities shall clearly state the prohibition on corporal punishment.

(11) Staff Development. — The Commission shall adopt minimum standards for ongoing staff development for facilities but limited to the following topic areas:

a. Planning a safe, healthy learning environment;
b. Steps to advance children's physical and intellectual development;
c. Positive ways to support children's social and emotional development;
d. Strategies to establish productive relationships with families;
e. Strategies to manage an effective program operation;
f. Maintaining a commitment to professionalism;
g. Observing and recording children's behavior;
h. Principles of child growth and development; and
i. Learning activities that promote inclusion of children with special needs.

These standards shall include annual requirements for ongoing staff development appropriate to job responsibilities. A person may carry forward in-service training hours that are in excess of the previous year's requirement to meet up to one-half of the current year's required in-service training hours.

(12) Developmentally Appropriate Activities. — Each facility shall have developmentally appropriate activities and play materials. The Commission shall establish minimum standards for developmentally appropriate activities for child care facilities. Each child care facility shall have a planned schedule of developmentally appropriate activities displayed in a prominent place for parents to review and the appropriate materials and equipment available to implement the

scheduled activities. Each child care center shall make four of the following activity areas available daily: art and other creative play, children's books, blocks and block building, manipulatives, and family living and dramatic play.

(13) Transportation. — When a child care facility staff person or a volunteer of a child care facility transports children in a vehicle, each adult and child shall be restrained by an appropriate seat safety belt or restraint device when the vehicle is in motion. Children may never be left unattended in a vehicle.

The ratio of adults to children in child care vehicles may not be less than the staff/child ratios prescribed by G.S. 110-91(7). The Commission shall adopt standards for transporting children under the age of two, including standards addressing this particular age's staff/child ratio during transportation.

(14) Any effort to falsify information provided to the Department shall be considered by the Secretary to be evidence of violation of this Article on the part of the operator or sponsor of the child care facility and shall constitute a cause for revoking or denying a license to such child care facility.

(15) Safe Sleep Policy. — Operators of child care facilities that care for children ages 12 months or younger shall develop and maintain a written safe sleep policy, in accordance with rules adopted by the Commission. The safe sleep policy shall address maintaining a safe sleep environment and shall include the following requirements:

a. A caregiver in a child care facility shall place a child age 12 months or younger on the child's back for sleeping, unless: (i) for a child age 6 months or younger, the operator of the child care facility obtains a written waiver of this requirement from a health care professional, as defined in rules adopted by the Commission; or (ii) for a child older than 6 months, the operator of the child care facility obtains a written waiver of this requirement from a health care professional, as defined in rules adopted by the Commission, a parent, or a legal guardian.

b. The operator of the child care facility shall discuss the safe sleep policy with the child's parent or guardian before the child is enrolled in the child care facility. The child's parent or guardian shall sign a statement attesting that the parent or guardian received a copy of the safe sleep policy and that the policy was discussed with the parent or guardian before the child's enrollment.

c. Any caregiver responsible for the care of children ages 12 months or younger shall receive training in safe sleep practices. Commission to adopt rules to ensure that outdoor play area equipment and furnishings at child care facilities are free of hazards that pose a threat of serious injury to children while engaged in normal supervised play activities. Accordingly, pursuant to G.S. 150B-21.7, rules adopted by the Child Care Commission requiring conformance to United States Consumer Product Safety Commission guidelines for playground safety, including amendments thereto, are repealed."

Session Laws 2009-244, s. 2, provides: "The Division of Child Development shall establish procedures for approving education criteria for after-school child care program coordinators and group leaders. The procedures shall consider general education coursework, including sociology, psychology, and teacher education courses, as eligibility requirements that may enhance the star rating of a child care facility."

Effect of Amendments. — Session Laws 2009-64, s. 1, effective June 8, 2009, substituted "professional, as defined in rules adopted by the Commission" for "provider as defined in G.S. 58-50-61(a)(8)" twice in subdivision (15)a.

Session Laws 2009-244, s. 1, effective June 30, 2009, was codified as the last paragraph of subdivision (6) at the direction of the Revisor of Statutes.

§ 110-101: Repealed by Session Laws 1997-506, s. 16.

§ 110-101.1. Corporal punishment banned in certain "nonlicensed" homes.

The use of corporal punishment as a form of discipline is prohibited in those child care homes that are not required to be licensed under this Article but that receive State or federal subsidies for child care unless this care is provided to

children by their parents, stepparents, grandparents, aunts, uncles, step-grandparents, or great-grandparents. Care provided children by their parents, stepparents, grandparents, aunts, uncles, step-grandparents, or great-grandparents is not subject to this section. Religious sponsored nonlicensed homes are also exempt from this section. (1993, c. 268, s. 1; 1997-506, s. 17.)

§ 110-102. Information for parents.

The Secretary shall provide to each operator of a child care facility a summary of this Article for the parents, guardian, or full-time custodian of each child receiving child care in the facility to be distributed by the operator. Operators of child care facilities shall provide a copy of the summary to each child's parent, guardian, or full-time custodian before the child is enrolled in the child care facility. The child's parent, guardian, or full-time custodian shall sign a statement attesting that he or she received a copy of the summary before the child's enrollment. The summary shall include the name and address of the Secretary and the address of the Commission. The summary shall explain how parents may obtain information on individual child care facilities maintained in public files by the Division of Child Development. The summary shall also include a statement regarding the mandatory duty prescribed in G.S. 7B-301 of any person suspecting child abuse or neglect has taken place in child care, or elsewhere, to report to the county Department of Social Services. The statement shall include the definitions of child abuse and neglect described in the Juvenile Code in G.S. 7B-101 and of child abuse described in the Criminal Code in G.S. 14-318.2 and G.S. 14-318.4. The statement shall stress that this reporting law does not require that the person reporting reveal the person's identity.

The summary of this Article shall be posted with the facility's license in accordance with G.S. 110-99. Religious-sponsored programs operating pursuant to G.S. 110-106 shall post the summary in a prominent place at all times so that it is easily reviewed by parents. (1971, c. 803, s. 1; 1975, c. 879, s. 15; 1977, c. 1011, s. 3; 1985, c. 757, ss. 155(o), 156(v); 1997-443, s. 11A.118(a); 1997-506, s. 18; 1998-202, s. 13(w); 2003-196, s. 1.)

§ 110-102.1. Reporting of missing or deceased children.

(a) Operators and staff, as defined in G.S. 110-86(7), and G.S. 110-91(8), or any adult present with the approval of the care provider in a child care facility as defined in G.S. 110-86(3) and G.S. 110-106, upon learning that a child which has been placed in their care or presence is missing, shall immediately report the missing child to law enforcement. For purposes of this Article, a child is anyone under the age of 18.

(b) If a child dies while in child care, or of injuries sustained in child care, a report of the death must be made by the child care operator to the Secretary within 24 hours of the child's death or on the next working day. (1985, c. 392; 1987, c. 788, s. 12; 1997-506, s. 19.)

§ 110-102.1A. Unauthorized administration of medication.

(a) It is unlawful for an employee, owner, household member, volunteer, or operator of a licensed or unlicensed child care facility as defined in G.S. 110-86, including child care facilities operated by public schools and nonpublic schools as defined in G.S. 110-86(2)(f), to willfully administer, without written autho-

rization, prescription or over-the-counter medication to a child attending the child care facility. For the purposes of this section, written authorization shall include the child's name, date or dates for which the authorization is applicable, dosage instructions, and signature of the child's parent or guardian. For the purposes of this section, a child care facility operated by a public school does not include kindergarten through twelfth grade classes.

(b) In the event of an emergency medical condition and the child's parent or guardian is unavailable, it shall not be unlawful to administer medication to a child attending the child care facility without written authorization as required under subsection (a) of this section if the medication is administered with the authorization and in accordance with instructions from a bona fide medical care provider. For purposes of this subsection, the following definitions apply:

(1) A bona fide medical care provider means an individual who is licensed, certified, or otherwise authorized to prescribe the medication.

(2) An emergency medical condition means circumstances where a prudent layperson acting reasonably would have believed that an emergency medical condition existed.

(c) A violation of this section that results in serious injury to the child shall be punished as a Class F felony.

(d) Any other violation of this section where medication is administered willfully shall be punished as a Class A1 misdemeanor. (2003-406, s. 2.)

§ 110-102.2. Administrative penalties.

For failure to comply with this Article, the Secretary may:

(1) Issue a written warning and a request for compliance;

(2) Issue an official written reprimand;

(3) Place a licensee upon probation until his compliance with this Article has been verified by the Commission or its agent;

(4) Order suspension of a license for a specified length of time not to exceed one year;

(5) Permanently revoke a license issued under this Article.

The issuance of an administrative penalty may be appealed as provided in G.S. 110-90(5) and G.S. 110-90(9). (1985, c. 757, s. 156(ff); 1987, c. 788, s. 13; c. 827, s. 235.)

Editor's Note. — The introductory language of the first sentence is set out as rewritten by Session Laws 1987, c. 827, s. 235, at the direction of the Revisor of Statutes.

§ 110-103. Criminal penalty.

(a) Any person who violates the provisions of G.S. 110-98 shall be guilty of a Class 1 misdemeanor. Violations of G.S. 110-98(2), 110-99(b), 110-99(c), and 110-102 are exempted from the provisions of this subsection.

(b) It shall be a Class I felony for any person who operates a child care facility to:

(1) Willfully violate the provisions of G.S. 110-99(a), or

(2) Willfully violate the provisions of this Article while providing child care for three or more children, for more than four hours per day on two consecutive days.

(c) Any person who violates the provisions of this Article and, as a result of the violation, causes serious injury to a child attending the child care facility, shall be guilty of a Class H felony.

(d) Any person who violates subsection (a) of this section, and has a prior conviction for violating subsection (a), shall be guilty of a Class H felony. (1971,

c. 803, s. 1; 1983, c. 297, s. 3; 1985, c. 757, s. 156(gg); 1987, c. 788, s. 14; 1993, c. 539, s. 824; 1994, Ex. Sess., c. 24, s. 14(c); 1997-506, s. 20; 2003-192, s. 1.)

§ 110-103.1. Civil penalty.

(a) A civil penalty may be levied against any operator of any child care facility who violates any provision of this Article. The penalty shall not exceed one thousand dollars ($1,000) for each violation documented on any given date. Every operator shall be provided a schedule of the civil penalties established by the Commission pursuant to this Article.

(b) In determining the amount of the penalty, the threat of or extent of harm to children in care as well as consistency of violations shall be considered, and no penalty shall be imposed under this section unless there is a specific finding that this action is reasonably necessary to enforce the provisions of this Article or its rules.

(c) A person who is assessed a penalty shall be notified of the penalty by registered or certified mail. The notice shall state the reasons for the penalty. If a person fails to pay a penalty, the Secretary shall refer the matter to the Attorney General for collection.

(d) The clear proceeds of penalties provided for in this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. (1985, c. 757, s. 156(gg); 1987, c. 788, s. 15; c. 827, s. 236; 1991, c. 273, s. 9; 1997-506, s. 21; 1998-215, s. 75.)

§ 110-104. Injunctive relief.

The Secretary or the Secretary's designee may seek injunctive relief in the district court of the county in which a child care facility is located against the continuing operation of that child care facility at any time, whether or not any administrative proceedings are pending. The district court may grant injunctive relief, temporary, preliminary, or permanent, when there is any violation of this Article or of the rules promulgated by the Commission or the Commission for Public Health that threatens serious harm to children in the child care facility, or when a final order to deny or revoke a license has been violated, or when a child care facility is operating without a license, or when a child care facility repeatedly violates the provisions of this Article or rules adopted pursuant to it after having been notified of the violation. (1977, c. 4, s. 5; c. 929, s. 3; c. 1011, s. 1; 1985, c. 757, s. 156(hh); 1987, c. 543, s. 7; c. 788, s. 16; c. 827, s. 237; 1997-506, s. 22; 2007-182, s. 2.)

CASE NOTES

Action for Declaratory Judgment Not Barred. — The spirit and intent of this section do not permit, much less compel, a conclusion that the Day-Care Facilities Act is intended to restrict the general statewide jurisdiction of the superior court or to limit the scope of relief normally available in declaratory judgment actions. The mere existence of an alternate adequate remedy under this section will not be held to bar an appropriate action for declaratory judgment. State, Child Day-Care Licensing Comm'n v. Fayetteville St. Christian School, 299 N.C. 351, 261 S.E.2d 908, appeal dismissed, 449 U.S. 807, 101 S. Ct. 55, 66 L. Ed. 2d 11 (1980).

Preliminary injunction serves to place the parties in the position they were before the dispute between them arose. State, Child Day-Care Licensing Comm'n v. Fayetteville St. Christian School, 299 N.C. 731, 265 S.E.2d 387, appeal dismissed, 449 U.S. 807, 101 S. Ct. 55, 66 L. Ed. 2d 11 (1980).

Defendants' compliance with preliminary injunction does not moot issues raised by defendants' assertions of constitutional defenses to the State's action. The preliminary injunction requires defendants to comply with the statutory licensing requirements until a final determination can be made on fully developed facts of the ultimate question in the case, i.e., whether the licensing statutes can be constitutionally applied to these defendants. Until such a determination is made the statutes, conceded to be facially valid, are presumably applicable to defendants and defendants must perforce comply with them. State, Child Day-Care Licensing Comm'n v. Fayetteville St. Christian School, 299 N.C. 731, 265 S.E.2d 387, appeal dismissed, 449 U.S. 807, 101 S. Ct. 55, 66 L. Ed. 2d 11 (1980).

Preliminary injunction under this section is not immediately appealable. State, Child Day-Care Licensing Comm'n v. Fayetteville St. Christian School, 299 N.C. 731, 265 S.E.2d 387, appeal dismissed, 449 U.S. 807, 101 S. Ct. 55, 66 L. Ed. 2d 11 (1980).

§ 110-105. Authority to inspect facilities.

(a) The Commission shall adopt standards and rules under this subsection which provide for the following types of inspections:

(1) An initial licensing inspection, which shall not occur until the administrator of the facility receives prior notice of the initial inspection visit;

(2) A plan for visits to all facilities, including announced and unannounced visits, which shall be confidential unless a court orders its disclosure;

(3) An inspection that may be conducted without notice, if there is probable cause to believe that an emergency situation exists or there is a complaint alleging a violation of licensure law. When the Depart-

ment is notified by the county director of social services that the director has received a report of child abuse or neglect in a child care facility, or when the Department is notified by any other person that alleged abuse or neglect has occurred in a facility, the Commission's rules shall provide for an inspection conducted without notice to the child care facility to determine whether the alleged abuse or neglect has occurred. This inspection shall be conducted within seven calendar days of receipt of the report, and when circumstances warrant, additional visits shall be conducted.

The Secretary or the Secretary's designee, upon presenting appropriate credentials to the operator of the child care facility, may perform inspections in accordance with the standards and rules promulgated under this subsection. The Secretary or the Secretary's designee may inspect any area of a building in which there is reasonable evidence that children are in care.

(b) If an operator refuses to allow the Secretary or the Secretary's designee to inspect the child care facility, the Secretary shall seek an administrative warrant in accordance with G.S. 15-27.2. (1983, c. 261, s. 1; 1985, c. 757, s. 156(ii); 1987, c. 788, s. 17; c. 827, s. 238; 1991, c. 273, s. 10; 1997-506, s. 23.)

§ 110-105.1: Repealed by Session Laws 1997-506, s. 24.

§ 110-105.2. Abuse and neglect violations.

(a) For purposes of this Article, child abuse and neglect, as defined in G.S. 7B-101 and in G.S. 14-318.2 and G.S. 14-318.4, occurring in child care facilities, are violations of the licensure standards and of the licensure law. The Department, local departments of social services, and local law enforcement personnel shall cooperate with the medical community to ensure that reports of child abuse or neglect in child care facilities are properly investigated.

(b) When an investigation pursuant to G.S. 110-105(a)(3) substantiates that child abuse or neglect did occur in a child care facility, the Department may issue a written warning which shall specify any corrective action to be taken by the operator. The Department shall make an unannounced visit within one month after issuance of the written warning to determine whether the corrective action has occurred. If the corrective action has not occurred, then the Department may issue a special provisional license.

(c) When the Department issues a special provisional license pursuant to this section, the Department shall send a letter which states the reasons for the special provisional status, and the license shall specify corrective action that shall be taken by the operator. A special provisional license issued pursuant to this section shall be in effect for no more than six months from issuance. The operator shall post, where parents can see them, the letter stating the reasons for the special provisional status and the special provisional license. Under the terms of the special provisional license, the Secretary may limit enrollment of new children until satisfied the abusive or neglectful situation no longer exists. The Department shall make unannounced visits as often as the Department believes it is necessary during the period the special provisional license is in effect.

(d) Specific corrective action required by a written warning, special provisional license, or any other administrative penalty authorized by this Article may include the permanent removal of the substantiated abuser or neglecter from child care.

(e) Nothing in this section shall restrict the Secretary from using any other statutory or administrative remedies available. (1985, c. 757, s. 156(w); 1987, c. 788, s. 19; 1997-506, s. 25; 1998-202, s. 13(x); 2003-407, s. 2.)

§ 110-106. Religious sponsored child care facilities.

(a) The term "religious sponsored child care facility" as used in this section shall include any child care facility or summer day camp operated by a church, synagogue or school of religious charter.

(b) Procedure Regarding Religious Sponsored Child Care Facilities. —

(1) Religious sponsored child care facilities shall file with the Department a notice of intent to operate a child care facility and the date it will begin operation at least 30 days prior to that date. Within 30 days after beginning operation, the facility shall provide to the Department written reports and supporting data which show the facility is in compliance with applicable provisions of G.S. 110-91. After the religious sponsored child care facility has filed this information with the Department, the facility shall be visited by a representative of the Department to ensure compliance with the applicable provisions of G.S. 110-91.

(2) Each religious sponsored child care facility shall file with the Department a report indicating that it meets the minimum standards for facilities as provided in the applicable provisions of G.S. 110-91 as required by the Department. The reports shall be in accordance with rules adopted by the Commission. Each religious sponsored child care facility shall be responsible for supplying with its report the necessary supporting data to show conformity with those minimum standards, including reports from the local and district health departments, local building inspectors, local firemen, volunteer firemen, and other, on forms which shall be provided by the Department.

(3) It shall be the responsibility of the Department to notify the facility if it fails to meet the minimum requirements. The Secretary shall be responsible for carrying out the enforcement provisions provided by the General Assembly in Article 7 of Chapter 110 including inspection to ensure compliance. The Secretary may issue an order requiring a religious sponsored child care facility which fails to meet the standards established pursuant to this Article to cease operating. A religious sponsored child care facility may request a hearing to determine if it is in compliance with the applicable provisions of G.S. 110-91. If the Secretary determines that it is not, the Secretary may order the facility to cease operation until it is in compliance.

(4) Religious sponsored child care facilities including summer day camps shall be exempt from the requirement that they obtain a license and that the license be displayed and shall be exempt from any subsequent rule or regulatory program not dealing specifically with the minimum standards as provided in the applicable provisions of G.S. 110-91. Nothing in this Article shall be interpreted to allow the State to regulate or otherwise interfere with the religious training offered as a part of any religious sponsored child care program. Nothing in this Article shall prohibit any religious sponsored child care facility from becoming licensed by the State if it so chooses.

(5) Religious sponsored child care facilities found to be in violation of the applicable provisions of G.S. 110-91 shall be subject to the injunctive provisions of G.S. 110-104, except that they may not be enjoined for operating without a license. The Secretary may seek an injunction against any religious sponsored child care facility under the conditions specified in G.S. 110-104 with the above exception and when any religious sponsored child care facility operates without submitting the required forms and following the procedures required by this Article.

(c) G.S. 110-91(8), 110-91(11), 110-91(12) do not apply to religious sponsored child care facilities, and these facilities are exempt from any requirements prescribed by subsection (b) of this section that arise out of these provisions.

(d) No person shall be an operator of nor be employed in a religious sponsored child care facility who has been convicted of a crime involving child neglect, child abuse, or moral turpitude, or who is a habitually excessive user of alcohol or who illegally uses narcotic or other impairing drugs, or who is mentally or emotionally impaired to an extent that may be injurious to children.

(e) Each religious sponsored child care facility shall be under the direction or supervision of a literate person at least 21 years of age. All staff counted toward meeting the required staff/child ratio shall be at least 16 years old, provided that persons younger than 18 years old work under the direct supervision of a literate staff person at least 21 years old. Effective January 1, 1998, a person operating a religious sponsored child care home must be at least 21 years old and literate. Persons operating religious sponsored child care homes prior to January 1, 1998, shall be at least 18 years old and literate. The definition of literate in G.S. 110-91(8) shall apply to this subsection. (1983, c. 283, ss. 1, 2; 1985, c. 757, ss. 155(p), 156(k); 1987, c. 788, s. 20; 1997-506, s. 26.)

§ 110-106.1: Repealed by Session Laws 1997-506, s. 27.

§ 110-107. Fraudulent misrepresentation.

(a) A person, whether a provider or recipient of child care subsidies or someone claiming to be a provider or recipient of child care subsidies, commits the offense of fraudulent misrepresentation when both of the following occur:

(1) With the intent to deceive, that person makes a false statement or representation regarding a material fact, or fails to disclose a material fact.

(2) As a result of the false statement or representation or the omission, that person obtains, attempts to obtain, or continues to receive a child care subsidy for himself or herself or for another person.

(b) If the child care subsidy is not more than one thousand dollars ($1,000), the person is guilty of a Class 1 misdemeanor. If the child care subsidy is more than one thousand dollars ($1,000), the person is guilty of a Class I felony.

(c) As used in this section:

(1) "Child care subsidy" means the use of public funds to pay for day care services for children.

(2) "Person" means an individual, association, consortium, corporation, body politic, partnership, or other group, entity, or organization. (1999-279, s. 1.)

Article 9.

Child Support.

§ 110-128. Purposes.

The purposes of this Article are to provide for the financial support of dependent children; to enforce spousal support when a child support order is being enforced; to provide that public assistance paid to dependent children is a supplement to the support required to be provided by the responsible parent; to provide that the payment of public assistance creates a debt to the State; to provide that the acceptance of public assistance operates as an assignment of the right to child support; to provide for the location of absent parents; to provide for a determination that a responsible parent is able to support his children; and to provide for enforcement of the responsible parent's obligation to furnish support and to provide for the establishment and administration of a program of child support enforcement in North Carolina. (1975, c. 827, s. 1; 1977, 2nd Sess., c. 1186, s. 1; 1985, c. 506, s. 2.)

Editor's Note. — Session Laws 2005-276, s. 10.43(a) provides: "The Department of Health and Human Services shall develop and implement performance standards for each of the State and county child support enforcement offices across the State. To develop these performance standards, the Department of Health and Human Services shall evaluate other private and public child support models and national standards as well as other successful collections models. These performance standards shall include the following:

(1) Cost per collections.
(2) Consumer satisfaction.
(3) Paternity establishments.
(4) Administrative costs.
(5) Orders established.
(6) Collections on arrearages.
(7) Location of absent parents.
(8) Other related performance measures.

The Department of Health and Human Services shall monitor the performance of each office and shall implement a system of reporting that allows each local office to review its performance as well as the performance of other local offices. The Department of Health and Human Services shall publish an annual performance report that shall include the statewide and local office performance of each child support office." For similar provisions, see Session Laws 2003-284, s. 10.44(a)-(c).

Session Laws 2009-126, s. 1(a) and (b), provides: "(a) The Joint Legislative Program Evaluation Oversight Committee shall include in the 2009-2010 Work Plan for the Program Evaluation Division of the General Assembly a study of existing programs that directly or indirectly benefit children and youth in this State. The Division shall identify the programs and their sources of funding and determine whether the programs have clear goals, indicators, or benchmarks by which to measure the programs' success.

"(b) The Program Evaluation Division shall submit its findings and recommendations to the Joint Legislative Program Evaluation Oversight Committee, the Joint Legislative Study Commission on Children and Youth, and the Fiscal Research Division at a date to be determined by the Joint Legislative Program Evaluation Oversight Committee."

CASE NOTES

Intervention in Support Action Brought by State. — The language of G.S. 110-137 operates to assign to the state or county only the right to reimbursement for those amounts of support money provided through AFDC. Thus grandmother who had cared for child since her birth and had applied for assistance from the AFDC program retained her interest in defendant father's support obligation, and was entitled to intervene in an action for child support brought against defendant by the State. State ex rel. Crews v. Parker, 319 N.C. 354, 354 S.E.2d 501 (1987).

Blood Test Appropriate. — Court did not err in ordering defendant to submit to a blood grouping test where blood test evidence demonstrated that another man was not the father and defendant admitted to having had sexual relations with plaintiff at the approximate time of conception. Guilford County ex rel. Child Support Enforcement Unit ex rel. Gardner v. Davis, 123 N.C. App. 527, 473 S.E.2d 640 (1996).

Award of Attorney's Fees to the Putative Father. — Trial court abused the court's discretion by ordering a mother to pay a portion of a putative father's attorney's fees, once the putative father was proven not to be the biological father of the mother's child because the assessment of attorney's fees to the mother was contrary to the stated purposes in G.S. 110-128. Guilford County ex rel. Holt v. Puckett, 191 N.C. App. 693, 664 S.E.2d 362, 2008 N.C. App. LEXIS 1471 (2008).

OPINIONS OF ATTORNEY GENERAL

This Article Provides Statutory Basis for North Carolina Child Support Enforcement Program. — See opinion of Attorney General to Jean Prewitt Bost, Supervisor, Mecklenburg-Union Counties Child Support Enforcement Unit, 47 N.C.A.G. 45 (1977).

§ 110-129. Definitions.

As used in this Article:

(1) "Court order" means any judgment or order of the courts of this State or of another state.

(2) "Dependent child" means any person under the age of 18 who is not otherwise emancipated, married or a member of the armed forces of the United States, or any person over the age of 18 for whom a court orders that support payments continue as provided in G.S. 50-13.4(c).

(3) "Responsible parent" means the natural or adoptive parent of a dependent child who has the legal duty to support said child and includes the father of a child born out-of-wedlock and the parents of a dependent child who is the custodial or noncustodial parent of the dependent child requiring support. If both the parents of the child requiring support were unemancipated minors at the time of the child's conception, the parents of both minor parents share primary liability for their grandchild's support until both minor parents reach the age of 18 or become emancipated. If only one parent of the child requiring support was an unemancipated minor at the time of the child's conception, the parents of both parents are liable for any arrearages in child support owed by the adult or emancipated parent until the other parent reaches the age of 18 or becomes emancipated.

(4) "Program" means the Child Support Enforcement Program established and administered pursuant to the provisions of this Article and Title IV-D of the Social Security Act.

(5) "Designated representative" means any person or agency designated by a board of county commissioners or the Department of Health and Human Services to administer a program of child support enforcement for a county or region of the State.

(6) "Disposable income" means any form of periodic payment to an individual, regardless of sources, including but not limited to wages, salary, commission, self-employment income, bonus pay, severance pay, sick pay, incentive pay, vacation pay, compensation as an independent contractor, worker's compensation, unemployment compensation benefits, disability, annuity, survivor's benefits, pension and retirement benefits, interest, dividends, rents, royalties, trust income and other similar payments, which remain after the deduction of amounts for federal, State, and local taxes, Social Security, and involuntary retirement contributions. However, Supplemental Security Income, Work First Family Assistance, and other public assistance payments shall be excluded from disposable income. For employers, disposable income means "wage" as it is defined by G.S. 95-25.2(16). Unemployment compensation benefits shall be treated as disposable income only for the purposes of income withholding under the provisions of G.S. 110-136.4, and the amount withheld shall not exceed twenty-five percent (25%) of the unemployment compensation benefits.

(7) "IV-D case" means a case in which services have been applied for or are being provided by a child support enforcement agency established pursuant to Title IV-D of the Social Security Act as amended and this Article.

(8) "Non-IV-D case" means any case, other than a IV-D case, in which child support is legally obligated to be paid.

(9) "Initiating party" means the party, the attorney for a party, a child support enforcement agency, or the clerk of superior court who initiates an action, proceeding, or procedure as allowed or required by law for the establishment or enforcement of a child support obligation.

(10) "Mistake of fact" means that the obligor:

a. Is not in arrears in an amount equal to the support payable for one month; or

b. Did not request that withholding begin, if withholding is pursuant to a purported request by the obligor for withholding; or

c. Is not the person subject to the court order of support for the child named in the advance notice of withholding; or

d. Does not owe the amount of current support or arrearages specified in the advance notice or motion of withholding; or

e. Has a rate of withholding which exceeds the amount of support specified in the court order.

(11) "Obligee", in a IV-D case, means the child support enforcement agency, and in a non-IV-D case means the individual to whom a duty of support, whether child support, alimony, or postseparation support, is owed or the individual's legal representative.

(12) "Obligor" means the individual who owes a duty to make child support payments or payments of alimony or postseparation support under a court order.

(13) "Payor" means any payor, including any federal, State, or local governmental unit, of disposable income to an obligor. When the payor is an employer, payor means employer as is defined at 29 USC § 203(d) in the Fair Labor Standards Act. (1975, c. 827, s. 1; 1977, 2nd Sess., c. 1186, ss. 2, 3; 1985, c. 592; 1985 (Reg. Sess., 1986), c. 949, s. 1; 1987, c. 764, s. 3; 1989, c. 601, s. 1; 1991, c. 541, s. 3; 1995, c. 518,

s. 2; 1997-443, ss. 11A.118(a), 12.27; 1997-465, s. 27; 1998-176, ss. 9, 10.)

Editor's Note. — Subdivisions (10)(a) through (10)(e) were renumbered as subdivisions (10)a. through (10)e. pursuant to Session Laws 1997-456, s. 27, which authorized the Revisor of Statutes to renumber or reletter sections and parts of sections having a number or letter designation that is incompatible with the General Assembly's computer database.

CASE NOTES

Responsible Parent Remains Liable for Future Support. — Section 49-7, read together with G.S. 50-13.7, clearly contemplates a continuing obligation on the part of the parents of an illegitimate child to provide support, including when necessary the modification or increase of payments ordered to satisfy this obligation. Having been conclusively determined a "responsible parent," as that term is defined in this section, the father of an illegitimate child must necessarily remain liable for the future support of his minor child. Wilkes County ex rel. Child Support Enforcement Agency ex rel. Nations v. Gentry, 311 N.C. 580, 319 S.E.2d 224 (1984).

Plea of guilty may be considered as evidentiary admission by defendant on issue of paternity, where defendant makes no attempt to refute or explain this evidence and it is therefore uncontroverted. It is unnecessary to determine whether defendant's plea of guilty to an earlier criminal charge of nonsupport must be given collateral estoppel effect. Wilkes County ex rel. Child Support Enforcement Agency ex rel. Nations v. Gentry, 311 N.C. 580, 319 S.E.2d 224 (1984).

The credible, uncontroverted evidence of defendant's plea of guilty to a criminal charge of nonsupport of the minor child is sufficient to establish paternity so as to bring defendant within the definition of "responsible parent" under this section. That definition includes "the father of an illegitimate child." Wilkes County ex rel. Child Support Enforcement Agency ex rel. Nations v. Gentry, 311 N.C. 580, 319 S.E.2d 224 (1984).

§ 110-129.1. Additional powers and duties of the Department.

(a) In addition to other powers and duties conferred upon the Department of Health and Human Services, Child Support Enforcement Program, by this Chapter or other State law, the Department shall have the following powers and duties:

(1) Upon authorization of the Secretary, to issue a subpoena for the production of books, papers, correspondence, memoranda, agreements, or other information, documents, or records relevant to a child support establishment or enforcement proceeding or paternity establishment proceeding. The subpoena shall be signed by the Secretary and shall state the name of the person or entity required to produce the information authorized under this section, and a description of the information compelled to be produced. The subpoena may be served in the manner provided for service of subpoenas under the North Carolina Rules of Civil Procedure. The form of subpoena shall generally follow the practice in the General Court of Justice in North Carolina. Return of the subpoena shall be to the person who issued the subpoena. Upon the refusal of any person to comply with the subpoena, it shall be the duty of any judge of the district court, upon application by the person who issued the subpoena, to order the

person subpoenaed to show cause why he should not comply with the requirements, if in the discretion of the judge the requirements are reasonable and proper. Refusal to comply with the subpoena or with the order shall be dealt with as for contempt of court and as otherwise provided by law. Information obtained as a result of a subpoena issued pursuant to this subdivision is confidential and may be used only by the Child Support Enforcement Program in conjunction with a child support establishment or enforcement proceeding or paternity establishment proceeding.

(2) For the purposes of locating persons, establishing paternity, or enforcing child support orders, the Program shall have access to any information or data storage and retrieval system maintained and used by the Department of Transportation for drivers license issuance or motor vehicle registration, or by a law enforcement agency in this State for law enforcement purposes, as permitted pursuant to G.S. 132-1.4, except that the Program shall have access to information available to the law enforcement agency pertaining to drivers licenses and motor vehicle registrations issued in other states.

(3) Establish and implement procedures under which in IV-D cases either parent or, in the case of an assignment of support, the State may request that a child support order enforced under this Chapter be reviewed and, if appropriate, adjusted in accordance with the most recently adopted uniform statewide child support guidelines prescribed by the Conference of Chief District Court Judges.

(4) Develop procedures for entering into agreements with financial institutions to develop and operate a data match system as provided under G.S. 110-139.2.

(5) Develop procedures for ensuring that when a noncustodial parent providing health care coverage pursuant to a court order changes employers and is eligible for health care coverage from the new employer, the new employer, upon receipt of notice of the order from the Department, enrolls the child in the employer's health care plan.

(6) Develop and implement an administrative process for paternity establishment in accordance with G.S. 110-132.2.

(7) Establish and implement administrative procedures to change the child support payee to ensure that child support payments are made to the appropriate caretaker when custody of the child has changed, in accordance with G.S. 50-13.4(d).

(8) Establish and implement expedited procedures to take the following actions relating to the establishment of paternity or to establishment of support orders, without obtaining an order from a judicial tribunal:
   a. Subpoena the parties to undergo genetic testing as provided under G.S. 110-132.2;
   b. Implement income withholding in accordance with this Chapter;
   c. For the purpose of securing overdue support, increase the amount of monthly support payments by implementation of income withholding procedures established under G.S. 110-136.4, or by notice and opportunity to contest to an obligor who is not subject to income withholding. Increases under this subdivision are subject to the limitations of G.S. 110-136.6;
   d. For purposes of exerting and retaining jurisdiction in IV-D cases, transfer cases between jurisdictions in this State without the necessity for additional filing by the petitioner or service of process upon the respondent.

(9) Implement and maintain performance standards for each of the State and county child support enforcement offices across the State. The performance standards shall include the following:

a. Cost per collections.
b. Consumer satisfaction.
c. Paternity establishments.
d. Administrative costs.
e. Orders established.
f. Collections on arrearages.
g. Location of absent parents.
h. Other related performance measures.

The Department shall monitor the performance of each office and shall implement a system of reporting that allows each local office to review its performance as well as the performance of other local offices. The Department shall publish an annual performance report that includes the statewide and local office performance of each child support office.

(b) As used in this section, the term "Secretary" means the Secretary of Health and Human Services, the Secretary's designee, or a designated representative as defined under G.S. 110-129(5). (1997-433, s. 2; 1997-443, s. 11A.122; 1998-17, s. 1; 2009-451, s. 10.46.)

Editor's Note. — Session Laws 2005-276, s. 10.43(a) provides: "The Department of Health and Human Services shall develop and implement performance standards for each of the State and county child support enforcement offices across the State. To develop these performance standards, the Department of Health and Human Services shall evaluate other private and public child support models and national standards as well as other successful collections models. These performance standards shall include the following:

(1) Cost per collections.
(2) Consumer satisfaction.
(3) Paternity establishments.
(4) Administrative costs.
(5) Orders established.
(6) Collections on arrearages.
(7) Location of absent parents.
(8) Other related performance measures.

The Department of Health and Human Services shall monitor the performance of each office and shall implement a system of reporting that allows each local office to review its performance as well as the performance of other local offices. The Department of Health and Human Services shall publish an annual performance report that shall include the statewide and local office performance of each child support office." For similar provisions, see Session Laws 2001-424, ss. 21.53(a)-(d).

Session Laws 2009-451, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2009'."

Session Laws 2009-451, s. 28.5 is a severability clause.
